NOVIDEA HEALTHCARE, INC. PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2014 AND 2013

1. Description of Plan:

General:

The following description of the Novidea Healthcare, Inc. Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan, established February 1, 2006, is a defined contribution plan covering all employees of participating employers of Novidea Healthcare, Inc. (collectively, the "Companies") who meet the eligibility requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Advisory Committee is responsible for oversight of the Plan, including determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Contributions:

Participants may elect to contribute up to 100% of their compensation into the Plan on a pre-tax basis. The amount a participant can contribute is limited to the annual amount set by the Internal Revenue Service. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

Contributions received from participants for 2014 are net of payments of \$14,183 made to certain active participants in March 2015 to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. These amounts are included in the Plan's statement of net assets available for benefits as excess contributions payable at December 31, 2014.

The Companies may make discretionary matching contributions to the Plan. The amount to be matched is determined by the Companies. Employer discretionary matching contributions totaled \$88,785 in 2014.

The Companies may make a discretionary profit sharing contribution to the Plan. The amount of the profit sharing contribution is determined annually by the Companies. Employer discretionary profit sharing contributions totaled \$205,802 in 2014.

The Companies made Safe Harbor Qualified Non Elective Contributions (QNEC) to the Plan. Safe Harbor Qualified Non Elective contributions totaled \$83,844 in 2014.

Participant's accounts:

Separate accounts for each participant are maintained by the custodian. Each account is credited with the participant's contributions, as well as allocations of the Companies' contributions and earnings from investments held in the account.

Participants may direct their contributions, including the employer's portion, into any combination of over 100 investment funds. Participants may also invest in self-directed accounts subject to certain terms and provisions which are the responsibility of the participant.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

DECEMBER 31, 2014 AND 2013

1. Description of Plan (continued):

Vesting:

Participants are immediately vested in their pre-tax and QNEC contributions plus earnings thereon. Participants vest in discretionary contributions in accordance with the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
2	20
3	40
4	60
5	80
6 or more	100

Forfeitures of nonvested accounts are retained in the Plan and can be used to reduce future employer contributions. The amount of unallocated forfeited accounts totaled \$1,106 at December 31, 2014. There were no unallocated forfeitures at December 31, 2013.

Payment of benefits:

Participants may elect to withdraw a specified portion of their contributions prior to their termination of employment subject to certain restrictions under the Plan. All accounts are subject to distribution upon the participant's termination, retirement, total disability or death.

On termination of service for any other reason than death, the participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest or in periodic payments as elected by the participant.

Expenses:

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

2. Summary of significant accounting policies:

Basis of accounting:

The financial statements of the Plan are prepared using the accrual method of accounting.

NOVIDEA HEALTHCARE, INC. PROFIT SHARING PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

DECEMBER 31, 2014 AND 2013

2. Summary of significant accounting policies (continued):

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates and assumptions.

Investment valuation and income recognition:

The Plan's investments are stated at fair value based on net asset values at December 31, 2014 and 2013. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Deposit with insurance company:

The Plan maintains a deposit contract with John Hancock. John Hancock maintained the contributions for the deposit contract and the pooled separate accounts. The accounts are credited with actual earnings on the underlying investments and charged for Plan withdrawals. The accounts are included in the financial statements at fair market value as reported to the Plan by John Hancock.

3. Investments:

The following table presents the fair value of investments at December 31, 2014 and 2013. Investments that represent 5% or more in either year of the Plan's net assets are separately identified.

	Fair Value	
	2014	2013

Pooled separate accounts	\$ 113,312

	<u>\$ 124,839</u>

4. Fair value:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

For pooled separate accounts, fair value is based on the net asset value at which the mutual shares are actively traded at the end of the Plan year. The guaranteed investment account with John Hancock is not actively traded and significant other observable inputs are not available. Self-directed accounts are based on quoted market prices for investments. Thus, the fair value of the guaranteed investment account is determined by John Hancock by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

DECEMBER 31, 2014 AND 2013

5. **Party-in-interest transactions:**

Certain Plan investments are managed by John Hancock Life Insurance Co. John Hancock Life Insurance Co. is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investments.

Administrative expenses for the Plan paid by the Companies amounted to \$700 in 2014 and 2013. Certain administrative functions are performed by employees of the Company. No such employee or the Companies receive compensation from the Plan.

6. **Information certified by custodian:**

The financial information (except for the employers contribution receivable, excess contributions payable and self-directed investments) included in the Plan's financial statements has been derived from information certified as complete and accurate by John Hancock Life Insurance Co., the custodian of the Plan, in accordance with Section 2520.103-5 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA.

7. **Income tax status:**

The Internal Revenue Service has ruled that the Plan qualifies under Section 401(a) of the Internal Revenue Code (IRC) and is therefore not subject to tax under present income tax law. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan is a version of the CCH Incorporated dba FtWilliam.com ("FtWilliam") prototype plan. FtWilliam's prototype plan received a favorable determination letter from the Internal Revenue Service dated March 16, 2010. Management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan believes it is no longer subject to income tax examinations for years prior to 2011.

8. **Plan termination:**

The Companies expect to continue the Plan but reserve the right at any time within their sole discretion to reduce, suspend or discontinue contributions to the Plan or to terminate the Plan. In the event of termination, all affected participants will become 100% vested in their accounts.

9. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

10. Subsequent events:

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 15, 2015, the date the Plan's financial statements were available to be issued.
