NOTES TO FINANCIAL STATEMENTS

December 31, 2014 and 2013

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Community Media Group Management Services, Inc. Retirement Savings Plan (the Plan) provides only general information. Employees should refer to the pamphlet: Community Media Group Management Services, Inc., Retirement Savings Plan Summary Plan Description, for a more complete description of the Plan's provisions. Copies of the pamphlet are available from the Plan sponsor.

1. General

The Plan is a defined contribution plan covering substantially all employees who are at least 21 years of age. The Plan is subject to the provisions of ERISA.

2. Contributions

A separate contribution account is established for each employee eligible for participation in the Plan. Employees are automatically enrolled in salary deferrals upon hire unless a waiver is completed. Each participant may defer up to 100% of eligible compensation annually not to exceed $17,500 in 2014 and $17,500 in 2013. The employer may make matching contributions to participant accounts in a percentage set by the employer prior to the end of each plan year. As of December 31, 2014 and 2013, no such contributions have been made.

3. Participant Accounts

Each participant's account is credited with the participant's contribution and allocations, plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Vesting

Vesting in a participant's employer contributions account is based on the employee's years of service and in accordance with the following schedule for plans which are not top heavy:

Vesting Service (whole years)	Percentage Vested
Less than 3	-
3 years or more	100%

The Plan has met the minimum funding as required by ERISA.

Participants are 100% vested in the part of their account that resulted from employee contributions.

NOTE A - DESCRIPTION OF THE PLAN - CONTINUED

5. Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates equal to any reasonable rate charged by lenders in similar situations. Loans are for a five-year period, except loans to purchase a residence, which may be made for ten years. Principal and interest is paid ratably through payroll deductions.

6. Payment of Benefits

The normal retirement age is 65. At normal retirement, employees are eligible to receive the full amount in their contribution accounts as a single lump sum payment. Withdrawals in cases of hardship, as defined by the Plan, are also permitted.

7. Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, employees become fully vested in their accounts.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows.

1. Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

2. Valuation of Investments

The fair value of the participation units owned by the Plan in separate accounts is based on the fair market value on the last day of the business year. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note E for discussion of fair value measurements.

3. Income Tax Status

The underlying nonstandardized prototype plan has received a notification letter dated March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, is in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

NOTE B - SUMMARY OF ACCOUNTING POLICIES - CONTINUED

3. Income Tax Status - Continued

As of December 31, 2014, the Plan has recognized in the financial statements the effects of all tax positions and continually evaluates expiring statutes of limitations, audits, changes in tax law and new authoritative rulings. The Plan is not aware of any circumstances or events that make it reasonably possible that unrecognized tax benefits may increase or decrease within 12 months of the statement of net assets available for benefits date. Penalties and interest assessed by taxing authorities are included in the provision for income taxes, if applicable. There were no interest or penalties paid during 2014.

The Plan files Form 5500 annually in the U.S. federal jurisdiction.

4. Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

5. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

6. Payment of Benefits

Benefits are recorded when paid.

7. Administrative Expenses

The Plan sponsor pays for plan expenses such as bookkeeping, testing and audit fees. Plan participant accounts are charged with an allocation of fund administrative fees..

8. Reclassifications

Certain reclassifications have been made to the 2013 financial statements to conform to the 2014 presentation. The reclassifications had no effect on the changes in net assets available for benefits.

NOTE C - INVESTMENTS

The fair value of individual investments that represent 5% or more of the Plan's net assets are as follows:

	2014	2013
FID Balanced	$ 380,233	$ 326,463
Fidelity Freedom 2010	182,466	170,325
Fidelity Freedom 2020	1,146,094	1,022,587
Fidelity Freedom 2025	398,797	556,412
Fidelity Freedom 2030	248,803	244,420
Fidelity Freedom 2035	319,038	272,100
Fidelity Freedom 2040	191,291	171,724
	2,866,722	2,764,031
Other investments representing less than 5% of net assets	647,465	576,234
	$ 3,514,187	$ 3,340,265

During 2014, the plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by $(35,964) as follows:

Mutual Funds	$ (35,964)

NOTE D - RISKS AND UNCERTANTIES

The financial industry has experienced a significant amount of negative events including consolidation, bankruptcy and government intervention to prevent failures. The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will continue to occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE E - FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There are three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities.

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 Unobservable inputs supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Money Markets: Are valued at amortized cost, which approximates fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE E - FAIR VALUE MEASUREMENT - CONTINUED

Input levels by investment category of the Plan's net assets at December 31, 2014 are as follows:

Investment Category	Fair Value	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs
Common Trust Fund				
Fixed Income

NOTES TO FINANCIAL STATEMENTS

December 31, 2014 and 2013

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Community Media Group Management Services, Inc. Retirement Savings Plan (the Plan) provides only general information. Employees should refer to the pamphlet: Community Media Group Management Services, Inc., Retirement Savings Plan Summary Plan Description, for a more complete description of the Plan's provisions. Copies of the pamphlet are available from the Plan sponsor.

1. General

The Plan is a defined contribution plan covering substantially all employees who are at least 21 years of age. The Plan is subject to the provisions of ERISA.

2. Contributions

A separate contribution account is established for each employee eligible for participation in the Plan. Employees are automatically enrolled in salary deferrals upon hire unless a waiver is completed. Each participant may defer up to 100% of eligible compensation annually not to exceed $17,500 in 2014 and $17,500 in 2013. The employer may make matching contributions to participant accounts in a percentage set by the employer prior to the end of each plan year. As of December 31, 2014 and 2013, no such contributions have been made.

3. Participant Accounts

Each participant's account is credited with the participant's contribution and allocations, plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Vesting

Vesting in a participant's employer contributions account is based on the employee's years of service and in accordance with the following schedule for plans which are not top heavy:

Vesting Service (whole years)	Percentage Vested
Less than 3	-
3 years or more	100%

The Plan has met the minimum funding as required by ERISA.

Participants are 100% vested in the part of their account that resulted from employee contributions.

NOTE A - DESCRIPTION OF THE PLAN - CONTINUED

5. Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates equal to any reasonable rate charged by lenders in similar situations. Loans are for a five-year period, except loans to purchase a residence, which may be made for ten years. Principal and interest is paid ratably through payroll deductions.

6. Payment of Benefits

The normal retirement age is 65. At normal retirement, employees are eligible to receive the full amount in their contribution accounts as a single lump sum payment. Withdrawals in cases of hardship, as defined by the Plan, are also permitted.

7. Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, employees become fully vested in their accounts.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows.

1. Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

2. Valuation of Investments

The fair value of the participation units owned by the Plan in separate accounts is based on the fair market value on the last day of the business year. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note E for discussion of fair value measurements.

3. Income Tax Status

The underlying nonstandardized prototype plan has received a notification letter dated March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, is in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

NOTE B - SUMMARY OF ACCOUNTING POLICIES - CONTINUED

3. Income Tax Status - Continued

As of December 31, 2014, the Plan has recognized in the financial statements the effects of all tax positions and continually evaluates expiring statutes of limitations, audits, changes in tax law and new authoritative rulings. The Plan is not aware of any circumstances or events that make it reasonably possible that unrecognized tax benefits may increase or decrease within 12 months of the statement of net assets available for benefits date. Penalties and interest assessed by taxing authorities are included in the provision for income taxes, if applicable. There were no interest or penalties paid during 2014.

The Plan files Form 5500 annually in the U.S. federal jurisdiction.

4. Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

5. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

6. Payment of Benefits

Benefits are recorded when paid.

7. Administrative Expenses

The Plan sponsor pays for plan expenses such as bookkeeping, testing and audit fees. Plan participant accounts are charged with an allocation of fund administrative fees..

8. Reclassifications

Certain reclassifications have been made to the 2013 financial statements to conform to the 2014 presentation. The reclassifications had no effect on the changes in net assets available for benefits.

NOTE C - INVESTMENTS

The fair value of individual investments that represent 5% or more of the Plan's net assets are as follows:

	2014	2013
FID Balanced	$ 380,233	$ 326,463
Fidelity Freedom 2010	182,466	170,325
Fidelity Freedom 2020	1,146,094	1,022,587
Fidelity Freedom 2025	398,797	556,412
Fidelity Freedom 2030	248,803	244,420
Fidelity Freedom 2035	319,038	272,100
Fidelity Freedom 2040	191,291	171,724
	2,866,722	2,764,031
Other investments representing less than 5% of net assets	647,465	576,234
	$ 3,514,187	$ 3,340,265

During 2014, the plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by $(35,964) as follows:

Mutual Funds	$ (35,964)

NOTE D - RISKS AND UNCERTANTIES

The financial industry has experienced a significant amount of negative events including consolidation, bankruptcy and government intervention to prevent failures. The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will continue to occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE E - FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There are three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities.

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 Unobservable inputs supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Money Markets: Are valued at amortized cost, which approximates fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE E - FAIR VALUE MEASUREMENT - CONTINUED

Input levels by investment category of the Plan's net assets at December 31, 2014 are as follows:

Investment Category	Fair Value	Level 1 Inputs	Level 2 Inputs	Level 3 Inputs
Common Trust Fund				
Fixed Income
