INDEPENDENT AUDITORS' REPORT

To the Trustees of
Cutting Edge Supply Company 401(k) Plan
Colton, CA

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Cutting Edge Supply Company 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by John Hancock Life Insurance Company (U.S.A.), the asset custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that John Hancock Life Insurance Company (U.S.A.) held the Plan's investment assets and executes investment transactions. The plan administrator has obtained certification from the asset custodian as of and for the year ended December 31, 2014, that the information provided to the plan administrator by the asset custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedules

The supplemental schedule of Assets (Held at End of Year) as of December 31, 2014 and Schedule of Delinquent Participant Contributions are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Other Matter – 2013 Financial Statement

The statement of net assets available for benefits for the year ended December 31, 2013 was compiled by us and our report thereon, dated October 15, 2015, stated we did not audit or review the statement and, accordingly, do not express an opinion or provide any assurance about whether the statement is in accordance with accounting principles generally accepted in the United States of America.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

CUTTING EDGE SUPPLY COMPANY 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2014

Note 1 - Description of the Plan

The following description of the Cutting Edge Supply Company 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General - The Plan is a defined contribution plan with a 401(k) arrangement covering substantially all employees of Cutting Edge Supply, (the Company or the employer) who have attained the age of 21 years, completed one year of service, and are nonunion employees. Eligible participants may enter the Plan on the first day of January or July following their completion of one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

B. Participants Accounts - Each participant's account is credited with the participant's contributions, Plan earnings and, if any, allocations of (1) discretionary matching and (2) discretionary profit sharing contributions. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

C. Vesting - Participants are immediately vested in their pretax wage deferrals, plus actual earnings thereon. Participants do not vest in employer discretionary contributions until they have completed two years of service, at which time they become 20% vested. An employee becomes 40% vested after three years, 60% vested after four years, 80% after five years and fully vested after six years.

D. Participant Loans - Participants may borrow a minimum of $1,000 from their fund accounts up to $50,000 but not in excess of 50% of their vested account balance. Loans are repaid through payroll deductions using an interest rate of prime plus 2%. Loan terms are typically 5 years unless used for the purchase of a primary residence in which case the loan term may be extended.

E. Payment of Benefits - Upon termination of service, a participant with a vested account balance of less than $5,000 will receive their vested benefits through a single lump-sum payment or may elect a rollover into another qualified plan. Participants with vested account balances of $5,000 or greater excluding rollovers may receive their vested benefits in a direct rollover to an individual retirement account or through a single lump-sum payment or periodic installments. Upon termination of service due to disability a participant may receive benefits through a single lump-sum payment or periodic installments. If a participant's service is terminated due to death, the participant's beneficiary may receive the value of the participants account through a single lump-sum payment or periodic installments.

F. Forfeited Accounts – Forfeitures of terminated participants' non-vested accounts arising from employer contributions are used to restore Participants' account balances, pay Plan expenses and reduce employer contributions. As of December 31, 2014 there was $15,206 of unallocated forfeitures.

G. Participant Investment options – Upon enrollment in the Plan, participants must direct their pretax wage deferrals and any allocations of employer contributions to be invested in various investment options as more fully described in the Plan's literature. Participants may change their mix of investment options at any time throughout the year via telephone or internet access to the plans asset custodian.

Note 2 - Summary of Significant Accounting Policies

A. Basis of Accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

B. Estimates - The preparation of the Plan financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting periods. Accordingly, actual results could differ from those estimates.

C. Investment Valuation and Income Recognition - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investments in pooled separate accounts are valued daily based on the respective fund's net asset value. The Plan's investments in common stocks and exchange traded funds are valued monthly based on quoted market prices. The Plan's investments in an LLC and Limited Partnership interests are valued at liquidation value or offers to purchase the investment from other owners.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is reported on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

D. Notes Receivable from Participants – Loans to Participants are stated at their unpaid principal balances plus any accrued but unpaid interest.

E. Payment of Benefits - Benefits are recorded when paid.

F. Subsequent Events – The Plan has evaluated subsequent events through October 15, 2015, the date the financial statements were available to be issued.

Note 3 – Funding Policy

Participants may contribute up to 100% of their eligible compensation for the year subject to overall limitations permitted by code section 402(g) except to the extent provided by catch-up provisions permitted by law.

The employer may make discretionary matching contributions to participants' accounts. The employer currently matches 50% of the first 9% of an employee's eligible compensation (after one year of service). The Company's discretionary matching contributions for 2014 were $232,472.

In addition, each year the Company may contribute to the Plan an amount, if any, which the Company's Board of Directors determines at its discretion (profit sharing). The Company's profit sharing contributions for the year ended December 31, 2014 were $257,063.

Note 4 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 5 – Information Certified by John Hancock Life Insurance Company (U.S.A)

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent accountants not to perform any auditing procedures with respect to the following information certified by John Hancock Life Insurance Company (U.S.A.) (John Hancock), except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedule.

The following table presents the fair value of the participant-directed investments in this Plan that was certified by John Hancock. Single investments representing more than 5% of the Plan's net assets are separately identified.

	2014	2013 COMPILED
Fair Value as determined by John Hancock:		
Pooled Separate Accounts:		
JH Lifestyle Fund – Moderate Portfolio	$ 697,049	$ -
JH Lifestyle Fund – Balanced Portfolio	938,117	759,893
JH Lifestyle Fund – Growth Portfolio	1,085,535	905,120
JH Parnassus Core Equity Fund	2,212,639	467,078
JH 500 Index Fund	715,203	-
JH Stable Value Fund	2,582,607	2,712,708
JH Investment Co of America	-	1,737,325
Other	4,263,337	4,569,146
Participant loans	333,982	327,508
	$ 12,828,469	$ 11,478,778

John Hancock certified the completeness and accuracy of $743,301 of net appreciation in fair value of investments and $16,516 of interest related to the aforementioned investments for the year ended December 31, 2014.

As of December 31, 2014 the Plan had $682,840 of assets invested in a self-directed brokerage account and other investments for one participant. All assets held by the plan outside of John Hancock did not exceed 5% of the Plan's net assets.

Note 6 – Administrative Expenses

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan for such functions. Certain administrative expenses for the Plan are paid directly by the Company or from Plan income.

Note 7 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8 - Tax Status

The Internal Revenue Service has determined and informed the Company, by a letter dated March 31, 2008 that the Plan and related trust as amended through January 1, 2009, are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letters, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the Unites States of America requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

Note 9 – Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC)* 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Fair Value Measurements

Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 9 – Fair Value Measurements – (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Pooled separate accounts: Valued at the net asset value (NAV) of shares held by the plan as adjusted for mutual fund dividends, mutual fund splits and administrative maintenance charges and other items as reported by John Hancock which approximates fair value of the investments. The investments are redeemable at the adjusted NAV, except for the stable value fund for which contract value is generally the amount participants would receive for plan-permitted, participant-directed withdrawals. The underlying investments in the stable value fund are valued using Level 1 pricing inputs and Level 2 pricing inputs, therefore the stable value fund is classified in Level 2 in the fair value hierarchy. Pooled separate accounts are classified in Level 2 in the fair value hierarchy.

Common stocks and Exchange Traded Funds: Valued at the closing price reported on the active market on which the individual securities are traded. The common stock and exchange traded funds are classified in Level 1 in the fair value hierarchy.

Other investments: Other investments consist of a membership interest in a limited liability company (LLC) and a limited partnership interest. The LLC interest was valued based on an offer to purchase the interest by a managing member of the LLC. The limited partnership interest was valued at the liquidation value. These investments are classified as Level 3 in the fair value hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with the other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2014 and 2013:

Note 10 – Stable Value Fund

The Plan invests in the John Hancock Stable Value Fund which is a collective investment trust fund sponsored by John Hancock. The fund's primary investment objectives are to preserve principal, maintain a competitive interest rate, and provide daily liquidity at contract value for plan-permitted, participant-directed withdrawals. The fund invests primarily in diversified fixed-income mutual funds and separately managed bond accounts run by investment subsidiaries of John Hancock, and in contract value stabilizing agreements offered by high-quality financial institutions. The stabilizing agreements are designed to offset price fluctuations associated with fixed-income investments by smoothing the effect of any gains or losses on the assets and to offer participants daily liquidity at contract value. Contract value is generally equal to the principal amounts invested in the underlying investments, plus interest accrued at a crediting rate established under the contract, less any adjustment for withdrawals.

Crediting rates on contracts are net of fees to the provider. The calculation of the crediting rate incorporates the book value, market value, duration, and current market yield rates of assets held. Interest crediting rates are typically reset monthly; however, under certain circumstances (such as during periods of high market volatility, unexpected cash in-flows or unexpected withdrawals), it may be reset more frequently. Under the terms of the contract, the crediting rate will not be less than 0%. Periodic resets of the crediting rate may be affected by, among other things, i) changes in the market value of assets, (ii) income, gains and losses with respect to assets, (iii) fees and expenses incurred in asset management and the operation of related accounts or contracts, (iv) the timing and amount of cash in-flows and withdrawals, and (v) the terms and conditions of relevant benefit responsive contracts.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The stable value fund is expected to have a constant contract value of $1.00, although there is no assurance that it will remain constant at $1.00. The fund's trust agreement provides that withdrawals for purposes other than normal benefit payments or plan permitted investment option transfers are subject to either up to a 12-month hold or a market value adjustment, as elected by the Plan Sponsor. These events may include, but are not limited to, the following: mergers, layoffs, plan termination, implementation of early retirement incentive programs or other events within the control of the Plan Sponsor resulting in a material and adverse financial impact on the issuer's obligations under the contract.

Note 10 – Stable Value Fund (continued)

In addition, a breach of material obligation under a stability agreement could cause John Hancock or the stability provider to terminate the contract. Most stabilizing agreements also may be terminated by the stability provider due to adverse changes in applicable laws, regulations or accounting treatment. Replacement stabilizing agreements may not be available and participants may experience losses if the market value of the separate account assets no longer covered by the stabilizing agreement is below contract value.

At December 31, 2014, the Plan Sponsor believes the occurrence of an event that would limit the ability of the stable value fund to transact at contract value with the participants in the fund is not probable.
