NOTE 1 – DESCRIPTION OF PLAN

The following description of the KMA Westmed Emergency Services, Inc. 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that is sponsored by KMA Emergency Services, Inc. dba Westmed Ambulance Service ("Company") for its employees. The Plan is intended to satisfy all of the requirements to be a qualified plan under the appropriate provisions of the Internal Revenue Code ("IRC") and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), and initially became effective on January 1, 2010. The Plan Document was amended and restated on September 2, 2010.

Company employees who are at least 21 years of age and have completed three months of service are eligible to participate in the Plan. However, leased employees, employees who are covered by a collective bargaining agreement, and certain non-resident alien employees are excluded from Plan participation. Eligible employees may enroll in the Plan on the first day of the month coinciding with or next following the date the employee satisfies the eligibility requirements.

Plan Administration

The Company is the Plan Administrator, John Hancock Life Insurance Company is the Plan's custodian ("Custodian" or "John Hancock"), and the President of the Company is the Plan's trustee.

Contributions

Each participant may elect to make deferral contributions ("Deferral Contributions") to the Plan by contributing a prescribed percentage of his or her compensation or a fixed dollar amount, subject to certain IRC limitations, up to a maximum amount of $17,500 for the 2014 Plan year. Deferral Contributions may be designated as either pre-tax deferrals or after-tax Roth 401(k) deferrals. Participants who are 50 years of age or older and have met the IRC annual deferral limit may contribute catch-up contributions of up to $5,500 for 2014. Participants may also make rollover contributions which represent distributions from other qualified plans.

NOTE 1 – DESCRIPTION OF PLAN (CONT'D)

Under the Plan provisions, upon notice, the Company may make Safe Harbor Employer Contributions (as defined) equal to 5% of the participant's compensation. If the Company elects to make Safe Harbor Employer Contributions, certain "safe harbor" requirements under the IRC may be satisfied, in which case, certain annual non-discrimination tests are not required for that year. For the year ended December 31, 2014, the Safe Harbor Matching Contributions totaled $72,945.

In addition to the Safe Harbor Employer Contributions, the Plan allows the Company's to make an annual discretionary profit sharing contribution ("Profit Sharing Contribution"). Participants are required to have at least 1,000 hours of service and be employed by the Company on the last day of the Plan year to be eligible to receive a Profit Sharing Contribution. During the year ended December 31, 2014 no discretionary profit sharing contributions were made.

Participants direct the investment of their contributions and their allocations of employer contributions into various investment options offered by the Custodian.

Participant Accounts

Each participant's account is credited with the participant's contributions, and allocations of the Company's Safe-Harbor Contributions, if any, and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit, to which a participant is entitled, is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their elective deferral contributions, the Company's Safe-Harbor Contributions and earnings thereon. The Company's discretionary Profit Sharing Contributions and earnings thereon vest in accordance with the following schedule:

NOTE 1 – DESCRIPTION OF PLAN (CONT'D)

Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participants who are still employed with the Company on or after the date of reaching the normal retirement age (as defined by the Plan) will be 100% vested in their Profit Sharing Contributions and earnings thereon.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, whichever is less. Such loans are secured by the balance in the participant's account. The annual rate of interest charged on the loans is based upon Prime Interest Rate (as defined), plus 2%. All loans, other than loans made for the purpose of acquiring the principal residence of the participant, are required to be repaid within five years and amortized on a substantially level basis. Loan repayments are generally made through payroll deductions.

Payment of Benefits

The Plan provides for the payment of benefits to the participant (or, if applicable, the beneficiary) at retirement, disability, death, financial hardship or termination of employment. In-service distributions are also available to those participants who are disabled or are age 59½ or older. Participants who qualify for distributions will receive their benefits as a lump sum cash distribution. The benefit to which a participant is entitled is the benefit that can be provided solely from the participant's vested account balance.

If upon termination, a participant's vested benefit is $5,000 or less, it will be distributed as a lump sum as soon as practicable.

NOTE 1 – DESCRIPTION OF PLAN (CONT'D)

Forfeitures

Forfeitures of Profit Sharing Contributions can occur if a participant terminates employment before becoming fully vested in such contributions. Forfeited balances may be used to reduce employer contributions and/or pay for administrative fees incurred by the Plan. As of December 31, 2014 and 2013, unallocated forfeited balances totaled $3,393.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value as described in Note 3. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income are recorded on an accrual basis. Net appreciation includes the Plan's gains and losses on investments sold during the year as well as those held as of December 31, 2014.

Through the Plan's group annuity contract with the Custodian, the Plan has investments in John Hancock's guaranteed interest accounts ("Guaranteed Interest Accounts"). The Plan accounts for investments in the Guaranteed Interest Accounts in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 962, *Plan Accounting – Defined Contribution Plans* ("ASC 962"). ASC 962 generally requires the reporting of all investment contracts held by a defined contribution plan at fair value, and for fully benefit-responsive contracts, the reporting of the adjustment from fair value to contract value in the statement of net assets available for benefits, as well as certain disclosures. Plan management does not consider the Plan's investments in the Guaranteed Interest Accounts to be fully benefit-

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Investment Valuation and Income Recognition (Cont'd)

responsive. Investments in the Guaranteed Interest Accounts are maintained with John Hancock in its general account, under the terms of the group annuity contract, and are guaranteed the return of principal plus interest over a defined term, provided all contributions remain in the account until the end of the guarantee period. The Guaranteed Interest Accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities, and the reported amounts of additions and deductions during the reported periods. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued interest. Delinquent notes receivable that are deemed by the Plan Administrator to be in default are treated as distributions based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 – FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

NOTE 3 – FAIR VALUE MEASUREMENTS (CONT'D)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Pooled separate accounts: Pooled separate accounts ("PSAs") are valued based upon the per share net asset value ("NAV") of the separate account (as determined by the Custodian) multiplied by the number of shares of the separate account held by the Plan. The NAV of the separate accounts are typically determined daily based on the underlying investments of the fund, which are typically mutual funds. The Plan's investments in PSAs are classified within Level 2 of the valuation hierarchy. The redemption frequency of each of these PSAs is daily, and there are no redemption restrictions and no unfunded commitments related to the Plan's investment in PSAs.

NOTE 3 – FAIR VALUE MEASUREMENTS (CONT'D)

Guaranteed Interest Accounts: The Plan's Guaranteed Interest Accounts are classified as a Level 2 investment. The fair value of the Guaranteed Interest Accounts is based upon the investment's daily credited rate and any market value adjustments or surrender charges that apply.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013 (unaudited):

NOTE 5 – INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The Plan administrator elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified that the following information included in the accompanying 2014 financial statements and supplemental schedule is complete and accurate:

- Investments as reflected on the accompanying statement of net assets available for benefits as of December 31, 2014.
- Investment income as reflected in the statement of changes in net assets available for plan benefits for the year ended December 31, 2014.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their account balances.

NOTE 7 – TAX STATUS

The Plan obtained its latest opinion letter dated October 13, 2011, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan's administrator and tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan Administrator is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS and the Department of Labor. The Plan is

NOTE 7 – TAX STATUS (CONT'D)

subject to routine audits by taxing jurisdictions for tax years for which the applicable statutes of limitations have not expired; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE 8 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of pooled separate accounts managed by the Custodian, and the Plan also has investments in the Guaranteed Interest Accounts which are investments held in the general assets of the Custodian. Additionally, the Plan has loans with its participants. The Custodian and Plan participants are considered parties-interest under ERISA; however, these transactions qualify as exempt party-in-interest transactions.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 15, 2015 the date financial statements were available to be issued.
