Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Nationwide Financial Services, Inc., the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2014, that the information provided to the Plan administrator by the custodian is complete and accurate.

Other Matter - Supplemental Schedule

The supplemental schedule of Assets (Held at End of Year) is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedule referred to above.

Coshocton County Memorial Hospital Employees Pension Plan

Notes to Financial Statements

1. Description of Plan

The following is a brief description of the Coshocton County Memorial Hospital Employees Pension Plan (the Plan) which is provided for general information purposes only. Reference to the Plan document should be made for more complete information.

General

The Plan is a money purchase pension plan covering eligible employees of Coshocton County Memorial Hospital (the Hospital). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participation

Employees eligible to participate in the Plan are the registered nurses employed by the Hospital who are covered by the Ohio Nurses Association Union. The employees become eligible to participate in the Plan after one year of service and attaining age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Through August 26, 2014, the Hospital contributed an amount equal to 6% of each participant's eligible compensation. The contributions were suspended effective June 9, 2012 and subsequently reinstated effective June 9, 2013. Effective August 27, 2014, the Plan was amended whereby the Hospital contributes an amount of 4% of total compensation for eligible participants.

Participant accounts

Participants of the Plan may direct employer contributions made on their behalf into one or more mutual funds, the money market fund, or the guaranteed investment contract. Each participant's account is credited with (a) the Hospital's contribution, (b) the Plan's investment results, and (c) is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Vesting in the employer's contributions and earnings thereon is based on years of continuous service. For employer contributions made after December 31, 2006, a participant becomes 100% vested following three years of credited service.

Upon termination of service, a participant may elect to receive a lump-sum amount equal to the vested value of his or her account.

Benefits payable

At December 31, 2014 and 2013, amounts allocated to participants who had elected to withdraw from the Plan prior to December 31, but who were not yet paid as of that date, amounted to \$267,767 and \$0, respectively.

Notes to Financial Statements

Forfeited accounts

Accounts forfeited by participants who terminate service prior to becoming fully vested are used to reduce future contributions made by the Hospital and pay Plan expenses. At December 31, 2014 and 2013, forfeited non-vested accounts totaled \$15,030 and \$10,477, respectively.

Plan expenses

Substantially all administrative expenses of the Plan are paid by the Hospital.

2. Summary of significant accounting policies

Basis of presentation

The accounting records of the Plan are maintained on the accrual basis.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisers and Nationwide Financial Services, Inc. (Nationwide), the custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of benefits

Benefits are recorded when paid. Single premium annuity contracts purchased to satisfy benefit payment obligations are excluded from the assets of the Plan.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Events occurring after reporting date

The Hospital has evaluated events and transactions that occurred between December 31, 2014 and October 15, 2015, the date the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

3. Investments

All investment information disclosed in the accompanying financial statements, including net investment income at December 31, 2014 and 2013 and net (depreciation) appreciation in the fair value of investments for the years then ended, has been derived from information certified as

Coshocton County Memorial Hospital Employees Pension Plan

complete and accurate by Nationwide, the custodian of the Plan. As elected by the Plan administrator, no auditing procedures have been performed on this information except to compare such information to the information included in the accompanying financial statements.

The following information represents 5% or more of the Plan's net assets at December 31:

<i>December 31,</i>	2014	2013
Nationwide Financial Services, Inc. Fixed Contract	\$ 1,995,511	\$ 3,510,081

Nationwide Destination 2025 R1	-	1,370,546
Nationwide Destination 2020 R1	-	1,021,489
Nationwide Destination 2015 R1	-	892,637

During 2014 and 2013, the Plan's investments (including investments purchased, sold, as well as held during the year) (depreciated) appreciated in value by (\$165,532) and \$1,463,948, respectively, and all appreciation was attributed to the Plan's investment in mutual funds.

4. Fair value measurements

The Accounting Standards Codification Topic on Fair Value Measurements and Disclosures establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobserved inputs (Level 3 measurements).

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Coshocton County Memorial Hospital Employees Pension Plan

Notes to Financial Statements

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Money market fund: The fair value of investments in money market accounts is valued based on their reported net asset value (NAV). The NAV of short-term securities is based on the market value of their underlying investments, adjusted for changes and expenses. There are no redemption restrictions.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Guaranteed Investment Contract: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The methods described above may produce a fair value that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

<i>December 31, 2014</i>	Assets at Fair Value

5. Guaranteed investment contract

The Plan has the following investment contract with Nationwide Life Insurance Company: the Fixed Contract investment. Nationwide Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at fair value as reported to the Plan by Nationwide Life Insurance Company.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield and crediting interest rate for the Fixed Contract investment was 2.00% and 2.40% at December 31, 2014 and 2013, respectively. The interest rate on the account is reset by Nationwide Life Insurance Company on an annual basis. During the years ended December 31, 2014 and 2013, the account earned interest income of \$53,413 and \$67,805, respectively.

6. Plan termination

Although it has not expressed any intent to do so, the Hospital has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. Income tax status

The IRS has determined and informed the plan sponsor by a letter dated March 16, 2010, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Coshocton County Memorial Hospital Employees Pension Plan

Notes to Financial Statements

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

8. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Transactions with parties-in-interest

Certain Plan investments are mutual funds, a money market fund, and guaranteed investment contract managed by Nationwide. In addition, the Plan paid administrative fees to Nationwide totaling \$63,569 and \$124,673 for the years ended December 31, 2014 and 2013, respectively. Nationwide is the Plan custodian and, therefore, related investment transactions qualify as party-in-interest transactions.
