Note 1 - Description of Plan

The following brief description of the Gerald Champion Regional Medical Center 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Gerald Champion Regional Medical Center (the Company) except for individually designated contract employees. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees are eligible to participate in the Plan if they have completed three months of service and are 18 years of age.

Entry Date

Employees may enter the Plan on the first day of each month coinciding with or following the date they satisfy the Plan's eligibility requirements.

Contributions

Each year, participants may contribute up to 90% of pretax annual compensation, as defined in the Plan. Contributions are subject to certain Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. The Plan instituted automatic enrollment for those employees hired on or after January 1, 2007 in which the Plan sponsor will automatically withhold 3% of the employees compensation upon becoming eligible to participate unless otherwise elected by the participant. Effective January 1, 2014, following a 30-day opt-out period, all participants shall have their pre-tax deferral rate increased by 1% each year on each participant's date of hire, up to a maximum deferral rate of 10%, unless a participant specifically elects otherwise.

Effective March 1, 2014, the Plan was amended to terminate employer safe harbor matching contributions to all employees. During January and February 2014, the Company matched 100% of the first 4% of participant's elective deferral, and 50% of the next 2% of participant's elective deferral on collective bargaining unit employees only. Additional amounts may be contributed at the discretion of the Company's board of directors. No such additional discretionary contributions were made for the year ended December 31, 2014.

Participant Accounts

Each participant's account is credited with the participant's contribution and for bargaining unit employees, the Company's matching contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant's earnings, account balances or specific participant transactions, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment to the Plan, a participant may direct deferrals and employer contributions in any funds offered by the Plan. Participants may change their investment options daily. The Company and the Plan offer educational resources to participants to assure participants are provided information to make informed investment decisions.

Vesting

Participants are immediately vested in all contributions plus actual earnings thereon.

Forfeitures

At December 31, 2014 and 2013, forfeited non-vested accounts totaled \$110,045 and \$75,266, respectively. These accounts are expected to be allocated to the participant accounts during 2015. No employer contributions were reduced from forfeited non-vested accounts during the year ended December 31, 2014.

Payment of Benefits

Participants may elect to receive either a lump-sum amount equal to the value of their vested interest or annual installments as defined in the Plan Document upon retirement, termination, death or disability. A terminated employee with a balance of less than \$1,000 may be automatically paid out by the Plan. Any terminated participants with a balance between \$1,000 and \$5,000 can still be automatically paid out if their balance is rolled into a qualified Individual Retirement Account. Distributions may be made as a hardship as defined in the Plan document.

Death Benefits

The designated beneficiary is entitled to a death benefit distribution equal to the participant's vested account balance.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 2 - Significant Accounting Policies and Use of Estimates

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts, which approximates contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis for fully benefit-responsive investment contracts.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

Payments of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

The Plan's expenses are paid by either the Plan or the Company, as provided by the Plan Document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Note 3 - Investments

The Plan's investments that represented 5 percent or more of net assets available for benefits as of December 31, 2014 and 2013 are as follows:

	2014	2013
Prudential IncomeFlex Target Easypath 2020	\$ 3,501,728	\$ 3,426,386
Prudential IncomeFlex Target Easypath 2025	3,443,368	4,076,328
Prudential IncomeFlex Target Easypath 2030	3,276,288	3,042,751
Prudential IncomeFlex Target Easypath 2035	2,372,235	2,102,904
Prudential IncomeFlex Target Easypath 2015	1,816,029	2,086,006
Prudential IncomeFlex Target Easypath 2040	1,783,613	1,615,094
Prudential Guaranteed Income Fund	1,486,458	719,740

During the year ended December 31, 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year), appreciated in value as follows:

Mutual funds	\$ 33,673
Pooled separate accounts	<u>1,080,752</u>
Net appreciation in fair value of investments	<u><u>\$ 1,114,425</u></u>

The classification of investment earnings reported above and in the statement of changes in net assets available for benefits may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the FASB ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual Funds – Valued at the fair value based on the quoted net asset value (NAV) of shares held by the Plan at year end.

Pooled Separate Accounts – Valued at fair value based on NAV of the observable market prices of the underlying assets within that account less liabilities.

Gerald Champion Regional Medical Center 401(k) Plan

Notes to Financial Statements

December 31, 2014 and 2013

Guaranteed Investment Contract – The fair value of the guaranteed investment contract is based on contract value. The contract value is determined based on all deposits or transfers into the investment contract plus any interest earned less all withdrawals and Plan expenses relating to the investment contract.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

The EasyPath® Funds are a suite of twelve multi-asset class target-date funds designed to be integrated with the Prudential IncomeFlex Target® retirement income solution – a group variable annuity offered as a retirement plan option that features a guaranteed minimum withdrawal benefit for an additional fee. Most of the underlying investments highlight Prudential Retirement Insurance and Annuity Company (PRIAC) investment core competencies in traditional and non-traditional asset classes. Eleven of the Funds in the suite are managed to specific target dates – 2010, 2015, 2020, 2025, 2030, 2035, 2040, 2045, 2050, 2055 and 2060 and the twelfth (IncomeFlex Target® EasyPath® Balanced Fund) is designed for current retirees. The EasyPath 2010 - 2060 Fund's active strategic asset allocation strategy allows investors who expect to retire and begin withdrawing their money between years 2012 and 2058 to remain in a single fund through every life stage.

The Target® EasyPath® 2010-2060 Funds (hereinafter “The Funds”) is intended to provide a disciplined and diversified investment solution for defined contribution plan participants. The asset allocations and glide path are designed to maximize the potential that the participant's account balance, in conjunction with the Prudential IncomeFlex Target® guarantees, will provide a reliable source of lifetime income. The Prudential IncomeFlex Target® guarantees are supported by the general account of Prudential Retirement Insurance and Annuity Company; the Fund itself provides no guarantees. There is no assurance the objectives of the Fund will be met. The IncomeFlex Target® guarantee for this Fund is activated in January 2050, and no guarantee fees will be charged prior to that time. Before the activation dates, there are no IncomeFlex guarantees and no guarantee fee is charged.

The EasyPath Balanced Fund is intended to provide a disciplined and diversified investment solution for defined contribution plan participants. The asset allocation is designed to increase the potential that the participant's account balance, in conjunction with the Prudential IncomeFlex Target® Guarantees, will provide a reliable source of lifetime income. The Prudential IncomeFlex Target® Guarantees are supported by the general account of Prudential Retirement Insurance and Annuity Company; the asset allocation fund itself provides no guarantees. There is no assurance the objectives of the Fund will be met.

Note 5 - Information Certified by the Trustee and Custodian

The Plan administrator has elected the method of compliance permitted by the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, no independent auditing procedures were performed with respect to the information certified by Prudential Bank and Trust, F.S.B. and Prudential Retirement Insurance and Annuity Company, the trustee and custodian of the Plan.

The Plan trustee and custodian have certified its statement of accounts as of December 31, 2014 and 2013 and for the year ended December 31, 2014. The statement of accounts includes beginning and ending balances of investments held and detail of all transactions during the period, including investment earnings, other than the fair value of the guaranteed investment contract. The trustee and custodian have certified the contract value of the guaranteed investment contract, which approximates fair value.

Note 6 - Tax Status

The Plan uses a prototype plan document sponsored by Prudential Insurance Company of America (Prudential). Prudential received an opinion letter from IRS, dated March 31, 2008, stating that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

Note 7 - Contract with Insurance Company

The Plan has a benefit-responsive guaranteed investment contract (GIC) with Prudential. Prudential maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Prudential is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the GIC is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the GIC. The GIC is presented on the face of the statement of net assets available for benefits at fair value, which equals contract value, in arriving at net assets available for benefits. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2014 and 2013 was \$1,486,458 and \$719,470, respectively. The crediting interest rate is based on a formula agreed upon with Prudential, but may not be less than 1.5%. Such interest rates are reviewed on a quarterly basis for resetting. Prudential considers many factors in establishing interest crediting rates including current economic and market conditions and the general interest rate environment. The actual rate and interest rate credited to participants paid in 2014 and 2013 was 1.90% and 1.95%, respectively.

The GIC does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. Generally, there are not any events that require the Plan Sponsor to settle at an amount different than contract value.

Note 8 - Related Party and Party-in-Interest Transactions

Certain Plan investments are shares of pooled separate accounts and a guaranteed investment contract managed by Prudential Bank and Trust, F.S.B., the trustee and custodian as defined by the Plan. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are exempt party-in-interest transactions under ERISA.

Note 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10 - Plan Amendments

Effective March 31, 2014, the Plan was amended to terminate employer safe harbor matching contributions to all employees.

Note 11 - Excess Contributions Payable

Amounts payable to participants for contributions in excess of nondiscrimination provisions are recorded as a liability with a corresponding reduction to contributions. The amount of excess contributions was \$21,370 for the year ended December 31, 2014.

Note 12 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2014 and 2013, to Form 5500:

	<u>2014</u>	<u>2013</u>
Net assets available for benefits per the financial statements	\$ 21,103,782	\$ 20,393,941
Excess contributions payable	<u>21,370</u>	<u>-</u>
Net assets available for benefits per Form 5500	<u><u>\$ 21,125,152</u></u>	<u><u>\$ 20,393,941</u></u>

The following is a reconciliation of contributions per the financial statements at December 31, 2014, to Form 5500:

	<u>Amount</u>
Total participant contributions per the financial statements	\$ 1,848,776
Add excess contributions payable - December 31, 2014	<u>21,370</u>
Total participant contributions per the Form 5500	<u><u>\$ 1,870,146</u></u>

Note 13 - Subsequent Events

Effective January 1, 2015, the discretionary employer match was reinstated for all employees. The employer will match \$.50 for every \$1.00 contributed up to the first 6% of deferrals.

The Plan Sponsor has evaluated subsequent events through October 12, 2015, the date which the financial statements were available to be issued.
