NOTES TO FINANCIAL STATEMENTS

GROCERY MANAGEMENT GROUP 401(k) PLAN AND TRUST

Note 1. Description of the Plan

The following description of the Grocery Management Group 401(k) Plan and Trust (Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan sponsored by Bias Realty, Ltd. (plan sponsor). Non-union employees of the plan sponsor and its affiliates who have attained 21 years of age and have at least 6 months of service are eligible to participate in the Plan. The affiliates are Briar Hill Foods, LLC, Jack Coffy, LLC, Thorne Foods of Pennsylvania, LLC, Bias Group Enterprises, LLC, Thorne Management Inc. and TSL Foods, LLC. Collectively, the affiliates and the plan sponsor are referred to as the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year participants may voluntarily defer up to 100% of their eligible pre-tax annual compensation subject to the Internal Revenue Service (IRS) limits, as defined in the Plan document. Participants may also contribute amounts representing distributions from other qualified plans. The Company makes matching contributions of participant deferrals under the following tiered schedule:

Participant deferral %	Matching %
1.00%	1.00%
2.00%	2.00%
3.00%	3.00%
3.50%	3.25%
4.00%	3.50%
4.50%	3.75%
5.00% or greater	4.00%

The Company may also make a discretionary profit-sharing contribution to the Plan. During 2014, the Company did not make a profit-sharing contribution.

Participants direct their contributions into various investment options offered by the Plan. Participants may change their deferral percentage quarterly; investment allocation changes can be made at any time.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contribution and allocations of (a) the Company's discretionary contributions and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. Participants are 20% vested in the Company's contributions after the completion of 2 years of service and vesting increases in increments of 20% for each year of service thereafter. A participant is 100% vested after 6 years of credited service.

NOTES TO FINANCIAL STATEMENTS

GROCERY MANAGEMENT GROUP 401(k) PLAN AND TRUST

Note 1. Description of the Plan (Continued)

Forfeitures

Upon termination, the portion of a participant's non-vested account relating to the Company's matching and discretionary contributions is used to reduce future Company contributions. Forfeited balances on hand were \$8,726 and \$8,625 at December 31, 2014 and 2013, respectively. No forfeiture amounts were used during the year ended December 31, 2014.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1 to 5 years or longer if for the purpose of purchasing a primary residence. The loans are collateralized by the balance in the participant's account and all loans bear interest rates that range from 4.25% to 9.25%. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits

Upon the retirement, termination, disability or death of a participant, all amounts attributable to the participant's account (elective salary deferrals, contributions by the Company and income allocable to such amounts) become payable to the participant or beneficiary. Benefit payments are generally made as a lump sum. Hardship withdrawals are also permitted by the Plan.

Note 2. Significant Accounting Policies

The accompanying statements reflect the application of certain accounting policies described in this note.

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

NOTES TO FINANCIAL STATEMENTS

GROCERY MANAGEMENT GROUP 401(k) PLAN AND TRUST

Note 2. Significant Accounting Policies (Continued)

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Other administrative fees are paid from the Plan assets.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

Recent Accounting Pronouncement

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-12, (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient – consensuses of the Emerging Issues Task Force. The amendments in this Update (1) requires a pension plan to use contract value as the only measure for fully benefit-responsive investment contracts, (2) simplifies and increases the effectiveness of the investment disclosure requirements for employee benefit plans, and (3) provides benefit plans with a measurement-date practical expedient similar to the practical expedient provided to employers in ASU 2015-04, Practical Expedient for the Measurement Date of an Employer's Defined Benefit Obligation and Plan Assets. The amendments in this Update are effective for fiscal years beginning after December 15, 2015, and may be adopted in whole or in part as applicable. Early adoption is permitted. Upon adoption, the amendments in Part I and Part II shall be applied retrospectively to all periods presented, while the amendments in Part III shall be applied prospectively. The Plan has adopted Part II of this Update for the 2014 plan year.

Subsequent Events

The Plan has evaluated subsequent events through October 15, 2015, the date the financial statements were available to be issued.

Note 3. Investments

All investment information including investments held as of December 31, 2014 and 2013, interest and dividend income and net appreciation in fair value of investments for the year ended December 31, 2014, included in the Plan's financial statements and supplemental schedules, was prepared by or derived from information provided by TD Ameritrade Trust Company, the trustee, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator by the trustee related to the investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the investments.

NOTES TO FINANCIAL STATEMENTS

GROCERY MANAGEMENT GROUP 401(k) PLAN AND TRUST

Note 4. Fair Value Measurements

The FASB topic *Fair Value Measurements and Disclosures* provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under this FASB topic are described as follows:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Money Market Fund: Valued at the daily closing price as reported by the fund. The money market fund held by the Plan is an open-end mutual fund, which consists primarily of certificates of deposits and short-term debt securities that are registered with the Securities and Exchange Commission. This fund is required to publish its daily net asset value (NAV) and to transact at that price. The money market fund held by the Plan is deemed to be actively traded.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS

GROCERY MANAGEMENT GROUP 401(k) PLAN AND TRUST

Note 4. Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

Assets at fair value as of December 31, 2014				
	Level 1	Level 2	Level 3	Total
Money market fund	\$ 10,376	\$ -	\$ -	\$ 10,376
Mutual funds	5,931,019	-	-	5,931,019
Total assets at fair value	\$ 5,941,395	\$ -	\$ -	\$ 5,941,395

Assets at fair value as of December 31, 2013				
	Level 1	Level 2	Level 3	Total
Money market fund	\$ 8,427	\$ -	\$ -	\$ 8,427
Mutual funds	5,659,762	-	-	5,659,762
Total assets at fair value	\$ 5,668,189	\$ -	\$ -	\$ 5,668,189

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation in fair value of investments in the statement of changes in net assets available for benefits.

Transfers Between Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2014, there were no significant transfers in or out of Levels 1, 2 or 3.

Note 5. Income Tax Status

Effective January 1, 2009, the Plan revised its non-standardized form of a prototype plan sponsored by 401K ASP. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination, including the resolution of appeals or litigation processes, if any. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTES TO FINANCIAL STATEMENTS

GROCERY MANAGEMENT GROUP 401(k) PLAN AND TRUST

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8. Transactions With Parties-in-Interest

Transactions with parties-in-interest consist of purchases and sales of TD Ameritrade Trust Company funds. Other than as described above, the Plan has no agreements or transactions with any parties-in-interest.

Note 9. Nonexempt Transactions

In 2011, the Company inadvertently failed to deposit \$818 of participant deferrals within the required timeframe as stated by the United States Department of Labor (DOL) regulations. The Company deposited the participant deferrals in 2012. The Company intends to reimburse the Plan for lost interest in 2015. The Company will file Form 5330 and pay the applicable excise tax in 2015. The excise tax payments will be made from the Company's assets and not from assets of the Plan.
