INDEPENDENT AUDITORS' REPORT

To the Trustees of
Rag & Bone Industries, LLC 401(k) Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Rag & Bone Industries, LLC 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the basis for disclaimer of opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by John Hancock Life Insurance Company for the period of January 1, 2013 through June 30, 2014 and Principal Financial Group for the period July 1, 2014 through December 31, 2014, the custodians of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that Principal Financial.

Basis for Disclaimer of Opinion (Continued)

Group held the Plan's investment assets and executed investment transactions from July 1, 2014 to December 31, 2014, and that John Hancock Life Insurance Company held the Plan's investment assets and executed investment transactions as of December 31, 2013 and for the period January 1, 2013 to June 30, 2014. The plan administrator has obtained certifications from the custodians as of and for the years ended December 31, 2014 and 2013, that the information provided to the plan administrator by the custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the basis for disclaimer of opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of delinquent participant contributions and schedule of assets (held at end of year) as of and for the year ended December 31, 2014, are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the basis for disclaimer of opinion paragraph, we do not express an opinion on these supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 - PLAN DESCRIPTION

The following description of the Rag & Bone Industries, LLC 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, established August 1, 2009, is a defined contribution plan covering substantially all employees of Rag & Bone Industries, LLC, Rag Traders, LLC and Rag Traders Retail, LLC (collectively the "Company") who have satisfied the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective July 1, 2014, the assets of the Plan were transferred to a new trustee/custodian, Principal Financial Group ("Principal"). Principal is also the new record keeper effective July 1, 2014.

Contributions

Employees become eligible to participate in the Plan immediately after 30 days of entry service and attainment of age 21. Each year, participants may make pre-tax and Roth elective contributions up to 100% of compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing pre-tax distributions from other qualified defined benefit or defined contributions plans (rollover). Participant contributions are subject to certain limitations.

Participants are eligible for employer matching contributions immediately following one year of service and attainment of age 21. Employer matching contributions are provided at the Company's discretion at an amount and allocation formula as determined by the Company. The Company matching contribution was calculated as 50% of employee's elective deferral up to the first 6% of compensation for the year ended December 31, 2014.

Participants are eligible for profit sharing contributions immediately following one year of service and attainment of age 21 provided the participant has 1,000 hours of service for the year and is employed on the last day of the Plan year. Profit sharing contributions are provided at the Company's discretion and are allocated to eligible participants pro rata in the ratio that each participant's compensation bears to the compensation of all eligible participants. There was no profit sharing contribution for the year ended December 31, 2014.

NOTE 1 - PLAN DESCRIPTION (CONTINUED)

Contributions (Continued)

Participants direct the investment of contributions credited to his or her accounts into various investment options offered by the Plan.

Participants' Accounts

Each participant's account is credited with the participant's contribution and Company's matching contribution, as well as allocations of the Company's profit sharing contribution and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Administrative Expenses

The Plan permits the payment of administrative expenses to be made from the Plan's assets. However, substantially all of the administrative expenses of the Plan are paid by the Company without charge to the Plan. Certain expenses relating to specific participant transactions are charged directly against the appropriate participant's account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of service. A participant is 100 percent vested after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the vested portion of their account balance. A participant may not have more than one loan outstanding at any one time. Loan terms may not exceed five years. The loans are secured by the vested balance in the participant's account. The loan interest rate is determined based on the rates available for similar loans from commercial lending institutions. Loans outstanding during the year had interest rates of 4.25% and 4.75%. Principal and interest are paid ratably through bi-weekly payroll deductions and credited to the borrower's account balance.

NOTE 1 - PLAN DESCRIPTION (CONTINUED)

Payment of Benefits

When a participant is terminated including due to disability, they are entitled to receive a lump sum distribution as soon as administratively feasible. Only upon death may a beneficiary distribution comprise of extended payments. Upon termination, if the participant's vested account is less than $1,000 the distribution shall be made in the form of a lump sum payment as soon as practical, or if over $1,000 and the participant is below the age of 65 the participant can elect to rollover into an eligible retirement plan or receive the distribution directly. Under certain circumstances (hardship), and with approval of the Company, a participant can elect at any time to receive a portion of his or her vested account balance subject to the provisions of the Plan. In-service withdrawals are permitted once a participant has attained age 59 ½.

Forfeitures

At December 31, 2014 and 2013, forfeited non-vested accounts total $27,204 and $5,100, respectively. These accounts will be used in part first to reduce future Company contributions, then to pay reasonable plan expenses. In 2014, employer contributions were reduced by $27,204 from forfeited non-vested accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared under the accrual basis of accounting.

Fully Benefit Responsive Investment Contract

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for benefits presents the fair value of the investment contract as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value. The statement of changes in net assets available for plan benefits is prepared on a contract basis.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fully Benefit Responsive Investment Contract (Continued)

At December 31, 2013, one investment in a pooled separate account invested in fully benefit-responsive investment contracts, the fair value approximated contract value in such investment. At December 31, 2014, contract value basis approximated fair value of the guaranteed investment contract.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value as described in Note 5.

Purchases and sales of underlying investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded to the participant's account. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants totaling $9,775 for contributions in excess of amounts allowed by the IRS are recorded as excess contributions payable, with a corresponding reduction to 2014 contributions. Such excess contributions will be distributed to the applicable participants prior to December 31, 2015.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 - UNAUDITED INFORMATION

John Hancock Life Insurance Company ("John Hancock"), custodian of the Plan, held the Plan's investment assets and notes receivable from participants and executed transactions thereon for the period of January 1, 2013 through June 30, 2014. Principal, custodian of the Plan for the period of July 1, 2014 through December 31, 2014, holds the Plan's investment assets and notes receivable from participants and executes transactions thereon. Financial information relating to those assets is included in the accompanying financial statements and supplemental schedules based on information provided by the custodians. That information, which is unaudited, consists of substantially all of the Plan's assets as of December 31, 2014 and 2013, and investment income for the year. The Plan has obtained certifications from the custodians that such information is complete and accurate.

NOTE 4 - INVESTMENTS (UNAUDITED)

The following table presents investments that represent 5% or more of the Plan's net assets available for benefits:

	December 31,	
	2014	2013
Principal Trust Target 2025 Fund	**$ 459,603**	$ -

Lifestyle Fund - Growth Portfolio	-	819,685

During 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $169,679 as follows:

Pooled separate accounts	**$ 138,514**
Guaranteed investment contract	**104**
Collective investment trusts	**27,061**
Mutual funds	**4,000**
	$ 169,679

NOTE 5 - FAIR VALUE MEASUREMENTS (UNAUDITED)

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 5 - FAIR VALUE MEASUREMENTS (UNAUDITED) (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Pooled separate accounts: Valued at the net asset value ("NAV") of the shares held by the Plan. The pooled separate accounts are not available in an exchange or active market, however the fair value is determined based on the pro-rata share of the underlying investments in the pooled separate account.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment trusts: Valued at the NAV of units of the collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Interests in each fund are represented by units of beneficial interest. Each unit represents an equal pro rata interest in the net assets of a fund. The investment objective is to seek a total return consisting of long-term growth of capital and current income, consistent with the investment strategy of an investor who expects to retire in the respective target year. There are no unfunded commitments with respect to the common collective trust. The funds generally provide for daily redemptions by the Plan at reported NAV per share, without any advance notification. The fund may in its sole discretion, impose restrictions on redemptions of units. The plan administrator does not believe that the occurrence of any such event is probable.

Guaranteed investment contract: Guaranteed investment contracts are valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. In determining the reasonableness of the methodology, the trustees evaluate a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms (for example, duration or payout date) while others are substantiated utilizing available market data (for example, swap curve rate).

NOTE 5 - FAIR VALUE MEASUREMENTS (UNAUDITED) (CONTINUED)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2014 and 2013:

2014:

Description	Total	Level 1	Level 2	Level 3

Total Investments at Fair Value	$ 2,127,879	$ -	$ 2,127,879	$ -

The following is a reconciliation of assets for which Level 3 inputs were used in determining value for the year ended December 31, 2014:

	Beginning Balance, January 1, 2014	Total Gain or Losses (Realized and Unrealized)	Purchases	Sales	Transfers Into Level 3	Transfers Out of Level 3	Ending Balance, December 31, 2014
Guaranteed Investment Contract	$ -	$ 104	$ 1,246	$ -	$ 95,810	$ -	$ 97,160

The amount of total gains or losses for the period attributable to the change in unrealized gains or losses relating to assets still held at the reporting date	$ -

Gains and losses (realized and unrealized), if any, are included in appreciation in fair value of investments in the statement of changes in net assets available for benefits.

NOTE 5 - FAIR VALUE MEASUREMENTS (UNAUDITED) (CONTINUED)

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's Level 3 financial instrument, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

Instrument	Fair Value	Valuation Technique	Unobservable Inputs	Range of Significant Input Values
Guaranteed investment contract	$ 97,160	Assumed proceeds at discontinuance	Composite Crediting Rate Surrender Value	2% 5%

The Plan establishes valuation processes and procedures to ensure that the valuation techniques for investments that are categorized within Level 3 of the fair value hierarchy are fair, consistent, and verifiable. The Plan Sponsor is responsible for overseeing the Plan's valuation process for its Level 3 investments. The Plan Sponsor utilizes the services of Principal, who assists with managing the valuation process. The Plan Sponsor's responsibilities include developing the Plan's valuation processes and procedures, conducting periodic reviews of the valuation policies, and evaluating the overall fairness and consistent application of the valuation process. The Plan Sponsor reviews the suggested valuations provided by Principal annually, to determine the valuations of the Plan's investments, including Level 3 investments. The Plan Sponsor determines the Plan's valuation policies utilizing information provided by Principal.

NOTE 6 - INSURANCE CONTRACT WITH INSURANCE COMPANY

The Plan offers the option of a benefit-responsive investment contract with Principal. Principal maintains the contributions in a single group annuity contract. The account is credited with earnings on the single group annuity contract and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal to the Plan at a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits.

The contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value approximates the contract value. The crediting interest rate is based on a formula agreed upon with the issuer and should not be less than 1%. The guaranteed investment contract pays a stated rate of return and is reset semi-annually.

The Plan's investment contract does not specify certain conditions under which distributions from the contract would be payable below contract value. The terms and methods under which the contract may transact are defined in Article II (Deposits and Ownership), Article III (Fees), Article IV (Benefits and Other Payments) and Article V (Termination) in the contract. The contract does not specify the circumstances under which the Issuer may terminate the contract. Under the contract terms, the contract is terminated when no deposit arrangements have been made and there are no deposits with a value greater than zero under the contract. If the Plan gives less than a 12 month advance notice of termination, there is a 5% surrender fee.

NOTE 6 - INSURANCE CONTRACT WITH INSURANCE COMPANY (CONTINUED)

The average yields earned by the guaranteed investment contract are as follows:

	December 31,	
	2014	2013
Average Yields:		
Based on actual earnings		
July 1, 2014 - November 30, 2014	**2.00%**	-
December 1, 2014 – May 31, 2015	**2.00%**	-
Based on interest rate credited to participants		
July 1, 2014 - November 30, 2014	**2.00%**	-
December 1, 2014 – May 31, 2015	**2.00%**	-

The Plan also offered the option of a benefit-responsive investment contract with John Hancock through June 30, 2014 in its Stable Value Fund (see note 7).

NOTE 7 - POOLED SEPARATE ACCOUNT INVESTMENT STRATEGIES

The Plan offers pooled separate accounts to Plan participants for investment in the Plan. Through June 30, 2014, the investments were sponsored by John Hancock. Effective July 1, 2014, the investments are sponsored by Principal (see note 1). The following are the investment strategies by investment category for each group of separate accounts offered to Plan participants.

Hybrid/Index/Sector Funds

Hybrid Funds: The investment objective of the funds within this investment option varies, with a balance between investing in fixed-income securities, mutual funds and equity securities. These funds seek to achieve long-term growth of capital and income.

Index: The objective of the funds within this investment option varies, with some seeking to achieve the approximate aggregate total return of a broad U.S. domestic equity market index by attempting to track the performance on various indexes. One fund tracks the performance of international companies by investing in securities listed in the MSCI All Country World ex-US Index.

NOTE 7 - POOLED SEPARATE ACCOUNT INVESTMENT STRATEGIES (CONTINUED)

Hybrid/Index/Sector Funds (Continued)

Sector: These funds seek to achieve long-term capital appreciation by investing primarily in equity and debt securities of various companies engaged in various activities such as health care, science, medicine, real estate, natural resources, utilities, and energy-related activities.

Equity Funds

These funds seek to provide long-term capital appreciation through investing mainly in the equity securities of companies within the U.S., as well as international companies. The companies are both large and medium size and range from emerging and developing companies to more established companies.

Fixed Income Funds

These funds seek to achieve maximum real return consistent with preservation of real capital and prudent investment management. The funds invest in inflation-indexed bonds of varying maturities issued by the U.S. and non-U.S. governments, as well as foreign government and corporate debt securities from developed and emerging markets.

Stable Value Fund

This fund is a collective investment trust fund that seeks to preserve capital and provide stability of principal while earning current income that exceeds money market rates over the long term. The fund invests primarily in diversified fixed-income mutual funds, separately managed bond accounts and contract value stabilizing agreements. The stabilizing agreements are designed to offset price fluctuations associated with fixed-income investments by smoothing the effect of any gains or losses on the assets and to offer participants daily liquidity at contract value.

Contract value is generally equal to the principal amounts invested in the underlying investments, plus interest accrued at a crediting rate established under the contract, less any adjustment for withdrawals. Under the terms of the contract, the crediting rate will not be less than 0%. In connection with the change in custodian from John Hancock to Principal (see note 1), the Plan exited its investment in the stable value fund on June 30, 2014. For 2014, the average yield for the stable value fund was 1.81% and the crediting interest rate was 2.29%. For 2013, the average yield for the stable value fund was 1.91% and the crediting interest rate was 2.27%.

NOTE 7 - POOLED SEPARATE ACCOUNT INVESTMENT STRATEGIES (CONTINUED)

Stable Value Fund (Continued)

The stable value fund is expected to have a constant contract value of $1.00. The fund's trust agreement provides that withdrawals for purposes other than normal benefit payments or plan permitted investment option transfers are subject to either a 12-month hold or a market value adjustment, as elected by the Company. These events may include, but are not limited to, the following: mergers, layoffs, plan termination, implementation of early retirement incentive programs or other events within the control of the Company resulting in a material and adverse financial impact on the issuer's obligations under the contract.

In addition, a breach of material obligation, under a stability agreement entered into by the stable value fund could have caused John Hancock or the stability provider to terminate the contract. At December 31, 2013, the Company believed the occurrence of an event that would limit the ability of the stable value fund to transact at contract value with the participants in the fund was not probable.

NOTE 8 - RELATED PARTY TRANSACTIONS

Plan investments in pooled separate accounts were managed by John Hancock through June 30, 2014. Effective July 1, 2014, plan investments include shares of mutual funds and a guaranteed investment contract managed by Principal. John Hancock and Principal were the custodians during 2014 as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are primarily included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. Certain administrative fees were paid to the custodians and the third party administrators for the year ended December 31, 2014.

NOTE 9 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA and the terms of the Plan. In the event of termination or partial termination of the Plan, participants' accounts shall be fully vested as of the date of such termination. The Company determines the date and manner in which participants' accounts will be distributed in accordance with ERISA.

NOTE 10 - TAX STATUS

Effective September 20, 2014, the Plan adopted an approved plan under the volume submitter program with Principal. The Internal Revenue Service has determined and informed the Plan administrator by a letter dated March 31, 2014, that the form of the volume submitter plan adopted by the Company is acceptable under the applicable sections of the IRC. The Plan has been amended since receiving the letter. The Company believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require adjustment to or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is only subject to income tax examinations starting with the 2011 year.

NOTE 11 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 12 - OPERATIONAL COMPLIANCE

It was determined that the Plan had not been operating in compliance with certain provisions set forth in the plan document with respect to the definition of compensation for purposes of calculating participant deferrals and matching contributions since the inception of the Plan in 2009 through 2013. The Plan had excluded bonus and commission compensation from the calculation of the deferrals. The Company has performed calculations of the missed deferrals and match for the 2009 through 2012 plan years resulting in approximately $83,000 of required funding including earnings. The Plan failed the nondiscrimination testing for the 2012 year and a qualified non-elective contribution in the amount of approximately $58,000 is required to enable nondiscrimination tests to be met. The Plan has included a total estimated corrective contribution receivable of $144,000 and $141,000 including lost earnings in the statement of net assets available for benefits of which $3,000 and $2,000 relates to the years ended December 31, 2014 and 2013, respectively. The estimated corrective contribution may change in the near term. In connection with these operational failures, the Company intends to file a VCP submission with the IRS subject to their approval.

On July 23, 2015, the Company filed a VFCP submission with the Department of Labor to correct several isolated instances during the 2012 and 2013 plan years involving untimely deposits of contributions in the Plan accounts of certain participants. The Company funded in July 2015, $268 related to the missed earnings on these untimely contribution for the years ended December 31, 2013 and 2012.

In the opinion of the plan administrator, these corrections will not have an impact on the Plan's qualified tax status provided that appropriate VCP corrections, as permitted under Rev. Proc. 2013-12, are undertaken as soon as possible.

NOTE 13 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to amounts reportable on the Form 5500:
