Independent Auditors' Report

To the Board of Trustees of
Peddie School and Subsidiary:

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of Peddie School and Subsidiary (the "School"), which comprise the consolidated statement of financial position as of June 30, 2015 and the related consolidated statements of activities, and cash flows for the year then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

***Disclaimer of Opinion***

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (held at end of year) as of December 31, 2014 is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements
December 31, 2014 and 2013

1. Description of Plan

The following description of the Vocalocity 401(k) Plan (the "Plan"), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan qualifying under Section 401(k) of the Internal Revenue Code and subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was established for the purpose of providing eligible employees of Vocalocity, Inc. (the "Company") and their beneficiaries, funds for retirement.

Eligibility

An employee of the Company becomes an eligible participant in the Plan the first day of the month following their date of hire and attainment of a minimum age of 21.

Employee Contributions

An employee participating in the Plan may annually contribute through payroll deductions, amounts as determined by the Internal Revenue Service and may contribute amounts representing distributions from other qualified plans. Any participant, age 50 or over, may make an additional "catch-up" contribution as determined by the Internal Revenue Service, which was not to exceed \$5,500 for the years ended December 31, 2014 and 2013. Under the Plan, participants may also make Roth elective contributions. Participants direct the investment of their contributions into one of more investment options offered by the Plan.

Employer Contributions

The Company will make matching contributions equal to 100 percent of the salary deferrals on the first 3 percent of eligible employee compensation plus 50 percent of the salary deferrals up to 5 percent of eligible employee compensation.

Rollover Contributions

The Plan allows participants to make rollover contributions of amounts received from other qualified retirement plans.

Participant Accounts

Individual accounts are established for each participant. The Plan offers a variety of pooled separate accounts with varying investment objectives as investment options. Each participant's account is credited with the participant's pre-tax and Roth contributions, if any, the employer contributions and the proportionate share of dividends, interest and investment gains since the preceding valuation date. The participant's account is reduced by withdrawals, losses on investments and administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting and Forfeitures

A participant is, at all times, fully vested in both the portion of his account attributable to participant contributions, including earnings thereon, as well as that which is attributable to employer safe harbor matching contributions. As such, there are no forfeitures into the Plan upon termination of an employee.

Participant Loans

Loans are not permitted under the Plan.

Notes to Financial Statements
December 31, 2014 and 2013

Distributions and Withdrawals

Prior to age 59 ½, distributions and withdrawals are not permitted from the Plan except in the instances of death, disability or termination of employment. After attaining age 59 ½, participants may elect to withdraw an amount equal to any whole percentage not to exceed 100 percent of the participant's vested account for any reason. In the event of termination of employment, a participant shall receive, as a lump-sum distribution, the value of their contributed account balances as adjusted for earnings or losses thereon.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures including contingencies. Accordingly, actual results may differ from those estimates.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Administrative Services

All administrative expenses of the Plan are paid by the Company, except fees charged by John Hancock, the Plan's custodian, for any distribution transactions and fees paid to Qualified Plans, LLC, the third party administrator. Certain investment related expenses have been offset within net investment income and are not readily determinable.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan provides participants with the option to invest in various investment securities. All investment securities are exposed to some type of risk, including, but not limited to, exposure to changes in interest rates, market fluctuations, economic conditions and currency devaluation. Due to the level of risk associated with certain investment securities, it is possible that changes in the near term could materially affect certain participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

3. Information Certified by Custodian (Unaudited)

No auditing procedures were performed by the independent public accountants as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate by John Hancock Life Insurance Company (U.S.A.) ("John Hancock") for the years ended December 31, 2014 and 2013, except for comparing such information with the related information included in the financial statements. Based on information provided and certified by the custodian, there are no fixed income obligations, leases or debt instruments in default or deemed uncollectible, as defined by ERISA, for the years ended December 31, 2014 and 2013, respectively.

* - Investments represented 5% or more at December 31, 2014; 2013 value is presented for comparative purposes.

** - Investments represented 5% or more at December 31, 2013; 2014 value is presented for comparative purposes.

During the year ended December 31, 2014, the investments in pooled separate accounts, including gains and losses on investments bought and sold, as well as held during the year, appreciated in value by \$164,495.

4. Fair Value Measurements

The Financial Accounting Standards Board has established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. Such inputs include quoted prices in active markets for identical assets or liabilities.

Level 2 – Observable inputs other than Level 1 prices, such quoted prices for similar securities or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the securities.

Vocalocity 401(k) Plan
Notes to Financial Statements
December 31, 2014 and 2013

Level 3 – Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation.

The securities' fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's assets measured at fair value. There have been no changes in the methodologies used for the periods presented in these financial statements.

Pooled separate accounts: Underlying investments include shares of pooled separate accounts that are valued based upon quoted market prices determined by John Hancock which represent the net asset value of shares held by the Plan at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31:

2014

5. Plan Termination

The Company intends to continue the Plan indefinitely for the benefit of its employees, but reserves the right to modify, amend or terminate the Plan at any time. In the event of termination of the Plan, all participants shall receive a total distribution of their accounts as described in the Plan.

6. Tax Status

The Plan obtained its latest opinion letter on March 31, 2008, in which the Internal Revenue Service stated that the proto-type Plan, as then designed, was in compliance with the applicable sections of the Internal Revenue Code ("IRC"). There have been no amendments to the Plan since receiving the opinion letter and, accordingly, the Plan administrator believes that the Plan's design and operation are in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014 and 2013 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits in progress for any tax periods. In addition, there have been no tax related interest or penalties for periods presented in these financial statements.

Notes to Financial Statements
December 31, 2014 and 2013

7. Party-In-Interest Transactions

Certain Plan investments are shares of pooled separate accounts managed by John Hancock or its subsidiaries or affiliates. John Hancock is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Qualified Plans, LLC is the third party administrator, and therefore, transactions qualify as party-in-interest transactions. Third party administrative fees paid to Qualified Plans, LLC amounted to \$13,467 for the year ended December 31, 2014. Third party administrative Investment transactions and other fees incurred by the Plan are absorbed in investment income and are not readily determinable.

8. Subsequent Events

Subsequent events were evaluated through October 15, 2015, which is the date the financial statements were available to be issued. Based on this evaluation, the Plan has determined that the following subsequent events have occurred that require disclosure in the financial statements:

- The Plan was frozen effective January 1, 2015 and the assets of the Plan were transferred to another qualified plan on February 1, 2015 in the amount of approximately \$3,167,000.
