Notes to Financial Statements

December 31, 2014 and 2013 and Year Ended December 31, 2014

NOTE A - DESCRIPTION OF PLAN

The following description of ABCO Fire Protection, Inc. 401(K) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of ABCO Fire, LLC (the Company and Plan Sponsor) who have attained the age of 21 and who have completed one year of service. On January 1, 2014, the Company acquired Eckert Fire Protection Systems, Inc. and Anox Fire Protection Services, LLC. Effective March 1, 2014, the Plan was amended to allow employees of the acquired companies who were employed as of January 1, 2014 to be immediately eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is sponsored and administered by the Company.

Contributions

Prior to July 1, 2014, participants could elect to defer between 1% and 15% of compensation as defined by the Plan on a pre-tax basis, subject to the maximum contribution amounts allowable by law. Effective July 1, 2014, the Plan was amended to allow participants to contribute up to 100% of their compensation, subject to the maximum contribution amounts allowable by law. The Company provides a discretionary employer matching contribution to eligible participants, which was 50% of the first 7% of annual compensation that a participant contributes to the Plan for the year ended December 31, 2014. The Plan also provides for a discretionary employer profit sharing contribution to eligible participants which was \$-0- for the year ended December 31, 2014. In order to be eligible for the profit sharing contribution, participants must complete 500 hours of service during the year. The Plan provides for the acceptance of rollover contributions from other plans qualified under the Internal Revenue Code (IRC). The Plan also provides for catch-up contributions for participants who reach the age of 50 by the end of the plan year.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company matching contributions, and allocations of (a) the Company's profit sharing contributions and (b) Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant account earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements

December 31, 2014 and 2013 and Year Ended December 31, 2014

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are fully and immediately vested in their deferral contributions and rollover contributions plus actual earnings thereon. Employer matching and profit sharing contributions plus actual earnings thereon become vested based on years of continuous service. A participant is 100 percent vest after four years of credited service.

Payment of Benefits

Upon attaining the age of 59½ or termination of service, a participant may elect to receive a partial distribution or a lump-sum amount equal to the vested value of his or her account, or installments based upon the terms of the Plan document. If the value of the vested benefits credited to a participant's account is \$1,000 or less at the time of termination, the entire amount will automatically be distributed to a participant. In the event of a mandatory distribution of an amount greater than \$1,000 but not exceeding \$5,000, the entire amount will be distributed in the form of a direct rollover to an individual retirement account as designated by the plan administrator.

Active participants may request hardship withdrawals from their elective deferral account balance, subject to Plan provisions. A participant who receives a distribution on account of hardship is prohibited from making deferrals for six months after receipt of the distribution.

Notes Receivable from Participants

Participants may borrow from their fund account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance subject to certain Department of Labor and Internal Revenue Service (IRS) requirements. Notes receivable terms range from 1 - 5 years or longer for the purchase of a primary residence. Notes receivable are secured by the balance in the participants' accounts and bear interest at rates that range from 3.25% to 5.00% at December 31, 2014. Principal and interest are paid ratably through bi-weekly payroll deductions.

Forfeited Accounts

Forfeitures are used to reduce Company contributions or pay Plan expenses. Unallocated forfeiture balances as of December 31, 2014 and 2013 were \$3,683 and \$175, respectively.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Investment Valuation

The Plan's investments are recorded at fair value, based upon the last traded or current bid prices in active markets. Where there are no readily available last traded or current bid prices, fair value is determined as discussed in Note D.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2014 and 2013. If a participant ceases to make repayments on a note receivable and the plan administrator deems the note receivable to be in default, the balance on the note receivable from the participant is reclassified to benefits paid to participants.

Investment Income Recognition

Purchases and sales of securities are recorded on a trade date basis. Gains and losses on securities transactions are determined using the average cost method. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Contributions

Participant and employer contributions are recorded and credited to each participant's account when received by the trustee from the Company. Any contributions attributable to the Plan year but not received by the trustee by the last day of the plan year are recorded as a receivable.

Income Taxes

The Company adopted a prototype profit sharing plan with cash or deferred arrangement which received a favorable opinion letter from the IRS dated March 31, 2008, stating that the Plan and related trust were designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Sponsor believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Notes to Financial Statements

December 31, 2014 and 2013 and Year Ended December 31, 2014

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Income Taxes (Continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Sponsor has analyzed the tax positions taken by the Plan, and has concluded as of December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Sponsor believes the Plan is no longer subject to income tax examinations for years prior to 2011.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participants' accounts and are included in administrative expenses. Investment related expenses are included in investment income.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Subsequent Events

The Plan has evaluated subsequent events through October 15, 2015, the date which the financial statements were available to be issued.

NOTE C - CERTIFICATION AND SUMMARY OF INVESTMENTS

Notes receivable from participants and investment information disclosed in the accompanying financial statements and supplemental schedules, including notes receivable from participants and investments held at December 31, 2014 and 2013, and net depreciation in the fair value of investments, interest, and dividends for the year ended December 31, 2014 were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by the recordkeeper as agent for the trustee.

ABCO FIRE PROTECTION, INC. 401(K) SAVINGS PLAN

Notes to Financial Statements

December 31, 2014 and 2013 and Year Ended December 31, 2014

NOTE C - CERTIFICATION AND SUMMARY OF INVESTMENTS (CONTINUED)

The Plan's investments are 100% participant-directed and are held by the trustee. The fair value of investments that represent five percent or more of the Plan's net assets are as follows:

	December 31,	
		(Compiled)
	2014	2013
Mutual Funds:		
American Funds American Balanced Fund A	\$ 410,244	\$ 359,339
American Funds Fundamental Investors Fund A	1,085,686	1,055,757
American Funds Washington Mutual Fund A	570,377	458,659

American Funds EuroPacific Growth Fund A	537,252	589,634
American Funds Growth Fund of America A	1,152,014	974,370
American Funds Bond Fund of America A	316,490	280,994

During 2014, the Plan's investments in mutual funds, including gains and losses on investments bought, sold, and held during the year, depreciated in value by \$57,238.

NOTE D - FAIR VALUE MEASUREMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). The three levels of the fair value hierarchy, which are based upon the inputs used to measure fair value, are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets that are accessible at the measurement date for identical unrestricted assets or liabilities (for example, exchange quoted prices).

Level 2 - Inputs to the valuation methodology are observable inputs, other than Level 1 prices, such as quoted prices for similar assets or liabilities in active markets, quoted prices in markets that are not sufficiently active to qualify as Level 1, other observable inputs, or inputs that can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs to the valuation methodology are significant to the fair value measurement and unobservable (for example, supported by little or no market activity).

ABCO FIRE PROTECTION, INC. 401(K) SAVINGS PLAN

Notes to Financial Statements

December 31, 2014 and 2013 and Year Ended December 31, 2014

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

Financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

The Plan's investments accounted for at fair value as of December 31, 2014 are summarized below:

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used as of December 31, 2014 and 2013.

Money market fund and mutual funds are valued at the net asset value of the shares held by the Plan at year end, as reported on the active markets in which the investments are traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE F - TRANSACTIONS WITH PARTIES-IN-INTEREST

Parties-in-interest transactions include the investment in the funds of the trustee, and related dividend income, interest, and the payment of administrative expenses by the Plan. Such transactions are exempt from being prohibited transactions.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
