1. Description of Plan

The following description of the Conner Industries, Inc. 401(k) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Conner Industries, Inc. and Conner Transportation, Inc. (the Companies) who have one year of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

During 2014 and 2013, participants may contribute up to $17,500 and $17,000, respectively, of pretax annual compensation, as defined by the Plan. The Companies may make contributions to the Plan at the option of the Companies' board of directors. Contributions are subject to certain limitations. Participants may also contribute amounts representing distributions of pre-tax contributions from other qualified plans. Participants direct the investment of their contributions among a group of pooled funds selected by the Plan's Advisory Committee.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Companies' contribution and, (b) Plan earnings, and (c) forfeitures of terminated participant's nonvested accounts and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and earnings thereon. Vesting in the Companies' matching and discretionary contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

One year of service credit for purposes of the vesting schedule will include all Plan years during which the participant worked at least 1,000 hours for the Companies.

Notes Receivable from Participants

Beginning in 2014, participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account, bear interest rates equal to 2% above the USA today prime rate, which is credited to the participant's account. The effective rate at December 31, 2014 was 5.25%. The principal and interest is paid ratably through at least quarterly payroll deductions.

1. Description of Plan (continued)

Retirement

Normal retirement is age 65. No early retirement date was elected by the Companies' under the adoption agreement.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or several different annuity options. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

At December 31, 2014 and 2013, forfeited non-vested accounts totaled $132 and $53, respectively. These accounts are used to pay Plan expenses and future employer contributions. In 2014 and 2013, no contributions were reduced from forfeited non-vested accounts.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate at any time, subject to Plan provisions. Upon such termination of the Plan, the interest of each participant will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms, ERlSA, and the Internal Revenue Code. In the event of the Plan termination, participants will become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the modified cash basis of accounting.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2014 no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Estimates

Although the preparation of financial statements often requires estimating some information, estimates were not necessary to prepare the accompanying financial statements.

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Pooled separate accounts are valued at market prices which represent the net asset value of shares held by the Plan at year end. See note 4 for a discussion of fair value measurements.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Net appreciation or depreciation of investments is reported in the statement of changes in net assets available for benefits and consists of the realized gains or losses and the unrealized appreciation or depreciation on these investments bought and sold as well as held during the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income, dividend income, and capital gain distributions are recorded on the modified cash basis.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

All expenses of maintaining the Plan are paid by the Companies.

3. Unaudited Information Certified by The Custodian

The Plan administrator elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Life Insurance Company (USA), the custodian, has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, as reflected in the statements of net assets available for benefits as of December 31, 2014 and 2013;
- Investment activity, as reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2014;
- Investment information disclosed in notes 4 and 5; and
- Investments, as reflected in schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2014.

The Plan's independent accountants did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of the different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quote prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

Following is a description of the valuation methodology used for assets measured at fair value. There has been no change in the methodology used at December 31, 2014.
The three levels of inputs used to measure fair value are as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets or liabilities in active markets; quoted prices for similar assets or liabilities in inactive markets; or other inputs that are observable or can be corroborated by observable market data.
- Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. This includes certain pricing models, discounted cash flow methodologies, and similar techniques that use unobservable inputs.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of reporting periods:

| | Fair Value | Quoted Prices in Active Markets for Identical Assets (Level 1) | Observable Inputs Other Than Quoted Prices (Level 2) | Significant Unobservable Inputs (Level 3) |
|---|---|---|---|---|
| December 31, 2014 | | | | |
| Pooled separate accounts | $ 4,776,580 | $ - | $ 4,776,580 | $ - |
| December 31, 2013 | | | | |
| Pooled separate accounts | $ 4,714,537 | $ - | $ 4,714,537 | $ - |

5. Investments

The following presents the Plan's investments as of December 31, 2014 and 2013, with individual investments that represent 5% or more of the Plan's net assets separately identified:

| | 2014 | 2013 |
|---|---|---|
| Pooled Separate Accounts: | | |
| Lifestyle Growth | $ 729,666 | $ 1,013,548 |
| Lifestyle Balanced | 733,982 | 929,644 |
| Lifestyle Conservative | 337,612 | 323,772 |
| Other investments less than 5% of Plan assets | 2,975,320 | 2,447,573 |
| Total | $ 4,776,580 | $ 4,714,537 |

6. Tax Status

The Internal Revenue Service has determined and informed the Companies by a letter dated January 31, 2006, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan’s financial statements. Generally, the three prior years remain open for federal income tax examination.

7. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes may materially affect participants' account balances and the amounts reported in the statement of net assets available for Plan benefits.

8. Subsequent Events

The Plan has evaluated subsequent events through October 13, 2015, the date which the financial statements were available to be issued. The Plan has no subsequent events to report.
