NOTES TO FINANCIAL STATEMENTS

December 31, 2014 and 2013

NOTE A - DESCRIPTION OF PLAN

The following brief description of the Mitratech 401(k) Savings Plan is provided for general information purposes only. Participants should refer to the Mitratech 401(k) Savings Plan agreement for more complete information.

General

Mitratech 401(k) Savings Plan ("the Plan") is a qualified defined contribution plan for employees of Mitratech Holdings, Inc. ("the Employer" or "the Company").

The Plan was amended, effective June 30, 2013, to cover all eligible employees who are age 21 or older. Prior to June 30, 2013, the Plan covered all eligible employees who had three months of service and were age 21 or older. The Plan is subject to the provisions of the Employee Retirement Security Act of 1974, as amended (ERISA).

On May 15, 2014, Mitratech Holdings, Inc. acquired the assets and operations of LT Online Corporation, Inc. ("LT Online"), with LT Online ultimately merging with and into Mitratech Holdings, Inc.

Effective May 15, 2014, LT Online terminated the LT Online Corporation, Inc. 401(k) plan ("the LT Plan"). Upon termination of the LT Plan, all of its participants were immediately fully vested in the benefits provided pursuant to the LT Plan, and the trustee of the LT Plan was directed to transfer the assets of the LT Plan to the Plan. Transfers totaling $359,674 were made from the LT Plan to the Plan during May 2014, subject to the conditions of the Plan.

Contributions

Participants may elect to contribute up to 80 percent of eligible compensation as defined in the Plan subject to certain regulatory limits. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans. Effective July 1, 2012, the Company contributes 50 percent of the first 6 percent of eligible compensation that a participant contributes to the Plan, to be determined each payroll period. The Plan was amended, effective June 30, 2013, so that employer matching contributions of 50 percent of the first 6 percent of eligible compensation that a participant contributes to the plan, determined each plan year. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make discretionary contributions to the Plan in amounts determined by the board of directors. Any such contributions are allocated to the participants' pretax account, as provided by the Plan, and invested according to the directions of the participants. The Company did not make any discretionary contributions in the plan year. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated balance fund until changed by the participant. Employees who do not wish to contribute to the Plan may terminate contributions to the Plan at any time.

NOTE A - DESCRIPTION OF PLAN - Continued

Participants Accounts

Each participant's account is credited with the participant's contribution and (a) Company matching contributions, (b) any transfer or rollover contribution, (c) net Plan earnings and (d) . The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. The Plan was amended, effective June 1, 2013, so that participants are 100% vested in the Company's matching contribution portion of their accounts immediately. Prior to June 1, 2013, participants were 100% vested in the Company's matching contribution portion of their accounts after one year of service. Discretionary contributions made by the Company vest according to a six year schedule with vesting commencing after two years' service.

Payment of Benefits

A participant's vested account balance will be distributed at retirement, death or disability. Payment is to be made in a lump sum amount, or in periodic payments as defined by the Plan. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Notes Receivable from Participants

Participants may borrow from their accounts. The maximum loan amount borrowed shall not exceed the lesser of $50,000, reduced by the highest outstanding note receivable balance in the participant's vested account during the one year period ending on the day before the loan is made, or 50% of their vested account balance. The Plan was amended, effective June 30, 2013, so that up to 50% of the vested account balance will be used as collateral for the note receivable. Prior to June 30, 2013, the vested account balance was used as collateral for the note receivable. Interest is charged based on the rate charged by representative commercial banks for similar notes. Payment of principal and interest is to be amortized in level payments not less frequently than quarterly. The term of the note is not to exceed five years unless the purpose of the note is for purchasing a principal residence. The Plan was amended, effective June 30, 2013, so that if the purpose of the note is for purchasing a principal residence, the term of the note will be no more than ten years. Prior to June 30, 2013, the term of a note for the purpose of purchasing a principal residence was not to exceed thirty years. Only one loan may be held by any individual at any given time.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Forfeited Accounts

At December 31, 2014 and 2013 forfeited nonvested accounts totaled $791 and $10, respectively. The Plan was amended, effective June 30, 2013, so that these accounts shall first be used to pay administrative expenses under the plan and then shall be applied to reduce future employer contributions. Prior to June 30, 2013, the Company had the option of using forfeitures to pay administrative expenses or reduce future employer contributions. In 2014, no forfeitures were used to pay administrative expenses reduce employer contributions.

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are valued at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefit payments are recorded when paid.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Administrative Expenses

Certain costs and expenses incurred with regard to the purchase, sale or transfer of investments are paid by the Plan. Investment advisory fees for portfolio management are paid directly from fund earnings and are included in mutual fund expense ratios. All other administrative expenses are paid by the Employer.

Recently Issued Accounting Standards

In May 2015, the FASB issued Accounting Standards Update (ASU) 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)* (ASU 2015-07). ASU 2015-07 amended ASC 820, *Fair Value Measurements and Disclosures*, to remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the NAV per share practical expedient. The amendment also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. ASU 2015-07 is effective for fiscal years beginning after December 15, 2016, and interim periods within those fiscal years, with early adoption permitted. The Plan does not anticipate the adoption of ASU 2015-07 will have a material effect on Plan financial statements.

NOTE C - INFORMATION CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee for the Plan, has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2014 and 2013.
- Net investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2014.
- The schedule of assets (held at end of year) as of December 31, 2014, as shown on Schedule H, Part IV, Line 4(i).

At the request of the Plan administrator, the Plan's independent certified public accountants did not perform procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule. All other information has been audited in accordance with auditing standards generally accepted in the United States of America.

NOTE D - INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets available for plan benefits at December 31:

	2014	2013
Fidelity Freedom 2035 Fund	$783,063	$700,166
Spartan 500 Index Fund - Fidelity Advantage Class	597,515	291,695
Fidelity Freedom 2045 Fund	493,524	360,134
Fidelity Freedom 2040 Fund	405,669	291,918
John Hancock Disciplined Value Mid Cap Fund - Institutional	391,470	239,420
Fidelity Freedom 2030 Fund	294,621	429,019

NOTE E - FAIR VALUE MEASUREMENTS

The Plan uses a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded

NOTE E - FAIR VALUE MEASUREMENTS - Continued

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

All investment fair values are considered Level 1. Plan assets at fair value as of December 31, 2014:

	Total

Growth funds	$3,596,031

NOTE F - RELATED PARTY TRANSACTIONS

Parties-in-interest are defined as any fiduciary of the Plan, any party rendering services to the Plan, the Employer, and certain others. As such, transactions conducted by the Trustee and its affiliates qualify as party-in-interest transactions. Certain Plan investments are shares of mutual funds managed by the Trustee. Therefore, these transactions qualify as party-in-interest transactions. The Plan also holds certain notes receivable due from participants of the Plan, which qualify as party-in-interest transactions.

NOTE G - INCOME TAX STATUS

The Plan has adopted an Internal Revenue Service (IRS) preapproved volume submitter plan sponsored by Fidelity Management Trust Company. The volume submitter plan has received an opinion letter from the IRS dated March 31, 2008, as to the volume submitter plan's qualified status. The volume submitter opinion letter has been relied upon by the Plan. The Plan has been amended since receiving the opinion letter. However, the plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code.

Management has evaluated the Plan's tax positions and concluded that the Plan has maintained its tax exempt status and has taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. The Plan is no longer subject to income tax examinations for years prior to 2011.

NOTE H - TERMINATION OF THE PLAN

While the Plan Sponsor has not expressed any intent to do so, it has the right at any time to terminate the Plan, subject to the provisions of ERISA. In the event the Plan is terminated, the accounts of all participants will become fully vested. Upon termination of the Plan, a participant may elect to receive either a lump-sum amount or alternative form of payment, as specified in the Plan document.

NOTE J - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE K - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 15, 2015, the date the financial statements were available to be issued. There are no significant subsequent events which require disclosure.
