PREFERRED IMAGING PAYROLL CO., LLC 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2014 and 2013

A. Description of the Plan

General

The following brief description of the Preferred Imaging Payroll Co., LLC 401(k) Retirement Plan (the "Plan") is provided for general information purposes only. The Plan is sponsored by Preferred Imaging Payroll Company, LLC (the "Plan Sponsor" or "Company"). Participants should refer to the Plan document for more complete information. The Company's corporate offices are located in Plano, Texas.

The Plan was effective January 1, 2007, and is a defined contribution plan available to substantially all employees of the Company who have attained age 18 and effective January 1, 2014, have completed three months of service. Prior to January 1, 2014 employees had to complete six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The purpose of the Plan is to enable eligible employees to defer compensation and share in employer contributions, and to save and invest funds for retirement.

Contributions

Participants may contribute up to 100% of pre-tax annual compensation, as defined by the Plan. Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code (the "Code") as defined in the Plan document. Roth contributions are also allowable. Eligible participants may make a rollover contribution to the Plan.

Participants who are eligible to make salary deferral contributions under the Plan and who have attained age 50 before the close of the Plan year may make catch-up contributions in accordance with, and subject to the limitations imposed by the Code.

The Company may make a discretionary matching contribution equal to a uniform percentage or dollar amount of the participants' elective deferrals, up to 4% of the participant's eligible compensation contributed to the Plan. In 2014 and 2013, the Company made matching contributions of 50% up to 4% of each participant's eligible compensation.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of: (a) the Company's contribution; and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

A. Description of the Plan – continued

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company contribution portion of accounts, plus actual earnings thereon is as follows:

Years of Service	Vested Percentage
Less than 1 year	0%
1 year	25%
2 years	50%
3 years	75%
4 years	100%

Participants must work 1,000 hours in a year to accumulate a year of service.

In the event of death, disability, or reaching the normal retirement age of 65, as defined by the Plan, the participant will become fully vested.

Loans

Participants may borrow from their accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their account balance. The $50,000 maximum loan amount is reduced by the highest loan balance during the past 12 months minus the loan balance on the date a new loan is made. Loan terms range up to five years or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate of 6%, commensurate with local prevailing rates as determined by the Plan Sponsor. Principal and interest is paid ratably through payroll deductions.

Benefit Payments

Participants withdrawing during the year for reasons of service or disability, retirement, death, or termination are entitled to their vested account balance. Benefits are distributed in the form of rollovers or lump sum payments. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited.

A participant may receive a hardship distribution from salary reduction contributions if the distribution is: (1) on account of uninsured medical expenses incurred by the participant, their spouse, or dependents; (2) to purchase (excluding mortgage payments) a principal residence of the participant; (3) for the payment of post-secondary tuition expenses; (4) needed to prevent eviction of the participant from their principal residence or foreclosure upon the mortgage of the participant's principal residence; (5) for payments for the funeral or burial expenses for a participant's parent, spouse, child, or dependent; or, (6) to repair damage to a participant's principal residence that would qualify for a casualty loss.

A. Description of the Plan – continued

Forfeitures

Forfeited balances of terminated participants' non-vested accounts are used first to pay Plan expenses and then to offset employer matching contributions for the Plan year. Forfeitures allocated to reduce matching contributions were $0 for 2014 and 2013. Unallocated forfeitures outstanding as of December 2014 and 2013 were $14,790 and $9,171 respectively.

Investment Options

Upon enrollment in the Plan, a participant may direct their salary deferrals in 1% increments into any of the Plan's investment options.

Plan Expenses

Employees of the Company perform certain administrative functions with no compensation from the Plan. In accordance with Plan provisions, the Company pays substantially all costs relating to asset charges and recordkeeping. All significant administrative expenses are paid by the Company and are not reflected in the accompanying financial statements.

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the Plan's administrator, and in the period in which they are deducted, in accordance with salary deferral agreements.

B. Summary of Significant Accounting Policies – continued

Investment Valuation and Income

The investments of the Plan are stated at fair value as of the end of the year and are subject to market or credit risks customarily associated with equity investments. Fair value measurements are determined in accordance with GAAP, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. See Note D for information related to the Plan's valuation methodologies under GAAP.

Investment gains and losses are accounted for using the average cost basis of the securities sold. The net realized and unrealized gains on investments include realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year end. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Fully Benefit-Responsive Investment Contracts

The Plan accounts for its investment in the SEI Trust Company Fixed Fund (the "Fixed Fund"), which is a common/collective trust, in accordance with GAAP. As required by GAAP, the accompanying statements of net assets available for benefits presents the fair value of the investment in the Fixed Fund, which approximates contract value as of December 31, 2013. The accompanying statements of changes in net assets available for benefits are prepared on a contract-value basis. All investment contracts held by the Fixed Fund during the period from January 1, 2012 through December 5, 2013 (date of termination of the underlying guaranteed investment contracts) were fully benefit responsive. The contract value of the fully benefit-responsive investment contracts represents contributions plus earnings, less participant withdrawals and administrative expenses. The investment contracts held by the Fixed Fund were terminated throughout November and December 2013, and as a result, all of the related trust's securities were liquidated and the proceeds thereof were invested into money market investments held by the trust. As of December 31, 2014, there was no balance recorded in the common/collective trust.

Notes Receivable from Participant Loans

Notes receivable from participant loans are recorded at the unpaid principal balance plus accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

C. Investments

The fair values of investments that represent 5% or more of net assets available for benefits at December 31 are as follows:

	2014
Oppenheimer Real Estate Fund	$ 632,083
MFS Growth Allocation Fund	630,501
MFS International Diversification Fund	549,897
American Funds Target Date 2045	527,491
MFS Moderate Allocation Fund	381,742
Putnam Income	372,397
MFS Aggressive Growth Allocation Fund	369,864
American Century Money Market Fund	239,431

	2013
MFS International Diversification Fund	$ 504,909
American Century LIVESTRONG 2045 Portfolio	501,089
Oppenheimer Real Estate Fund	436,653
MFS Growth Allocation Fund	423,394
Calvert Income Fund	331,875
MFS Aggressive Growth Allocation Fund	301,538
MFS Moderate Allocation Fund	243,526
SEI Trust Company Fixed Fund	224,656

During 2014 and 2013 the Plan's net realized and unrealized gains on investments of $131,213 and $290,035 respectively, were made up solely of mutual funds.

D. Fair Value Measurements

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used. The three levels defined in GAAP are as follows:

- Level 1 — observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.

- Level 2 — observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.

- Level 3 — inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

GAAP requires that we describe the methodologies used to measure the fair value of assets and liabilities. We have described below the methodology used to measure each major category of investments. There have been no other changes in the methodologies used at December 31, 2014 and 2013.

- *Mutual funds*: Valued at the published per share net asset value ("NAV") of shares held by the Plan at year end and are classified within Level 1 of the valuation hierarchy.

- *Money Market Fund:* Measured at amortized cost, which approximates market value. The Plan's money market fund is traded on an open market and has a trade value of $1.00. As such, the fund is categorized as Level 1 within the fair value hierarchy and recorded within mutual funds in the statement of net assets available for benefits.

- *Common/collective trust*: Contract value of these investments is determined using the NAV of units held by the Plan, as reported by the managers of the common/collective trust and as supported by the unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date. Using the audited financial statements of the common/collective trust, the fair value of these investments is determined by reference to the respective common/collective trust's underlying assets, with the investment manager specifying the source(s) to use for underlying investment asset prices. The common/collective trust is classified within Level 2 of the valuation hierarchy as of December 31, 2013. As of December 31, 2014, the Plan no longer held this investment.

D. Fair Value Measurements – continued

The following table details the Plan's investments at fair value by level, within the fair value hierarchy, as of December 31, 2014 and 2013. The Plan has no investments classified within Level 3 of the valuation hierarchy as of December 31, 2014 and 2013.

	2014			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds				
Large blend	$ 564,536	$ -	$ -	$ 564,536

	2013

Total investment at fair value	$ 3,314,431	$ 224,656	$ -	$ 3,539,087

These items are classified in their entirety based on the lowest priority level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the placement of assets and liabilities within the levels of the fair value hierarchy.

E. Information Certified by the Custodian

The Plan administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator limited auditing procedures with respect to the investment information certified by Reliance Trust Company, the custodian, which included total investments as of December 31, 2014 and 2013, the total net investment income for the years ended December 31, 2014 and 2013, and all information included in the supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2014.

F. Tax Status

Effective January 1, 2007, the Company adopted a Defined Contribution Prototype Plan and Trust. Effective January 1, 2014 the Plan was amended and restated with an updated prototype plan. The Internal Revenue Service ("IRS") has issued an opinion letter dated March 31, 2014, stating that the prototype plan is acceptable under Section 401(a) of the Code for use by employers for the benefit of their employees. The Company may rely on this letter with respect to the qualification of the Plan under Code Section 401(a) with certain limitations.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Company believes it is no longer subject to income tax examination for years prior to 2011.

G. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan terminates, all amounts credited to participant's accounts will become 100% vested.

H. Parties-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

During 2014 and 2013, the only parties-in-interest transactions were related to participant loans. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

I. Subsequent Events

In preparing the accompanying financial statements, management of the Company has evaluated all subsequent events and transactions for potential recognition or disclosure through October 14, 2015, the date the financial statements were available for issuance.
