Note 1 - Description of Plan

The following description of the Plan 2 - West Coast Dental, Inc. 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan became effective January 1, 2012, and is a defined contribution plan covering certain employees of West Coast Dental Services, Inc. (the "Company") and an affiliated entity who are age 18 or older. Employees must complete one year of continuous employment, consisting of at least 1,000 hours of service, to participate in the Plan. Further, employees of the Company who are not considered highly compensated employees or whose compensation is greater than $50,000 in the preceding plan year are not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Company also sponsors two other affiliated plans covering the remainder of the Company's employees based on their compensation levels in the preceding plan year. Participant accounts are transferred among the three plans based on their respective eligibility.

Contributions

The Plan permits employees to make pre-tax (regular and catch-up) and Roth contributions (regular and catch-up). Each year, participants may contribute up to the maximum dollar amount allowed under Internal Revenue Code limitations. Participants may also make rollover contributions from other qualified plans. The Company may elect each plan year to make a matching contribution equal to 100% of each participant's deferral up to 3% of the respective participants' compensation and 50% of each participant's deferral from 4% to 5% of the respective participants' compensation. To be eligible for matching contributions, a participant must be employed as of the last day of the Plan year. The Company may also elect to make a discretionary profit sharing contribution to the Plan each plan year.

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the Company's contributions and allocations of the Plan's earnings, and charged with the participant's withdrawals and allocations of the Plan's losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their salary deferrals, rollover contributions and Company matching contributions plus earnings thereon. Vesting in profit sharing contributions by the Company is based on years of continuous service. A participant is 20% vested after two years of service and vests an additional 20% per year of service until they are 100% vested after six years of service.

Note 1 - Description of Plan (continued)

Investment Options

Participants direct both their deferrals and employer contributions to be invested in various investment options as made available and determined by the plan administrator, which are more fully described in the Plan literature.

Benefit Payments

Participants may withdraw the vested interest in their account only in the event of termination of employment, retirement, death, disability, financial hardship or when they reach an age of 59 1/2. On termination of employment, a participant will receive a lump sum amount equal to the value of the participant's vested interest in his or her account. If a participant makes no distribution election upon termination of employment, and the value of their account is less than $1,000, the vested balance of their account will be distributed in a lump sum payment.

Forfeited Accounts

At December 31, 2014 and 2013, there were no forfeited non-vested accounts. Future forfeited accounts may be used to reduce employer contributions or administrative expense. During the year ended December 31, 2014, no forfeited accounts were used to reduce employer contributions or administrative expenses.

Subsequent Events

The Plan has considered subsequent events through October 15, 2015, the date the financial statements were available to be issued, in preparing the financial statements and notes thereto.

Note 2 - Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Note 2 - Significant Accounting Policies (continued)

Risks and Uncertainties

The Plan utilizes various investment instruments, including pooled separate accounts. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

The Plan is subject to review by certain regulatory authorities. Management does not believe that the effect of such reviews, if any, will have a significant impact on the Plan.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net increase in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Administrative expenses of the Plan may be paid by the Plan as provided in the Plan document. However, the Company may also pay the Plan expenses directly. Transaction charges for benefit payment transactions, if any, are paid by the Plan by reducing the balances of those participants initiating the transaction.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Note 3 - Investments

The Plan's investments that represented 5% or more of the Plan's net assets available for benefits consisted of the following:

	2014	2013
Retirement Choice at 2025	$ 53,589	$ 34,104
Retirement Choice at 2040	$ 41,637	$ 35,109
Lifestyle Balanced	$ 40,438	$ 25,825
Retirement Choice at 2030	$ 39,812	$ 19,351
Lifestyle Moderate	$ 39,681	$ 43,762

Note 3 - Investments (continued)

As reported by the Plan's trustee, the Plan's investments (including realized gains and losses on investments bought and sold and unrealized gains and losses on investments held during the year) collectively increased in net value by $11,323 during the year ended December 31, 2014.

Note 4 - Information Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following investment information was certified by John Hancock Life Insurance Company and was not subjected to any auditing procedures performed by the independent public accountants.

a. Investments as of December 31, 2014 and 2013, as indicated in the Statements of Net Assets Available for Benefits and Note 3;

b. Net investment income, as indicated on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2014; and

c. All investment-related information in the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2014.

Note 5 - Related Party Transactions

Certain plan investments are managed by John Hancock Life Insurance Company. John Hancock Life Insurance Company is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan to John Hancock Life Insurance Company for investment management services were $2,377 for the year ended December 31, 2014.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants will become 100% vested in their profit sharing contributions.

Note 7 - Federal Income Tax Status

The Plan has not received a favorable determination letter since its formation on January 1, 2012. However, the plan administrator believes that the Plan was designed and is being operated in compliance with the applicable requirements of the Internal Revenue Service. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 7 - Federal Income Tax Status (continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014 and 2013, there were no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing and other jurisdictions. However, there are currently no audits in progress for any prior tax periods. Generally, the Plan's informational returns remain open to federal examination for three years from the date of filing.

Note 8 - Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described below:

Level 1: These inputs into the valuation methodology consist of unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Examples of these inputs into the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liabilities;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: These inputs into the valuation methodology are unobservable and significant to the fair value measurement.

The assets' or liabilities' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

- *Pooled Separate Accounts*: Valued at the market value at year end of the underlying assets.

Note 8 - Fair Value Measurements (continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at December 31, 2014 and 2013.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2014 and 2013:

December 31, 2014	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts:				
Index funds	$ -	$ 3,029	$ -	$ 3,029
Target date funds	-	139,002	-	139,002
Real estate funds	-	493	-	493
Blend funds	-	7,004	-	7,004
Money market funds	-	14,894	-	14,894
Small cap funds	-	2,360	-	2,360
Lifestyle funds	-	103,348	-	103,348
Total Investments	$ -	$ 270,130	$ -	$ 270,130

December 31, 2013	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts:				
Index funds	$ -	$ 2,158	$ -	$ 2,158
Target date funds	-	91,462	-	91,462
Real estate funds	-	1,126	-	1,126
Blend funds	-	3,536	-	3,536
Small cap funds	-	792	-	792
Lifestyle funds	-	78,460	-	78,460
Total Investments	$ -	$ 177,534	$ -	$ 177,534

Changes in economic conditions or valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the years ended December 31, 2014 and 2013, there were no transfers in or out of levels 1, 2 or 3.

Note 9 - Delinquent Participant Contributions

During the year ended December 31, 2014, the Company did not timely remit, according to DOL rules and regulations, $4,898 of participant contributions. The Company has undertaken the necessary procedures in order to reimburse affected participants for earnings lost due to the late contributions. The non-exempt party-in-interest transaction does not affect the tax status of the Plan. The Company intends to pay all fines imposed as a result of this matter, which are not expected to be significant.

Note 10 - Reconciliation of Plan Financial Statements to the Form 5500

The Annual Return / Report of Employee Benefit Plan (the "Form 5500") is prepared on the modified cash basis. Accordingly, certain balances included on Schedule H (Part I and II) of the Form 5500 differ from those included in these financial statements. The ending net asset balances are reconciled as follows:

	2014	2013
Net assets as presented in these financial statements	$ 312,656	$ 204,482
Employer contributions receivable, not included in Form 5500	(37,392)	-
Participant contributions receivable, not included in Form 5500	(5,134)	(5,811)
Net assets as presented in Form 5500	$ 270,130	$ 198,671

The following is a reconciliation of the increase in net assets available for benefits per the financial statements for the year ended December 31, 2014 to Form 5500:

Increase in net assets available for benefits per these financial statements	$ 108,174
Employer contributions receivable at December 31, 2014, not included in Form 5500	(37,392)
Participant contributions receivable at December 31, 2014, not included in Form 5500	(5,134)
Participant contributions receivable at December 31, 2013, included in Form 5500	5,811
Increase in net assets available for benefits as presented in Form 5500	$ 71,459

Note 11 - Transfer of Plan Assets

In 2014, certain participants of the Plan became ineligible to participate in the Plan as their compensation in the preceding plan year exceeded the maximum allowed under the Plan. Also in 2014, certain participants of an affiliated plan became eligible to participate in this Plan as their compensation in the preceding plan year was within the range allowed by the Plan. However, the Plan sponsor failed to transfer their account balances appropriately into or out of the Plan as required. The net impact of adjustments, had the appropriate asset transfers been made, is immaterial to the Plan's financial statements taken as a whole and Plan management believes that no DOL violation has occurred as a result of this matter.
