Report on the Financial Statements

We were engaged to audit the accompanying financial statements of RLJ-McLarty-Landers Automotive Holdings, LLC 401(k) Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2014, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by State Street Bank and Trust Company, the trustee of the Plan, except for comparing this information with the related information included in the 2014 financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's assets and executes transactions. The Plan administrator has obtained certification from the trustee as of and for the year ended December 31, 2014, that the information provided to the Plan administrator by the trustee is complete and accurate.

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2014 financial statements. Emphasis of Matter

As discussed in Note 13 to the financial statements, the 2013 financial statements have been restated to correct a misstatement. We audited the adjustment described in Note 13 to restate the 2013 financial statements. In our opinion, such adjustment is appropriate and has been properly applied. Our disclaimer of opinion is not modified with respect to this matter.

Other Matter – Supplemental Schedules

The supplemental schedule of assets (held at end of year) and the supplemental schedule of delinquent participant contributions as of or for the year ended December 31, 2014, are required by the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. The supplemental schedules are the responsibility of Plan management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

Other Matter – 2013 Financial Statements

The financial statements of the Plan as of December 31, 2013, before they were restated for the matter discussed in Note 13 to the financial statements, were audited by Hart, Chandler & Associates, PLLC (HCA), which was acquired by HoganTaylor LLP effective January 1, 2015. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed HCA not to perform, and they did not perform, any auditing procedures with respect to the information certified by the trustee. The HCA report, dated October 15, 2014, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements, and (b) the form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

RLJ-McLARTY-LANDERS
AUTOMOTIVE HOLDINGS, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2014 and 2013

Note 1 – Description of the Plan

RLJ-McLarty-Landers Automotive Holdings, LLC (the Company or Employer) sponsors the RLJ-McLarty-Landers Automotive Holdings, LLC 401(k) Plan (the Plan). The following description provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established for the benefit of the Company's employees, except for employees covered by a collective bargaining agreement, nonresident aliens who receive no earned income from the Company, and leased employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is administered by the Company. State Street Bank and Trust Company (the Trustee) serves as the trustee of the Plan. Transamerica Retirement Solutions Corporation (Transamerica) processes and maintains the records of the participant data and is affiliated with the Trustee. Prior to April 1, 2013, both Transamerica and Diversified Investment Advisors (Diversified) were operating under the parent company, Aegon USA, LLC. On April 1, 2013, Transamerica and Diversified became one entity, Transamerica.

Eligibility

Nonexcluded employees who have reached 18 years of age and have completed two months of service are eligible to participate in the Plan. Participants may enroll in the Plan on the first day of the month after satisfying eligibility requirements.

Contributions

Each year, participants may contribute up to 100% of pretax compensation, as defined. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan also provides for discretionary Employer matching contributions. During 2014, the Company matched 50% of deferrals up to 4% of a participant's annual compensation. Participants must have received credit for at least 1,000 hours of service during the Plan year and be employed on the last day of the Plan year, or have died, become disabled or retired, in order to share in the Employer matching contributions.

Contributions are subject to certain limitations.

Participant accounts

Each participant's account is credited with the participant's contributions and Employer matching contributions, and allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in Employer matching contributions is based upon years of continuous service as follows:

Years of Service	Vesting Percentage
Less than two years	0%
Two, but less than three	20%
Three, but less than four	40%
Four, but less than five	60%
Five, but less than six	80%
Six years or more	100%

Participants automatically become 100% vested upon: 1) normal retirement (attainment of age 65); 2) disability; or 3) death. Participants who terminate for any other reason are entitled to the vested amount of their accounts.

Notes receivable from participants

Participants may borrow from their vested accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000, reduced by the highest outstanding loan balance during the preceding 12-month period, or 50% of their vested account balance. The loans are secured by the vested balance in the participant's account and bear interest at a rate of 3.25%, which is based on prime rate on the date of origination. Only one loan may be outstanding at any given time. Principal and interest is paid ratably through payroll deductions.

Payment of benefits

Upon retirement, termination, disability or death, a participant may elect to receive a lump-sum amount or partial cash distributions equal to the value of the participant's vested interest in his or her account. Upon termination, automatic distributions are required for balances of less than $1,000. Generally, certain minimum distributions are required for participants who have separated from service and have reached age 70½.

Hardship withdrawals are not allowed by the Plan.

Forfeitures

Forfeitures are first used to restore eligible rehired participant balances previously forfeited, then to pay Plan administrative expenses and lastly to reduce Employer matching contributions. For the year ended December 31, 2014, forfeitures in the amount of $2,124 were used to restore previous forfeitures of rehired participants. The Plan had $78,115 and $23,234 in unallocated forfeitures at December 31, 2014 and 2013, respectively.

Administrative expenses

The Plan allows certain administrative expenses to be paid from Plan assets.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation polices utilizing information provided by the Trustee. See Note 5 for discussion of fair value measurements.

The Plan has a fully benefit responsive common collective trust fund as an investment. This type of investment contract is required to be reported at fair value. However, contract value is the relevant measurement for fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the common collective trust fund at contract value, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2014 and 2013. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan Document.

Refunds of excess contributions

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions.

Payment of benefits

Benefit payments are recorded when paid. There were no benefits requested before year-end that were not paid.

Reclassifications

Certain reclassifications were made to the 2013 statement of net assets available for benefits and disclosures in order to conform to the current year presentation. There was no impact on the 2013 net assets available for benefits, as previously reported, except as described in Note 13.

Subsequent events

The Plan administrator has evaluated subsequent events through October 15, 2015, the date the financial statements were available to be issued.

Note 3 – Information Certified by the Plan's Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule of assets (held at end of year) is complete and accurate:

- Investments and notes receivable from participants as shown on the statement of net assets available for benefits as of December 31, 2014;
- Net investment activity and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2014;
- Investment information included in the footnotes and on the supplemental schedule of assets (held at end of year) as of December 31, 2014.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule of assets (held at end of year).

Note 4 – Investments

The following presents investments that represent 5% or more of the Plan's net assets available for benefits at December 31:

Investment	2014	2013
Diversified Investment Advisors Stable Pooled Fund	$ 635,489	$ 470,121
Transamerica Asset Allocation Long Horizon Fund	634,969	591,826
Transamerica Asset Allocation Intermediate/Long Horizon Fund	619,053	508,878
Transamerica Partners Stock Index Fund	346,331	-
Transamerica Asset Allocation Intermediate Horizon Fund	345,281	308,607
Transamerica Partners Mid Value Fund	339,802	272,871
Transamerica Partners Large Value Fund	333,436	-
Transamerica Partners Large Core Fund	328,685	276,290

For the year ended December 31, 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $171,256 as follows:

Common collective trust fund	$ 3,065
Mutual funds	168,191
	$ 171,256

Note 5 – Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.
Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.
Level 3	Significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2014 and 2013. During the year ended December 31, 2014, there were no transfers of financial instruments into or out of Level 3. Following is a description of the valuation methodologies used for assets measured at fair value.

Cash equivalent – Valued at amortized cost, which approximates fair value.

Common collective trust fund – Stated at fair value as determined by the issuer of the common collective trust fund based on the fair market value of the underlying investments. The Stable Pooled Fund (the Fund) is a common collective trust fund that is considered to be a stable value fund with underlying investments in fully benefit responsive investment contracts. The fair value of the stable value fund is the net asset value of its underlying investments. There are no restrictions on redemptions from the Fund, and there are no unfunded commitments as of December 31, 2014.

Participants do not have beneficial ownership in the specific underlying securities or other assets in the Fund, but do have an interest therein represented by units valued daily. The Fund earns dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from each fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment in the Fund at contract value. Contract value represents contributions made to the Fund, plus earnings, less participant withdrawals. The Fund imposes certain restrictions on the Plan, and the Fund itself may be subject to circumstances that affect its ability to transact at contract value. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable. The Plan may only withdraw from the Fund upon 12-months advance written notice.

Mutual funds – Valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of December 31:

Note 6 – Related Party and Party-in-Interest Transactions

Certain administrative expenses, totaling approximately $21,500, were paid by the Company on behalf of the Plan for the year ended December 31, 2014. The Company does not expect reimbursement from the Plan for these expenses. Certain administrative functions are performed by officers and employees of the Company. No officer or employee receives compensation from the Plan for these services.

The common collective trust fund is managed by the Trustee and was originally issued by Diversified and the cash reserve account is held by the Trustee. These transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Plan also made direct payments to the service providers which was not covered by revenue sharing.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Employer contribution portion of their account.

Note 8 – Tax Status

The Company adopted a volume submitter profit sharing plan (the VSPS Plan) sponsored by Friday Eldredge & Clark. The IRS has determined and informed the VSPS Plan sponsor by a favorable opinion letter dated March 31, 2008, that the VSPS Plan is designed in accordance with the applicable sections of the Internal Revenue Code (the Code). The VSPS Plan's opinion letter is being relied on by the Plan. Although the Plan has been amended since receiving the opinion letter, Plan management believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code, and therefore, believes that the Plan is qualified and the related trust is tax-exempt. The Plan

administrator believes the Plan is no longer subject to income tax examinations for years ended prior to 2011.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

Note 10 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31:

	2014	2013
Net assets available for benefits per the financial statements	$ 6,233,513	$ 4,921,446
Prior period adjustment	-	201,951
Prior year Employer contributions receivable	-	(291,791)
Net assets available for benefits per the Form 5500	$ 6,233,513	$ 4,831,606

The following is a reconciliation of the change in net assets available for benefits per the financial statements to Form 5500 for the year ended December 31, 2014:

Net increase in net assets per financial statements	$ 1,312,067
Prior period adjustment	(201,951)
Prior year Employer contributions receivable	291,791
Net income per the Form 5500	$ 1,401,907

Note 11 – Prohibited Transaction

During the years ended December 31, 2014 and 2013, the Company inadvertently failed to deposit $25,924 and $7,027 of participant contributions, respectively, within the required timeframe as stated by the DOL. The DOL considers late deposits to be nonexempt prohibited transactions. The Company will file a Form 5330 and pay applicable excise taxes in 2015 for amounts not previously corrected. The excise tax payments will be made from the Company's assets and not from Plan assets.

Note 12 – Excess Contributions

The Plan failed a discrimination test resulting in refunds of excess contributions in the amount of $137,100 and $201,951 for the years ended December 31, 2014 and 2013, respectively. The Plan refunded the excess contributions to the applicable participants in 2015 and 2014 for the years ended December 31, 2014 and 2013, respectively.

Note 13 – Prior Period Adjustment

The liability for refunds of excess contributions described in Note 12 was not recorded as of December 31, 2013. Accordingly, a prior period adjustment was made to increase refunds of excess contributions and decrease beginning net assets available for benefits by $201,951 as of December 31, 2013.
