EMPLOYEES PROFIT SHARING 401(K) PLAN
OF ALFRED BENESCH & COMPANY
NOTES TO FINANCIAL STATEMENTS
FOR THE SEVEN MONTHS ENDED DECEMBER 31, 2014 AND THE YEAR ENDED
MAY 31, 2014

NOTE 1 – PLAN SUMMARY AND DESCRIPTION:

The following description of the Employees Profit Sharing 401(k) Plan ("the Plan") of Alfred Benesch & Company (the "Company") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan covering all eligible employees of the Company who have at least thirty days of service and are age twenty-one or older. Once these requirements are attained, employees may enroll on the first day of the following month. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Retirement Plans Committee is responsible for oversight of the Plan, determining the appropriateness of the Plan's investment offerings, and monitoring investment performance.

Contributions

Each year, participants may contribute a percentage or flat dollar amount of eligible compensation, as defined in the Plan, subject to certain Internal Revenue Service (IRS) limitations. Some or all of the participant's deferral contribution may be designated as a Roth Deferral Contribution at the time the deferral election is made. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Participants direct the investment of their contributions, as well as the matching Company contribution and additional profit sharing amounts that may be contributed to the option of the Company's board of directors into various investment options offered by the Plan.

The Plan currently offers several families of pooled separate accounts as investment options for participants. The Company contributes eighty cents for each dollar contributed up to 5% of eligible compensation deferred. Contributions are subject to certain limitations. The Company made matching contributions of $1,002,473 and $1,696,948 to the Plan in the seven months ended December 31, 2014 and the year ended May 31, 2014, respectively.

An employer non-elective contribution consisting of unused vacation time may be converted to equivalent dollars and deposited into individual participant accounts of the Plan each Plan year. The expected maximum amount of unused vacation dollars that can be deposited into

NOTE 1 – PLAN SUMMARY AND DESCRIPTION (continued):

the Plan is equal to the lesser of unused vacation pay in excess of one week or the balance remaining of the combined maximum allowed contribution pursuant to the Internal Revenue Code (IRC). This unused vacation contribution cannot be forfeited and is not subject to vesting.

Participant Accounts

Each participant's account is credited with the participant's contributions and (a) Company matching contributions, (b) Company profit sharing contributions and (c) Plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions and the Company's matching and profit-sharing contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear the interest rates fixed for the entire loan duration at a rate commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through biweekly payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the fair value of the participant's vested interest in his or her account, installment distribution in equal amounts over a period of time, or purchase of an annuity. An optional form of benefit may be selected pursuant to a qualified election within the 180-day period ending on the annuity starting date. Participant accounts that do

NOTE 1 – PLAN SUMMARY AND DESCRIPTION (continued):

not exceed $1,000 receive a single lump-sum payment as soon as possible following the event that entitles the participant to a distribution. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution, or partial withdrawal of any portion of the vested balance. Distributions are also permitted prior to termination if certain age requirements are met or if the participant qualifies for hardship as defined by the Plan.

Forfeited Accounts

At December 31, 2014 and May 31, 2014, forfeited nonvested accounts totaled $- and $1,976 respectively. These accounts are used to pay administrative expenses of the Plan. In the periods ending December 31, 2014 and May 31, 2014, forfeited nonvested accounts of $1,968 and $- were used to pay administrative expenses of the Plan.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Date of Management's Review

Subsequent events were evaluated through October 15, 2015, which is the date the Plan's financial statements were available to be issued.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued):

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 and May 31, 2014. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the outstanding loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Reclassifications

Certain reclassifications have been made to the May 31, 2014 financial statement presentation to correspond to the current year's format. Net assets and changes in net assets are unchanged due to these reclassifications.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement Plans Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance company. See Note 3 for discussion of fair value measurements.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued):

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 3 – FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level One) and the lowest priority to unobservable inputs (Level Three). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level One – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level Two – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level two input must be observable for substantially the full term of the asset or liability.

Level Three – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTE 3 – FAIR VALUE MEASUREMENTS (continued):

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and May 31, 2014.

Pooled Separate Accounts: The fair values of investments in pooled separate accounts managed by Voya Retirement Insurance and Annuity Company are based on the market value of the underlying investments, which represents the net value of the shares held by the Plan at the year end. The fair values of these investments are determined by reference to the respective fund's underlying assets, with Voya Retirement Insurance and Annuity Company specifying the source(s) to use for the underlying investment asset prices.

Money Market: Valued at the daily closing price reported by the fund. The fund derives its value from cash deposits in interest bearing accounts.

Collective Trust Fund: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTE 3 – FAIR VALUE MEASUREMENTS (continued):

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and May 31, 2014:

Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 7 – PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 8 – RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS:

Certain Plan investments are managed by Voya Retirement Insurance and Annuity Company ("Voya"). Voya is the custodian and recordkeeper for the Plan and, therefore, these transactions qualify as party in interest transactions.

Voya provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MSA) between the Company and Voya. Voya receives revenue from pooled separate account and collective trust fund service providers for services Voya provides to the funds. This revenue is used to offset certain amounts owed to Voya for its administrative services to the Plan.

If the revenue received by Voya from such pooled separate account or collective trust fund service providers exceeds the amount owed under the MSA, Voya remits the excess to the Plan's trust. Such amounts may be applied to pay Plan expenses or allocated to the accounts of the participants. During both Plan periods there were no excess amounts. The Plan or Plan Sponsor may make a payment to Voya for administrative expenses not covered by revenue sharing. The Plan paid $2,071 and $2,609 of administrative fees to Voya for the seven months ended December 31, 2014 and year ended May 31, 2014, respectively.

NOTE 9 - TAX STATUS:

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

NOTE 9 - TAX STATUS (continued):

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdiction; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to tax examinations for years prior to 2011.

NOTE 10 – PLAN AMENDMENT AND SUBSEQUENT EVENTS:

The directors of the Company adopted a resolution which will result in the following changes that affect current and future Plan operations:

- effective June 1, 2014, the Plan year was changed to a calendar year and the period June 1, 2014 through December 31, 2014 was designated to be a short Plan year in order to facilitate this change;
- to allow another qualified plan of the sponsor to merge with this Plan and this change became effective January 1, 2015, with the assumption of the assets, accounts, and liabilities from the other plan completed on January 8, 2015;
- effective for the 2015 Plan year, there will be a non-discretionary 5% profit sharing matching contribution in the Plan and in subsequent years, the profit sharing percentage will be established annually by the board of directors;
- and for employees hired on or after January 1, 2015, vesting requirements were changed to 1 year cliff vesting at 100%.
