NOTE 1 – PLAN DESCRIPTION

The following description of Hotel Valencia Corporation 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions. The Plan Document is controlling at all times.

General

The Plan Sponsor is Hotel Valencia Corporation and other adopting employers are Hotel Valencia Riverwalk, Hotel Valencia Santana Row, and Citrus Hotels Corporation, all of which are collectively hereafter referred to as the Employer and Company.

The Plan is a defined contribution safe harbor plan covering substantially all employees of the Company. The purpose of the Plan is to provide employees with retirement benefits. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA). Under the terms of the Plan, employees become eligible to make salary deferral contributions after they have completed 90 days of service and are eighteen or older, except: (1) union employees whose employment is governed by a collective bargaining agreement under which retirement benefits were the subject of good faith bargaining; (2) certain nonresident aliens who have no earned income from sources within the United States; (3) Non-Highly Compensated and Highly-Compensated Employees employed by the corporate office of Valencia Group.

Contributions

Each year, participants may contribute from 1% to 100% of their pretax annual compensation, as defined in the Plan and on an after tax basis, up to 100% of post-tax compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). Contributions are subject to certain IRS limitations.

The Plan includes a Roth 401(k) feature which allows employees to contribute funds on a post-tax elective deferral basis, in addition to, or instead of, pre-tax elective deferrals. The Roth 401(k) feature allows for tax free growth and distribution provided the post-tax contributions have been invested for a least 5 years and the employee has reached the age of 59 and a half.

The Company's safe harbor matching contributions are equal to 100% of the participant's salary deferrals up to 3% of their compensation plus 50% of their salary deferrals between 3% and 5% of their compensation. For the year ended December 31, 2014, the Company made safe harbor matching contributions totaling $209,823.

Additionally, the Company may make discretionary profit sharing contributions which are allocated to participant based on the relative compensation of all participants eligible to receive a discretionary profit sharing contribution. For the year ended December 31, 2014, no discretionary profit sharing contributions were made.

Participant Accounts

Each participant's account is credited with the participant's contribution, and allocations of (a) the Company's safe harbor contributions (b) the Company's discretionary profit sharing contributions and (c) Plan earnings and losses, and is charged with applicable withdrawals and an allocation of any administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 – PLAN DESCRIPTION – CONTINUED

Vesting

Participants are immediately vested in their contributions, safe harbor matching contributions, and actual earnings thereon. Vesting in the Company's discretionary profit sharing contributions plus actual earnings thereon is based on years of continuous service. However, if a participant dies, or becomes disabled prior to attaining the normal retirement age, or attains early or normal retirement age as defined by the Plan, the participant's account becomes 100% vested if still employed by the Company as of such date. A participant is 20% vested after two years of credited service, increasing 20% each year thereafter until becoming fully vested after the sixth year of credited service.

Investment Options

Upon enrollment in the Plan, participants may direct the investment of their accounts among various investment options provided under the Plan. Participants may change their investments elections at any time, as well as transfer existing balances between investment funds.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lessor of $50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer between investment funds and the loan fund. Each participant may have only one loan outstanding at any time. Loan repayments are made by check or payroll deduction. Loans are secured by the vested balance in the participant's account and bear interest at a fixed rate of interest that reflects the current market rates charged by financial institutions for similar loans as determined by the Plan Administrator.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant or his/her beneficiary may elect to receive a lump sum payment if the vested account balance is less than $5,000. For vested balances greater than $5,000, the participant may withdraw according to the following forms of payment: (1) in a lump sum or (2) in installment payments over a period not to exceed life expectancy of the participant or the joint and last survivor life expectancy of the participant and their beneficiary.

Withdrawals

A hardship withdrawal, if approved can be made on pretax contributions to satisfy certain immediate and heavy financial needs, as defined, up to the amount of the participant's vest balance, in which case, the participants' contributions to the Plan must be suspended for six months after receipt of the hardship withdrawal. An unrestricted withdrawal can be made at the age of 59 ½ or upon normal retirement age of 65 on all or a portion of the participants' vested account.

Forfeitures

At December 31, 2014 and 2013, forfeited non-vested accounts totaled $62 and $60, respectively. Forfeitures are first allocated the Plan's administrative expenses. Any remaining forfeitures of Company contributions are used to reduce Company matching contributions. In 2014, no forfeitures were used to reduce administrative expenses or Company matching contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements are prepared on the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement for the portion of the net asset available for benefits attributable to fully benefit-responsive investment contracts. Contract value is the amount participants would receive if they were to initiate permitted transaction under the terms of the Plan. Any material difference between the fair value of the Plan's direct and indirect interests in fully benefit-responsive investment and their contract value is presented as an adjustment line in the statement of net assets available for benefits, because the contract value is the relevant measurement attribute for that portion of the Plan's net assets available for benefits.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain amounts reported in the financial statements and accompanying notes. Accordingly, actual results could differ from those estimates. Estimates that have the most impact on the financial statements primarily related to the fair value of investments and collectability of notes receivable from participants. Plan management believes those estimates and assumptions provide a reasonable basis for fair presentation of the financial statements.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfers a liability in an orderly transaction between market participants at the measurement date. The net change in fair value of investments is reported in the statement of changes in net assets available for benefits in the period of the change.

Purchases and sales of securities are recorded on a trade-date basis. Expenses related to the purchase or sale of investments are added to cost or deducted from proceeds. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 and 2013. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefit payments to participants are recorded when paid.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted, quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs, excluding those included in Level 1, are either observable prices for identical assets or liabilities in inactive markets, observable prices for similar assets are liabilities, or other inputs derived principally from or corroborated by, observable market data at the measurement date.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014.

Pooled Separate Accounts: Investments in pooled separate accounts are represented by a "unit of account" and per unit values whose value is the result of the accumulated values of the underlying investments. These underlying investments are public investment vehicles valued using the NAV provided by the administrator of the mutual fund investments. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The Pooled Separate Account fair values are classified within level 2 of the valuation hierarchy.

Guaranteed Investment Contract: Valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer (Note 4). Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 3 – FAIR VALUE MEASUREMENTS – CONTINUED

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2014 and 2013:

	Quoted Market Prices Active Markets (Level 1)	Other Observable Inputs (Level 2)	Unobservable Inputs (Level 3)
December 31, 2014			
Pooled Separate Accounts:			
Asset Allocation/Balance (1)	$ -	$ 658,763	$ -
International/Global (1)	-	534,006	-
Large Cap (1)	-	1,176,318	-
Mid Cap (1)	-	716,142	-
Small Cap (1)	-	488,944	-
Specialty (1)	-	162,151	-
Bond (2)	-	405,082	-
Investment Contract with Insurance Company	-	702,705	-
Total Investments at Fair Value	$ -	$ 4,844,111	$ -
December 31, 2013			
Pooled Separate Accounts:			
Asset Allocation/Balance (1)	$ -	$ 602,323	$ -
International/Global (1)	-	601,209	-
Large Cap (1)	-	1,059,314	-
Mid Cap (1)	-	567,684	-
Small Cap (1)	-	357,113	-
Specialty (1)	-	126,729	-
Bond (2)	-	393,874	-
Investment Contract with Insurance Company	-	644,571	-
Total Investments at Fair Value	$ -	$ 4,352,817	$ -

Unrealized gains/(losses) from the guaranteed investment contract are not included in the statement of changes in net assets available for benefits as the contract is recorded at contact value for purposes of the net assets available for benefits.

The pooled separate accounts have been classified based on the general characteristic of the investment focus and strategy with further classification below:

(1) The strategy is focused on maximizing consistent capital growth utilizing underlying investments with a high composition of equity or equity related securities.
(2) The strategy seeks maximum total return by utilizing underlying investments that are mostly investment grade debt securities, but may invest a limited percentage of total assets in high-yield securities.

NOTE 4 – INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has a fully benefit-responsive investment contract with Massachusetts Mutual Life Insurance Company (the "Custodian" or "Mass Mutual"). Mass Mutual maintains the contributions in a guaranteed interest general account. The account is credited with earnings on the underlying investments and charged for participant's withdrawals and administrative expenses. Mass Mutual is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. As described in Note 2, because the insurance contracts are fully benefit-responsive, contract value is the relevant measurement attributable for that portion of the net assets available for the benefits attributable to the insurance contract. Contract value, as reported to the Plan by Mass Mutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of the investment at contract value.

There are no reserves against contract value for credit risk of a contract issuer or otherwise. The fair value of the insurance contract at December 31, 2014 and 2013 was $702,705 and $644,571, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 3%. Such interest rates are reviewed on a semi-annual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include, but are not limited to the following: (1) amendments to the plan documents (including complete or partial termination); (2) breach of the investment contract by the Plan Sponsor; (3) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The weighted-average yields based on actual earnings for the contract for the years ended December 31, 2014 and 2013 was 3%. The crediting interest rates to participants for the contract as of December 31, 2014 and 2013 was 3%, respectively.

NOTE 5 – PARTIES-IN-INTEREST

The Plan has notes receivable from participants at December 31, 2014 and 2013. As a result, these notes and all transactions related to these notes qualify as parties-in-interest transactions. These transactions are exempt from being prohibited transactions by ERISA.

Certain Plan investments are shares of pooled separate accounts and investment contracts with insurance company which are managed by the Custodian and, therefore, these transactions qualify as party-in-interest transaction. These transactions are exempt from being prohibited transactions by ERISA.

The Plan incurs expenses related to general administration, recordkeeping and investment advisory services. Expenses such as commissions and broker fees, charged by the Custodian are paid by the Plan. Fees paid by the Plan to the Custodian for these services total $2,887 for the year ended December 31, 2014. These transactions are exempt from being prohibited transactions by ERISA.

NOTE 6 – FEDERAL INCOME TAX STATUS

The Plan is a Prototype Plan sponsored by Loren D. Stark Company, Inc. ("LDSC"). LDSC received a determination letter from the Internal Revenue Service, dated March 31, 2008, which states that the prototype document satisfies the applicable provision of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and operated in complete compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 7 – INFORMATION CERTIFIED BY CUSTODIAN (UNAUDITED)

At December 31, 2014 and 2013, the Plan's investments were held by the Custodian. The following information included in the accompanying financial statements and supplemental schedules was obtained from data that was certified by the Custodian as complete and accurate in accordance with Section 2520.130-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The fair value of investments representing 5% or more of the Plan's net assets at December 31, 2014 and 2013, as reported by the Custodian, are summarized as follows:

	2014	2013
Investment Contract with Insurance Company **	$ 659,860	$ 608,902
American Funds Growth Fund	440,890	427,856
Columbia Mid Cap Value	371,916	281,656
Janus Enterprise S	344,226	286,028

	$ 4,801,266	$ 4,317,148

(*) Included in Other Investments Representing Less than 5% of Plan Net Assets for the year indicated.
(**) Fully benefit-responsive contracts are reported at contract value.

During the year ended December 31, 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

Pooled Separate Accounts	$ 237,308
Investment Contract with Insurance Company	18,824
Total	$ 256,132

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan terminations, participants would become fully vested in their employer contributions.

NOTE 9 – RISK AND UNCERTAINTIES

The Plan invests in various investment securities for its participants. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 – DIFFERENCES BETWEEN FINANCIAL STATEMENTS AND FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	2014	2013
Net Assets Available for Benefits per Financial Statements	$ 5,152,826	$ 4,571,660
Add: Investments	351,560	254,512
Less: Receivable – Notes Receivable from Participants	(351,560)	(254,512)
Net Assets Available for Benefits per Form 5500, Schedule H	$ 5,152,826	$ 4,571,660

NOTE 11 – DELINQUENT PARTICIPANT CONTRIBUTIONS

The Department of Labor (DOL Reg. 2580.412-11) requires an employer to segregate participant contributions from its general assets as soon as practicable, but in no event later than the 15th business day following the end of the month in which amounts are contributed by participants or withheld from their wages. For the year ended December 31, 2014, the Company did not remit participant contributions, safe harbor matching contributions and loan repayments totaling $26,773 in a timely manner. The amount of lost earnings, which are immaterial to the financial statements, are not recorded in the accompanying statements of net assets available for benefits. As of the date of our audit report, the lost earnings of $46 related to the 2014 delinquent contributions have not yet been remitted to the Plan.

NOTE 12 – SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through the date the financial statements were available for issuance on October 15, 2015. No matters were identified affecting the financial statements or related disclosures.
