MUNICH RE U.S. SAVINGS PLAN

Notes to Financial Statements

December 31, 2014 and 2013

(1) Description of Plan

The following description of the Munich Re U.S. Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a participant directed, defined contribution plan available to all eligible employees of Munich Reinsurance America, Inc. (the Company) and affiliated companies who have one month of service, as defined, and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan's assets are administered by the trustee, Vanguard Fiduciary Trust Company (Vanguard).

(b) Employee Eligibility and Contributions

Plan participants may elect to make pre-tax and/or Roth (after-tax) contributions of up to 50% of annual base salary, as defined in the Plan's provisions. The maximum amount of deferral contributions that may be made each plan year is set by the Internal Revenue Service (IRS) and was \$17,500 for 2014 and 2013.

The Company and affiliated companies (the Employer(s)) make matching contributions of up to 100% of the participant's contributions, up to 5% of compensation for each pay period, as defined in the Plan's provisions. The Employers make additional age-weighted contributions ranging from 2.0% to 8.0% of eligible compensation. The amount of the contribution is based on a percentage of an employee's base pay and eligible bonus. These additional employer contributions begin one month after employment begins.

All employees who are otherwise eligible to make deferral contributions, and who have attained age 50 before the close of the Plan year, are eligible to make catch-up contributions as defined by the Plan and certain IRS regulations.

Participants may elect to have contributions invested in any of the investment options offered by the Plan. Participants may change their investment selections and the investment of current contributions at any time.

The Employers may on occasion make additional contributions to the Plan in order to pass discrimination or other testing of the Plan or any other permissively aggregated plan.

(c) Participants' Accounts

The participant record keeping services are provided by Vanguard. Each participant's account is credited with the participant's contribution, the Employer's contributions, and an allocation of investment fund earnings or losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are immediately 100% vested in their contributions and the Employer's matching contributions and earnings or losses thereon. Participants are vested in the additional age-weighted contributions made after having three years of service.

Notes to Financial Statements

December 31, 2014 and 2013

Any Employer contributions forfeited may be used to reduce future Employer contributions after meeting break-in-service requirements. The amount of forfeitures used to reduce employer contributions in 2014 and 2013 were \$325,603 and \$1,149,863, respectively. The amount of unused forfeitures available to offset future contributions were \$156,225 and \$243,648 at December 31, 2014 and 2013, respectively.

(e) *Notes Receivable from Participants*

Plan participants may borrow from their fund accounts a minimum of \$1,000 up to the lesser of \$50,000 less the highest outstanding loan principal or 50% of their account balance reduced by the principal amount of all outstanding loan balances. Loan terms range from one to five years for general-purpose loans or up to 20 years for the purchase of a primary residence. Certain home loans of up to 30 years were rolled over from one Employer's previous plan. The loans are secured by the balance in the participant's account and bear interest at a rate equal to the prime interest rate on the last business day of the month prior to the month in which the loan is taken. Principal and interest are paid ratably through payroll deductions. Defaulted loans are charged against the participant's account as a taxable withdrawal. The interest rates on the participant loans at December 31, 2014 ranged from 3.25% to 10.5%. Participants may have up to one general-purpose loan outstanding and one primary residence loan outstanding at any time. Participant loans are measured at their unpaid principal balance plus any accrued but unpaid interest, which approximates fair value.

(f) *Payment of Benefits*

Upon termination of service due to retirement, disability, or other severance of employment, participants receive a lump sum amount equal to the value of their account. Participants whose total account value exceeds \$1,000 may elect to defer distribution as permitted by regulations.

A participant may also take a withdrawal due to a hardship. Amounts available for a hardship withdrawal consist of all or part of the participants deferral contributions (excluding earnings) made to the Plan. Hardship generally means the participant has no other sources of funds available.

(g) *Administrative Expenses*

The expenses of administering the Plan shall be paid out of the Plan trust unless separately paid by the Company. Investment management expenses are paid from mutual fund investments and are reflected in net appreciation in fair value investments.

(h) *Plan Merger*

Effective January 1, 2014, the ADP TotalSource Retirement Savings Plan, as adopted by Munich Re Stop Loss, Inc., merged into the Plan. On January 2, 2014, investments of \$4,729,880 were transferred into the Plan. The merger also included a transfer of loans receivable in the amount of \$145,647. Employees of the merged plan, became eligible to participate in the Munich Re U.S. Savings Plan on January 1, 2014, subject to the Plan rules in effect and subject to the rules governing plan entry and participation.

(2) Summary of Accounting Policies

(a) *Basis of Presentation*

The accompanying financial statements have been prepared on an accrual basis of accounting in conformity with U.S. generally accepted accounting principles (U.S. GAAP).

(b) *Use of Estimates*

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of asset, liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates and assumptions.

(c) *Payment of Benefits*

Benefit payments are recorded upon distribution.

(d) *Investment Valuation and Income Recognition*

The Plan's investments are stated at fair value. All shares of registered investment companies (mutual funds) are valued at quoted market prices. Shares of a common and collective trust are stated at fair value, which represents the net asset value of shares held by the Plan as reported by Vanguard, the investment manager of the fund. Cash equivalents are recorded at cost, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Under U.S. GAAP, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a collective trust. As required by U.S. GAAP, the statement of net assets available for plan benefits presents the fair value of the investment in the collective trust as well as the adjustment of the investment in the collective trust from fair value to contract value relating to the investment contracts.

(e) *New Accounting Standards*

Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, "Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share", which will eliminate the requirement to categorize investments in the fair value hierarchy if their fair value is measured at net asset value per share using the practical expedient in the FASB's fair value measurement guidance. The new disclosures will require a reconciliation between the fair value hierarchy and the total investments measured at fair value in the balance sheet. The standard is effective for annual reporting periods beginning after December 15, 2015. Early adoption is permitted. The Company is currently assessing the impact that this guidance will have on the plan financial statements.

Plan Accounting

In July 2015, the FASB issued ASU 2015-12, "Plan Accounting", to simplify certain aspects of employee benefit plan accounting. The simplification included the following: (1) employee benefit plans will no longer be required to value fully benefit responsive investment contracts at fair value, (2) plans are required to disaggregate their investments measured at fair value by general type, either on the face of the financial statements or in the notes, (3) plans are no longer required to disclose the net appreciation/depreciation in fair value of investments by general type or individual investments equal to or greater than 5% of net assets available for benefits, and (4) a plan with a fiscal year end that doesn't coincide with the end of a calendar month is allowed to measure its investments and investment-related accounts using the month end closest to its fiscal year end. The new guidance is effective for annual reporting periods beginning after December 15, 2015. Early adoption is permitted. The Company is currently assessing the impact that this guidance will have on the plan financial statements.

All other recently issued but not yet effective accounting and reporting standards are either not applicable to the Plan or are not expected to have an impact on the Plan.

(f) Subsequent Events

There were no subsequent events requiring adjustment to the financial statements or disclosure through October 12, 2015, the date that the Plan's financial statements were available to be issued.

(3) Fair Value Measurements

The fair value hierarchy established by, U.S. GAAP, prioritizes valuation technique inputs to measure fair value into three levels. The level in the fair value hierarchy within which the fair value measurement falls is determined based on the lowest level input that is significant to the fair value measurement. Investments recorded at fair value are categorized as follows:

Level 1 – Unadjusted quoted prices accessible in active markets for identical assets or liabilities at the measurement date. A market is considered active if: (i) pricing information is obtained from exchange traded securities, (ii) the securities are actively traded, and (iii) current pricing is available. The Plan's investments in actively traded mutual funds are measured using Level 1 valuations.

Level 2 - Unadjusted quoted prices for similar assets or liabilities in active markets or inputs, other than quoted prices, that are observable or that are derived principally from, or corroborated by, observable market data through correlation or other means. The Plan's investment in a common and collective trust is measured using Level 2 valuations.

Level 3 - Prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement. The Plan holds no investments measured using Level 3 valuations.

See note 2(d) for further information regarding the Plan's investment valuations. The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013, and there were no transfers between levels during the periods then ended.

(4) Information Certified by Trustee (Unaudited)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was compiled from information certified as being complete and accurate by Vanguard, as trustee, as of and for the years ended December 31, 2014 and 2013 (except for the fair value of the Vanguard Retirement Savings Trust Class IV for which the trustee certified contract value) and was not subject to auditing procedures by the Plan's independent auditor.

Total	<u>\$ 52,299,584</u>	<u>110,223,269</u>

(5) Risks and Uncertainties

The Plan invests in a number of investment securities consisting of a variety of mutual funds and a common and collective trust. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonable to expect that changes in the values of investment securities will occur in the near term and that such changes could materially affect the statements of net assets available for plan benefits and participant account balances.

The Plan's exposure to a concentration of credit risk is limited by the diversification of investments across 27 participant-directed fund elections. Additionally, the investments within each participant-directed fund election are further diversified into varied financial instruments.

(6) Tax Status

The Plan received a determination letter dated February 12, 2013 from the IRS that stated the Plan and related trust, as then designed, were in compliance with applicable requirements of the Internal Revenue Code (IRC), and therefore, is exempt from taxes.

The Company is deemed to be part of a controlled group as defined by Section 414 of the IRC. In order for the Plan to continue to qualify under Section 401 of the IRC, the Plan must meet certain compliance requirements. As of and for the years ended December 31, 2014 and 2013, management believes that the Plan is in compliance with such requirements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or derecognize an asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon an examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or de-recognition of an asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(7) Related Party Transactions (Parties in Interest)

Certain Plan investments including cash equivalents, a common and collective trust and shares of mutual funds were managed by the trustee during 2014 and 2013. Transactions of these investments qualify as party in interest transactions as defined by ERISA.

(8) Plan Termination

Although the Company has not expressed any intention to terminate the Plan, the Company has the right under the Plan to do so subject to the provisions of ERISA. In the event of Plan termination, or partial termination, benefits would be payable under the terms of the Plan to all participants based on their fully vested account balances.

(9) Reconciliation of Financial Statements to Form 5500
