MLB Advanced Media, L.P. 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following brief description of the MLB Advanced Media, L.P. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan covering substantially all employees of MLB Advanced Media, L.P. (the "Company") who have attained at least 21 years of age. Employees are eligible to participate immediately. The Company manages the operation and administration of the Plan. Fidelity Management Trust Company (the "Trustee") serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

(b) Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation, as defined in the Plan document. Participants also may contribute amounts representing distributions from other tax-qualified plans or tax-qualified individual retirement accounts. Contributions are subject to certain annual dollar limitations as imposed by the Internal Revenue Service ("IRS"). The maximum pre-tax contributions for calendar years 2014 and 2013 are limited by the Internal Revenue Code (the "Code") to \$17,500. Catch-up contributions are permitted for those eligible employees over the age of 50 years and are limited to \$5,500 in years 2014 and 2013.

Effective April 1, 2012, the Plan was amended to allow participants to designate a portion or all of their deferral contributions as Roth 401(k) contributions and to roll over Roth contributions.

(c) Vesting

Participants are immediately vested in their contributions plus actual earnings thereon.

(d) Participant Accounts

The Plan maintains individual accounts for each Plan participant. Each participant's account is credited with the participant's contributions and Plan earnings. Allocations are based on participant earnings or account balances, as defined. A participant is entitled to the benefit that can be provided from the participant's vested account.

(e) Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan offers mutual funds, a common collective trust and a money market fund as investment options for participants.

(f) Payments of Benefits

A participant is eligible to receive the vested balance in his or her account under any of the following circumstances: (a) attaining normal retirement age, as defined, (b) terminating employment, (c) satisfying the early retirement age requirements, as defined, (d) becoming disabled, as defined, (e) attaining age 59 1/2 but continuing to work, and (f) incurring a financial hardship. A participant may elect to receive the value of his or her account in the form of a single lump-sum payment, installment payments, or the purchase of an annuity contract.

(g) Notes Receivable From Participants

Notes receivable from participants represent loans that are secured by the balance in the participant's account. Participants may borrow from their accounts a minimum of \$1,000 up to a

MLB Advanced Media, L.P. 401(k) Plan

Notes to Financial Statements

maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Each loan is subject to a rate of interest as defined by the Plan. Principal and interest are paid ratably through payroll deductions over a five year period unless it is for the purchase of a principal residence, in which case the loan repayment period may not extend beyond 30 years from the date of the loan.

2. Summary of Significant Accounting Policies

(a) *Basis of Accounting*

The financial statements of the Plan are prepared on the accrual basis of accounting.

(b) *Use of Estimates*

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

(c) *Investment Valuation and Income Recognition*

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price).

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions, transfers in or loan repayments made by participants plus interest and dividends, less withdrawals and transfers out or loan initiations by participants. The statements of net assets available for benefits present the fair value of a common collective trust holding investment contracts as well as the adjustment of its fully benefit-responsive investment contracts from fair value to contract value. The statements of changes in net assets available for benefits are prepared on a contract value basis.

The Plan presents in the statements of changes in net assets available for benefits the net appreciation or depreciation in the fair value of investments, which consists of realized and unrealized gains or losses on those investments.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on an accrual basis.

(d) *Fair Value Measurements*

The Plan follows the provisions of Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, "Fair Value Measurement." The following three-tier fair value hierarchy is established as a basis for considering such assumptions and for inputs used in the valuation methodologies in measuring fair value:

Level 1 - Observable inputs that reflect quoted prices (unadjusted) for identical assets or liabilities in active markets.

Level 2 - Includes inputs that are observable for the asset or liability, either directly or indirectly through corroboration with observable market data (market-corroborated inputs). If the asset or

MLB Advanced Media, L.P. 401(k) Plan

Notes to Financial Statements

liability has a specified (contractual) term, a Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Unobservable inputs for the asset or liability, that is, inputs that reflect the reporting entity's own determination about the assumptions market participants would use in pricing the asset or liability (including assumptions about risk) developed based on the best information available in the circumstances. Assumptions about risk include the risk inherent in a particular valuation technique used to measure fair value (such as a pricing model) and/or the risk inherent in the inputs to the valuation technique.

(e) Risks and Uncertainties

Due to various risks (e.g., interest rate, market and credit) associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

(f) Payment of Benefits

Benefits are recorded when paid.

(g) Plan Expenses

Expenses, consisting primarily of recordkeeping and loan processing fees, are deducted from the respective participants' accounts. All other administrative costs incurred by the Plan are paid by the Company.

(h) Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

(i) Income Taxes

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2011.

(j) New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, "Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)", which seeks to eliminate diversity in practice surrounding how investments measured at net asset value under the practical expedient with future redemption dates have been categorized in the fair value hierarchy. The standard is effective for annual periods beginning after December 15, 2015. Management is currently determining the impact that the adoption of this guidance will have on the Plan's financial statement results.

MLB Advanced Media, L.P. 401(k) Plan

Notes to Financial Statements

In July 2015, the FASB issued ASU 2015-12, "Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient." Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Plan management is currently evaluating the effect that adopting the provisions of ASU 2015-12 will have on the Plan's financial statements.

3. Plan Termination

Although it has not expressed any intention to do so, the Company reserves the right to terminate the Plan, in whole or in part, at any time, subject to the provisions of ERISA. In the event that such termination occurs, all amounts credited to participant accounts will remain 100% vested and the Trustee, in accordance with the Plan document, will distribute the net assets of the Plan in a uniform and non-discretionary manner.

4. Information Certified by the Trustee

The following is a summary of the information regarding the Plan's financial statements and supplemental schedule as of and for the years ended December 31, 2014 and 2013, that was prepared by or derived from information prepared by the Trustee of the Plan, and furnished to the Plan administrator. The Plan administrator has obtained certification from the Trustee that such information is complete and accurate.

6. Related Party Transactions

Certain Plan investments are managed by the Trustee. Any purchases and sales of these funds are performed in the open market at fair value and qualify as party-in-interest transactions. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Notes receivable from participants also qualify as party-in-interest transactions.

7. Tax Status

Effective March 26, 2010, the Plan adopted the Fidelity Volume Submitter Plan which has received an IRS opinion letter dated March 31, 2008, stating that the Volume Submitter Plan is designed in accordance with the applicable sections of the Code. The Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan administrator believes that the Plan has been designed and is being operated in compliance with applicable requirements of the Code.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

- Mutual funds and the money market fund are valued at the net asset value (unadjusted quoted price) of shares held by the Plan at year-end.
- The common collective trust is valued based upon the unit values. Unit value is based on the fair value of the underlying assets of the fund derived from inputs principally from or corroborated by observable market data by correlation or other means.

MLB Advanced Media, L.P. 401(k) Plan

Notes to Financial Statements

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

9. Investment in Common Collective Trust

The Plan holds an investment in a common collective trust, specifically the Fidelity Managed Income Portfolio Fund (the "MIP"). The MIP invests in investment contracts issued by insurance companies and other financial institutions, fixed income securities and money market funds and may include derivative instruments such as futures contracts and swap agreements to provide daily liquidity. The investment contract issuers seek to preserve the principal investment and earnings, but cannot guarantee that they will be able to do so. The MIP is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The MIP is included in the Plan's financial statements at fair value adjusted to contract value as described in Note 2. There are no reserves against contract value for credit risk of the contract issuers or otherwise.

For the years ended December 31, 2014 and 2013, the MIP had an average crediting interest rate of 1.67% and 1.54%, respectively. For the years ended December 31, 2014 and 2013, the Plan's investment at contract value had an average yield, based on both actual earnings and interest rate credited to participants, of 1.07% and 0.89%, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (a) amendments to the Plan document (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events (e.g., divestitures or spin-offs of a subsidiary) which cause a significant withdrawal from the Plan, or (d) the failure of the Plan to qualify for exemption from Federal income taxes or any other prohibited transaction exception under ERISA. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The Plan does not have unfunded commitments relating to its investment in the MIP, may redeem its investment on a daily and immediate basis, and has no significant restrictions on redemptions at the participant level.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of amounts reported in the financial statements to the amounts reported in Form 5500 as of and for the year ended December 31, 2014:

	Amounts Per Financial Statements	Reconciling Amounts	Amounts Per Form 5500

Total investment income	1,474,065	(4,454)^(b)	1,469,611

MLB Advanced Media, L.P. 401(k) Plan

- (b) Net change in adjustment from contract value to fair value for fully benefit-responsive investment contract for the year ended December 31, 2014.

The following is a reconciliation of amounts reported in the financial statements to the amounts reported in Form 5500 as of December 31, 2013:

	Amounts Per Financial Statements	Reconciling Amounts	Amounts Per Form 5500

11. Subsequent Events

The Plan has evaluated events and transactions for potential recognition and disclosures in the financial statements through October 15, 2015, the date the financial statements were available to be issued.

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. MLB Advanced Media, L.P. 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following brief description of the MLB Advanced Media, L.P. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan covering substantially all employees of MLB Advanced Media, L.P. (the "Company") who have attained at least 21 years of age. Employees are eligible to participate immediately. The Company manages the operation and administration of the Plan. Fidelity Management Trust Company (the "Trustee") serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

(b) Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation, as defined in the Plan document. Participants also may contribute amounts representing distributions from other tax-qualified plans or tax-qualified individual retirement accounts. Contributions are subject to certain annual dollar limitations as imposed by the Internal Revenue Service ("IRS"). The maximum pre-tax contributions for calendar years 2014 and 2013 are limited by the Internal Revenue Code (the "Code") to \$17,500. Catch-up contributions are permitted for those eligible employees over the age of 50 years and are limited to \$5,500 in years 2014 and 2013.

Effective April 1, 2012, the Plan was amended to allow participants to designate a portion or all of their deferral contributions as Roth 401(k) contributions and to roll over Roth contributions.

(c) Vesting

Participants are immediately vested in their contributions plus actual earnings thereon.

(d) Participant Accounts

The Plan maintains individual accounts for each Plan participant. Each participant's account is credited with the participant's contributions and Plan earnings. Allocations are based on participant earnings or account balances, as defined. A participant is entitled to the benefit that can be provided from the participant's vested account.

(e) Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan offers mutual funds, a common collective trust and a money market fund as investment options for participants.

(f) Payments of Benefits

A participant is eligible to receive the vested balance in his or her account under any of the following circumstances: (a) attaining normal retirement age, as defined, (b) terminating employment, (c) satisfying the early retirement age requirements, as defined, (d) becoming disabled, as defined, (e) attaining age 59 1/2 but continuing to work, and (f) incurring a financial hardship. A participant may elect to receive the value of his or her account in the form of a single lump-sum payment, installment payments, or the purchase of an annuity contract.

(g) Notes Receivable From Participants

Notes receivable from participants represent loans that are secured by the balance in the participant's account. Participants may borrow from their accounts a minimum of \$1,000 up to a

MLB Advanced Media, L.P. 401(k) Plan

Notes to Financial Statements

maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Each loan is subject to a rate of interest as defined by the Plan. Principal and interest are paid ratably through payroll deductions over a five year period unless it is for the purchase of a principal residence, in which case the loan repayment period may not extend beyond 30 years from the date of the loan.

2. Summary of Significant Accounting Policies

(a) *Basis of Accounting*

The financial statements of the Plan are prepared on the accrual basis of accounting.

(b) *Use of Estimates*

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

(c) *Investment Valuation and Income Recognition*

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price).

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions, transfers in or loan repayments made by participants plus interest and dividends, less withdrawals and transfers out or loan initiations by participants. The statements of net assets available for benefits present the fair value of a common collective trust holding investment contracts as well as the adjustment of its fully benefit-responsive investment contracts from fair value to contract value. The statements of changes in net assets available for benefits are prepared on a contract value basis.

The Plan presents in the statements of changes in net assets available for benefits the net appreciation or depreciation in the fair value of investments, which consists of realized and unrealized gains or losses on those investments.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on an accrual basis.

(d) *Fair Value Measurements*

The Plan follows the provisions of Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, "Fair Value Measurement." The following three-tier fair value hierarchy is established as a basis for considering such assumptions and for inputs used in the valuation methodologies in measuring fair value:

Level 1 - Observable inputs that reflect quoted prices (unadjusted) for identical assets or liabilities in active markets.

Level 2 - Includes inputs that are observable for the asset or liability, either directly or indirectly through corroboration with observable market data (market-corroborated inputs). If the asset or

MLB Advanced Media, L.P. 401(k) Plan

Notes to Financial Statements

liability has a specified (contractual) term, a Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Unobservable inputs for the asset or liability, that is, inputs that reflect the reporting entity's own determination about the assumptions market participants would use in pricing the asset or liability (including assumptions about risk) developed based on the best information available in the circumstances. Assumptions about risk include the risk inherent in a particular valuation technique used to measure fair value (such as a pricing model) and/or the risk inherent in the inputs to the valuation technique.

(e) Risks and Uncertainties

Due to various risks (e.g., interest rate, market and credit) associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

(f) Payment of Benefits

Benefits are recorded when paid.

(g) Plan Expenses

Expenses, consisting primarily of recordkeeping and loan processing fees, are deducted from the respective participants' accounts. All other administrative costs incurred by the Plan are paid by the Company.

(h) Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

(i) Income Taxes

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2011.

(j) New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, "Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)", which seeks to eliminate diversity in practice surrounding how investments measured at net asset value under the practical expedient with future redemption dates have been categorized in the fair value hierarchy. The standard is effective for annual periods beginning after December 15, 2015. Management is currently determining the impact that the adoption of this guidance will have on the Plan's financial statement results.

MLB Advanced Media, L.P. 401(k) Plan

Notes to Financial Statements

In July 2015, the FASB issued ASU 2015-12, "Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient." Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Plan management is currently evaluating the effect that adopting the provisions of ASU 2015-12 will have on the Plan's financial statements.

3. Plan Termination

Although it has not expressed any intention to do so, the Company reserves the right to terminate the Plan, in whole or in part, at any time, subject to the provisions of ERISA. In the event that such termination occurs, all amounts credited to participant accounts will remain 100% vested and the Trustee, in accordance with the Plan document, will distribute the net assets of the Plan in a uniform and non-discretionary manner.

4. Information Certified by the Trustee

The following is a summary of the information regarding the Plan's financial statements and supplemental schedule as of and for the years ended December 31, 2014 and 2013, that was prepared by or derived from information prepared by the Trustee of the Plan, and furnished to the Plan administrator. The Plan administrator has obtained certification from the Trustee that such information is complete and accurate.

6. Related Party Transactions

Certain Plan investments are managed by the Trustee. Any purchases and sales of these funds are performed in the open market at fair value and qualify as party-in-interest transactions. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Notes receivable from participants also qualify as party-in-interest transactions.

7. Tax Status

Effective March 26, 2010, the Plan adopted the Fidelity Volume Submitter Plan which has received an IRS opinion letter dated March 31, 2008, stating that the Volume Submitter Plan is designed in accordance with the applicable sections of the Code. The Plan is required to operate in conformity with the Code to maintain its qualified status. The Plan administrator believes that the Plan has been designed and is being operated in compliance with applicable requirements of the Code.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

- Mutual funds and the money market fund are valued at the net asset value (unadjusted quoted price) of shares held by the Plan at year-end.
- The common collective trust is valued based upon the unit values. Unit value is based on the fair value of the underlying assets of the fund derived from inputs principally from or corroborated by observable market data by correlation or other means.

MLB Advanced Media, L.P. 401(k) Plan

Notes to Financial Statements

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

9. Investment in Common Collective Trust

The Plan holds an investment in a common collective trust, specifically the Fidelity Managed Income Portfolio Fund (the "MIP"). The MIP invests in investment contracts issued by insurance companies and other financial institutions, fixed income securities and money market funds and may include derivative instruments such as futures contracts and swap agreements to provide daily liquidity. The investment contract issuers seek to preserve the principal investment and earnings, but cannot guarantee that they will be able to do so. The MIP is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The MIP is included in the Plan's financial statements at fair value adjusted to contract value as described in Note 2. There are no reserves against contract value for credit risk of the contract issuers or otherwise.

For the years ended December 31, 2014 and 2013, the MIP had an average crediting interest rate of 1.67% and 1.54%, respectively. For the years ended December 31, 2014 and 2013, the Plan's investment at contract value had an average yield, based on both actual earnings and interest rate credited to participants, of 1.07% and 0.89%, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (a) amendments to the Plan document (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events (e.g., divestitures or spin-offs of a subsidiary) which cause a significant withdrawal from the Plan, or (d) the failure of the Plan to qualify for exemption from Federal income taxes or any other prohibited transaction exception under ERISA. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The Plan does not have unfunded commitments relating to its investment in the MIP, may redeem its investment on a daily and immediate basis, and has no significant restrictions on redemptions at the participant level.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of amounts reported in the financial statements to the amounts reported in Form 5500 as of and for the year ended December 31, 2014:

	Amounts Per Financial Statements	Reconciling Amounts	Amounts Per Form 5500
Net assets available for benefits	\$25,208,643	\$ 7,926^(a)	\$25,216,569
Total investment income	1,474,065	(4,454)^(b)	1,469,611

MLB Advanced Media, L.P. 401(k) Plan

Notes to Financial Statements

- (b) Net change in adjustment from contract value to fair value for fully benefit-responsive investment contract for the year ended December 31, 2014.

The following is a reconciliation of amounts reported in the financial statements to the amounts reported in Form 5500 as of December 31, 2013:

	Amounts Per Financial Statements	Reconciling Amounts	Amounts Per Form 5500

The reconciling item is comprised of the following:

- (a) Adjustment from contract value to fair value for fully benefit-responsive investment contract as of December 31, 2013.

11. Subsequent Events

The Plan has evaluated events and transactions for potential recognition and disclosures in the financial statements through October 15, 2015, the date the financial statements were available to be issued.
