1. Description of the Plan

The following description of the Steadfast 401(k) Plan (the Plan) is provided for general informational purposes only. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 2001, by Steadfast Management Company, which was subsequently replaced by Steadfast Investment Properties, Inc. (the Employer), as a qualified defined contribution plan, with a cash or deferred arrangement (CODA), covering employees who have met certain eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). John Hancock Life Insurance Company (USA) (John Hancock) serves as the Custodian of Plan assets. The Plan's assets are invested through a group annuity contract into units of interest in sub-accounts at John Hancock.

Eligibility

Employees become eligible to participate in employee deferral, employer discretionary matching contributions and employer profit sharing contributions upon reaching age 18 and after completing three months of service. Pursuant to an amendment dated December 10, 2013, effective January 1, 2014, employees become eligible to participate upon reaching age 18 and after completing one month of service. The entry date for the Plan is the first day of the month following the date the employee meets the eligibility requirements.

Participant Contributions

Participants may make pretax and after-tax (Roth 401(k)) contributions, up to the lesser of their annual compensation or the maximum amount allowed by law (plus catch-up contributions for participants over age 50) as presented in the following table:

Calendar Year	Limit	Catch-Up
2013	$ 17,500	$ 5,500
2014	$ 17,500	$ 5,500

The Plan also provides for automatic enrollment at a 4% contribution rate for all new and returning employees.

Employer Contributions

Each year the Employer may elect to make a profit sharing contribution, subject to certain limitations. The Employer did not make a profit sharing contribution for the years ended December 31, 2014 and 2013.

In addition to the discretionary profit sharing contribution, the Employer may make matching contributions equal to a discretionary percentage, as determined by the Employer, of the participant's salary reductions. For the years ended December 31, 2014 and 2013, the Employer made no matching contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Employer's contributions (as described above), and Plan earnings. Participant accounts are charged with an allocation of administrative expenses and Plan losses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of the Plan (Continued)

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Employer's contributions plus actual earnings thereon is based on years of service according to the following schedule:

Years of Service	Vested Percentage
1	25%
2	50%
3	75%
4	100%

Each participant's vested interest becomes distributable upon retirement, attainment of age 59 1/2, financial hardship, termination of employment, disability, or death. Participants become fully vested in the Employer's contribution in the event of total or permanent disability while employed by the Employer or upon normal retirement at the age of 65.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to the lesser of 50 percent of their account balance or $50,000 minus the participant's highest outstanding loan amount during the prior 12 month period. The maximum number of loans that may be outstanding at any time for any participant is two. Loan transactions are treated as transfers between the investment fund and the participant loans fund. Generally, loan terms may not exceed 5 years, except for loans used for the purchase of a primary residence, for which the plan administrator may permit a longer repayment period. The loans are required to bear a reasonable interest rate, set by the plan administrator, who will review the interest rates charged for similar types of loans by other lenders. Loans are secured by the participants' vested interests in the Plan. Nonpayment of loans is considered a default and treated as a distribution. Principal and interest are paid ratably through semi-monthly payroll deductions. For the years ended December 31, 2014 and 2013, the interest rate on participant loans was 4.25%.

Payment of Benefits

Upon termination of service due to death, disability, normal retirement or other reasons, a participant will receive a lump-sum amount equal to the value of the participant's vested interest. The Plan provides for hardship withdrawals if participants meet the requirements for such a withdrawal as defined in the Plan.

Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions and allocable Employer contributions into any investment options that the Plan offers and may change the investment options on a daily basis.

Forfeitures

Upon termination of employment of a participant, the non-vested portion of Employer contributions is forfeited. Forfeitures are first used to pay any administrative expenses and then to reduce any Employer contributions. Forfeitures used for the years ended December 31, 2014 and 2013 were $795 and $0, respectively. At December 31, 2014 and 2013, forfeited non-vested accounts totaled $640 and $795, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisor, Custodian and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on the investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2014 and 2013. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan agreement.

3. Investments

The following table presents investments that represent 5% or more of the Plan's net assets as of December 31:

	2014	2013
Lifestyle Balanced Fund	$ 797,215	$ 757,022
500 Index Fund	845,180	758,071
Lifestyle Growth Fund	716,018	656,893
T. Rowe Price Health Science	551,131	*
Retirement Living 2010	*	542,802
PIMCO Total Return	*	472,627

** Balance was less than 5% of the Plan's net assets*

During 2014 and 2013, the Plan's investments held in mutual funds in sub-accounts (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $535,711 and $1,374,091, respectively.

4. Fair Value Measurements

Fair value measurements are based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 – Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

4. Fair Value Measurements (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual funds held in sub-accounts: Valued at the net asset value of units held by the Plan at year end and, generally, include the use of significant observable inputs in determining the unit value. There are no restrictions as to the redemption of these investments, nor does the Plan have any contractual obligations to further invest in any of these sub-accounts.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's underlying investments at fair value as of December 31:

	Asset at Fair Value, Level 2	
	2014	2013
Mutual funds held in sub-accounts		
Equity funds	$ 2,093,190	$ 1,826,208
Hybrid funds	5,336,722	4,112,249
Index funds	1,124,062	1,148,521
Sector funds	1,091,779	748,951
Fixed income funds	969,953	830,985
Total investments, at fair value	$ 10,615,706	$ 8,666,914

5. Information Certified by the Plan's Custodian

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock, the Custodian of the Plan, has certified to the completeness and accuracy of the following information which is included in the financial statements as of and for the years ended December 31, 2014 and 2013, and for the supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2014:

	2014	2013
Cash	$ 640	$ 795
Investments, at fair value	10,615,706	8,666,914
Participant contribution receivable	59	-
Notes receivable from participants	331,317	233,053
Net appreciation in fair value of investments	535,711	1,374,091
Other income	13,469	7,095
Interest income on notes receivable from participants	13,033	10,614

6. Related Party Transactions

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. John Hancock is the Custodian and QBI, LLC is the Recordkeeper of the Plan and, therefore, investment transactions entered into by the Custodian and Recordkeeper qualify as party-in-interest transactions, which are exempt from the prohibited transactions rules. For the years ended December 31, 2014 and 2013, the Plan paid contract administration fees of $9,107 and $2,274, respectively.

7. Risks and Uncertainties

The Plan provides for various investment options in investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect Participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits. In addition, the Plan holds substantially all of its assets with one institution. In the event of the institution's failure, the Plan could be subject to losses.

8. Plan Termination

Although it has not expressed intent to do so, the Employer has the right under the Plan to amend or terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, all participants become 100% vested in their accounts.

9. Tax Status

The Plan is a volume submitter profit sharing plan with CODA, which is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the opinion letter on March 31, 2008, which stated that the plan is in accordance with the IRC. The plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by IRS and DOL jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2011.

10. Subsequent Events

Pursuant to an agreement signed December 1, 2014, effective March 15, 2015, the Plan appointed Reliance Trust as the Custodian of the Plan's assets and Transamerica Retirement Solutions as the Recordkeeper and Third-Party Administrator of the Plan.

Pursuant to an adoption agreement restatement dated February 25, 2015, effective March 15, 2015: (a) employees become eligible to participate in the employee deferral, employer discretionary matching contributions and employer profit sharing contributions upon reaching age 18 and after completing 60 days of service. (b) employees may make pretax and after-tax (Roth 401(k)) contributions, up to the lesser of 75% of their annual compensation or the maximum amount allowed by law. Employees may also contribute 100% of any irregular pay. (c) all participating employees are automatically enrolled at a 6% deferral rate, absent an affirmative election not to participate. Employees already participating at a lower deferral rate will have their deferral rate increased to 6%. The automatic deferral amount will increase by 1% on the first day of each subsequent Plan year, up to a maximum of 12% of compensation, unless the employee makes a new salary deferral election. (d) distributions under the Plan may be made in lump-sum or partial withdrawals. (e) forfeitures may no longer be used to reduce administrative expenses. Forfeitures can only be used to reduce Employer contributions.

Beginning with the July 10, 2015 pay date, the Employer commenced making matching contributions of 25%, up to 8% of the participant's deferral with a maximum of $2,000 per participant.

The Plan has evaluated subsequent events through the date of the independent auditor's report, which is the date the accompanying financial statements were available to be issued.
