EMPLOYEES' 401(K) PLAN OF LONGWOOD MANAGEMENT CORPORATION
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2014 and 2013

## 1. Description of Plan

The following description of the Employees' 401(K) Plan of Longwood Management Corporation provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

- General

  The Plan is qualified in accordance with Internal Revenue Code Section 401(k). It is a defined contributions plan covering all full-time employees of Longwood Management Corporation that have 3 months of service. The plan has no age requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The plan is funded through a trust fund, which receives employee elective deferrals and Company matching contributions, invests Plan assets and disburses pension benefits in accordance with the Trust Agreement. The Plan was adopted January 1, 1999.

  Up to November 31, 2013 the Trustee for the Plan was Wilmington Trust Fiduciary Services Company. The plan pays for maintenance related expenses. On December 1, 2013, management elected to transfer the assets of the plan to Fidelity Investments. Longwood Management Corporation pays for administration and the annual audit.

- Contributions

  Discretionary contributions to the Plan are made in an amount determined solely by the employer, and are allocated in proportion to each participant's compensation. Matching contributions by the employer are made in an amount equal to 25% of employee elective deferrals. Participant contributions other than elective deferrals are neither required nor permitted, other than qualified rollover contributions. Participants that have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various Collective funds and a Guaranteed Interest Account. For the year ended December 31, 2014 employer-matched contributions amounted to $797,749.

- Participants Accounts

  Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan Earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The Benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

- Payment of Benefits

  Upon retirement, death, disability or termination of service a participant or beneficiary thereof may elect to receive accumulated retirement benefits as a single lump-sum cash amount. Hardship and in-service distributions are permitted. In the event of termination of the Plan, the entire amounts credited to participant accounts are payable to participants at 100% regardless of years of service.

**1. Description of Plan (Continued)**

- Vesting

  Participants are immediately vested in their contributions plus actual earnings thereon. Participants are vested in the employer matching and non-elective contributions based on years of service per the following schedule:

| Years of Service | Vested % |
|---|---|
| 1 | 20% |
| 2 | 40% |
| 3 | 60% |
| 4 | 80% |
| 5 or more | 100% |

- Participant Loans

  The Employer in accordance with a written loan procedure may permit loans to be made from the Trust Fund to Participants and Beneficiaries on a non-discriminatory basis. Participants may borrow from their fund accounts up to an aggregate maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loan terms range from 1 to 5 years or up to 30 years for the purchase of a primary residence. The loans are secured by the balance in a participants account and bear interest at a rate which is commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest are paid through payroll deductions. The loans may be paid in full at any time.

**2. Summary of Accounting Policies**

- Basis of Accounting

  The financial statements of the Plan are prepared under the accrual method of accounting. Financial Accounting Standards require investment contracts held by a defined-contribution plan be reported at fair value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts. This is because participants receive contract value if they initiate permitted transactions under the terms of the plan. Therefore, an adjustment from fair value to contract value for the full benefit-responsive investment contracts is necessary in order for the Statement of Changes in Net Assets Available for Benefits to be stated on a contract value basis.

- Use of Estimates

  The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

- Investment Values

  Investments are stated at fair value determined by quoted market prices. Mutual funds shares are valued at the net asset value of shares held by the Employees' 401(K) Plan at year end. Participant loans are valued at the balance due which approximates fair value. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

## 2. Summary of Accounting Policies (Continued)

- Receivables due from Employer
  These receivables are comprised of contributions withheld or made prior to year end but not received by the Employees' 401(K) Plan's trustee until after year end.

- Plan Risks and Uncertainties
  Employees' 401(K) Plan allows for various investment options. The investments are subject to risks from interest rates, market conditions and credit issues. Due to the level of risk associated with certain investments it is at least reasonable possible that changes in the value of investments, in the near term, could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

- Other Policies
  Interest and dividend income are recorded on an accrual basis. Participant benefits are recorded when paid. Some administrative expenses are paid by the Employees' 401(K) Plan.

- Management subsequent event evaluation
  The corporation has evaluated events and transactions that occurred through October 15, 2015, which is the date the financial statements were available to be issued, for possible disclosure and recognition in the financial statements.

## 3. Benefits Owed to Terminated Participants and Forfeitures

Participants' benefits are reported when paid for financial reporting purposes. Therefore, some terminated participants are owed approximately $2,448,824 at December 31, 2014. During 2014, no forfeitures of non-vested employer contributions were transferred from terminated participants' accounts to the forfeiture account. As of December 31, 2014 and 2013 there were no forfeitures held in unallocated accounts.

## 4. Investments

## 5. Information Prepared and Certified by Trustee

## 6. Related Party Transactions

Certain investments of the Plan are managed by the Trustee of the Plan, from January 1, 2013 through November 31, 2013 Wilmington Trust Fiduciary Services Company. From December 31, 2013 through December 31, 2013, Fidelity Investments managed the plan. Such investments qualify as party-in-interest transactions, which are deemed to be "exempt" from prohibited transaction rules, as defined by Department of Labor regulations. Fees paid to the Wilmington Trust Fiduciary services Trustee in 2013 were $240,656. Fees paid to the Fidelity Investments services Trustee in 2014 and 2013 were $71,575 and $50, respectively.

## 7. Tax Status

The Internal Revenue Service has ruled that the Pension Plan is a qualified Plan under section 401(a) of the Internal Revenue Code and that the Trust is exempt from income tax under Section 501(a) of the Internal Revenue Code. Therefore, no provision of income taxes has been included in the Plans Financial Statements.

## 8. Guaranteed Interest Account

In 2013, the Plan entered into a fully benefit-responsive investment contract with New York Life Insurance Company ("NYL"), referred to as the Guaranteed Interest Account ("GIA"). The Trustee maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The group annuity contract provides for a book value record of the amounts deposited to and withdrawn from the GIA. That is, the GIA is at all times equal to the contributions made to the contract plus interest credit, plus dividends, if any, minus expenses withdrawn and minus withdrawals made.

## 8. Guaranteed Interest Account (Continued)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2014 and 2013, was $4,187,108 and $4,807,184, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1.00% or higher than 3.00%. Such interest rates are reviewed on a 6 month basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

| | 2014 | 2013 |
|---|---|---|
| Average yields: | | |
| Based on actual earnings | 2.45% | 2.35% |
| Based on interest rate credited to participants | 2.45% | 2.35% |

## 9. Fair Value Measurement

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs consist of observable inputs other then quoted prices for identical assets, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair values of cash, participant loans receivable and participant contributions due from the employer are recorded at their cash value.

Level 3 Fair Value Measurements

The fair values of collective funds and Guaranteed Investment Contracts are based on yields currently available on comparable securities of issuers with similar credit ratings.

The following tables set forth, by the level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2014 and 2013.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2014, are reported in net appreciation in fair value of investments

The Plan's policy is to recognize transfers into and out of Level 3 at the end of the reporting period. For the year ended December 31, 2014, there were no significant transfers into or out of Level 3.

The following tables reconcile the beginning and ending balances of fair value measurements using significant unobservable inputs (Level 3) for the guaranteed investment contract with insurance company for the years ended December 31, 2014.
