INDEPENDENT AUDITORS' REPORT

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the CIRCOR International, Inc. Retirement Plan (the "Plan"), which comprise the statements of net assets available for plan benefits as of December 31, 2014 and 2013, and the related statements of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information disclosed in Note 10, which was certified by State Street Bank and Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of and for the years ended December 31, 2014 and 2013, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of assets (held at end of year) as of December 31, 2014 and for the year ended December 31, 2014 are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not required parts of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance with the Department of Labor's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of the Plan:

The following description of CIRCOR International, Inc. Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for more complete information regarding the terms of the Plan.

General: The Plan is a noncontributory defined benefit plan covering all eligible employees of CIRCOR International, Inc. ("CIRCOR") and its subsidiaries that have adopted the Plan (collectively, the "Plan Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator is responsible for oversight of the Plan. The Plan Administrator determines the appropriateness of the Plan's investments and monitors investment performance.

Plan Participants employed by TOMCO, Inc. ("TOMCO"), a subsidiary of CIRCOR, are subject to different Plan provisions. Differences, if any, are specified below.

Amendments: Effective June 30, 2006, the Plan Sponsor froze participation in the Plan and amended the Plan's accrual for future benefits.

Eligibility: Through June 30, 2006, generally, all employees of the Plan Sponsor who had completed one year of service and the attainment of age 21 were considered Participants in the Plan ("Participants").

Funding Policy: The Plan's funding policy is for the Plan Sponsor to contribute an amount which will meet or exceed the annual ERISA minimum funding requirement. During each of the years ended December 31, 2014 and 2013, the Plan Sponsor made contributions of $1,600,000. The Plan Sponsor's contributions for 2014 and 2013 exceeded the minimum funding requirements of ERISA.

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

Benefit Service: For salaried employees, a year of benefit service is earned for each Plan year in which at least 1,000 hours of service is completed from the date the employee attains age 21 and completes one year of service. Fractional years of service may be earned and are determined by dividing hours of service by 1,000 and rounding to the nearest hundredth.

For hourly employees, a year of benefit service is earned for each plan year in which at least 2,080 hours of service is completed from the later of the employee's date of hire or attainment of age 21. Fractional years of benefit service may be earned and are determined by dividing hours of service by 2,080 and rounding to the nearest hundredth.

Retirement Benefits: Per the January 1, 2006 amendment and restatement, effective June 30, 2006, a Participant's normal retirement benefit will be frozen so that no additional benefit accruals may be earned or credited after June 30, 2006, except for any Participant who earns an hour of service after June 30, 2006, the normal retirement benefit will increase at an effective annual rate of 3.5% from June 30, 2006 to the first day of the month following the earlier of June 30, 2011 or the Participant's termination from employment, death, or retirement.

Normal Retirement Benefits - CIRCOR Employees: Employees with five or more years of vesting service are entitled to pension benefits beginning at age 65 equal to years and fractions of years of benefit service multiplied by the applicable benefit rate.

Normal Retirement Benefits - TOMCO Employees: Employees with five or more years of vesting service are entitled to pension benefits beginning at age 65, or their fifth anniversary of joining the Plan, if later, multiplied by the applicable benefit rate. A year of service may be attained by achieving 1,000 hours of service during a Plan year, even if the Participant is not employed on the first day of the Plan year.

Early Retirement Benefits- CIRCOR Employees: Participants who elect to retire on an early retirement date may receive pension benefits upon the attainment of age 55 and completion of five years of service. The early retirement benefit is computed by first calculating the normal retirement benefit based on the Participant's service as of the early retirement date, which is then reduced by 5/9ths of 1% for each of the first 60 months and 5/18ths of 1% for each of the next 60 months by which the commencement of benefits precedes the Participant's normal retirement date.

Early Retirement - TOMCO Employees: Participants who elect to retire on an early retirement date may receive pension benefits upon the attainment of age 55 and completion of ten years of service. If the Participant elects to receive the accrued benefit earlier than the normal retirement date, the early retirement benefit is computed as for normal retirement based on the

1. Description of the Plan (Continued):

Participant's service as of the early retirement date but equal to an actuarial equivalent of the accrued benefit payable at the Participant's normal retirement date.

Termination Benefits - CIRCOR Employees: A Participant who terminates service with five or more years of vesting service is entitled to a deferred vested benefit. The amount of this benefit is equivalent to the normal retirement benefit of the Participant.

Termination Benefits - TOMCO Employees: A Participant who terminates service with five or more years of vesting service is only entitled to receive the Participant's vesting percentage (the Participant's ownership rights) of the accrued benefit (except in the cases of death or retirement of the Participant).

Death Benefits - CIRCOR Employees: Upon the death of a vested Participant who has been married for at least one year, the surviving spouse is eligible to receive a pension benefit. The date the death benefit commences depends on the Participant's eligibility status. If the Participant was eligible for early or normal retirement as of the date of death, the surviving spouse is eligible to receive a benefit equal to the amount the Participant would have received if retirement occurred on the day preceding the date of death and the Participant had elected to receive benefits in the 50% joint and survivor form. Upon the death of a Participant who was not eligible for early or normal retirement, the surviving spouse is eligible to receive the same benefit, but payments do not begin until the Participant's earliest retirement date. Death benefits payable after retirement, if any, are payable to the surviving spouse in accordance with whichever option the retiree elected.

Death Benefits - TOMCO Employees: Upon the death of a vested Participant, the surviving spouse is eligible to receive a pension benefit equal to the actuarial equivalent of the spouse's minimum death benefit, unless there is an irrevocable consent waiver signed by the spouse to designate another beneficiary. No death benefits will be provided if the Participant is unmarried at the time of death. The death benefit payable is generally in the form of a pre-retirement survivor annuity beginning at the date of death and not lasting more than five years.

2. Significant Accounting Policies:

Basis of Accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits: Benefits are recorded when paid.

Expenses: The Plan's expenses are paid either by the Plan or the Plan Sponsor, as provided by the Plan Agreement. Expenses that are paid directly by the Plan Sponsor are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for plan benefits. In addition, certain investment-related expenses are included in net appreciation in fair value of investments in the accompanying statements of changes in net assets available for plan benefits.

Use of Estimates: The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosures of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

Subsequent Events: The Plan Administrator has evaluated subsequent events through October 14, 2015, the date the financial statements were available to be issued.

3. Investments:

* Investment represents 5% or more of the fair value of the Plan's net assets.

The Plan's investments held at State Street Bank and Trust Company (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $580,389 and $3,213,946 during the years ended December 31, 2014 and 2013, respectively, all of which was attributable to mutual funds.

4. Fair Value Measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. There have been no changes in the methodologies used for the years ended December 31, 2014 and 2013.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fair Value Measurements (Continued):

The following table sets forth, by level within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2014 and 2013:

	Assets at Fair Value as of December 31, 2014

5. Party-in-Interest Transactions:

Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than direct payment, in the accompanying statements of changes in net assets available for plan benefits for the years ended December 31, 2014 and 2013.

6. Tax Status:

The Internal Revenue Service has determined and informed the Plan Sponsor by a letter dated February 14, 2008, that the Plan and related trust are designed in accordance with the applicable provisions of the IRC. The Plan has been amended since receiving the determination letter; however, the Plan Administrator believes that the Plan and the related trust are currently being operated in compliance with the applicable provisions of the IRC. Therefore, the Plan Sponsor is of the opinion that the Plan and the related trust were tax-exempt as of and for the years ended December 31, 2014 and 2013.

GAAP requires plan management to evaluate tax positions taken by the Plan and to recognize a tax liability (or asset) if the Plan Sponsor has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator believes it has no uncertain tax positions as of and for the years ended December 31, 2014 and 2013.

The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2011.

7. Plan Termination:

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, Participants would become 100% vested in the Plan Sponsor contributions.

To the extent unfunded vested benefits exist at the time of Plan termination, ERISA provides that such benefits will be payable to Participants by the Pension Benefit Guaranty Corporation (PBGC) up to specified limitations. Whether all Participants receive their benefits should the Plan be terminated at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations, and may also depend on the financial condition of the Plan Sponsor and the level of benefits guaranteed by the PBGC.

8. Frozen Plan:

As of July 1, 2006, in connection with an amendment to the Plan, the Plan Sponsor froze participation in the Plan and the pension benefits of the Plan Participants. Under the revised Plan, Participants will not accrue any additional benefits under the defined benefit plan after June 30, 2006, and will instead receive enhanced benefits associated with the Plan Sponsor's defined contribution 401(k) plan. Effective June 30, 2006, the normal retirement benefit determined as of June 30, 2006 for any participant who earns an hour of service after June 30, 2006 was increased at a rate of 3.5% from June 30, 2006 to the first day of the month following the earlier of June 30, 2011 or the Participant's termination from employment, death, or retirement.

9. Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect Participants' account balances and the amounts reported in the accompanying statements of net assets available for plan benefits.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

10. Information Certified by the Trustee:

The Plan Administrator has elected the method of compliance, commonly referred to as the limited-scope audit exemption, permitted under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, no auditing procedures with respect to the information certified by State Street Bank and Trust Company, the trustee of the Plan, were performed by the independent auditors except for comparing the information to the financial statements and supplemental schedule. The trustee has certified as to the completeness and accuracy of the investments held by the Plan as of December 31, 2014 and 2013, the investment income and the other investment-related transactions of the Plan for the years ended December 31, 2014 and 2013, and the information contained in the accompanying supplemental schedules of assets (held at end of year) as of December 31, 2014.

11. Reconciliation of Financial Statements to Form 5500:

The following is a reconciliation of net assets available for plan benefits per the financial statements to the Form 5500 as of December 31, 2014 and 2013:

	2014	2013

The following is a reconciliation of the net increase in net assets available for plan benefits per the financial statements to Form 5500 for the year ended December 31, 2014:

Net Increase in Net Assets Available for Plan Benefits, Per Financial Statements	$ 1,525,191
Less: Plan Sponsor Contributions Receivable	(400,000)
Net in Net Assets Available for Plan Benefits, Per Form 5500	$ 1,125,191

12. Actuarial Valuation and Assumptions:

Transamerica, the Plan's actuary, has prepared estimates of the actuarial present value of accumulated plan benefits at December 31, 2014 and 2013 and changes in accumulated plan benefits for the years ended December 31, 2014 and 2013. The actuarial present value of accumulated plan benefits represents the accumulated plan benefits earned by the Participants, adjusted to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability withdrawal or retirement) between the valuation date and the expected date of payment. The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2015 and 2014. Had the valuations been performed as of December 31, 2014 and 2013, there would be no material differences.

The significant assumptions used in the actuarial valuation as of December 31, 2014 and 2013 are as follows:

Investment Return	7.25%
Mortality Table*	RP - 2014 Mortality Tables projected with Scale MP-2014 for 2014; IRS Static Mortality Table for 2014 with separate rates for males and females for 2013.
Normal Retirement Age	The average expected retirement age is 65 for active participants. Terminated vested participants are assumed to retire at age 65.
Asset Valuation Method	Fair Market Value
Actuarial Cost Method	Traditional Unit Credit Cost Method

*The effect of the change in mortality tables is reflected below in the changes in accumulated plan benefits for the year ended December 31, 2014 in the increase due to changes in actuarial assumptions.

The actuarial present value of accumulated plan benefits as of December 31, 2014 and 2013 was as follows:

	2014	2013
Actuarial Present Value of Accumulated Plan Benefits:		
Vested Benefits:		
Active Participants	$ 8,619,059	$ 7,555,815
Participants Currently Receiving Payments	14,771,634	13,278,979
Participants Receiving Deferred Payments	11,661,368	10,153,544
	35,052,061	30,988,338
Nonvested Benefits	90,309	48,799
Actuarial Present Value of Accumulated Plan Benefits	$ 35,142,370	$ 31,037,137

Changes in accumulated plan benefits during the years ended December 31, 2014 and 2013 were as follows:

	2014	2013
Actuarial Present Value of Accumulated Plan Benefits, Beginning of the Year	$ 31,487,137	$ 31,561,938
Increase (Decrease) Due to Changes in Actuarial Assumptions	2,016,362	(815,958)
Benefits Accumulated	924,827	(51,211)
Increase for Interest	2,228,866	2,236,796
Benefits Paid	(1,514,822)	(1,444,428)
Actuarial Present Value of Accumulated Plan Benefits, End of Year	$ 35,142,370	$ 31,487,137

12. Actuarial Valuation and Assumptions:

Accumulated plan benefits are those future periodic payments that are attributable under the Plan's provisions to the years of service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees, (b) spouses of deceased employees, and (c) present employees or their spouses. Benefits payable under all circumstances (retirement, death, disability and termination of employment) are included to the extent they are deemed attributable to employee service rendered through the valuation date.

A ACTUARIAL COST METHOD

The actuarial cost method used to determine the target normal cost, target liability and required contribution amounts for the plan is the Traditional Unit Credit Actuarial Cost Method. Under this method, both the target normal cost and target liability are based on the annual accrual of benefits as accruals occur each year.

The target liability for each active plan participant is equal to the actuarial present value of the participant's accrued benefit as of the valuation date. The total target liability of the plan is equal to the sum of such liabilities as determined for each active participant plus the actuarial present value of benefits being paid, or due to be paid, to retirees, beneficiaries and former participants with deferred vested benefits.

The target normal cost for each active participant is equal to the actuarial present value of the benefit expected to be earned during the year starting on the valuation date. The total target normal cost of the plan is the sum of the target normal costs for each active plan participant.

All employees who are plan participants on a valuation date are included in the actuarial valuation.

B ASSET VALUATION METHOD

The actuarial value of assets is equal to the market value of assets on the valuation date reduced by the sum of:

1. 66.67% of gains and losses of the prior year;

2. 33.33% of gains and losses of the second prior year.

Investment gains and losses are determined by the excess or deficiency of the expected return over the actual return on the market value (including employer contributions receivable for any given year. However, the expected return on assets may be limited by certain statutory interest rates.

The actuarial valuation of assets is further constrained to be not less than 90% or more than 110% of market value (including employer contributions receivable).

E.I.N.: 04-3477276 Plan No.: 001
Plan Year: January 1, 2014 to December 31, 2014

Plan Actuarial Equivalence	UP-1984 with 3 year setback for beneficiaries and 7.00% interest. For Tomco employees, 1983 GAM for males with 1 year setback (post-retirement only) and 7.50% interest.
Early Retirement	Age 55 and completion of 5 years of service. For former participants of the Tomco Products, Inc. Defined Benefit Pension Plan, age 55 and completion of 10 years of service. The accrued benefit is reduced by 5/9ths of 1 % for each of the first 60 months and by 5/18ths of 1 % for each of the next 60 months by which the commencement of benefits precedes the participant's normal retirement date. For former participants of the Tomco Products, Inc. Defined Benefit Pension Plan, the accrued benefit is actuarially reduced to the early retirement date using the 1983 Group Annuity Mortality table set back one year.
Termination Benefit	An employee who terminates his service with five or more years of vesting service will be entitled to a deferred vested benefit. An employee's deferred vested benefit shall commence in full after his 65th birthday, or, at his option, in a reduced amount prior to his 65th birthday, provided the employee is eligible for early retirement. Reduction factors are the same as for early retirement.
Disability Benefit	A participant who is receiving disability benefits under the Employer's long-term disability program and is receiving benefits under Title II of the Social Security Act will be entitled to a disability benefit. The amount of the benefit shall be the same as the normal retirement benefit, except that service should include period of Long-Term disability. Credited service will not be earned for periods after June 30, 2006.
