# Largo Concrete, Inc. 401(k) Profit Sharing Plan
## Notes to the Financial Statements
## December 31, 2014 and 2013

**Note 1: Description of Plan:**

The following description of the Largo Concrete, Inc. 401(k) Profit Sharing Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions

1. General: The Plan is a defined contribution plan established under Section 401 (k) of the Internal Revenue Code. The Plan covers substantially all full-time employees of Largo Concrete, Inc. ("the Company") who have completed three months of service from the date of hire, are credited with eighty-three (83) hours of service in each month, are age twenty-one (21) or older, and are not covered by collective bargaining agreements. Participants enter the Plan on the date they have met the eligibility requirements. Participants must complete 1,000 hours of service during the plan year and be employed on the last day of the plan year to receive employer matching and profit sharing contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

2. Contributions: Participants may elect to defer a percentage of their compensation up to the maximum allowed by law. Catch up contributions for participants at least 50 years of age of $5,500 per year are also allowed. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans or individual retirement accounts. Effective January 1, 2015, the Plan allows ROTH 401(k) contributions. Participants direct the investment of their contributions into various investment options offered by the Plan.

   The Plan also allows for discretionary employer matching and profit sharing contributions. The profit sharing contributions are allocated to each participant's account based on each participant's compensation and compensation in excess of the Social Security wage base (Plan is integrated with Social Security). For the years ended December 31, 2014 and 2013, the Company made no matching or profit sharing contributions.

3. Participant Accounts: The plan administrator maintains a separate account for each participant and each type of contribution. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

   Certain fees are charged to the funds and are offset against plan investment income and losses as presented on the statement of changes in net assets available for benefits.

**Note 1: Description of Plan, continued:**

4. Vesting: Plan participants are immediately 100% vested in salary reduction contributions, rollover contributions and actual earnings or losses thereon. Employer contributions are vested based on years of service according to the following schedule:

| Years of Service | Percent Vested |
|---|---|
| Less than 1 year | 0% |
| 1 but less than 2 | 25% |
| 2 but less than 3 | 50% |
| 3 but less than 4 | 75% |
| 4 or more | 100% |

5. Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of $ 1,000 to a maximum of $50,000 or 50 percent of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account, are repaid by payroll deductions in equal installments, and bear interest at rates determined when the loan is disbursed. The interest rate on loans outstanding as of December 31, 2014 and 2013 is 4.25%. Loan terms range from one to five years. As of December 31, 2014, loan maturity dates range from January 2015 to August 2017.

6. Payment of Benefits: On termination of service, or upon death, disability, or retirement, a participant or beneficiary may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. The Plan allows for automatic distribution for participant accounts that have a vested balance of $1,000 or less on date of separation. The Plan allows for in-service distributions for participants who are of normal retirement age.

7. Forfeitures: Forfeitures are created when participants terminate employment before they become 100% vested in their account balance. Forfeitures are held in a money market fund until they are used to offset employer contributions and/or plan expenses. At December 31, 2014 and 2013, there were forfeiture balances of $194 and $27, respectively

8 Administrative Expenses: The Plan's administrative expenses are paid either by the Plan or the Company, as provided by the Plan document. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan.

**Note 2: Summary of Significant Accounting Policies:**

Basis of Accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Investment income (loss), derived from underlying pooled account fund investments, is comprised of interest, dividends (recorded on the ex-dividend date), and realized and unrealized gains and losses. The investment gain (loss) is reported net of investment charges.

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits:

Benefits are recorded when paid.

**Note 2: Summary of Significant Accounting Policies, continued:**

Recent Accounting Pronouncements:

In July 2015, the Financial Accounting Standards Board issued Accounting Standards Update ("ASU") No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans, Topic 960; Defined Contribution Plans, Topic 962; and Health and Welfare Benefit Plans, Topic 965 Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient.* The ASU simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts, plan investment disclosures, and measurement date practical expedient. The amendments are effective for all plan years beginning after December 15, 2015. Earlier application of any or all of the three parts is permitted. The Plan is currently evaluating the impact of adopting the new standard on its financial statements.

Subsequent Events:

The Plan has evaluated subsequent events through October 14, 2015, which is the date the financial statements were available to be issued.

**Note 3: Liquidation and Transfer of Plan Assets:**

As described in Note 11, the Plan changed its custodian to Charles Schwab Bank and the investment options available to employees effective January 1, 2015. For this purpose, the pooled account investments, held by Reliance Trust Company, were liquidated on December 31, 2014 and transferred to Charles Schwab Bank. The funds were received by Charles Schwab Bank in January 2015. The funds in transit are presented as cash in the Statement of Net Assets Available for Benefits.

**Note 4: Fair Value Measurements:**

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Note 4: Fair Value Measurements, continued:**

Level 2

Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

*Pooled separate accounts*: Valued at contract value, which approximates fair value at all times during the life of the contract because participants may withdraw pooled separate account assets at contract value without restrictions, and the pooled separate accounts are marked-to-market on a daily basis. The marked-to-market valuation is based on closing prices, on nationally recognized stock exchanges or over-the-counter markets where no formal exchange exists, on that date to the extent possible. Where the investment underlying the pooled separate account is in shares of a mutual fund or portfolio thereof, it is computed by using the net asset value per share provided by that mutual fund or portfolio thereof on that date. Liquidation of the entire contract may result in liquidation or surrender charge, which would result in an adjustment to the contract value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**Note 4: Fair Value Measurements, continued:**

As described in Note 3, the Plan's assets as of December 31, 2014 consist of cash, which is considered to be a level 1 measurement.

The following table set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013:

**Note 5: Investments and Information Certified by the Plan's Trustee:**

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of the investments under contract reflected on the accompanying statements of net assets available for benefits as of December 31, 2014 and 2013, the related net appreciation (depreciation) in fair value of investments reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2014, and the supplemental Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2014.

The following table presents investments. Investments that represent 5% or more of the Plan's net assets in either year are separately identified.

| | December 31, 2014 | December 31, 2013 |

**Note 6: Related Party Transactions:**

Before the liquidation of the Plan's investments on December 31, 2014, plan investments consisted of pooled separate accounts managed by MassMutual. MassMutual acted as the investment custodian and provided administrative services to the Plan. Therefore, these transactions qualify as party-in-interest transactions.

The Company provides to the Plan certain accounting and administrative services for which no fees are charged and absorbs certain Plan expenses.

**Note 7: Income Tax Status:**

The Plan has adopted a prototype plan sponsored by Hicks Pension Services. The prototype plan obtained its latest opinion letter on March 31, 2008, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has not applied for its own determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**Note 8: Plan Termination:**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contribution and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100 percent vested in their accounts.

**Note 9: Reconciliation of Financial Statements to Schedule H of Form 5500:**

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2014 and 2013 to Schedule H of Form 5500:

| | December 31, 2014 | December 31, 2013 |
|---|---|---|
| Net assets available for benefits per the financial statements | $ 2,227,070 | $ 1,909,963 |
| Less receivables at year end: | | |
| Participant contributions | (3,246) | (3,701) |
| Net assets available for benefits per Schedule H of Form 5500 | $ 2,223,824 | $ 1,906,262 |

**Note 9: Reconciliation of Financial Statements to Schedule H of Form 5500, continued:**

The following is a reconciliation of contributions received per the financial statements for the year ended December 31, 2014 to Schedule H of Form 5500:

| | Participants' Salary Deferrals | Rollovers | Total |
|---|---|---|---|
| Contributions per the financial statements | $ 233,911 | $ 5,894 | $ 239,805 |
| Add receivables at December 31, 2013 | 3,701 | - | 3,701 |
| Less receivables at December 31, 2014 | (3,246) | - | (3,246) |
| Contributions per Form 5500 | $ 234,366 | $ 5,894 | $ 240,260 |

**Note 10: Risks and Uncertainties:**

The Plan invests in various pooled separate account funds. These investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

**Note 11: Subsequent Events:**

Effective January 1, 2015, the Plan changed its third-party administrator and custodian to TRI-AD Actuaries, Inc. (TRI-AD) and Charles Schwab Bank, respectively, and adopted a new plan sponsored by TRI-AD. This prototype plan obtained its latest opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has not applied for its own determination letter. However, the Plan administrator believes the Plan is designed in compliance with the applicable requirements of the Internal Revenue Code

The new custodian offers 19 mutual fund options.
