Independent Auditors' Report

To the Plan Administrator and Participants of
Fireworks by Grucci, Inc. Profit Sharing Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Fireworks by Grucci, Inc. Profit Sharing Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Fireworks by Grucci, Inc. Profit Sharing Plan as of December 31, 2014 and 2013, and the changes in its net assets available for benefits for the year ended December 31, 2014 in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental information of, *Schedule H, Line 4i – Schedule of Assets (Held at End of Year)* and *Schedule H, Line 4a - Schedule of Delinquent Participant Contributions* referred to as "supplemental information," are presented for the purpose of additional analysis and are not a required part of the financial statements, but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

1. Plan Description

The following description of the Fireworks By Grucci, Inc. Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a Prototype Defined Contribution Volume Submitter Plan and Trust that was effective on December 1, 1986, and the Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 (ERISA). The Plan was amended and restated on January 1, 2002 in order to comply with the provisions of the Economic Growth and Tax Relief Reconciliation Act of 2001 ("EGTRRA"), as well as the GUST requirements. The Plan was amended on January 26, 2013 to permit in-service distributions from non-elective contributions to participants enrolled in the Plan for at least 300 months.

Eligibility – The Plan covers all employees of the Fireworks By Grucci, Inc. and Pyrotechnique By Grucci, Inc. who are twenty-one years of age or older, and have completed a year of service with 1,000 hours or more. Entry date into the Plan is semi-annually, on January 1 or July 1, following the date the participant meets the eligibility requirements.

Contributions – The employer may make non-elective discretionary contributions to the Plan. There were no employer contributions for the year ended December 31, 2014. Participants may elect to defer up to 100% of their annual gross earnings on a before tax basis, as defined in the Plan, subject to a dollar limit which is set by law. The limit for 2014 was $17,500. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. The maximum catch-up contribution was $5,500 for 2014. Participant contributions for the year ended December 31, 2014 were $92,745.

Participant accounts – Each participant account is credited with their elective contributions, discretionary employer contributions on a percentage basis, and earnings on the investments. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The portion of the participant's account representing the participant's contributions are invested in segregated self- directed accounts.

The Company contributions are maintained in investments selected by the trustee.

1. Plan Description *(continued)*

Vesting – Participants are immediately vested in their contributions and any qualified non-elective contributions made by the Company plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after completing three years of credited service, in accordance with the Cliff Vesting Schedule outlined in the Plan documents.

Forfeited accounts – If a participant terminates employment before being fully vested, then the non-vested portion of the terminated participant's account balance remains in the Plan. Forfeitures may first be used to pay any administrative expenses and any remaining forfeitures attributable to non-elective contributions will be allocated as an additional discretionary non-elective contribution.

Payments of benefits – Benefits are recorded when paid. Upon termination of service or retirement, a participant may elect to rollover their distribution to an eligible retirement plan or receive 100% of their vested contribution. Those participants with vested account balances greater than $5,000 have the additional option of deferring receipt of their vested account balance and becoming an inactive participant of the Plan upon termination or retirement.

Notes receivable from participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The maximum number of outstanding loans is one per participant and the maximum number of loans approved in any twelve month period is one. The loans are secured by the balance in the participant's account, and bear interest at a commercially reasonable rate. Principal and interest is paid ratably through bi-weekly payroll deductions. As of December 31, 2014 and 2013, the amounts of participants' loans were $72,867 and $98,994, respectively.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document. Notes receivable from participants deemed delinquent for the year ended December 31, 2014 was $12,312.

Administrative expenses – The expenses charged to the Plan may be charged pro rata to each participant in relation to the size of each participant's account balance or may be charged equally to each participant. Some types of expenses may be charged only to some participants based upon their use of a Plan feature or receipt of a distribution. Expenses for the design, establishment or termination of the Plan are paid by the Company. Administrative expenses paid by the participants of the Plan for the year ended December 31, 2014 were $7,998. Nationwide received fees of $8,575 including $648 in administrative fees and $7,927 of investment fees that were netted with the gain/loss on mutual funds.

2. Significant Accounting Policies

Basis of presentation – The financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America. The financial statements of the Plan are prepared under the accrual method of accounting except in participant benefit payments, which are recorded when paid. The Plan presents in the statement of changes in net assets available for benefits, the net depreciation in the fair value of its investments which consists of realized gains or losses and the unrealized depreciation of those investments.

Investment contract – Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Use of estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on the investments bought and sold as well as held during the year.

Mutual fund fees – Investments in mutual funds are subject to certain fees that are deducted prior to allocation of the Plan's investment earnings activity and are not separately identifiable as an expense.

2. Significant Accounting Policies (*continued*)

Risks and uncertainties – The Plan provides for various investment options, which invest in different investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least possible that changes in risks in the near term could materially affect participant's account balances and the amounts reported in the statements of net assets available for Plan benefits and the statement of changes in net assets available for Plan benefits.

Cash and cash equivalents – The Company has both interest bearing and non-interest bearing accounts. The non-interest bearing cash is included as cash and the interest bearing account as an investment.

3. Fixed Annuity Contract

The Plan offers an investment in a guaranteed fixed annuity contract with Nationwide Life Insurance Company ("NW"). NW maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charges for participant withdrawals and administrative expenses. The contract included in the financial statements at contract value as reported to the Plan by NW is $156,077 and $75,356 as of December 31, 2014 and 2013, respectively. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield and crediting interest rates were approximately 1.35% and 1.25% for 2014 and 2013, respectively. The crediting interest rate is based on a formula set by NW. Such interest rates are reviewed on an annual basis for resetting.

The fair value of the investment contract at December 31, 2014 and 2013 approximates contract value. The Plan administrator believes that there are no events that would limit the Plan's ability to transact, at contract value, with Plan participants.

4. Plan Termination Policies

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested.

5. Income Tax Status

The Plan obtained its latest determination letter on March 31, 2008 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

6. Related Party Transactions

Certain Plan investments are shares of mutual funds managed by Nationwide Life Insurance Company. These transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services are deducted from income earned by the respective funds.

7. Fair Value Measurements

The FASB Accounting Standards Codification No. 820 ("ASC 820") *"Fair Value Measurements and Disclosures"* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

7. Fair Value Measurements *(continued)*

Level 1		Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2		Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets. • Quoted prices for identical or similar assets or liabilities in inactive markets. • Inputs other than quoted prices that are observable for the asset or liability. • Inputs that are derived principally from or corroborated by observable marked data by correlation or other means.
Level 3		Inputs to the valuation methodology are unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and December 31, 2013.

Cash and cash equivalents: Valued at end of year.

Fixed annuity contract: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

Common and preferred stock: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds/Exchange Trade Funds ("ETFs")/Real Estate Investment Trusts ("REITs"): Valued at the quoted net asset value ("NAV") of shares held by the Plan at year end.

7. Fair Value Measurements *(continued)*

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014:

	Level 1	Level 2	Level 3	Total
Cash and cash equivalents	$ 72,100	$ -	$ -	$ 72,100
Fixed annuity contract	-	-	156,077	156,077

REITs	24,990	-	-	24,990
Total investments at fair value	$ 2,473,804	$ -	$ 75,356	$ 2,549,160

7. Fair Value Measurements *(continued)*

Level 3 Gains and Losses

The following table sets forth a summary of changes in the fair value of the Plan's level 3 assets for the years ended December 31,:

Investments	2014	2013
Balance – beginning of year	$ 75,356	$ 54,530
Purchases	79,439	20,058
Earnings	1,282	768
Balance – end of year	$ 156,077	$ 75,356

8. Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31,:

	2014	2013
Net assets available for benefits per the financial statements	$ 2,746,712	$ 2,750,311
Excess contributions payable	9,236	-
Net assets available for benefits per Form 5500	$ 2,755,948	$ 2,750,311

Liabilities of $9,236 were recorded for amounts refundable by the Plan to participants for contributions made in excess of amounts allowed by the Internal Revenue Service as of December 31, 2014.

The following is a reconciliation of the statement of changes in net assets available for benefits per the financial statements to the Form 5500 at December 31, 2014:

Net decrease in net assets available for benefits per financial statements	$ (3,599)
Excess contributions payable	9,236
Net increase in net assets available for benefits per Form 5500	$ 5,637

9. Prohibited Transactions

During 2014, the Company failed to remit to the Plan certain employee contributions, totaling approximately $1,690 within the period prescribed by Department of Labor regulations. This was a single occurrence during the year and was self-corrected by the Company outside of the Department of Labor Voluntary Fiduciary Correction Program ("VFCP").

10. New Accounting Pronouncement

Accounting Standards Codification No. 962, "Plan Accounting – Defined Contribution Plans"

In July 2015, the FASB issued ASU 2015-12, *"Plan Accounting – Defined Contribution Plans"* to simplify employee benefit plan accounting. This three part amendment includes changes to the disclosure and measurement requirements for: fully benefit-responsive investment contracts, plan investments and measurement dates. Under the new amendment fully-benefit responsive investment contracts will be measured, presented and disclosed at contract value rather than fair value, detailed disclosures regarding plan investments will be reduced, and measurement dates will change for some plans. The amended guidance is effective for plan year's beginning after December 15, 2015 and permits early adaptation.

Effective January 1, 2014, the Plan elected to adopt provisions of the ASU 2015-12 to simplify its accounting.

11. Subsequent Events

Excess contributions payable - The Plan failed to pass the Average Deferral Percentage ("ADP") Test and the Average Contribution Percentage ("ACP") Test for the 2014 Plan year. In order to correct the failure of the ADP tests for the Plan year, federal law generally requires that corrective distributions be made no later than December 31, 2014.

In March of 2015, as permitted under applicable IRS guidance, the Company opted to correct the nondiscrimination testing failures in 2014 which required an excess contribution in the amount of $9,236 to be refunded to highly compensated employees. These transactions do not affect the tax status determination of the Plan.

Management has evaluated events and transactions occurring after the statement of net assets available for plan benefits date and through the date of the independent auditors' report to determine whether any of these events or transactions were required to be recognized or disclosed in the financial statements. The date of the independent auditors' report is the date that the financial statements were available to be issued.
