1. DESCRIPTION OF PLAN

The following description of the Stellar Services 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement or Summary Plan Description for a complete description of the Plan's provisions.

General

The Plan was established by Stellar Services, Inc. (the "Company" or "Employer") effective January 1, 2003. The Plan is a defined contribution plan, which covers all eligible employees of the Employer, except employees covered by a collective bargaining agreement and non-resident aliens. Employees must be twenty-one years of age and complete one month of service during the Plan year to be eligible to participate in elective deferrals. The contributory portion of the Plan is based on elective contributions from participants in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Contributions to the Plan are made by the participants. Participants may elect to make pre-tax elective deferrals from 1% to 30% of their gross pay, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Additionally, participants may rollover or transfer to the Plan any portion or all of the property received from another qualified employee benefit trust (rollover contribution).

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

The Employer, at its discretion, may make a matching contribution. For the year ended December 31, 2014, the Employer elected to make matching contributions equal to 100% of the first 6% of the participant's compensation contributed to the Plan subject to certain limitations as specified in the Plan agreement. Employer matching contributions for the year ended December 31, 2014 were $337,911. In addition, the Employer may make discretionary profit sharing contributions, at the option of the Employer's Board of Directors. This contribution is determined each year by the Employer. Discretionary Employer profit sharing contributions for the year ended December 31, 2014 were $147,328.

Participant Accounts

Each account is credited with the participant's contribution, an allocation of the Employer's contribution and the Plan's earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations of earnings are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants may direct Ascensus Trust Company (a wholly owned subsidiary of Ascensus, Inc.), the trustee of the Plan, to invest their elective 401(k) contributions, rollovers, if any, as well as Employer matching contributions to the Plan in any of the available investment options. Participants can individually determine their investment options based on desired level of risk and return for all contributions (Employer and participant) to the Plan.

1. DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are immediately vested in their elective deferrals plus actual earnings thereon. A participant is entitled to 100% of his or her vested account balance upon retirement, death or disability. Vesting in the discretionary Employer contributions is based on years of service in accordance with the following:

Years of Service	Vested Percentage
0-1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant or his or her beneficiary may elect to receive the vested portion in the participant's account in a lump sum distribution or in installment payments.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Fees related to the distribution of benefits to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Forfeited Accounts

Forfeitures are used to reduce future Employer contributions to the Plan. At December 31, 2014 and 2013, forfeiture nonvested amounts totaled $65,815 and $46,937, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See NOTE 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Management Fees and Administrative Expenses

Investment management fees and administrative expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation in fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through October 15, 2015, which is the date the financial statements were available to be issued.

Recent Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board ("FASB") issued ASU 2015-12 which, in three parts, amends the requirements for disclosures related to fully benefit-responsive investment contracts and to plan investments, and provides a practical expedient for the measurement date of an employer's defined benefit obligation and plan assets. Part I of this update requires fully benefit-responsive investment contracts to be measured, presented and disclosed only at contract value. Part II eliminates the required disclosures of individual investments that represent five percent or more of net assets available for benefits, and requires the disclosure of the net appreciation or depreciation for investments only be presented in the aggregate. Part III provides a practical expedient to permit plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal-year end, when the fiscal period does not coincide with a month-end. The update is effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. The Plan is currently evaluating the effect the update will have on its financial statements.

3. PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

4. INVESTMENTS

The following presents investments that represent five percent or more of the Plan's net assets at December 31:

	2014	2013
BlackRock Ready Assets Prime Money	$ 880,915	$ 834,394
BlackRock Global Allocation A	1,137,627	1,037,108
BlackRock Health Sciences Opp Port A	600,801	*
BlackRock S&P 500 Stock Institutional	399,605	285,404
Oppenheimer Main Street A	546,279	417,895
Oppenheimer Main Street Mid Cap A	644,987	501,975

* This fund did not represent 5% or more of the Plan's net assets as of December 31, 2013.

During the year ended December 31, 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $308,713.

5. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee, Ascensus Trust Company, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

	December 31, 2014	December 31, 2013
Mutual funds	$ 5,393,307	$ 4,119,843
Money market fund	880,915	834,394
Total	**$ 6,274,222**	**$ 4,954,237**

	Year Ended December 31, 2014
Investment income:	
Net appreciation in fair value of investments	$ 308,713
Interest and dividend income	71,629
Total investment income	**$ 380,342**

6. INCOME TAX STATUS

The Plan has adopted a prototype plan, which has obtained an Internal Revenue Service ("IRS") letter on March 31, 2014, in which the IRS stated that the form of the Plan was acceptable under Section 401 of the Internal Revenue Code. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, we believe that the Plan is qualified and the related trust is tax-exempt.

6. INCOME TAX STATUS (CONTINUED)

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the accompanying financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2011.

7. FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 Inputs to the valuation methodology include:
  - quoted prices for similar assets or liabilities in active markets;
  - quoted prices for identical or similar assets or liabilities in inactive markets;
  - inputs other than quoted prices that are observable for the asset or liability;
  - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual funds: Valued at the quoted market prices of shares held by the Plan at year end. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

7. FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value on a recurring basis as of December 31, 2014 and 2013:

		Fair Value Measurements at Reporting Date Using:		
Description	Fair Value 12/31/2014	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. PROHIBITED TRANSACTIONS

The Plan did not distribute corrective distributions required to pass DOL compliance tests for the year ended December 31, 2014. Plan management believes that the distributions required are immaterial to these financial statements.
