Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Beam Concrete (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2014 and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by America United Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the custodian as of and for the year ended December 31, 2014, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion of these financial statements.

Other Matters

The supplemental Schedule of Assets (Held at End of Year), is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulation

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosures under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF PLAN

The following description of the Beam Concrete 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Kirk Concrete Construction, Inc. dba Beam Concrete. (the "Company" or "Plan Administrator") under the provision of Section 401(a) of the Internal Revenue Code ("IRC"), which includes qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company.

The Plan covers substantially all employees of the Company except those employees covered under collective bargaining agreements that do not provide for plan participation and non-resident aliens. Employees of the Company who have completed ninety days of service are eligible to participate, provided they are at least 21 years on age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). If employed on June 15, 2014, the service and age requirement are waived.

Plan Administration

The Plan is administered by the Company. The duties of the Plan Administrator are to oversee the operations and administration of the Plan in accordance with the specific terms of the Plan, provide for prudent investment of Plan assets and keeping accurate records and reports. The Plan's custodian, American United Life Insurance Company, (the "Custodian"), is responsible for the custody and management of the Plan's assets.

Contributions

Each year, participants may contribute up to 90 percent of pretax annual compensation as defined in the Plan, subject to the dollar limitation under §402(g) of the IRC.

The Plan permits pre-tax deferral contributions, but not after-tax (Roth) deferral contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may make matching contributions equal to a discretionary percentage, to be determined by the Employer, of the participant's elective deferral. The Company may determine a separate discretionary matching contribution for Participants working in different business units or locations. In determining the matching contribution, only elective deferrals up to a discretionary percentage of a participant's contribution, or a discretionary dollar amount will be matched, the percentage or dollar amount to be determined by the Company on a uniform basis to all participants. Additional profit sharing amounts (non-elective contributions) may be contributed at the option of the Company's board of directors. Contributions are subject to certain limitations. Participants actively employed at the end of the plan year share in employer matching contributions regardless of the service completed during the plan year. Participants not employed at the end of the plan year generally do not share in matching contributions.

The Company may also make discretionary non-elective (profit sharing) contributions to the Plan. The participant generally must be actively employed on the last day of the Plan year to share in the profit sharing contributions.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer matching and other contributions, as well as the participant's share of the investment income, appreciation (depreciation) and any related administrative expenses. The participant determines both the amount to be invested and the allocation of the investment to one or more investment alternatives. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF PLAN (Continued)

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings on those contributions, is based on years of vesting service, as defined in the Plan. A participant is 100 percent vested after five years of credited service. Full and immediate vesting will also occur upon death, or totally disabled, as defined in the Plan. Participants who leave the Company before they are fully vested in the Company's contributions forfeit their non-vested portion.

Notes Receivable from Participants

Participant loans are not allowed by the Plan.

Investment Options

Upon enrollment in the Plan, a participant may direct the contributions made to the Plan to any one or more of the investment alternatives maintained by the Custodian, determined at the discretion of the participant and in such multiples as the participant prescribes. A participant may change his or her investment direction with respect to future contributions or redirect the investment of his or her account balances.

Payment of Benefits

Upon retirement, death, disability, or termination of service, a participant (or participant's beneficiary in the event of death) may elect to receive a distribution equal to the participant's vested account balance. All distributions are made in the form of (a) a single lump-sum payment of the participant's vested account balance or (b) partial withdrawals or installments of the participant's vested account balance. In addition, in-service and hardship distributions are permitted if certain criteria are met. A participant has the right to receive all or any portion of their vested accounts upon attainment of age fifty-nine and a half (59½), disability, death, or termination of employment. Hardship distributions are subject to meeting strict hardship guidelines established by the Internal Revenue Service. Participants may not make contributions for at least six months after the receipt of a hardship distribution. Benefits are recorded when paid.

Forfeited Accounts

Forfeitures represent unvested portions of terminated participants' accounts. These accounts may be used to reduce Company contributions or pay Plan expenses. At December 31, 2014, forfeited accounts totaled $0. For the year ended December 31, 2014, no forfeitures were used.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Method of Accounting

The accounting records of the Plan are maintained on the accrual basis of accounting. Certain administrative expenses of the Plan are paid by the Plan. The remaining administrative expenses are paid by the Company. The Plan is under no obligation to reimburse the Company for these expenses.

Use of Estimates

In preparing financial statements in conformity with accounting principles generally accepted in the United States of America, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments are stated at fair value. Changes in market value are reflected in operations. Pooled separate account funds are valued at the net asset value of units held by the Plan at year end. The net asset value is based on the market value of the underlying investments and as supported by the unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date, or as determined by the Custodian. Investments in the AUL Fixed Account are stated at contract value. The contract is fully benefit responsive and contract value approximates fair value. Purchases and sales of investments are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net appreciation (depreciation) of investments includes realized gains and losses on sales during the year and current changes in unrealized appreciation (depreciation) in the market value of investments held at year-end.

Fully benefit-responsive investment contracts held by a defined contribution plan are required to be reported at fair value. In addition, any material difference between the fair value of these investments and their contract value is to be presented as a separate adjustment line in the statement of net assets available for benefits, because contract value remains the relevant measurement attribute for that portion of net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through the AUL Fixed Account. Management has determined that the estimated fair value of the Plan's investments in fully benefit-responsive contracts as of December 31, 2014 approximates contract value, and any difference between fair value and contract value is immaterial.

The account is credited with contributions and earnings on the underlying investments and charged for participant withdrawals. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. The underlying contract has no restrictions on the use of Plan assets and there are no valuation reserves recorded to adjust contract amounts. The pooled separate accounts have been categorized based upon the investment composition and strategies of the underlying mutual fund that each account holds. Each account provides for daily redemptions by the Plan at reported net asset values per share. The investment contracts impose certain restrictions on the Plan and may be subject to circumstances (such as early termination of the contract, full or partial plan termination, insolvency of the Plan Sponsor, etc.) that impact the ability to transact at contract value. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable.

Risks and Uncertainties

Investments are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with such investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Recent market conditions have resulted in an unusually high degree of volatility and increased the risks and affected the short term liquidity associated with certain investments held by the Plan which could impact the value of investments after the date of these financial statements. Because the values of individual investments fluctuate with market conditions, the amount of gains or losses that will be recognized in subsequent periods, if any, cannot be determined.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding charge to corrective distributions.

3. INVESTMENTS

The following investments represent 5% or more of the Plan's net assets available for benefits.

	2014
T Rowe Price Retirement 2020 Fund	$ 6,938
T Rowe Price Retirement 2025 Fund	6,800
T Rowe Price Retirement 2040 Fund	4,238
T Rowe Price Retirement 2045 Fund	3,733
T Rowe Price Retirement 2055 Fund	2,142
Alger Capital Appreciation Institutional Fund	1,454

The net appreciation in fair value of Plan investments of $423 for the year ended December 31, 2014, is attributable to the investments in pooled separate account funds.

4. INVESTMENTS CONTRACT WITH INSURANCE COMPANY

Pooled Separate Account Funds

The Plan has entered into an investment contract with American United Life Insurance Company ("AUL"). AUL maintains certain investments in a pooled separate account. Assets of this contract are invested in shares of the specific funds elected in the contract application. The account is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by AUL. Each of the pooled separate accounts invests in stocks, fixed securities or in single mutual funds which are generally identified in the name of the pooled separate account. The investment strategies of these pooled separate accounts are consistent with each of the stocks, fixed securities and single mutual funds identified in the name of the fund. Each pooled separate account provides for daily redemptions by the Plan with no advance notice requirements, and has redemption prices that are determined by the net asset value.

Insurance Company General Funds

The Plan has entered into a benefit-responsive investment contract with AUL. AUL maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by AUL. The contract is included in the financial statements at contract value, which approximates fair value. Interest is earned at the higher of the rate guaranteed under the contract or the current rates established and declared in advance by AUL. Interest rates are determined quarterly by AUL. The AUL fixed account is backed by AUL's general account. The AUL general account is invested in conservatively managed, well diversified portfolio consisting predominately of fixed-income investments (bonds, mortgages, and private placement) where the objective is to maximize long-term, risk adjusted returns. The quality of these investments is high.

The average yield for the contract for the year ended December 31, 2014 was 1.0%. The crediting interest rate for the contract as of December 31, 2014 was 1.0%. The minimum crediting interest rate for the contract for the year ended December 31, 2014 was 1.0%. The determination of crediting interest rates, as determined by AUL, reflect a number of factors, including interest rate guarantees, the investment income earned on invested assets, and prevailing market conditions.

5. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The Plan Administrator has elected the method of annual reporting compliance permitted by Section 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian of the Plan has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate as of December 31, 2014 and for the year then ended.

	December 31, 2014
Investments at fair value:	
Pooled separate account funds	$ 28,463
Insurance company general account funds	109
Total investments	$ 28,572

	Year ended December 31, 2014
Investment income:	
Net appreciation in fair value of investments	$ 423
Interest and dividends	-
Total investment income	$ 423

The Plan's independent accountants did not perform any auditing procedures with respect to this information, except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule.

6. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of the observable inputs and minimize the use of unobservable inputs. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the years ended December 31, 2014, there were no significant transfers in or out of levels 1, 2 or 3.

6. FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2014.

Pooled separate account funds: Valued at the net asset value ("NAV") of units held by the Plan at year end. The NAV of these accounts is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. The NAV is calculated based on a compilation of primarily observable market information. The number of units of the fund that are outstanding on the calculation date is derived from observable purchase and redemption activity in the fund. The NAV is not a publicly-quoted price in an active market.

Insurance company general account funds: Valued at contract value, which approximates fair value, as estimated by AUL. It is the amount plan participants would receive if they were to withdraw or transfer funds within the Plan.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2014:

	Level 1	Level 2	Level 3	Total
Pooled separate account funds:				
Target date	$ -	$ 26,334	$ -	$ 26,334
Moderate allocation	-	333	-	333
Large growth	-	1,454	-	1,454
Real estate	-	342	-	342
Insurance company general account funds	-	109	-	109
Total assets at fair value	$ -	$ 28,572	$ -	$ 28,572

7. REPORTABLE TRANSACTIONS

For the year ended December 31, 2014, there were no reportable transactions, investment assets acquired and disposed of within the Plan year or non-exempt transactions with parties-in-interest which would require presentation under the United States Department of Labor's Rules and Regulations.

8. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by AUL. AUL is the custodian, record keeper and third party administrator of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Purchases and sales of these accounts and the underlying investments comprising these accounts are open market transactions at fair market value. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

9. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and the IRC. In the event of Plan termination, participants would become 100% vested in their employer contributions.

10. TAX STATUS

The Company has adopted the Nova Associates, Inc. Defined Contribution Volume Submitter Plan and Trust. The Internal Revenue Service has issued an opinion letter dated March 31, 2014 stating that the plan is acceptable under section 401(a) of the IRC for use by employers for the benefit of their employees. The Company is relying on the opinion letter (in accordance with Announcement 2001-77) that the Plan meets the qualification requirements of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2011.

11. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the financial statements to the Form 5500.

	2014
Net assets available for benefits per the financial statements	$ 43,351
Employer contributions receivable	(20,000)
Excess contributions payable	5,221
Net assets available for benefits per Form 5500	$ 28,572

Net increase in net assets available for benefits per the financial statements	$ 43,351
Change in employer contributions receivable	(20,000)
Change in excess contributions payable	5,221
Net increase in net assets available for benefits per Form 5500	$ 28,572

12. SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 13, 2015, the date the financial statements were available to be issued.
