Evidera 401(k) Plan

Notes to the Financial Statements December 31, 2014 and 2013

NOTE A – PLAN DESCRIPTION

The following description of the Evidera 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

Evidera, Inc., (the “Company”) was formed in August 2013 as the result of the acquisition of certain businesses from United BioSource Corporation. In connection with the acquisition, participants from the United BioSource Corporation 401(k) Plan were transferred into the newly created Evidera 401(k) Plan. During 2014, the Company acquired Archimedes, Inc. and the Archimedes, Inc. 401(k) Plan was merged into the Plan.

The Plan is a defined contribution plan covering all employees of the Company who are at least 21 years of age. The Plan excludes from participation certain leased employees, nonresident aliens, and employees subject to collective bargaining agreements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Participants may contribute up to 90% of pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year may make catch-up contributions. Participants may also contribute amounts representing rollovers from other qualified defined benefit or defined contribution plans. The Company makes a safe harbor matching contributions equal to 100% of the first 3% of employee deferrals and 50% on the next 2% of employee deferrals in excess of 3%. The Company may also make discretionary profit sharing contributions. Participants direct the investment of all contributions into various investment options offered by the Plan. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and Company safe harbor matching contributions, as well as allocations of the Company’s profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their contributions and Company safe harbor matching contributions plus actual earnings thereon. A participant is 100% vested in Company profit sharing contributions after 5 years.

Evidera 401(k) Plan

Notes to the Financial Statements December 31, 2014 and 2013

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. Principal and interest is paid ratably through payroll deductions. Loan interest rates are set by the plan administrator and range between 3.25% and 4.25%.

Payment of Benefits

Upon termination of service, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in their account, partial withdrawals or installments over a period not to exceed the life expectancy of the participant. Active participants may withdraw their employee and vested Company contributions under the hardship provisions as defined by the Plan. In-service distributions are also permitted for participants who have attained age 59 ½.

Forfeited Accounts

At December 31, 2014 and 2013, forfeited accounts totaled \$891 and \$0, respectively. These amounts may be used to reduce administrative expenses of the Plan or reduce future employer contributions.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note E for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Evidera 401(k) Plan

Notes to the Financial Statements December 31, 2014 and 2013

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation (depreciation) of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 14, 2015, the date on which financial statements were available to be issued.

NOTE C – CERTIFIED INVESTMENTS

The following information was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by State Street Bank and Trust Company, the trustee of the Plan:

1. Investments and notes receivable from participants reported on the statements of net assets available for benefits as of December 31, 2014 and 2013.
2. Investment activity reported on the statements of changes in net assets available for benefits for the year ended December 31, 2014 and the period from inception (August 1, 2013) to December 31, 2013.
3. Schedule of assets (held at end of year) as of December 31, 2014.

Subsequent to year end, the Plan transferred all of its assets to Fidelity Management Trust Company, the new trustee of the Plan.

NOTE D – INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets as of December 31:

Evidera 401(k) Plan

Notes to the Financial Statements December 31, 2014 and 2013

During 2014 and 2013, the Plan's investments, including gains and losses on investments bought and sold, as well as held during the year, (depreciated) appreciated in value by (\$374,643) and \$541,187, respectively.

NOTE E – FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Funds	790,058	-	-	790,058
Total Assets at Fair Value	\$ 19,647,852	\$ -	\$ -	\$ 19,647,852

NOTE F – TAX STATUS

The Plan has adopted a prototype plan document which received a favorable tax opinion letter from the IRS dated March 31, 2008. The Plan itself has not received a determination letter from the IRS, however, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are no audits for any tax periods in progress. The Plan administrator believes the Plan is not subject to income tax examinations for years prior to inception.

Evidera 401(k) Plan

Notes to the Financial Statements December 31, 2014 and 2013

NOTE G – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statements of net assets available for benefits.

NOTE H – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in Company contributions.

NOTE I – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Fees paid by the Plan for investment management services are included in net appreciation (depreciation) in the fair value of the investment, as they are paid through revenue sharing rather than a direct payment. In addition, the Plan paid certain expenses related to Plan operations to other service providers. These transactions are party-in-interest transactions under ERISA.

NOTE J – DELINQUENT PARTICIPANT CONTRIBUTIONS

For the plan year ending December 31, 2013, the Company did not remit approximately \$920 of participant contributions to the trustee in a timely manner as required under Department of Labor Regulation §2510.3-102.

NOTE K – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
