Independent Auditors' Report

The Plan Administrator
Bendix Commercial Vehicle Systems LLC
Retirement Growth Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Bendix Commercial Vehicle Systems LLC Retirement Growth Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statements of changes in net assets available for benefits for the years ended December 31, 2014 and 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in notes 3 and 4, which was certified by The Northern Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of December 31, 2014 and 2013, and for the years ended December 31, 2014 and 2013, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As further discussed in note 7 to the financial statements, the shareholder of the Bendix Commercial Vehicle Systems LLC, the Plan's sponsor, decided on June 18, 2012 to terminate the Plan. In accordance with accounting principles generally accepted in the United States of America for the Plan years ended December 31, 2014 and 2013, the Plan has changed its basis of accounting used to determine the amounts at which investments and the accumulated benefit information are stated, from the ongoing plan basis to the liquidation basis. Our opinion is not modified with respect to this matter.

Report on Form and Content in Compliance with the Department of Labor's Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

RETIREMENT GROWTH PLAN**

Notes to Financial Statements

December 31, 2014 and 2013

(1) Description of the Plan

The following description of the Bendix Commercial Vehicle Systems LLC Retirement Growth Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

(a) General

Effective December 31, 2012, the Plan sponsor has determined to terminate the Plan and on September 5, 2014, the Company purchased annuity contracts from a third party provider to alleviate the Plan of its obligations to its participants. Refer to note 7 for further information. The description of the Plan within this note is reflective of the Plan's provisions prior to the transfer of the obligation to the third party provider.

The Plan is an account balance defined benefit plan to provide retirement benefits to Bendix Commercial Vehicle Systems LLC (the Company) nonunion hourly employees, employed at the Company's Huntington, Indiana facility, who, at the time of retirement or termination of employment, meet the eligibility requirements of the Plan. An employee is generally considered eligible upon completion of 1,000 hours of service in a twelve-month period, subject to certain exclusions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Effective September 30, 2004, the Plan was frozen to any future employees of the Company. In addition, effective December 31, 2011, all future benefit accruals were frozen, however, participants may continue to be credited with years of service for purposes of becoming eligible for early retirement benefits under the Plan.

(b) Participation

Eligible employees become participants on the later of the effective date for his or her participating group or the first day of their employment. Participation continues until the participant is no longer an eligible employee or no benefits are due to him or her as defined by the plan document.

(c) Vesting

Effective January 1, 2008, participants in the Plan became vested after three years of service or the attainment of age 65. Prior to January 1, 2008, participants of the Plan became fully vested upon the completion of five years of service or the attainment of age 65. Effective December 31, 2011, all participants became fully vested.

(d) Participant Account Balances

An account, for record keeping purposes only, has been established and is maintained for each participant. A participant's account balance shall equal the sum of his or her initial account balance if any, pay-based credits, and interest credits.

**BENDIX COMMERCIAL VEHICLE SYSTEMS LLC
RETIREMENT GROWTH PLAN**

Notes to Financial Statements

December 31, 2014 and 2013

(e) Interest Credits to Accounts

As of the last day of each calendar quarter, the account of each participant will be increased by 1/4th of the interest credit percentage in effect for the applicable calendar year multiplied by the value of the account as of the first day of the calendar quarter.

Generally, the interest credit percentage shall be equal to the cost of living adjustment increase percentage, unless a different percentage is prescribed by the plan administrator through an amendment to the plan document. No interest credit percentage was applied in 2014 due to the Plan's termination, however, 1.37% was applied to the Plan for the year ended December 31, 2013.

(f) Pension Benefits

The Plan provides for normal retirement benefits beginning at normal retirement age (age 65) which are equal to the participant's accrued benefits in the form of an increasing Single Life Annuity, if unmarried, or an increasing joint and 50% surviving spouse annuity, if married, as of such date.

Married participants may elect various alternate forms of payment, e.g., a waiver (with spousal consent) of the increasing 50% surviving spouse annuity in favor of a level joint and 50% surviving spouse annuity, a level single life annuity, an increasing single life annuity, or a lump sum. Eligible unmarried participants may elect to waive the increasing single life annuity in favor of level single life annuity or a lump sum.

Employees who have attained the age of sixty and have completed ten years of service are entitled to receive an early retirement benefit paid as an increasing single life annuity and equal to the balance in the participant's account on the benefit commencement date divided by the appropriate increasing annuity conversion factor, as defined by the Plan document.

Employees who continue their employment beyond normal retirement age are entitled to receive a late retirement benefit paid as an increasing single life annuity and equal to the balance in the participant's account on the benefit commencement date divided by the appropriate increasing annuity conversion factor, as defined by the plan document.

(g) Lump Sum Option

A terminated vested participant may elect to receive the current value of his/her account in a cash lump sum if the value of the account exceeds \$1,000 as of the date of the termination of employment and prior to the participant's normal retirement date. Married participants must have spousal consent to make such election.

If the value of a terminated vested participant's account does not exceed \$1,000 as of the date of termination, the value of the account will automatically be paid to the participant as a lump sum as soon as practical.

Notes to Financial Statements

December 31, 2014 and 2013

(h) Disability Benefits

Employees who become totally and permanently disabled and have completed the number of years of service required as specific in the plan document, are eligible for disability pension benefits paid either as a level single life annuity or a level joint and 50% surviving spouse annuity. The amount of the benefit provided is equal to either the participant's accrued benefit or a minimum disability benefit as specified in the applicable appendix to the plan document. In addition, the disability benefit shall be offset by the amount of any worker's compensation payments to which the participant is entitled as long as the offset does not exceed the subsidized portion of the benefit.

(i) Death Benefits

If a participant dies during active employment, the surviving spouse may be entitled to death benefits during the spouse's remaining lifetime in accordance with the plan document.

(j) Administration

The Plan is administered by a delegate appointed by the Company. The delegate oversees the administration of the Plan including determining administrative actions and interpreting and applying the plan provisions. The delegate is responsible for advising The Northern Trust Company (Trustee) regarding benefits as they become payable or cease.

(k) Expenses

Qualified expenses relating to the Plan are paid by the Plan and nonqualified expenses are paid by the Plan Sponsor.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements have been prepared on the liquidation basis of accounting for Plan years 2014 and 2013.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits. Actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

The Plan's interest in the Bendix Commercial Vehicle Systems LLC Master Retirement Trust (Investment Trust) represents the Plan's allocable portion of Investment Trust assets pertaining to the Plan. Investment Trust assets are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 5 for a discussion of fair value measurements.

RETIREMENT GROWTH PLAN**

Notes to Financial Statements

December 31, 2014 and 2013

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Investment Trust's gains and losses on investments bought and sold as well as held during the year.

(d) Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments that are attributable, under the Plan's provisions, to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits payable under all circumstances-retirement, death, disability, and termination of employment – are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

(e) Payment of Benefits

Benefit payments to participants are recorded upon distribution.

(3) Information Certified by Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, all information summarized in the accompanying financial statements and notes to financial statements relating to the Plan's interest in the Investment Trust, the Investment Trust assets, the Investment Trust interest and dividends, and the Investment Trust net appreciation (depreciation) in fair value of investments were certified by the Northern Trust Company, the trustee of the Plan, as being complete and accurate. Amounts certified by the trustee have not been subjected to auditing procedures.

(4) Interest in the Investment Trust

The Plan's investments are held in the Investment Trust, which consists of the assets of three pension plans of the Company. Each participating plan has an undivided interest in the Investment Trust. At December 31, 2014 and 2013, the Plan's interest in the Investment Trust was 3.3% and 2.4%, respectively. Company contributions, benefit payments, and administrative expenses are identified with each participating plan whereas earnings, trustee fees, and expenses for the investment management of the Investment Trust are allocated proportionately to the participating plans by the Trustee on a basis equivalent to the proportionate units of participation. The Investment Trust assets consist of collective trust funds. The fair value of assets in the Investment Trust was \$155,735 and \$121,247,020 at December 31, 2014 and 2013, respectively. The decrease in the fair value of assets is due to the purchase of the annuity contracts from a third party provider in 2014.

Net investment income (loss)	<u>\$ 11,126,603</u>	<u>(4,898,137)</u>
Net investment income (loss) allocated to the Plan	\$ 206,093	(136,383)

(5) Fair Value Measurements

The Plan has adopted the guidance in Accounting Standard Codification (ASC) 820, *Fair Value Measurements and Disclosures*, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. ASC 820 includes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Financial assets and liabilities are measured at fair value and categorized in three levels based on the inputs used to value assets. The three levels of the fair value hierarchy under ASC 820 are described below:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.
- Level 2 – Inputs to the valuation methodology that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices for identical or similar assets or liabilities in inactive markets; or other inputs that are observable, or can be corroborated by observable market data for substantially the full terms of the assets or liabilities.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset liability.

- Level 3 – Inputs to the valuation methodology that are unobservable inputs supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements

December 31, 2014 and 2013

The following table sets forth by level, within the fair value hierarchy, the Investment Trust's net assets at fair value as of December 31, 2014:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Cash	\$ 155,735 *	—	—	155,735
Total assets at fair value	<u>\$ 155,735</u>	<u>—</u>	<u>—</u>	<u>155,735</u>

* Investment has a fair value representing 5% or more of net assets in the Investment Trust

The following table sets forth by level, within the fair value hierarchy, the Investment Trust's net assets at fair value as of December 31, 2013:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Cash	\$ 1,410,974	—	—	1,410,974
MFB NT Collective Long Term Credit Bond Index Fund – Non-Lending	—	78,614,265 *	—	78,614,265

Total assets at fair value	<u>\$ 1,410,974</u>	<u>119,836,046</u>	<u>—</u>	<u>121,247,020</u>

* Investment has a fair value representing 5% or more of net assets in the Investment Trust

Cash is composed of high-grade money market instruments with short maturities, which serve to provide an investment vehicle for cash reserves while offering a competitive rate of return.

The collective trust funds are valued based on quoted redemption values on the last day of the Plan year, as determined by the fair value of the underlying assets of the fund. There are no restrictions or redemptions that would impact the liquidity of the fund, and funds are valued and traded at the net asset value on a daily basis.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Individual funds within the Investment Trust as noted above as of December 31, 2013 invest in U.S. and non-U.S. equity markets and fixed income securities markets directly or through funds including, but not limited to, collective funds, using one or more advisors to recommend specific investments. Note that the

above funds may invest in other asset classes from time to time, including, but not limited to, short-term investment funds and cash equivalents, and may be highly concentrated in specific sectors or securities.

We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2014 and 2013, there were no significant transfers between Levels 1, 2 or 3.

(6) Funding Policy

Contributions to the Plan from the Company, when necessary, are based on annual actuarial valuations performed by an actuarial consulting firm.

As noted in note 7, the Plan was terminated effective December 31, 2012. An estimate was made in the prior year for the amount necessary to fully fund the Plan's obligation as priced by the third party annuity provider. As of December 31, 2013, the Plan estimated an additional \$37,661 was needed in funding for which a contribution receivable was recorded. Upon finalization of the obligation priced by the third party annuity provider in the current year, the Plan determined that no additional funding was necessary and therefore an adjustment to reverse the estimate with a contribution of \$(37,661) as of December 31, 2014 was recorded.

(7) Plan Termination

The Plan Sponsor has the right under the Plan to terminate the Plan. The Plan Sponsor has recommended to the shareholder of the Company to terminate the plan in an orderly manner. On June 18, 2012, the shareholder agreed to terminate the Plan effective December 31, 2012, and start the termination process. As part of the termination process, all active and deferred vested participants were given the option to receive a lump sum or an annuity for the value of their accumulated benefits pursuant to ERISA after receipt of a favorable ruling on the IRS Determination Letter, which the Plan Sponsor received on May 12, 2014.

On September 5, 2014, the Company purchased an annuity contract from an insurance company for the accumulated benefit obligations of all Plans in the Investment Trust. This annuity contract would permit all participants that are existing retirees or future retirees to receive an annuity equal to the benefit owed from the Plans. This annuity contract was purchased for \$128,989,918.

The Plan is insured by the Pension Benefit Guaranty Corporation (PBGC) up to the date of Plan termination. The PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor pensions; however, the PBGC does not guarantee all types of plan benefits and the amount of the benefit protection is subject to certain limitations.

(8) Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated January 20, 2011 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (the Code). In addition, the Internal Revenue Service has determined and informed the Company by a letter dated May 12, 2014, that the plan termination does not adversely affect its qualifications for federal tax purposes.

Notes to Financial Statements

December 31, 2014 and 2013

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The financial statement effects are recognized when the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2014, there are no uncertain tax positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2011.

(9) Accumulated Plan Benefits

For the Plan year ended December 31, 2013, the actuarial present value of accumulated plan benefits was determined by the actuaries of Mercer Human Resource Consulting and it is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the probability of payment and the time value of money between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuation as of December 31, 2013, include:

- Interest rate used to discount obligations of 4.65%;
- Rates of mortality and disability based on the RP2000 Mortality projected to 2018 and 1985 Pension Disability Tables;
- 85% (65% of females) of male participants are married, with males having spouses who are three years younger and females having spouses who are three years older; and
- Retirement based on a probability for a range of ages.

In conjunction with the termination, different actuarial assumptions and other factors were used under a liquidation basis to determine the actuarial present value of accumulated plan benefits for December 31, 2013. No actuarial calculation to determine the actuarial present value of accumulated plan benefits was necessary at December 31, 2014 as the Plan's obligation was settled as described in note 7.

The total actuarial present value of accumulated plan benefits as of December 31, 2013 is as follows:

	<u>2013</u>
Actuarial present value of accumulated plan benefits:	
Vested benefits:	
Participants currently receiving benefits	\$ 10,582
Other participants	<u>2,980,659</u>
Total actuarial present value of accumulated plan benefits	<u>\$ 2,991,241</u>

The change in the actuarial present value of accumulated plan benefits from the previous benefit information date is as follows at December 31, 2014:

	<u>2014</u>
Beginning balance	\$ 2,991,241
Increase (decrease) during the year attributable to:	
Benefits accumulated and actuarial gains and losses	8,689
Increase for interest due to decrease in the discount period	89,519
Benefits paid	(2,736,474)
Consideration transferred to third party annuity provider	<u>(352,975)</u>
Net decrease	<u>(2,991,241)</u>
Actuarial present value of accumulated plan benefits at December 31, 2014	\$ <u><u>—</u></u>

(10) Risks and Uncertainties

The Plan invests in various investment securities through the Investment Trust. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits, and are presented as administrative expenses.

(11) Parties-in-Interest Transactions

The Plan invests in shares of common collective funds managed by an affiliate of the trustee and, therefore, these transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules. Fees paid by the Plan for investment management services for the years ended December 31, 2014 and 2013 were \$3,626 and \$5,779, respectively.

(12) Subsequent Events

The Plan has evaluated subsequent events through October 15, 2015, the date these financial statements were available for issuance.

Subsequent to December 31, 2014 and upon finalization of the transfer to the third party annuity provider, the remaining Plan assets were transferred to the Plan Sponsor. There were no additional subsequent events.
