INTERGRO RESOURCES, INC. 401(k) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2014

NOTE 1 – Description of the Plan

The following description of the Intergro Resources, Inc. (the Company) 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which covers eligible employees of the Company who have completed twelve months of service and are age twenty-one or older. Union employees and nonresident aliens are not eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan administrator is responsible for oversight of the Plan. The plan administrative committee works with the Plan's investment advisers who review and determine the appropriateness of the Plan's investment offerings, monitor investment performance and report to the plan administrative committee.

During 2014, the Plan changed their custodian from PAi to AXA. In so doing, the plan document changed from a PAi sponsored prototype plan to an AXA sponsored volume submitter profit sharing plan. The primary changes to the plan provisions included: changing the employer match from a safe harbor match to a discretionary employer matching contribution and revising the definition of plan compensation to exclude bonuses and personal time off cashouts.

Contributions

Each year, participants may elect to make pre-tax contributions up to 100% of participants' 415 Safe Harbor compensation, as defined in the Plan. After-tax contributions are not permitted. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers numerous mutual funds and a guaranteed interest account as investment options for participants. The Company contributed a Safe Harbor matching contribution of 100% of the first 4% of base compensation that a participant contributes, pre-tax, to the Plan through September 30, 2014. Effective October 1, 2014, the Plan was no longer a Safe Harbor plan and the Plan Sponsor elected to make the employer match discretionary. The Company may also make a discretionary employer contribution. In order to be eligible for the discretionary employer contribution, participants must complete 1,000 hours of service and be employed with the Company at the end of the plan year, unless employment termination is due to death or disability. During the year ended December 31, 2014, the Company did not make any discretionary employer contributions. Contributions are subject to certain IRS limitations.

**NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2014**

NOTE 1 – Description of the Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's Safe Harbor matching contributions through September 30, 2014, as well as employer discretionary contributions, and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions, Safe Harbor matching contributions through September 30, 2014, plus actual earnings thereon. Vesting in the Company's discretionary contribution portions of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at prime rate plus 1%, which is commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through semi-monthly payroll deductions.

Payment of Benefits

On termination of service for reasons other than death, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account in the form of a cash. For termination of service due to death, a beneficiary may elect on an individual basis to receive the participant's vested account balance by the end of the fifth year following the year of the participant's death.

DECEMBER 31, 2014**

NOTE 1 – Description of the Plan (Continued)

Forfeited Accounts

There were no forfeited nonvested accounts as of December 31, 2014 and 2013. The Company may decide in its discretion how to use the forfeitures. These forfeited noninvested accounts may be used to administrative expense or to reduce future Company discretionary match contributions.

NOTE 2 – Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrative committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

INTERGRO RESOURCES, INC. 401(k) PROFIT SHARING PLAN

**NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2014**

NOTE 2 – Summary of Accounting Policies (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess Participant Contributions Payable

The Plan failed the discrimination test for the year ended December 31, 2014. Excess contributions amounting to \$23,710 are recorded as a liability in the accompanying statement of net assets available for benefits and as a reduction of participant-directed contributions for the year. The Plan distributed these excess contributions to its participants during 2015.

Payment of Benefits

Benefits are recorded when paid.

In-Service Withdrawals

Participants who are at least 59½ years of age are entitled to receive a distribution of all or any portion of their vested account balance.

Hardship withdrawals, which meet a hardship purpose of immediate and heavy financial need, are permitted as provided in the plan agreement. Such amounts may be drawn from a participant's deferral contributions only, and may be subjected to certain income tax penalties.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value investments.

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2014

NOTE 2 – Summary of Accounting Policies (Continued)

Recently Issued Standards

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Parts I and III are not applicable to the Plan. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. The plan administrator has elected to adopt Part II early.

Subsequent Events

The Plan has evaluated subsequent events through October 15, 2015, the date the financial statements were available to be issued. See subsequent events at Note 10.

NOTE 3 – Certified Investments

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, PAi Trust Company, Inc. and AXA Equitable Life Insurance Company, the custodians of the Plan, have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments and notes receivable from participants:

- Investments at fair value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Interests, dividends and other investment income
- Schedule of assets held at end of year

INTERGRO RESOURCES, INC. 401(k) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2014

NOTE 3 – Certified Investments (Continued)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

INTERGRO RESOURCES, INC. 401(k) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS **DECEMBER 31, 2014**

NOTE 4 – Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Interest-bearing cash: Valued on a trade-date basis with accrued interest.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Guaranteed interest account: Valued at fair value as determined by AXA Equitable Life Insurance Company, which is equal to contributions, transfers to the guaranteed interest option, plus interest, minus withdrawals and transfers out of the option and administrative expenses. Withdrawals are not subject to any market value adjustment. Interest rates are determined periodically and subject to change. The cash surrender value equals the contract value. The guaranteed interest crediting rate is 2.00% as of December 31, 2014 and the contract minimum interest rate is also 2.00%. The contract does not provide of a defined maturity date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value measurements at December 31, 2014 and 2013:

Assets at Fair Value as of December 31, 2014				
	Level 1	Level 2	Level 3	Total

INTERGRO RESOURCES, INC. 401(k) PROFIT SHARING PLAN

NOTES TO THE FINANCIAL STATEMENTS DECEMBER 31, 2014

NOTE 5 – Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are shares of money market funds, mutual funds and a guaranteed interest account which are or were managed by PAi and AXA. PAi and AXA are the custodians for the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. Fees paid by the Plan to PAi and AXA for administrative services amounted to \$8,886 for the year ended December 31, 2014.

NOTE 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 7 – Tax Status

On March 31, 2014, the Internal Revenue Service (IRS) stated that the volume submitter profit sharing plan adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan itself; however, the plan administrator believes that the Plan was designed and was being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examination for years prior to 2011.

INTERGRO RESOURCES, INC. 401(k) PROFIT SHARING PLAN

**NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2014**

NOTE 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 – Reconciliation of the Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2014 and 2013 to the Form 5500:

	<u>December 31,</u>	
	<u>2014</u>	<u>2013</u>
Net assets available for benefits per the financial statements	\$ 3,804,404	\$ 2,883,217

Net assets available for benefits per the Form 5500	<u>\$ 3,828,114</u>	<u>\$ 2,883,217</u>

The following is a reconciliation of participant contributions per the financial statements to the Form 5500 for the year ended December 31, 2014:

Participant contributions per the financial statements	\$ 539,998
Add: excess participant contributions payable	<u>23,710</u>
Participant contributions per the Form 5500	<u>\$ 563,708</u>

NOTE 10 – Subsequent Events

Effective January 1, 2016, the plan sponsor amended the Plan to include an auto-enrollment provision whereby all eligible employees who have not made elective deferral contributions will be automatically enrolled into the Plan. All newly eligible employees will be automatically enrolled into the Plan unless they affirmatively elect not to participate in the Plan. The permissible withdrawal provisions under the auto-enrollment provision will not be available. Automatically enrolled participants will have their deferral rate set at 3% of eligible compensation and their contributions will be invested in a designated fund, until directed otherwise by the participant.
