EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2014 and 2013

NOTE 1 - DESCRIPTION OF PLAN

The Employee Savings Plan (the "Plan"), a defined contribution plan, was established on February 29, 2008. The Plan's participants include non-union employees of Reynolds Services, Inc. (the "Company") and certain affiliates who have adopted the Plan. The Company is responsible for the general administration of the Plan. Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company is the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective February 29, 2008, Alcoa Inc. (Alcoa) completed the sale of its Packaging and Consumer business including the Company to an affiliate of the Rank Group, a New Zealand private equity entity controlled by Graeme Hart. As a result, the Plan was created in order to offer the new employees under the Rank Group and the employees hired from Alcoa a 401(k) benefit plan option. Eligible employees formerly participating in the Alcoa Savings Plan became eligible to participate in the Plan as of the effective date, and their balances under the Alcoa Savings Plan were transferred to the Plan in March 2008.

The following description of the Plan provides only general information. Participants should refer to the plan document for more complete information regarding the Plan's provisions.

Eligibility: All employees are eligible to participate in the Plan at the date of employment with the exception of non-resident aliens with no U.S. source income, independent contractors, leased employees, employees represented by a collective bargaining unit, special project employees, and certain highly compensated employees.

Contributions: Participants may make voluntary contributions to the Plan on both a pretax and after-tax basis, not to exceed 75% of compensation or the maximums prescribed by law.

Effective January 1, 2012, the Plan was amended to allow for 6% automatic enrollment for participants who do not make a deferral election following employment commencement date.

Participants are entitled to receive a matching contribution from their respective employer equal to the first 6% of eligible compensation contributed by the participant. For participants that were automatically enrolled, the Plan automatically increases their pretax contributions by 1% each January 1.

Participants are also entitled to receive an Employer Retirement Income Contribution (ERIC) equal to 2% of the participant's compensation. Only participants employed on the last day of the plan year are entitled to receive ERIC contributions.

All contributions are subject to certain limitations of the Internal Revenue Code (the "Code").

Participants direct their elective contributions into various investment options offered by the Plan and can change their investment options on a daily basis. If the participant does not provide any instructions, the trustee will automatically invest the participant balance in a target retirement fund based on the participant's date of birth, as defined by the Plan, until the participant changes their election. The Company's contributions are allocated in the same manner as that of the participant's elective contributions.

Participant Accounts: Each participant's account is credited with the participant's contribution, employer matching and ERIC contributions and allocations of plan earnings and expenses. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. Allocations of administrative expenses are based on the participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS
December 31, 2014 and 2013

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Vesting: Participants are always fully vested in their voluntary contributions. The vesting of Company matching contributions, ERIC, and other employer contributions varies based upon the participant's hire date and participation in a predecessor plan. All participants are fully vested after 6 years. Participants fully vest upon death; permanent disability; termination due to closure of a participant's plant, department, or division; placement on permanent layoff status; layoff (other than permanent layoff) that has continued for 24 months; or after attaining age 65.

Forfeitures: Upon termination of employment, participants forfeit their nonvested balances. If a participant is rehired within a five-year period, the forfeited contributions are eligible for reinstatement. Forfeited balances of terminated participants' nonvested accounts are used first to pay for plan expenses and then to reduce the future employer contributions.

Notes Receivable from Participants: Loans are permitted under the Plan and are subject to such conditions and limitations as the Reynolds Services, Inc. Benefits Administration Committee deems necessary for administrative convenience and to preserve the tax-qualified status of the Plan.

Participants may borrow from their accounts in increments of \$1,000 up to a maximum equal to the lesser of \$50,000, reduced by the highest outstanding loan balance of loans in the previous year; or the greater of one-half the participant's vested balance or \$10,000, reduced by any outstanding loan balance, subject to certain limitations. Loan terms range from 1-5 years or up to 10 years for the purchase of a primary residence. A participant may not have more than one loan outstanding at any point in time. The loans are secured by the balance in the participant's account and bear interest at a rate determined under the provisions of the Plan.

Payment of Benefits: Upon termination of service, a participant may elect to receive a lump sum amount equal to the value of the vested balance allocated to his account. The Plan will automatically roll over a participant's vested benefit between \$1,000 and \$5,000 to an IRA, unless otherwise directed, or pay the participant a lump-sum benefit if the participant's vested benefit is less than \$1,000 at the time of termination.

In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS) and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

If a participant dies after becoming eligible for retirement benefits, but before the payment of retirement benefits has commenced, the surviving spouse or beneficiary receives a lump-sum payment.

Expenses: The Plan's administrative expenses are paid by the Plan, as provided by the Plan's provisions. Administrative expenses paid by the Plan include recordkeeping and trustee fees. Expenses relating to purchases, sales or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate.

Transfers From (To) Other Plans: From time to time, changes in employee status require the transfer of funds between various defined contribution plans sponsored by the plan sponsor. Transfers from other plans reflected in the Statement of Changes in Net Assets Available for Benefits resulted from these types of transfers.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Adoption of New Accounting Standards: In May and July 2015 the Financial Accounting Standards Board ("FASB") amended various disclosure requirements applicable to investments held by defined contribution pension plans. The new guidance clarifies that a plan's investments in stable value funds are not fully benefit-responsive investment contracts and should be measured and presented only at fair value. These new standards also eliminate or simplify various disclosure requirements applicable to plan investments. Adoption of these new standards resulted in the removal of investments for which fair value is measured at net asset value (or its equivalent) from the fair value hierarchy, the reporting of investments within the fair value hierarchy by general type rather than by classes of investments, and other changes in investment disclosure requirements. The Plan elected to early adopt these standards, each of which requires retrospective application to all periods presented. The adoption of these standards had no effect on the Plan's net assets available for benefits or changes therein.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Payments of Benefits: Benefits are recorded when paid.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Investment Valuation and Income Recognition: Investments held by the Plan are reported at fair value. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. See Note 5 for further discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair Value of Other Financial Instruments: It is not practicable to determine the fair value of notes receivable from participants, as the notes are not transferable. The fair value of the employer contributions receivable approximate carrying values based upon their short-term nature and collectability.

Risks and Uncertainties: The Plan invests in various investments. Investments are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 3 - RIGHTS UPON PLAN TERMINATION

Although it has not expressed intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 4 - UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Substantially all information pertaining to the Plan's investments and notes receivable from participants included in the financial statements, including the associated investment income and interest earned on notes receivable from participants, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the trustee of the Plan. This information has not been audited by independent accountants.

NOTE 5 - FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following presents the valuation methods and assumptions used by the Plan to estimate the fair values of investments.

Registered Investment Companies: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Collective Trusts: The fair values of participation units held in collective trusts are based on the net asset values per unit as reported by the fund managers. All of the collective trusts, with the exception of the Morley Stable Value Fund, provide for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirement. The Morley Stable Value Fund provides redemptions 30 days after written notification has been received.

(Continued)

EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2014 and 2013

NOTE 5 - FAIR VALUE MEASUREMENTS (Continued)

Pooled Separate Accounts: The fair values of participation units held in pooled separate accounts are based on the net asset values reported by the fund managers as of the financial statement dates and recent transaction prices. The Principal Mid Cap Blend SA-I3 restricts redemptions to one per 30-day period. The Principal Money Market SA-I3 and the Principal Core Plus Bond I SA-I2 have no redemption restrictions.

The methods described above may produce a fair value estimate that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are summarized below:

	Fair Value Measurements as of December 31, 2014, Using			
	Active Markets for Identical Assets Level 1	Quoted Prices in Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3	Total
Registered Investment Companies	\$ 283,764,949	\$ -	\$ -	\$ 283,764,949

Collective Trusts				293,815,475
Pooled Separate Accounts				174,994,653

* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

EMPLOYEE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2014 and 2013

NOTE 6 - TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 22, 2011, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, plan management believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date. Plan management has applied for a new determination letter. A response from the Internal Revenue Service has not yet been received.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014 and 2013, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company is the Plan's trustee, and therefore, the Plan's payment of trustee fees, investment management and administrative fees to Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company qualify as party-in-interest transactions. Certain plan investments are pooled separate accounts or stable value funds managed by affiliates of the trustee of the Plan, and these investments qualify as party-in-interest investments. Notes receivable from participants also reflect party-in-interest transactions.

NOTE 8 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
