NOTE 1 - DESCRIPTION OF PLAN

The following description of the Vantage Specialty Chemicals 401(k) ("Plan") (f/k/a Vantage Specialty Chemicals 401(k) and Profit Sharing Plan), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan that covers eligible employees of Vantage Specialty Chemicals, Inc. ("Company") who have attained the age of 21 years old. Employees become eligible to enroll in the Plan on the first day of employment. Eligible employees are automatically enrolled in the Plan 30 days after meeting eligibility requirements.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective September 1, 2012, the Plan name was changed from H.I.G. Chemicals, Inc. 401(k) Plan to the Vantage Specialty Chemicals 401(k).

Contributions: Each year, participants may contribute to the Plan up to 60% of compensation, as defined by the Plan, not to exceed limits imposed by the Internal Revenue code. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Plan provides for discretionary matching and profit sharing contributions at the election of the Board of Directors of the Company. Employer contributions of $1,103,878 and $1,367,342 were made during the plan year ending December 31, 2014 and 2013.

Participant Accounts: The Plan maintains a separate account for each participant. This account consists of the participant's contributions, the participant's share of employer contributions, and their share of the Plan's net earnings and losses, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options: Participants direct the investment of their contributions and the Company contributions into the various investment options offered by the Plan. Participants may change their investment options daily.

Vesting: Participants are fully vested in their voluntary contributions, matching contributions and earnings thereon. Participants that entered into the Plan prior to January 1, 2013 are subject to vesting requirements which state that Company nonelective contributions and earnings thereon vest as follows:

Years of Service	Vested
Less than 3	0%
3 and over	100

(Continued)

NOTE 1 - DESCRIPTION OF PLAN (Continued)

As of January 1, 2013, the Plan was amended and vesting provisions were changed. For participants entering the Plan on or after January 1, 2013, Company nonelective contributions and earnings thereon vest as follows:

Years of Service	Vested
0	0%
1	20
2	40
3	60
4	80
5	100

Upon termination of participation in the Plan, the nonvested portion of a former participant's balance is forfeited. Participants are fully vested in the amount in their accounts attributable to the Company's contributions upon the attainment of normal retirement age, disability, or death.

Payment of Benefits: On termination of service, death, disability, or retirement, a participant may receive a lump-sum amount equal to the vested value of his or her account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. A participant may be eligible for a withdrawal due to early retirement or financial hardship in certain circumstances.

Allocation of Forfeitures: Forfeitures of employer contributions and the earnings on those contributions resulting from participants who leave the Company prior to vesting are retained in an unallocated forfeiture account. Forfeitures may be used to pay administrative expenses of the Plan or reduce future Company contributions.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of the Plan's termination, participants would remain 100% vested in their accounts.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a reasonable fixed rate as determined by the loan administrator at the time the loan is made. Principal and interest are paid ratably through payroll deductions.

Administrative Expenses: The Company pays substantially all administrative expenses of the Plan. Certain other expenses are paid by the Plan. Loan origination and maintenance fees are deducted from the participant's account. Investment management fees and certain operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, these management fees and operating expenses are reflected as a reduction of investment return for such investments.

(Continued)

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan have been prepared on the accrual basis of accounting.

Adoption of New Accounting Standards: In May and July 2015, the Financial Accounting Standards Board (FASB) amended existing guidance related to various disclosure requirements applicable to investments held by defined contribution pension plans. The new clarifies that a plan's investments in stable value funds are not fully benefit-responsive investment contracts (FBRICs) and should be measured and presented only at fair value. The new guidance also eliminates or simplifies various disclosure requirements applicable to plan investments. Adoption of the new guidance resulted in removal of investments for which fair value is measured at net asset value (or its equivalent) from the fair value hierarchy, the reporting of investments within the fair value hierarchy by general type rather than by classes of investments, and other changes in investment disclosure requirements. The Plan elected to early adopt these standards, each of which requires retrospective application to all periods presented. The adoption of these standards had no effect on the Plan's net assets available for benefits or changes therein. However, *Investments, at fair value* was reduced by $113,475 from the amount previously reported as of December 31, 2013 and the *Adjustment from fair value to contract* value for fully benefit-responsive investment contracts of $113,475 as of December 31, 2013 was eliminated.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks, such as interest rate, market, liquidity, and credit risks. Due to the level of risks associated with certain investments, and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results could differ from these estimates.

Payment of Benefits: Benefits are recorded by the Plan when paid.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Investment Valuation and Income Recognition: The Plan's investments, are reported at fair value as further described in Note 3. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Reclassifications: Some items in the prior year financial statements and footnote disclosures were reclassified to conform to the current presentation. Reclassifications had no effect on prior year net assets available for benefits or the prior year net increase in net assets available for benefits.

(Continued)

NOTE 3 - FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs when measuring fair value. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis which are held directly by the Plan are summarized below:

		Fair Value Measurements at December 31, 2014, Using		
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	$ 50,743,898	$ 50,743,898	$ -	$ -
Collective trust*	7,112,765	-	-	-
Total	$ 57,856,663	$ 50,743,898	$ -	$ -

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

*Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

		Fair Value Measurements at December 31, 2013, Using

Collective trust*	7,414,845	-	-	-

The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

NOTE 4 - UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated investment income and interest earned on notes receivable from participants, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan. This information has not been audited by independent accountants.

NOTE 5 - TAX STATUS

The Internal Revenue Service issued an opinion letter dated March 31, 2008 indicating that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. Although the Plan has been amended from the original prototype document, Plan management believes that the Plan is currently being operated in accordance with the Internal Revenue Code.

Accounting principles generally accepted in the United States of America requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2014 and 2013, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

(Continued)

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain investments are managed and administered by Fidelity Management Trust Company, the trustee, and Fidelity Investments, an affiliate of Fidelity Management Trust Company. Therefore, these investments are considered party-in-interest transactions. Administrative expenses of $30,788 were paid to the trustee of the Plan during 2014. Certain other professional fees for the administration and audit of the Plan were paid by the Company. Notes receivable from participants are also considered party-in-interest transactions.

Ladies and Gentlemen:

We are providing this letter in connection with your limited-scope audits of the financial statements of Vantage Specialty Chemicals 401(k) and Profit Sharing Plan ("Plan") as of December 31, 2014 and 2013 and for the year ended December 31, 2014. We understand that, at our instruction and as permitted by Regulation 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, you did not perform any audit procedures with respect to information prepared and certified to by Fidelity, in accordance with DOL Regulation 2520.103-5, other than comparing such information to the financial statements and supplemental schedules. Because of the significance of the information which you did not audit, we understand that you will not express an opinion on the financial statements and supplemental schedules taken as a whole.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement.

Except where otherwise stated below, immaterial matters less than $309,000 collectively are not considered to be exceptions that require disclosure for the purpose of the following representations. This amount is not necessarily indicative of amounts that would require adjustment to or disclosure in the financial statements.

We confirm, to the best of our knowledge and belief, as of the date of this letter, the following representations made to you during your audits:

1. We have fulfilled our responsibilities, as set out in the terms of the audit engagement letter dated August 24, 2015 for the preparation and fair presentation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States, and for the fair presentation of the accompanying supplemental schedules in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, and we believe the financial statements and supplemental schedules are fairly presented.
2. We are responsible for designing, implementing and maintaining internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to error or fraud. We acknowledge our responsibility for the design, implementation and maintenance of internal control to prevent and detect fraud.
3. All transactions have been recorded in the accounting records and reflected in the financial statements.
4. We have provided you:
    a. Access to all financial records, documentation and other information that is relevant to the preparation and fair presentation of the financial statements.
    b. Additional information that you have requested from us for the purpose of the audit.
    c. Unrestricted access to persons within the entity from whom you determined it necessary to obtain audit evidence.
    d. All minutes of the relevant committee and board meetings, or summaries of actions of recent meetings for which minutes have not yet been prepared.
    e. Plan instruments, trust agreements, and amendments to such documents entered into during the year (including amendments made to comply with applicable laws), or insurance contracts.
    f. All correspondence to and from regulatory agencies, including communications concerning compliance with laws and regulations.

g. Results of the assessment of risk that the financial statements may be materially misstated as a result of fraud.

5. We have no plans or intentions that may materially affect the carrying amounts or classifications of assets and liabilities.
6. We have identified all accounting estimates that could be material to the financial statements, including the key factors and significant assumptions underlying those estimates, and we believe the estimates are reasonable in the circumstances. These estimates include the fair values of Plan investments and derivative instruments and the classifications of Plan investments and derivative instruments within the fair value hierarchy, pursuant to and in accordance with FASB ASC 820, *Fair Value Measurements and Disclosures*.
7. Adequate provision has been made for adjustments and losses in collection of receivables. There were no investments in default and none are considered to be uncollectible.
8. The following have been properly recorded or disclosed in the financial statements, if applicable:
   a. Material liabilities or gain or loss contingencies that are required to be accrued or disclosed by FASB ASC 450, *Contingencies*.
   b. Significant accounting estimates that are susceptible to changing materially as a result of an event or change in conditions that is reasonably possible of occurrence within one year from the financial statement date.
   c. Concentrations that make the Plan vulnerable to the risk of a severe impact within one year from the financial statement date (including the nature and type of investments held by the Plan, or markets for which events could occur which would significantly disrupt normal finances within the next year).
   d. Amendments to the Plan document during the year or subsequently.
   e. Derivative financial instruments such as futures, forwards, swaps or options, or other financial instruments.
   f. Securities lending arrangements, including the associated collateral and policy for requiring collateral.
   g. Other financial instruments with significant "off-balance-sheet" risk of accounting loss to which the Plan is a party.
   h. Guarantees, whether written or oral, under which the Plan is contingently liable to a bank or other lending institution.
9. Related parties and all related party relationships and transactions, and transactions with parties-in-interest (as defined in ERISA section 3(14)) and related amounts receivable or payable, including sales, purchases, loans, transfers, leasing arrangements and guarantees, have been disclosed to you, and have been appropriately accounted for and disclosed in the financial statements in accordance with the requirements of accounting principles generally accepted in the United States.
10. We have no knowledge of any fraud or suspected fraud affecting the Plan involving:
    a. Management, whether material or not.
    b. Employees who have significant roles in internal control, whether material or not.
    c. Others when the fraud could have a material effect on the financial statements.
11. We have no knowledge of any allegations of fraud or suspected fraud affecting the Plan's financial statements received in communications from employees, former employees, participants, analysts, regulators, service providers, third party administrators, or others.
12. There have been no communications from regulatory agencies concerning noncompliance with or deficiencies in financial reporting practices that could have a material effect on the financial statements in the event of noncompliance.
13. The Plan and trust established under the Plan are qualified under the appropriate section of the Internal Revenue Code, and we intend to continue them as a qualified Plan and trust. The Plan sponsor has operated the Plan and trust in a manner that has not jeopardized this tax exempt status. The Plan has complied with fee disclosure requirements to participants under DOL Regulation Section 2550.404a-5, and has received the required disclosures from service providers under ERISA Section 408(b)(2). We understand that failure to comply could cause the Plan to enter into a prohibited transaction. Required nondiscrimination testing related to Code Section 401(k) and 401(m) arrangements, as applicable, has been completed for the Plan, and any excess deferrals or contributions have been disposed of in accordance with regulations.
14. All required filings of Plan and trust documents have been filed with the appropriate agencies.
15. There are no --
    a. Nonexempt transactions with parties in interest, as defined in ERISA section 3(14) and related regulations, that were not disclosed in the supplemental schedules or financial statements.
    b. Investments, loans, or leases in default or considered to be uncollectible that were not disclosed in the supplemental schedules.
    c. Reportable transactions as defined in ERISA section 103(b)(3)(H) and related regulations that were not disclosed in the supplemental schedules.

d. Untimely remittances of participant contributions to trusts containing assets for the Plan, as determined by the Department of Labor's participant contribution regulation (29 C.F.R. Sec 2510.3-102), that were not properly disclosed in the supplemental schedules.

16. The Plan has complied with the fidelity bonding requirements of ERISA.
17. There are no violations of any laws or regulations (including ERISA, DOL and IRS) whose effects should be considered for disclosure in the financial statements or as a basis for reporting a loss contingency, or other material liabilities or gain or loss contingencies that are required to be accrued or disclosed.
18. The Plan has satisfactory title to all owned assets. None of the Plan's assets were mortgaged, assigned, pledged, or encumbered by law in any other manner. No security agreements have been executed under the provisions of the Uniform Commercial Code, there are no liens or encumbrances on assets, and no assets have been pledged.

All matters of judgment involved in the calculation and determination of the fair values of investments, and all related valuation methods and assumptions and financial statement disclosures, including the reporting of investments within the fair value hierarchy defined by ASC 820, are the responsibility of management. The valuation methods and assumptions used are reasonable and supportable, have been determined in compliance with ASC 820, and have been adequately disclosed in the financial statements for all periods presented.
21. The methods and significant assumptions used result in a measure of fair value appropriate for financial statement measurement and disclosure purposes, in accordance with ASC 820, *Fair Value Measurements*.
22. The Plan has made no investments during the year that violate the terms of the Plan or Trust Agreement.
23. The Plan has complied with all aspects of debt and other contractual agreements that would have a material effect on the Plan's financial statements in the event of noncompliance.

27. There are no present intentions to terminate the Plan.
28. We have disclosed to you all known actual or possible litigation, claims and assessments whose effects should be considered by management when preparing the financial statements. These matters have been accounted for and disclosed in conformity with accounting principles generally accepted in the United States. 30. During the course of your audit, we have provided to you physical or electronic copies of various original documents. Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. NOTE 1 - DESCRIPTION OF PLAN

The following description of the Vantage Specialty Chemicals 401(k) ("Plan") (f/k/a Vantage Specialty Chemicals 401(k) and Profit Sharing Plan), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan that covers eligible employees of Vantage Specialty Chemicals, Inc. ("Company") who have attained the age of 21 years old. Employees become eligible to enroll in the Plan on the first day of employment. Eligible employees are automatically enrolled in the Plan 30 days after meeting eligibility requirements.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective September 1, 2012, the Plan name was changed from H.I.G. Chemicals, Inc. 401(k) Plan to the Vantage Specialty Chemicals 401(k).

Contributions: Each year, participants may contribute to the Plan up to 60% of compensation, as defined by the Plan, not to exceed limits imposed by the Internal Revenue code. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Plan provides for discretionary matching and profit sharing contributions at the election of the Board of Directors of the Company. Employer contributions of $1,103,878 and $1,367,342 were made during the plan year ending December 31, 2014 and 2013.

Participant Accounts: The Plan maintains a separate account for each participant. This account consists of the participant's contributions, the participant's share of employer contributions, and their share of the Plan's net earnings and losses, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options: Participants direct the investment of their contributions and the Company contributions into the various investment options offered by the Plan. Participants may change their investment options daily.

Vesting: Participants are fully vested in their voluntary contributions, matching contributions and earnings thereon. Participants that entered into the Plan prior to January 1, 2013 are subject to vesting requirements which state that Company nonelective contributions and earnings thereon vest as follows:

Years of Service	Vested
Less than 3	0%
3 and over	100

(Continued)

NOTE 1 - DESCRIPTION OF PLAN (Continued)

As of January 1, 2013, the Plan was amended and vesting provisions were changed. For participants entering the Plan on or after January 1, 2013, Company nonelective contributions and earnings thereon vest as follows:

Years of Service	Vested
0	0%
1	20
2	40
3	60
4	80
5	100

Upon termination of participation in the Plan, the nonvested portion of a former participant's balance is forfeited. Participants are fully vested in the amount in their accounts attributable to the Company's contributions upon the attainment of normal retirement age, disability, or death.

Payment of Benefits: On termination of service, death, disability, or retirement, a participant may receive a lump-sum amount equal to the vested value of his or her account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. A participant may be eligible for a withdrawal due to early retirement or financial hardship in certain circumstances.

Allocation of Forfeitures: Forfeitures of employer contributions and the earnings on those contributions resulting from participants who leave the Company prior to vesting are retained in an unallocated forfeiture account. Forfeitures may be used to pay administrative expenses of the Plan or reduce future Company contributions.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of the Plan's termination, participants would remain 100% vested in their accounts.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a reasonable fixed rate as determined by the loan administrator at the time the loan is made. Principal and interest are paid ratably through payroll deductions.

Administrative Expenses: The Company pays substantially all administrative expenses of the Plan. Certain other expenses are paid by the Plan. Loan origination and maintenance fees are deducted from the participant's account. Investment management fees and certain operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, these management fees and operating expenses are reflected as a reduction of investment return for such investments.

(Continued)

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan have been prepared on the accrual basis of accounting.

Adoption of New Accounting Standards: In May and July 2015, the Financial Accounting Standards Board (FASB) amended existing guidance related to various disclosure requirements applicable to investments held by defined contribution pension plans. The new clarifies that a plan's investments in stable value funds are not fully benefit-responsive investment contracts (FBRICs) and should be measured and presented only at fair value. The new guidance also eliminates or simplifies various disclosure requirements applicable to plan investments. Adoption of the new guidance resulted in removal of investments for which fair value is measured at net asset value (or its equivalent) from the fair value hierarchy, the reporting of investments within the fair value hierarchy by general type rather than by classes of investments, and other changes in investment disclosure requirements. The Plan elected to early adopt these standards, each of which requires retrospective application to all periods presented. The adoption of these standards had no effect on the Plan's net assets available for benefits or changes therein. However, *Investments, at fair value* was reduced by $113,475 from the amount previously reported as of December 31, 2013 and the *Adjustment from fair value to contract* value for fully benefit-responsive investment contracts of $113,475 as of December 31, 2013 was eliminated.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks, such as interest rate, market, liquidity, and credit risks. Due to the level of risks associated with certain investments, and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results could differ from these estimates.

Payment of Benefits: Benefits are recorded by the Plan when paid.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Investment Valuation and Income Recognition: The Plan's investments, are reported at fair value as further described in Note 3. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Reclassifications: Some items in the prior year financial statements and footnote disclosures were reclassified to conform to the current presentation. Reclassifications had no effect on prior year net assets available for benefits or the prior year net increase in net assets available for benefits.

(Continued)

NOTE 3 - FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs when measuring fair value. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis which are held directly by the Plan are summarized below:

		Fair Value Measurements at December 31, 2014, Using		
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	$ 50,743,898	$ 50,743,898	$ -	$ -
Collective trust*	7,112,765	-	-	-
Total	$ 57,856,663	$ 50,743,898	$ -	$ -

(Continued)

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

*Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. NOTE 4 - UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated investment income and interest earned on notes receivable from participants, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan. This information has not been audited by independent accountants.

NOTE 5 - TAX STATUS

The Internal Revenue Service issued an opinion letter dated March 31, 2008 indicating that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. Although the Plan has been amended from the original prototype document, Plan management believes that the Plan is currently being operated in accordance with the Internal Revenue Code.

Accounting principles generally accepted in the United States of America requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2014 and 2013, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain investments are managed and administered by Fidelity Management Trust Company, the trustee, and Fidelity Investments, an affiliate of Fidelity Management Trust Company. Therefore, these investments are considered party-in-interest transactions. Administrative expenses of $30,788 were paid to the trustee of the Plan during 2014. Certain other professional fees for the administration and audit of the Plan were paid by the Company. Notes receivable from participants are also considered party-in-interest transactions.

Ladies and Gentlemen:

We are providing this letter in connection with your limited-scope audits of the financial statements of Vantage Specialty Chemicals 401(k) and Profit Sharing Plan ("Plan") as of December 31, 2014 and 2013 and for the year ended December 31, 2014. We understand that, at our instruction and as permitted by Regulation 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, you did not perform any audit procedures with respect to information prepared and certified to by Fidelity, in accordance with DOL Regulation 2520.103-5, other than comparing such information to the financial statements and supplemental schedules. Because of the significance of the information which you did not audit, we understand that you will not express an opinion on the financial statements and supplemental schedules taken as a whole.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement.

Except where otherwise stated below, immaterial matters less than $309,000 collectively are not considered to be exceptions that require disclosure for the purpose of the following representations. This amount is not necessarily indicative of amounts that would require adjustment to or disclosure in the financial statements.

We confirm, to the best of our knowledge and belief, as of the date of this letter, the following representations made to you during your audits:

1. We have fulfilled our responsibilities, as set out in the terms of the audit engagement letter dated August 24, 2015 for the preparation and fair presentation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States, and for the fair presentation of the accompanying supplemental schedules in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, and we believe the financial statements and supplemental schedules are fairly presented.
2. We are responsible for designing, implementing and maintaining internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to error or fraud. We acknowledge our responsibility for the design, implementation and maintenance of internal control to prevent and detect fraud.
3. All transactions have been recorded in the accounting records and reflected in the financial statements.
4. We have provided you:
    a. Access to all financial records, documentation and other information that is relevant to the preparation and fair presentation of the financial statements.
    b. Additional information that you have requested from us for the purpose of the audit.
    c. Unrestricted access to persons within the entity from whom you determined it necessary to obtain audit evidence.
    d. All minutes of the relevant committee and board meetings, or summaries of actions of recent meetings for which minutes have not yet been prepared.
    e. Plan instruments, trust agreements, and amendments to such documents entered into during the year (including amendments made to comply with applicable laws), or insurance contracts.
    f. All correspondence to and from regulatory agencies, including communications concerning compliance with laws and regulations.

g. Results of the assessment of risk that the financial statements may be materially misstated as a result of fraud.

5. We have no plans or intentions that may materially affect the carrying amounts or classifications of assets and liabilities.
6. We have identified all accounting estimates that could be material to the financial statements, including the key factors and significant assumptions underlying those estimates, and we believe the estimates are reasonable in the circumstances. These estimates include the fair values of Plan investments and derivative instruments and the classifications of Plan investments and derivative instruments within the fair value hierarchy, pursuant to and in accordance with FASB ASC 820, *Fair Value Measurements and Disclosures*.
7. Adequate provision has been made for adjustments and losses in collection of receivables. There were no investments in default and none are considered to be uncollectible.
8. The following have been properly recorded or disclosed in the financial statements, if applicable:
   a. Material liabilities or gain or loss contingencies that are required to be accrued or disclosed by FASB ASC 450, *Contingencies*.
   b. Significant accounting estimates that are susceptible to changing materially as a result of an event or change in conditions that is reasonably possible of occurrence within one year from the financial statement date.
   c. Concentrations that make the Plan vulnerable to the risk of a severe impact within one year from the financial statement date (including the nature and type of investments held by the Plan, or markets for which events could occur which would significantly disrupt normal finances within the next year).
   d. Amendments to the Plan document during the year or subsequently.
   e. Derivative financial instruments such as futures, forwards, swaps or options, or other financial instruments.
   f. Securities lending arrangements, including the associated collateral and policy for requiring collateral.
   g. Other financial instruments with significant "off-balance-sheet" risk of accounting loss to which the Plan is a party.
   h. Guarantees, whether written or oral, under which the Plan is contingently liable to a bank or other lending institution.
9. Related parties and all related party relationships and transactions, and transactions with parties-in-interest (as defined in ERISA section 3(14)) and related amounts receivable or payable, including sales, purchases, loans, transfers, leasing arrangements and guarantees, have been disclosed to you, and have been appropriately accounted for and disclosed in the financial statements in accordance with the requirements of accounting principles generally accepted in the United States.
10. We have no knowledge of any fraud or suspected fraud affecting the Plan involving:
    a. Management, whether material or not.
    b. Employees who have significant roles in internal control, whether material or not.
    c. Others when the fraud could have a material effect on the financial statements.
11. We have no knowledge of any allegations of fraud or suspected fraud affecting the Plan's financial statements received in communications from employees, former employees, participants, analysts, regulators, service providers, third party administrators, or others.
12. There have been no communications from regulatory agencies concerning noncompliance with or deficiencies in financial reporting practices that could have a material effect on the financial statements in the event of noncompliance.
13. The Plan and trust established under the Plan are qualified under the appropriate section of the Internal Revenue Code, and we intend to continue them as a qualified Plan and trust. The Plan sponsor has operated the Plan and trust in a manner that has not jeopardized this tax exempt status. The Plan has complied with fee disclosure requirements to participants under DOL Regulation Section 2550.404a-5, and has received the required disclosures from service providers under ERISA Section 408(b)(2). We understand that failure to comply could cause the Plan to enter into a prohibited transaction. Required nondiscrimination testing related to Code Section 401(k) and 401(m) arrangements, as applicable, has been completed for the Plan, and any excess deferrals or contributions have been disposed of in accordance with regulations.
14. All required filings of Plan and trust documents have been filed with the appropriate agencies.
15. There are no --
    a. Nonexempt transactions with parties in interest, as defined in ERISA section 3(14) and related regulations, that were not disclosed in the supplemental schedules or financial statements.
    b. Investments, loans, or leases in default or considered to be uncollectible that were not disclosed in the supplemental schedules.
    c. Reportable transactions as defined in ERISA section 103(b)(3)(H) and related regulations that were not disclosed in the supplemental schedules.

d. Untimely remittances of participant contributions to trusts containing assets for the Plan, as determined by the Department of Labor's participant contribution regulation (29 C.F.R. Sec 2510.3-102), that were not properly disclosed in the supplemental schedules.

16. The Plan has complied with the fidelity bonding requirements of ERISA.
17. All matters of judgment involved in the calculation and determination of the fair values of investments, and all related valuation methods and assumptions and financial statement disclosures, including the reporting of investments within the fair value hierarchy defined by ASC 820, are the responsibility of management. The valuation methods and assumptions used are reasonable and supportable, have been determined in compliance with ASC 820, and have been adequately disclosed in the financial statements for all periods presented.
21. The methods and significant assumptions used result in a measure of fair value appropriate for financial statement measurement and disclosure purposes, in accordance with ASC 820, *Fair Value Measurements*.

27. There are no present intentions to terminate the Plan.
28. We have disclosed to you all known actual or possible litigation, claims and assessments whose effects should be considered by management when preparing the financial statements. These matters have been accounted for and disclosed in conformity with accounting principles generally accepted in the United States. 30. During the course of your audit, we have provided to you physical or electronic copies of various original documents. We understand that you are relying on such copies as audit evidence in your audit and represent that copies provided are an accurate and complete representation of the original documentation and that the copies have not been modified from their original version.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective September 1, 2012, the Plan name was changed from H.I.G. Chemicals, Inc. 401(k) Plan to the Vantage Specialty Chemicals 401(k).

Contributions: Each year, participants may contribute to the Plan up to 60% of compensation, as defined by the Plan, not to exceed limits imposed by the Internal Revenue code. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Plan provides for discretionary matching and profit sharing contributions at the election of the Board of Directors of the Company. Employer contributions of $1,103,878 and $1,367,342 were made during the plan year ending December 31, 2014 and 2013.

Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options: Participants direct the investment of their contributions and the Company contributions into the various investment options offered by the Plan. Participants may change their investment options daily.

Vesting: Participants are fully vested in their voluntary contributions, matching contributions and earnings thereon. Participants that entered into the Plan prior to January 1, 2013 are subject to vesting requirements which state that Company nonelective contributions and earnings thereon vest as follows:

Years of Service	Vested
Less than 3	0%
3 and over	100

(Continued)

NOTE 1 - DESCRIPTION OF PLAN (Continued)

As of January 1, 2013, the Plan was amended and vesting provisions were changed. For participants entering the Plan on or after January 1, 2013, Company nonelective contributions and earnings thereon vest as follows:

Years of Service	Vested

Upon termination of participation in the Plan, the nonvested portion of a former participant's balance is forfeited. Participants are fully vested in the amount in their accounts attributable to the Company's contributions upon the attainment of normal retirement age, disability, or death.

Payment of Benefits: On termination of service, death, disability, or retirement, a participant may receive a lump-sum amount equal to the vested value of his or her account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. A participant may be eligible for a withdrawal due to early retirement or financial hardship in certain circumstances.

Allocation of Forfeitures: Forfeitures of employer contributions and the earnings on those contributions resulting from participants who leave the Company prior to vesting are retained in an unallocated forfeiture account. Forfeitures may be used to pay administrative expenses of the Plan or reduce future Company contributions.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of the Plan's termination, participants would remain 100% vested in their accounts.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a reasonable fixed rate as determined by the loan administrator at the time the loan is made. Principal and interest are paid ratably through payroll deductions.

Administrative Expenses: The Company pays substantially all administrative expenses of the Plan. Certain other expenses are paid by the Plan. Loan origination and maintenance fees are deducted from the participant's account. Investment management fees and certain operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, these management fees and operating expenses are reflected as a reduction of investment return for such investments.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan have been prepared on the accrual basis of accounting.

Adoption of New Accounting Standards: In May and July 2015, the Financial Accounting Standards Board (FASB) amended existing guidance related to various disclosure requirements applicable to investments held by defined contribution pension plans. The new clarifies that a plan's investments in stable value funds are not fully benefit-responsive investment contracts (FBRICs) and should be measured and presented only at fair value. The new guidance also eliminates or simplifies various disclosure requirements applicable to plan investments. Adoption of the new guidance resulted in removal of investments for which fair value is measured at net asset value (or its equivalent) from the fair value hierarchy, the reporting of investments within the fair value hierarchy by general type rather than by classes of investments, and other changes in investment disclosure requirements. The Plan elected to early adopt these standards, each of which requires retrospective application to all periods presented. The adoption of these standards had no effect on the Plan's net assets available for benefits or changes therein. However, *Investments, at fair value* was reduced by $113,475 from the amount previously reported as of December 31, 2013 and the *Adjustment from fair value to contract* value for fully benefit-responsive investment contracts of $113,475 as of December 31, 2013 was eliminated.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks, such as interest rate, market, liquidity, and credit risks. Due to the level of risks associated with certain investments, and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results could differ from these estimates.

Payment of Benefits: Benefits are recorded by the Plan when paid.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Investment Valuation and Income Recognition: The Plan's investments, are reported at fair value as further described in Note 3. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Reclassifications: Some items in the prior year financial statements and footnote disclosures were reclassified to conform to the current presentation. Reclassifications had no effect on prior year net assets available for benefits or the prior year net increase in net assets available for benefits.

NOTE 3 - FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs when measuring fair value. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis which are held directly by the Plan are summarized below:

		Fair Value Measurements at December 31, 2014, Using		
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

NOTE 4 - UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated investment income and interest earned on notes receivable from participants, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan. This information has not been audited by independent accountants.

NOTE 5 - TAX STATUS

The Internal Revenue Service issued an opinion letter dated March 31, 2008 indicating that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. Although the Plan has been amended from the original prototype document, Plan management believes that the Plan is currently being operated in accordance with the Internal Revenue Code.

Accounting principles generally accepted in the United States of America requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2014 and 2013, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain investments are managed and administered by Fidelity Management Trust Company, the trustee, and Fidelity Investments, an affiliate of Fidelity Management Trust Company. Therefore, these investments are considered party-in-interest transactions. Administrative expenses of $30,788 were paid to the trustee of the Plan during 2014. Certain other professional fees for the administration and audit of the Plan were paid by the Company. Notes receivable from participants are also considered party-in-interest transactions.
