INDEPENDENT AUDITORS' REPORT

To the Trustees
TPS Parking Management, LLC 401(k) Plan
Chicago, Illinois

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of TPS Parking Management, LLC 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 3, which was certified by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, the Trustee and Custodianof the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the Trustee and Custodian hold the Plan's investment assets and execute investment transactions. The Plan administrator has obtained a certification from the Trustee and Custodian as of December 31, 2014 and 2013, and for the year ended December 31, 2014, that the information provided to the Plan administrator by the Trustee and Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules, Schedule H, Line 4(i) - Schedule of Assets (Held at Year End) as of and for the year ended December 31, 2014, are required by the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the Trustee and Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA.

NOTE 1 - Description of the Plan

The following description of TPS Parking Management, LLC 401(k) Plan (the "Plan") provides only general information. Users of the financial statements should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by TPS Parking Management, LLC (the "Company") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). All employees with six consecutive months of service are eligible to participate. The Plan excludes any union personnel and non-resident aliens currently employed by the Company. Upon enrollment into the Plan, a participant may direct contributions to any combination of available investment options.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation (salary reduction contributions), as defined in the Plan, subject to maximum limits of the Internal Revenue Code (IRC). Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). The Company's matching contribution is determined annually and is based on the discretion of the Company. In 2014, the Company matched 1.5% of total Plan compensation if the participant elected to contribute over 3% to the Plan. Employees who contributed 3% or less, received 50% of their total deferral. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's salary reduction contributions, rollover contributions and an allocation of the Company's contributions and Plan's earnings (losses) net of administrative expenses. Allocations are based on the participant's eligible compensation or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their salary reduction contributions plus earnings thereon. Participants who leave the Plan because of death, early or normal retirement, or disability retirement, as defined in the Plan, are considered 100% vested. Company matching contributions and earnings thereon vest in accordance with provisions of the Plan as follows:

Vesting Years of Service	Percentage Vested
1	20%
2	40%
3	60%
4	80%
5	100%

NOTE 1 - Description of the Plan (cont.)

Forfeited Accounts

As of December 31, 2014 and 2013, forfeited nonvested accounts totaled $9,643 and $11,781, respectively. These accounts can be allocated as an additional Company contribution, used to reduce future Company contributions or to pay administrative expenses. There were $11,735 in forfeitures used to offset Company contributions made during the year ended December 31, 2014. Unallocated forfeitures of $5,891 were used to offset Company contributions made subsequently for the 2014 Plan year.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. These loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 6.00%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through payroll deductions. Loan terms range from one to five years or up to 15 years for the purchase of a primary residence.

Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment, as defined in the Plan document. The Plan provides for normal retirement at age 65 and early retirement on or after attaining age 55 and 5 years of service. The total vested portion of a participant's account balance is distributed in the form of a lump-sum payment or installments. The Plan allows for in-service withdrawals for participants that have obtained the age of 59-1/2, or participants experiencing financial hardships if certain criteria are met.

Termination of Plan

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of the ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan's management to use estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and the Trustee and Custodian, respectively. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2 - Summary of Significant Accounting Policies (cont.)

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board issued Accounting Standards Update No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)* ("ASU 2015-07"). ASU 2015-07 removes the requirement to include investments in the fair value hierarchy for which fair value is measured using the net asset value per share practical expedient under Accounting Standards Codification 820. ASU 2015-07 is effective for the Plan for years beginning after December 15, 2016, with early adoption permitted. Management is currently evaluating the impact of the pending adoption of ASU 2015-07 on the Plan's financial statements.

In July 2015, the FASB issued Accounting Standards Update No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965) - I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient* ("ASU 2015-12"). Part I of the accounting standards update requires fully-benefit responsive investment contracts to be measured, presented, and disclosed only at contract value. Part II of this update requires that investments (both participant-directed and nonparticipant-directed investments) be grouped only by general type, eliminating the need to disaggregate the investments in multiple ways. Part II also eliminates the disclosure of individual investments that represent 5 percent or more of net assets available for benefits and the disclosure of net appreciation or depreciation for investments by general type, requiring only presentation of net appreciation (depreciation) in investments in the aggregate. Additionally, if an investment is measured using the net asset value per share (or its equivalent) practical expedient in Topic 820 and that investment is a fund that files a U.S. DOL Form 5500, as a direct filing entity, disclosure of that investment's strategy is no longer required. Part III of the update permits plans to measure investments and investment-related accounts (e.g., a liability for a pending trade with a broker) as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end. The amendments in ASU 2015-12 are effective for fiscal years beginning after December 15, 2015, with early application permitted. The amendments within Parts I and II require retrospective application; whereas, the amendments within Part III should be applied prospectively. Management is currently evaluating the impact of the pending adoption of ASU 2015-12 on the Plan's financial statements.

NOTE 3 - Information Prepared and Certified by Trustees (Unaudited) (cont.)

During the year ended December 31, 2014, the Plan's investments (including gains on investments bought, sold, and held during the year) depreciated in value as follows:

Net depreciation in fair value of investments	
Registered investment companies	$ (159,087)
Interest and dividends on investments	445,804
Net investment income certified by Trustees	$ 286,717
Interest on notes receivable from participants	$ 6,822

Investment securities, are exposed to various risks, including credit, interest, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term, and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 4 - Fair Value of Financial Instruments

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted market prices for identical assets in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

NOTE 4 - Fair Value of Financial Instruments (cont.)

The following is a description of the valuation methodologies used for assets measured at fair value. There has been no changes in the methodologies used at December 31, 2014 and 2013:

Registered investment companies - Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. Mutual funds are classified as Level 1.

Fixed Annuity Account - The fixed annuity account determines its fair value using a discounted cash flow methodology, where the interest rate for investment contract is reset at least as frequently as annually. The account holds non-benefit responsive guaranteed investment contracts that are reported at contract value equal to the accumulated cash contributions and interest less any withdrawals. The fixed annuity account is classified as a Level 2 investment.

The Plan's administrator performs a periodic analysis on the prices received from the pricing services used to determine whether the prices are reasonable estimates of fair value. As a result of these reviews, the Plan's administrator has not historically adjusted the prices obtained from the pricing services. The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan's administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 - Investment Contract with Insurance Company

The Plan has an investment contract with Great-West Life & Annuity Insurance Company (Great West). Great West maintains certain contributions of the Plan in a fixed annuity account. The account was adjusted to fair value as of December 31, 2014 and 2013. Contract value represents contributions made under the contract, plus earnings, less withdrawals and investment expenses. Participants who wish to make a withdrawal of their investment in any Plan year may be subject to a market value adjustment, and certain transfers may be restricted. If the contract is discontinued, a contract surrender charge and market value adjustment may be applied. The fixed annuity account may differ from its contract value if such market value adjustments are applied. Amounts allocated to the fixed account are held in a general account which supports insurance and annuity obligations. The account is managed on an aggregate basis and supports all of Great West's financial commitments. No portion of the fixed account is attributable to the Plan nor does the Plan have any undivided ownership interest in the fixed account assets.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Interest crediting rate is reset quarterly. The crediting interest rate is based on a number of factors, including mortality and expense risks, interest rate guarantees, the investment income earned on invested assets and the amortization of any capital gains and/or losses realized on the sale of invested assets. The average yield based on actual interest credited to participants for the contract for the years ended December 31, 2014 and 2013 was 1.25% and 1.26%, respectively.

Certain events may limit the ability of the Investment Contract to transact at contract value with the issuer. Such events include but are not limited to the following: (i) amendments to the plan documents (including complete or partial plan termination or merger with another plan) (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (iii) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

NOTE 6 - Parties-In-Interest

Certain Plan assets are managed by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, Trustee and Custodian, respectively, as defined by the Plan, and, therefore qualify as party-in-interest transactions. Fees paid by the Plan for the recordkeeping services were $18,040 for the year ended December 31, 2014. These fees, recorded as administrative and other expenses on the statement of changes in net assets available for benefits, are also consided parties-in-interest transactions.

Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by management or employees of the Company, but are not compensated from the Plan.

NOTE 7 - Tax Status

The Plan is a prototype non-standardized plan document sponsored by the Great-West Trust Company, LLC. The prototype obtained its latest determination letter on March 31, 2008, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the. In January 2015, the Plan was amended to agree with amendments of the prototype non-standardized plan document sponsored by the Great-West Trust Company, LLC. The amended prototype obtained its latest determination letter on March 31, 2014. The Plan administrator believes that the Plan, as amended, is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan was qualified and the related trust was tax-exempt at the financial statement date.

U.S. GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2014 and 2013, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - Delinquent Participant Contributions

During the year ended December 31, 2012, the Plan sponsor failed to remit all employee contributions to the Plan on a timely basis as defined by the DOL's Rules and Regulations for Reporting and Delinquent Participant Contributions Disclosure under the ERISA. Untimely remittances identified on the Schedule of Delinquent Participant Contributions, which totaled $4,226, were corrected through the DOL Voluntary Fiduciary Correction Program in 2014. Additionally, the Company has compensated participants for lost earnings resulting from the delay in contributions.

NOTE 9 - Subsequent Events

The Plan administrator has evaluated subsequent events through October 15, 2015, which is the date that the financial statements were approved and available to be issued, and determined that all subsequent events have been appropriately recognized or disclosed in the Plan's financial statements.
