1. DESCRIPTION OF PLAN AND BENEFITS

The following description of the Southeast Automotive Management, Inc. 401(k) / Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General

The Plan is a defined contribution plan covering all full-time employees of Southeast Automotive Management, Inc., Jon Hall Chevrolet, Inc., G.T. Motors, Inc. d/b/a Volvo of Melbourne, and G.T. Daytona, LLC. Employees become eligible to participant in the Plan following one year of continuous service, as defined in the Plan agreement. The Plan is subject to the requirements of the Employee Retirement Income Security Act of 1974 (ERISA).

B. Contributions

Each year, participants may contribute up to a maximum dollar amount, determined annually, of pre-tax annual compensation, as defined in the Plan. The maximum dollar amount is adjusted annually by the Internal Revenue Service and varies based on age of the participant. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a variety of investment options for participants. The Plan's Sponsor may contribute on behalf of each participant a discretionary matching contribution equal to a percentage of each Participant's contribution. The employer matching contributions were discontinued during the year ended December 31, 2008. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Additional amounts may be contributed at the option of the Plan Sponsor's Board of Directors.

C. Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Plan Sponsor's contribution and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

D. Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Plan Sponsor's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

1. DESCRIPTION OF PLAN AND BENEFITS (Cont'd)

D. Vesting (Cont'd)

The Plan has elected to use the following graduated vesting schedule:

Years of Service	Vested Percentage
Less Than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

If the participant dies or becomes disabled while still employed by the employer, the participant becomes 100% vested.

E. Investment Options

Upon enrollment in the Plan, participants may choose their own funds, or may direct employee contributions and the employer match contribution in increments in any of the investment options funds offered by the Plan.

Participants may change their investment options daily using the internet and secured login access to their individual accounts on the trustee's website.

F. Participants' Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan transactions are treated as a transfer to (from) the Investment fund from (to) the Participant Notes fund. Loan terms range from 1-5 years or up to 25 years for the purchase of a primary residence.

The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan administrator. Interest rates on the loans outstanding at December 31, 2014 were 5.25%. Principal and interest are paid ratably through monthly payroll deductions. Participants' loans outstanding were $264,874 and $265,951 at December 31, 2014 and 2013, respectively.

1. DESCRIPTION OF PLAN AND BENEFITS (Cont'd)

G. Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a ten-year period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

H. Distribution to Participants

Amounts credited to an individual participant's account are distributed at termination of employment as a lump sum, in installments or as an annuity. Distributions may be deferred until the participant reaches the age of 70.5 if the value of the distribution is not less than $1,000. However, the plan agreement stipulates that distributions must commence no later than April 1 of the year following the year in which the participant reaches the age of 70.5.

In certain hardship situations, as described in the plan agreement, participants may withdraw part of their account balances while actively employed, but such withdrawals are limited to the amount dictated by the hardship. Participants' withdrawals are limited to required and/or optional deferred account balances and may not include any interest earned thereon.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual method of accounting.

B. Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Participants' loans are valued at their outstanding balances, which approximates fair value.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

B. Investment Valuation and Income Recognition (Cont'd)

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

C. Payment of Benefits

Benefits are recorded when paid.

D. Forfeitures

Forfeitures of terminated participants' nonvested accounts may be applied to administrative fees for the year. Forfeitures in excess of administrative fees reduce the employers' contribution in the year the forfeiture occurs up to the amount of employers' contribution. Forfeitures used were $0 for the year ended December 31, 2014. At December 31, 2014 and 2013, forfeited accounts totaled $976 and $464, respectively.

E. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's accounts and are included in administrative expenses when incurred. As of December 31, 2014 and 2013, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

F. Estimates

The preparation of financial statements in conformity with United States generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

G. Date of Management's Response

Management has evaluated subsequent events through October 9, 2015, the date the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels. Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of common stocks, corporate bonds, and U.S. Government securities are based on the closing price reported on the active market where the individual securities are traded.

Level 3 Fair Value Measurements

The Plan has entered into guaranteed interest accounts with John Hancock Life Insurance Company, which maintains the contributions in the insurance company's general account. The account is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses by John Hancock Life Insurance Company. The guaranteed interest accounts are not actively traded and significant other observable inputs are not available. Thus, the fair values of the guaranteed interest accounts are measured using an income approach based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

For those assets with fair value measured using Level 3 inputs, the Plan administrator determines the fair value measurement policies and procedures in consultation with the trustee of the Plan. These policies and procedures are reassessed at least annually to determine if the current valuation techniques are still appropriate. At that time, the unobservable inputs used in the fair value measurements are evaluated and adjusted, as necessary, based on current market conditions and other third-party information.

3. FAIR VALUE MEASUREMENTS (Cont'd)

The following tables reconcile the beginning and ending balances of the fair value measurements using significant unobservable inputs (Level 3) of the guaranteed interest accounts with the insurance company for the years ended December 31, 2014 and 2013:

Guaranteed Interest Accounts	2014	2013
Beginning Balances	$ 52,962	$ 86,885
Sales, net	1,513	(33,923)
Ending Balances	$ 54,475	$ 52,962

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2014, are reported in net appreciation in fair value of investments. Unrealized gains and losses from the guaranteed interest accounts are not reported in the statement of changes in net assets available for benefits as the contract is recorded at contract value for presentation in the net assets available for benefits.

The Plan's policy is to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2014, there were no significant transfers into or out of Level 3.

The following tables set forth, by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2014 and 2013:

	Fair Value Measurements at Reporting Date Using:

4. INVESTMENTS

The December 31, 2014 and 2013 Statements of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits, the accompanying notes to the financial statements, and the supplemental schedule were prepared in part or entirely from information certified by the Trustee in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The fair value of the investment contract at December 31, 2014 and 2013 was $9,557,927 and $8,969,468, respectively.

The following table represents investments. Investments that represent five percent or more of the Plan net assets are separately identified.

Net change in investments at fair value:

Pooled Separate and Guaranteed Accounts	$ 433,412

5. GUARANTEED INTEREST ACCOUNTS

The Plan has a benefit-responsive investment contract with John Hancock Life Insurance Company, the trustee of the Plan. The trustee maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by John Hancock Life Insurance Company. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed interest contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2014 and 2013 was $54,475 and $52,962, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. There is no contract rate and no minimum or "floor" rate for these accounts.

6. TAX STATUS

The Volume Submitter Document Sponsor obtained its latest IRS Opinion Letter dated March 31, 2008, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since then, we believe that the Plan was qualified and the related Trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2011.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

8. RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by John Hancock Life Insurance Company. John Hancock Life Insurance Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $22,629 for the year ended December 31, 2014. The party-in-interest transaction is exempt from the transaction rules of ERISA.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
