1. DESCRIPTION OF PLAN

The following description of the Health Pro Rehabilitation 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Plan Merger –

Effective December 31, 2014, the Board of Directors voted to merge two defined contribution plans, The Comprehensive Group 401(k) Retirement Plan and Therapy Partners 401(k) Plan, into the Plan. Accordingly, all participants of The Comprehensive Group 401(k) Retirement Plan and Therapy Partners 401(k) Plan became participants in this Plan on January 1, 2015. All Plan assets were transferred into the Plan effective December 31, 2014. Due to the settlement of trades, all assets received were recorded as a receivable on the Statement of Net Assets Available for Benefits as of December 31, 2014 totaling $12,963,005, which was subsequently allocated to the respective participants' investment accounts in January 2015.

General –

The Plan is a defined contribution plan covering all employees of Health Pro Rehabilitation Services, LLC (the Company) and participating employers who are age twenty-one or older. The Plan is subject to the provisions of the Internal Revenue Code of 1986, as amended (the Code) and the Employee Retirement Income Security Act of 1974 (ERISA). All investments are participant directed.

Contributions –

Each year, participants may contribute up to 90% of pre-tax annual compensation, as defined in the Plan, subject to maximum amounts allowable by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. With the approval of the Plan administrator, participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (Participant Rollovers).

The Company match is determined each year by the Plan sponsor on a discretionary basis. For the year ended December 31, 2014, the Plan sponsor matched 20% of amounts deferred by participants, up to 3% of eligible compensation.

In addition to matching contributions, the Company may make discretionary profit sharing contributions with the approval of the Board of Directors. There was no profit sharing contribution for the year ended December 31, 2014.

Participant Accounts –

Each participant's account is credited with the participant's contributions, the Company's matching contribution, an allocation of the Company's discretionary profit sharing contribution and actual earnings thereon. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

1. DESCRIPTION OF PLAN (Continued)

Vesting –

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary profit sharing contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant will become 100% vested after three years of credited service.

Notes Receivable from Participants –

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with the local prevailing rate as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

Excess Contributions Payable –

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. At December 31, 2014 and 2013, the Plan was obligated to return excess contributions totaling $39,097 and $0, respectively.

Payment of Benefits –

Upon termination of service, retirement, disability or death, a participant may elect to receive a lump sum amount or in certain limited circumstances, periodic installment payments, equal to the value of the participant's vested interest in their account either in a distribution or a rollover. If a participant's account balance is less than $1,000, the Plan administrator can distribute the entire balance in a lump sum amount. In-service withdrawals from a participant's account are available upon reaching age 59 ½. Hardship withdrawals are available from a participant's elective deferral account and Company matching and discretionary profit sharing contributions if 100% vested, in order to meet a participant's immediate and heavy financial need. Participant deferrals are suspended for six months following receipt of a hardship distribution.

Forfeitures –

At December 31, 2014 and 2013, unallocated forfeitures totaled $17,209 and $2,955, respectively. Forfeitures are used to pay plan expenses or offset future employer matching contributions to the Plan. During 2014, forfeitures were used to reinstate previously forfeited amounts for rehired employees. There were no forfeitures used to offset Company matching contributions. Included in the receivable for net assets of the two merged in plans at December 31, 2014 are forfeiture amounts totaling $35,276.

1. DESCRIPTION OF PLAN (Concluded)

Administrative Expenses –

The Plan is responsible for administrative expenses unless the Company elects to pay the costs.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting –

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates –

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual amounts could differ from those estimates.

Valuation of Investments and Income Recognition –

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants –

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2014 and 2013. Delinquent notes receivable from participants, if applicable, are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits –

Benefits are recorded when paid.

Date of Management's Review –

Subsequent events have been evaluated by management through October 14, 2015, the date the financial statements were available to be issued.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Concluded)

Reclassification –

Certain items from the 2013 financial statements have been reclassified to conform with the 2014 presentation. These reclassifications had no effect on previously reported net assets available for benefits.

Recently Issued Accounting Pronouncements –

In May 2015, the Financial Accounting Standards Board (FASB) issued ASU 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, which exempts investments measured using the net asset value (NAV) practical expedient in ASC 820, Fair Value Measurement, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. Plan management is currently evaluating the impact of this pronouncement on the Plan's financial statements and disclosures.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Parts I and III are not applicable to the Plan. Plan management has elected to early adopt Part II for the plan year ended December 31, 2014, with retrospective application to the plan year ended December 31, 2013.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual Funds:

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, while Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. FAIR VALUE MEASUREMENTS (Concluded)

The following table presents the Plan's fair value hierarchy for its financial assets measured at fair value on a recurring basis as of December 31, 2014 and 2013:

December 31, 2014:

Description	Level 1	Level 2	Level 3	Total
Mutual funds	$ 5,903,684	$ -	$ -	$ 5,903,684
Total	$ 5,903,684	$ -	$ -	$ 5,903,684

December 31, 2013:

Description	Level 1	Level 2	Level 3	Total
Mutual funds	$ 5,045,158	$ -	$ -	$ 5,045,158
Total	$ 5,045,158	$ -	$ -	$ 5,045,158

4. INFORMATION PREPARED AND CERTIFIED BY PLAN'S TRUSTEE

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Ascensus Trust Company and Charles Schwab Bank, the trustees of the Plan, have certified to the completeness and accuracy of all investments and notes receivable from participants reflected in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2014 and 2013, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2014, and the related investment activity reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2014.

5. TAX STATUS

The Plan has adopted a prototype plan and relies on the prototype plan's opinion letter from the Internal Revenue Service dated March 31, 2008. The Plan has not applied for a determination letter from the Internal Revenue Service specific for the Plan. However, the plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

5. TAX STATUS (Concluded)

U.S. generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examination for years prior to 2011.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by affiliates of Charles Schwab Bank. Charles Schwab Bank is the custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:
