The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

The Plan is administered by Retirement Plan Consultants. The Plan's trustee, TD Ameritrade Trust Company, is responsible for the custody and management of the Plan's assets.

Participation and Eligibility. The Plan was amended on October 17, 2014 to define eligibility to include all employees age 18 and over following completion of two months of service. Prior to October 17, 2014, eligibility required six months of service.

Contributions. Each year, eligible participants can contribute on a tax-deferred basis a portion of their annual compensation, subject to statutory limitations. Eligible participants may also contribute on an after-tax Roth basis a portion of their annual compensation, subject to statutory limitations. The maximum contribution allowed in 2014 was $17,500 ($23,000 for participants whose age was 50 or over by the end of 2014). Employees may also elect to contribute amounts representing distributions from other qualified plans. The Company may decide to make matching contributions and/or non-elective contributions to the Plan, although the Company is not required to contribute. The matching Company contribution is invested in the various options as directed by the participants. Additional amounts may be contributed at the option of the Company's management. No employer contributions were made during the years ended December 31, 2014 and 2013.

Participants are immediately vested in their contributions, including earnings thereon. All employers' matching contributions, including earnings thereon, become fully vested upon death or permanent disability. Additional vesting of employers' matching contributions are calculated according to the following schedule:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Employer contributions and earnings thereon which are forfeited by terminated participants are used to reduce subsequent administrative fees and Employer contributions. At December 31, 2014 and 2013 forfeited nonvested accounts totaled $299 and $4,336. During the year ended December 31, 2014, additional forfeitures of $272 were made and $4,309 were used to pay administrative expenses.

Participant Accounts. Each participant's account is credited with the participant's contribution and allocations of the Company's QNEC contribution, if applicable, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Loans. The Plan was amended on February 15, 2014 to no longer allow participant loans to be taken. As of December 31, 2014 one loan taken prior to this amendment remained outstanding. The loan is secured by the balance in the participant's account and bears interest based on the prevailing rates charged by lenders under similar circumstances as determined by the plan administrator as of the loan date. Principal and interest are generally paid through periodic payroll deductions. The rate on all loans during 2014 was 5.25%

Hardship Withdrawals. Participants may withdraw funds from their elective account only upon certain circumstances; however, participants may not defer salary for six months thereafter.

Payment of Benefits. Participants who terminate employment with the Employer receive a lump-sum distribution of their account balance in the event their vested account balance is less than $1,000. In the event their vested account balance is greater than $1,000, the participant can elect to receive or roll over the distribution.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting. The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition. The Plan's investments are stated at fair value as determined by TD Ameritrade Trust Company. Such fair values are based on their respective allocable shares of the valuation of the underlying investments in cash management trusts, stock funds and bond funds of registered investment companies, which

are valued at quoted market prices. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits. Benefits are recorded when paid.

Expenses. Certain expenses of maintaining the Plan are paid directly by the Company and excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 3 – INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

	2014	2013
Registered Investment Companies	$366,615	$365,215

During 2014, the plan's investments (including gains and losses on investments bought and sold), as well as held during the year appreciated in value by $12,153 as follows:

Registered Investment Companies	$ 12,153

The plan also earned dividends, interest, and capital gains during the plan year ending December 31, 2014 as follows:

	2014
Interest and dividend income	$7,427

NOTE 4 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Statement *Accounting Standards Codifications* (ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Registered investment companies: Valued at the closing price reported on the active market on which the individual securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets at Fair Value as of December 31, 2014

	Level 1	Level 2	Level 3	Total
Registered Investment Companies	$366,615	$ -	$ -	$366,615
Total Assets at Fair Value	$366,615	$ -	$ -	366,615

Assets at Fair Value as of December 31, 2013

	Level 1	Level 2	Level 3	Total
Registered Investment Companies	$365,215	$ -	$ -	$365,215
Total Assets at Fair Value	$365,215	$ -	$ -	$365,215

NOTE 5 – RELATED PARTY TRANSACTIONS

The Plan sponsor has historically paid certain plan expenses. Management is not bound to pay such expenses in the future.

NOTE 6 - TAX STATUS

The Internal Revenue Service approved a master proto-type plan by a letter dated March 16, 2010, under which the Plan operates, that the plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the plan has been amended since receiving the determination letter, the plan administrator and the plan's tax counsel believe that the plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the

provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 8 – CORRECTIVE DISTRIBUTIONS

Plan management made corrective distributions from the Plan totaling $8,275 and $287 for the Plan years ended December 31, 2014 and 2013, respectively, due to over-contribution of salary deferrals. These have been presented as a decrease in the participant contributions reported on the financial statements.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2014 and 2013 to Form 5500:

	2014	2013
Net assets available for benefits per the financial statements	$ 359,310	$ 366,400
Excess contributions payable	8,275	-
Net assets available for benefits Per the Form 5500	$ 367,585	$ 366,400

The following is a reconciliation of corrective distributions per the financial statements for the year ended December 31, 2014, to Form 5500:

Corrective distributions per the financial statements	$ 8,275
2014 Excess contributions payable	(8,275)
Net corrective distributions per the Form 5500	$ -

NOTE 10 – DELINQUENT CONTRIBUTIONS

In October 2015 the plan identified delinquent contributions and loan repayments made in 2014 which were identified as being delinquent. The delinquent deposits made in 2014 are as follows:

Date of Payroll	Amount of Contributions/Loan Repayments	Date Remitted
November 15, 2014	575	November 26, 2014
November 15, 2014	819	December 9, 2014
November 29, 2014	300	December 10, 2014
December 13, 2014	5,084	December 30, 2014

The plan will deposit $6 to the plan for lost earnings on delinquent contribution and loan payments in the plan year ended December 31, 2014.

NOTE 11– CONCENTRATIONS OF CREDIT RISK/RISKS AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balance and amounts reported in the accompanying statement of net assets available for benefits.

NOTE 12 – SUBSEQUENT EVENTS

In preparing these financial statements, the Company has evaluated events and transactions for potential recognition or disclosure through October 15, 2015, the date the financial statements were issued.

MORNINGSTAR SENIOR LIVING RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2014 AND 2013

NOTE 1 - DESCRIPTION OF PLAN

The following description of the MorningStar Senior Living Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution 401(k) plan established January 1, 2007 and provides savings and retirement benefits to eligible employees of MorningStar Senior Management LLC (the Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

The Plan is administered by Retirement Plan Consultants. The Plan's trustee, TD Ameritrade Trust Company, is responsible for the custody and management of the Plan's assets.

Participation and Eligibility. The Plan was amended on October 17, 2014 to define eligibility to include all employees age 18 and over following completion of two months of service. Prior to October 17, 2014, eligibility required six months of service.

Contributions. Each year, eligible participants can contribute on a tax-deferred basis a portion of their annual compensation, subject to statutory limitations. Eligible participants may also contribute on an after-tax Roth basis a portion of their annual compensation, subject to statutory limitations. The maximum contribution allowed in 2014 was $17,500 ($23,000 for participants whose age was 50 or over by the end of 2014). Employees may also elect to contribute amounts representing distributions from other qualified plans. The Company may decide to make matching contributions and/or non-elective contributions to the Plan, although the Company is not required to contribute. The matching Company contribution is invested in the various options as directed by the participants. Additional amounts may be contributed at the option of the Company's management. No employer contributions were made during the years ended December 31, 2014 and 2013.

Participants are immediately vested in their contributions, including earnings thereon. All employers' matching contributions, including earnings thereon, become fully vested upon death or permanent disability. Additional vesting of employers' matching contributions are calculated according to the following schedule:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Employer contributions and earnings thereon which are forfeited by terminated participants are used to reduce subsequent administrative fees and Employer contributions. At December 31, 2014 and 2013 forfeited nonvested accounts totaled $299 and $4,336. During the year ended December 31, 2014, additional forfeitures of $272 were made and $4,309 were used to pay administrative expenses.

Participant Accounts. Each participant's account is credited with the participant's contribution and allocations of the Company's QNEC contribution, if applicable, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Loans. The Plan was amended on February 15, 2014 to no longer allow participant loans to be taken. As of December 31, 2014 one loan taken prior to this amendment remained outstanding. The loan is secured by the balance in the participant's account and bears interest based on the prevailing rates charged by lenders under similar circumstances as determined by the plan administrator as of the loan date. Principal and interest are generally paid through periodic payroll deductions. The rate on all loans during 2014 was 5.25%

Hardship Withdrawals. Participants may withdraw funds from their elective account only upon certain circumstances; however, participants may not defer salary for six months thereafter.

Payment of Benefits. Participants who terminate employment with the Employer receive a lump-sum distribution of their account balance in the event their vested account balance is less than $1,000. In the event their vested account balance is greater than $1,000, the participant can elect to receive or roll over the distribution.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting. The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition. The Plan's investments are stated at fair value as determined by TD Ameritrade Trust Company. Such fair values are based on their respective allocable shares of the valuation of the underlying investments in cash management trusts, stock funds and bond funds of registered investment companies, which

are valued at quoted market prices. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits. Benefits are recorded when paid.

Expenses. Certain expenses of maintaining the Plan are paid directly by the Company and excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 3 – INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

	2014	2013
Registered Investment Companies	$366,615	$365,215

During 2014, the plan's investments (including gains and losses on investments bought and sold), as well as held during the year appreciated in value by $12,153 as follows:

Registered Investment Companies	$ 12,153

The plan also earned dividends, interest, and capital gains during the plan year ending December 31, 2014 as follows:

	2014
Interest and dividend income	$7,427

NOTE 4 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Statement *Accounting Standards Codifications* (ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Registered investment companies: Valued at the closing price reported on the active market on which the individual securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets at Fair Value as of December 31, 2014

	Level 1	Level 2	Level 3	Total
Registered Investment Companies	$366,615	$ -	$ -	$366,615
Total Assets at Fair Value	$366,615	$ -	$ -	366,615

Assets at Fair Value as of December 31, 2013

	Level 1	Level 2	Level 3	Total
Registered Investment Companies	$365,215	$ -	$ -	$365,215
Total Assets at Fair Value	$365,215	$ -	$ -	$365,215

NOTE 5 – RELATED PARTY TRANSACTIONS

The Plan sponsor has historically paid certain plan expenses. Management is not bound to pay such expenses in the future.

NOTE 6 - TAX STATUS

The Internal Revenue Service approved a master proto-type plan by a letter dated March 16, 2010, under which the Plan operates, that the plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the plan has been amended since receiving the determination letter, the plan administrator and the plan's tax counsel believe that the plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE 7 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the

provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 8 – CORRECTIVE DISTRIBUTIONS

Plan management made corrective distributions from the Plan totaling $8,275 and $287 for the Plan years ended December 31, 2014 and 2013, respectively, due to over-contribution of salary deferrals. These have been presented as a decrease in the participant contributions reported on the financial statements.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2014 and 2013 to Form 5500:

	2014	2013
Net assets available for benefits per the financial statements	$ 359,310	$ 366,400
Excess contributions payable	8,275	-
Net assets available for benefits Per the Form 5500	$ 367,585	$ 366,400

The following is a reconciliation of corrective distributions per the financial statements for the year ended December 31, 2014, to Form 5500:

Corrective distributions per the financial statements	$ 8,275
2014 Excess contributions payable	(8,275)
Net corrective distributions per the Form 5500	$ -

NOTE 10 – DELINQUENT CONTRIBUTIONS

In October 2015 the plan identified delinquent contributions and loan repayments made in 2014 which were identified as being delinquent. The delinquent deposits made in 2014 are as follows:

Date of Payroll	Amount of Contributions/Loan Repayments	Date Remitted
November 15, 2014	575	November 26, 2014
November 15, 2014	819	December 9, 2014
November 29, 2014	300	December 10, 2014
December 13, 2014	5,084	December 30, 2014

The plan will deposit $6 to the plan for lost earnings on delinquent contribution and loan payments in the plan year ended December 31, 2014.

NOTE 11– CONCENTRATIONS OF CREDIT RISK/RISKS AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balance and amounts reported in the accompanying statement of net assets available for benefits.

NOTE 12 – SUBSEQUENT EVENTS

In preparing these financial statements, the Company has evaluated events and transactions for potential recognition or disclosure through October 15, 2015, the date the financial statements were issued.
