Notes to Financial Statements

1. Plan Description

The following description of the Tom Bush Companies 401(k) Plan (the "Plan") provides only general information. Plan participants should refer to the Plan document for a more complete description of the Plan's provisions.

Deconversion

At the end of 2013 and 2014, management made a decision to change the Trustee of the Plan and accordingly there was a blackout period during which all investments were converted to cash as of December 31, 2013 and 2014. See Note 9.

General

The Plan is a defined contribution plan covering all employees of Tom Bush Volkswagen, Inc., and related companies, Tom Bush Motors, Inc. d/b/a Mazda City of Orange Park and Tom Bush Autoplex, Inc., (the "Companies") who have attained the age of twenty-one and have met the statutory requirement of 1,000 hours of service in their first twelve months of employment or any Plan year thereafter. Employees meeting the statutory requirements can enter the Plan on the first day of each month. The Plan excludes persons who are treated as independent contractors on the books and records of the Companies (the "Employer"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute not less than 2% and up to 100% of pretax annual compensation, as defined in the Plan, subject to the maximum dollar deferral amount determined yearly by the Federal Government. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Voluntary after-tax contributions of up to 25% of compensation are also permitted. The Companies match 50% of the first 5% of base compensation that a participant contributes to the Plan. Participants direct the investment of their contributions and the Companies' matching contributions among various mutual fund investment options offered by the Plan's Trustee, Reliance Financial Corporation. Contributions are subject to certain other limitations.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited or charged in accordance with the provisions as outlined in the Plan. Credits to each participant's account include: the participant's contribution, allocation of the Companies' contribution, and Plan earnings. Each participant's account is charged with Plan losses and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000, or 50%, of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a fixed rate of prime plus 1% at the loan origination date, which is commensurate with local prevailing rates as determined monthly by the Plan Trustee. Principal and interest is paid ratably through payroll deductions.

Vesting

Participants are immediately vested in their contributions including actual earnings thereon. Vesting in the Company's contribution portion of their account is based on years of service using the elapsed time method. For purposes of vesting, an employee shall be credited with a number of years of service equal to at least the number of whole years of the employee's period of service, whether or not such periods of service were completed consecutively. A participant is 100% vested in the Companies' contribution portion after six years of credited service.

Distributions and Benefits to Participants

A participant may withdraw all or any portion of his account balance, as defined in the Plan agreement, under circumstances of termination of employment, attaining the normal retirement age, attaining the age of fifty-nine and one-half, death, disability or financial hardship. Distributions to the participants are to be paid in either lump sum amounts or in installments over the lifetime of the participant.

Forfeitures

Any non-vested portion of the Company's contributions credited to participant accounts who withdraw prior to becoming vested are forfeited and will be used by the Companies to reduce Plan expenses or future employer contributions. At December 31, 2014 and 2013, forfeited amounts were $5,093 and 6,315, respectively. During 2014 and 2013, forfeitures of $5,093 and $5,906 were used to reduce employer contributions, respectively.

2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements are presented on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan’s administrative expenses are paid by either the Plan or the Companies, as provided by the Plan document. Certain administrative functions are performed by employees of the Companies. No such employee receives compensation from the Plan. Expenses relating to specific participant transactions (notes receivable from participants and distributions) are charged directly to the participant’s account.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities, at the date of the financial statements. Actual results could differ from those estimates.

Risk and Uncertainties

The Plan utilizes various investment instruments, which are exposed to various risks, such as interest rates, credit and overall market volatility. Due to the level of risk associated with certain investments securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through October 15, 2015 the date the financial statements were available to be issued.

3. Unaudited Information Certified by Trustees

As of December 31, 2014 and 2013 and for the year ended December 31, 2014, the Plan Administrator elected, as permitted by Section 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, to have the financial information certified by the Trustee, Reliance Trust Company as of and for the year ended December 31, 2014 and Suntrust Bank as of December 31, 2013. The following is a summary of the unaudited information included in the Plan's financial statements and supplementary information that was prepared by or derived from information prepared and certified to be complete and accurate by the Trustees and furnished to the Plan.

	2014	2013
Statements of net assets available for benefits:		
Cash	**$ 10,926,133**	$ 10,259,731
Notes receivable from participants	**336,111**	332,307
Statement of changes in net assets available for benefits:		
Net appreciation in fair value of investments	**$ 58,800**	
Interest and dividends	**$ 482,947**	

Additionally, the information in Notes 4 and 5 and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) was provided and certified by the Trustees.

4. Investments

The following presents investments at December 31, 2014 and 2013 that represents 5% or more of the Plan's net assets:

	2014	2013
Cash	**$ 10,926,133**	$ 10,259,731

5. Fair Value Measurements

GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liabilities has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurements. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Money market and mutual funds

Share Prices/Net Asset Values ("NAV") reported on the Plan Summary Reports for NAV mutual funds are generally obtained from a file feed from the National Securities Clearing Corporation, and/or directly from the fund house, or a secondary pricing source, such as Interactive Data Corporation ("IDC").

Participant loans

The stated value of participant loans represents the outstanding principal balance of the loan, taking into account the applicable interest rate, amortization schedule, and repayments made for each loan. Loan balances approximate fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As of December 31, 2014 and 2013, all of the Plan's investments were in cash, which is being reported as a Level 1 investment.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the respective participant interests, net of any termination fees, shall become fully vested.

7. Tax Status

The Plan has not obtained a determination letter from the Internal Revenue Service ("IRS") stating that the Plan was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan is relying on the IRS approval of the volume submitter plan that it is utilizing. The IRS has determined and informed the Trustee by a letter dated March 31, 2008 that the volume submitter Plan document was designed in accordance with applicable sections of the IRC. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2011.

8. 5500 Reconciliation

The following is a reconciliation of net assets available for benefits per the accompanying 2014 and 2013 financial statements to Schedule H of Form 5500.
