OF DISCOPYLABS 401(k) PLAN

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of DISCOPYLABS 401(k) PLAN (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2014, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Transamerica Life Insurance Company, the insurance company, except for comparing such information with the related information included in the 2014 financial statements. We have been informed by the plan administrator that the insurance company holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the insurance company as of and for the year ended December 31, 2014, that the information provided to the plan administrator by the insurance company is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2014 financial statements. Accordingly, we do not express an opinion on the 2014 financial statements.

Other Matter – Supplemental Schedules

The supplemental Schedule H – Line 4a: Schedule of Delinquent Participant Contributions and Schedule H – Line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2014 are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Other Matter – 2013 Financial Statements

The financial statements of the plan as of December 31, 2013, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditors not to perform and they did not perform, any auditing procedures with respect to the information certified by the insurance company. Their report, dated October 14, 2014, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the insurance company, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations 2014

The form and content of the information included in the 2014 financial statements and supplemental schedules, other than that derived from the information certified by the insurance company, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

DISCOPYLABS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2014

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the DISCOPYLABS 401(k) PLAN (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a complete description of the Plan's provisions.

General – The Plan was established as a defined contribution plan on January 1, 1996, to provide retirement benefits to eligible employees of DISCOPYLABS (the "Company"), its wholly owned subsidiary and its affiliate, Online Copy, Inc. Employees are eligible to participate upon completion of one hour of service. Employees who are members of a collective bargaining arrangement, certain non-resident aliens with no U.S. source income, or leased employees are ineligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), and certain provisions of the Internal Revenue Code ("IRC"). The Plan's trustee is responsible for the oversight of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

The Plan provides for a Plan administrator who is responsible for keeping accurate and complete records with regard to the Plan's operations, informing participants of changes or amendments to the Plan, ensuring that the Plan conforms to the law and government regulations, and providing participants with any reports and documents required by law.

Participant Contributions – Participants may voluntarily contribute up to 100% of their pretax annual compensation, as defined by the Plan, with maximum contributions of $17,500 for 2014. Additionally, participants, who have attained fifty years of age before the end of the Plan year, are eligible to make catch up contributions up to $5,500. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer Contributions – The Company may make discretionary matching contributions and discretionary profit sharing contributions, subject to the limitations imposed by the IRC. There were no employer matching or profit sharing contributions for the year ended December 31, 2014.

Participant Accounts – Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Participants vest in the Company's contributions based on years of service in accordance with the following schedule:

Years of Service	Vesting Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Notwithstanding the foregoing, a Participant will become fully (100%) vested upon attainment of normal retirement age, death or disability while employed by the Company.

Notes Receivable from Participants – Participants may borrow from their vested accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. All loans shall bear a reasonable rate of interest and shall be commensurate with rates charged by creditors in similar circumstances. Interest rates shall remain fixed throughout the life of the loan. At December 31, 2014, the interest rate on all outstanding loans is 4.25% with maturity dates from May 2015 to October 2019. Principal and interest are paid through payroll deductions. Any outstanding loans will become due and payable upon termination of employment or death.

Payment of Benefits – Upon termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive a lump-sum amount or a direct rollover distribution, equal to the value of the participants' vested interest in his or her account. If a terminated participant's account does not exceed $1,000, it will be distributed in a lump-sum payment. If a terminated participant's account balance is between $1,000 and $5,000 and the Plan does not receive distribution instructions, the account will be rolled over into an individual retirement plan for the benefit of the participant, as determined by the Plan administrator. The Plan allows for in-service distributions for hardship withdrawals or if a participant has obtained 59½ years of age.

Forfeited Accounts – At December 31, 2014 and 2013, forfeited non-vested accounts totaled $2,663 and $2,574, respectively. These accounts can be used to reduce future employer contributions or pay administrative expenses. For the year ended December 31, 2014, there were no forfeitures used.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan prepares its financial statements on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in an investment contract through a stable value account (see Note 5). The Statements of Net Assets Available for Benefits present the fair value of the investment in the stable value account; however, no adjustment of the investment from fair value to contract value was necessary as contract value approximated fair value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets. Actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustee determines the Plan's valuation policies utilizing information provided by the investment advisors and Transamerica Life Insurance Company ("Transamerica"). See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 and 2013.

Payments of Benefits – Benefits are recorded when paid.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Recent Accounting Pronouncements – In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, *Fair Value Measurement (Topic 820), Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent).* Under the guidance in ASU 2015-07, investments for which fair value is measured using the net asset value per share practical expedient will no longer be categorized within the fair value hierarchy levels, but will be presented as a reconciling item. Investments that calculate net asset value per share (or its equivalent), but for which the practical expedient is not applied, will continue to be included in the fair value hierarchy. ASU 2015-07 also eliminates the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value by limiting those disclosure requirements to investments for which the entity has elected to measure the fair value using that practical expedient. ASU 2015-07 is effective for annual periods beginning after December 15, 2016 for nonpublic entities. Early adoption is permitted. The Plan is currently evaluating the impact of adopting this guidance on its financial statements.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient* (consensuses of the FASB Emerging Issues Task Force). The overall objective of this ASU is to reduce complexity in employee benefit plan accounting. Some of its key provisions include the designation of contract value as the only required measure for fully benefit-responsive investment contracts and the elimination of certain disclosure requirements for investments. The amendments in all three parts of ASU 2015-12 take effect for fiscal years beginning after December 15, 2015. Earlier application is permitted. The amendments in parts I and II should be applied retrospectively for all financial statements presented. The amendments in Part III should be applied prospectively. The Plan is currently evaluating the impact of adopting this guidance on its financial statements.

Subsequent Events – The Plan's management has evaluated subsequent events through October 14, 2015, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level l) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

Pooled Separate Accounts: Investments in pooled separate accounts are valued at the net asset value ("NAV") of accumulation units held at year-end. The NAV, as provided by Transamerica, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the account, dividends and contract account charges. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. Participant transactions may occur daily. The pooled separate accounts do not have unfunded commitments and are currently not subject to withdrawal limitations.

Stable Value Account: Valued at contract value which approximates fair value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

NOTE 4 – INFORMATION CERTIFIED BY THE INSURANCE COMPANY

The investment information as of December 31, 2014 and 2013, and for the year ended December 31, 2014, including investment assets, investment income or loss, the investment information included in Note 3, and the information included in the accompanying supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) was obtained from data that has been certified by Transamerica to be complete and accurate. All investments are in participant directed accounts. Contributions are maintained in separate accounts, which are invested in various options as directed by each participant. The accounts are credited with contributions, actual earnings and unrealized appreciation on the investments and charged for Plan withdrawals, unrealized depreciation on investments and administrative expenses.

NOTE 4 – INFORMATION CERTIFIED BY THE INSURANCE COMPANY (Continued)

The following is a summary of the certified information presented at fair value, furnished to the Plan administrator by Transamerica, and included in the accompanying financial statements and supplemental schedule as of December 31, 2014 and 2013. Assets representing greater than 5% of net assets are individually identified.

The following is a summary of information certified by Transamerica for the year ended December 31, 2014:

Net Appreciation in Fair Value of Pooled Separate Accounts	$ 180,187
Interest Income from Stable Value Account	$ 1,445

NOTE 5 – INVESTMENT CONTRACT

As part of the Stable Value Account, the Plan entered into a fully benefit-responsive group annuity contract with Transamerica. Transamerica ("the issuer") maintains the contributions in a general account. The issuer is contractually obligated to repay the principal and a specified interest rate to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer and there is no minimum rate. Such interest rates are reviewed at six month intervals for resetting, and at least 45 days in advance of the date the new rate will be effective. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

All permitted participant-initiated transactions involving the investment occur at contract value with no conditions, limits or restrictions. The occurrence of an event that limits the ability of the Plan to transact at contract value with Transamerica is not probable.

Transamerica may terminate the contract with 30 days advanced written notice to the contract owner for reasonable cause, which includes the following: 1) the Plan is changed so as to significantly affect Transamerica's obligations under the contract; or 2) the contract can no longer be treated as a pension plan contract, as that term is defined under the IRC, and Transamerica determines that it is not practical to continue providing benefits under the contract; or 3) the Plan is terminated; or 4) the contractholder fails to comply with the requirements under the contract, or 5) the contractholder, except by unintentional omission, fails to provide information Transamerica requires under the contract; or 6) the contractholder, except by unintentional omission, fails to furnish Transamerica with a copy of any amendments to the Plan or annual report records, as defined; or 7) the sum of the contract account values at any time equals $20,000 or less. Upon termination by Transamerica, a market value adjustment may apply.

As described in Note 2, because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawals or transfer of all or a portion of their investment at contract value.

During the years ended December 31, 2014 and 2013, the average yield generated by the investment contract based on both actual earnings and interest rates credited to participants was .80% and .80%, respectively.

NOTE 6 – INCOME TAX STATUS

The Plan is a defined contribution plan designed to qualify as a tax-exempt Plan under the IRC. The Internal Revenue Service ("IRS") ruled on March 31, 2008 that the Volume Submitter Defined Contribution Prototype Plan and Trust (the prototype plan of Fort William LLC, a third-party plan administrator, upon which the Plan is based) qualifies under Section 401(a) of the IRC and the related trust is, therefore, not subject to tax under present income tax law. The Plan has not filed for a determination letter, however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRS. Accordingly, no provision for income taxes has been recognized in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in process. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE 7 – RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by an affiliate of Transamerica. Transamerica maintains the assets of the Plan under a group annuity contract; therefore, transactions for investment management services qualify as party-in-interest transactions. Fees paid by the Plan for investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

NOTE 8 – PLAN TERMINATION

The Company has established the Plan with the expressed intention and expectation that it will continue the Plan. However, if circumstances make it impossible or inadvisable to continue the Plan, the Company reserves the right to terminate it at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Benefits will be held in the trust fund which will remain in existence until the Company requests the discontinuation of the trust agreement.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination from among the investment securities available through the Plan. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and in the Statement of Changes in Net Assets Available for Benefits.

NOTE 10 – DELINQUENT PARTICIPANT CONTRIBUTIONS

During 2014 there were unintentional delays in remitting participant contributions and loan repayments totaling $6,898. Plan management is currently calculating lost earnings and will restore the accounts of the affected participants during 2015, which will correct this error.
