AIP Aerospace Holdings, LLC 401(k) Plan

Report on the Financial Statements
We were engaged to audit the accompanying financial statements of the AIP Aerospace Holdings, LLC 401(k) Plan (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by State Street Bank and Trust Company (SSBT), the custodian of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the custodian holds the Plan's assets and executes transactions. The Plan Administrator has obtained a certification from the custodian as of December 31, 2014, and for the year then ended, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter
As discussed in Note 1 to the financial statements, the Board of Managers of AIP Aerospace Holdings, LLC, the Plan's Sponsor, voted on October 15, 2013, to create this Plan and merge in other existing company Plans effective January 1, 2014. All plan assets were transferred to the Plan on January 1, 2014. Our disclaimer of opinion has not been modified with respect to this matter.

As discussed in Note 9 to the financial statements, the entity adopted new accounting guidance related to disclosure of investments. Certain investments are now shown at contract value rather than fair value on the statement of net assets available for benefits, and using net asset value per share as a practical expedient in the notes to the financial statements. Our disclaimer of opinion is not modified with respect to this matter.

Member of the RSM International network of independent accounting, tax and consulting firms.

Other Matters
The supplemental schedule, schedule H, part IV, Line 4(i) - schedule of assets (held at end of year) as of December 31, 2014, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Note 1. Description of Plan

The following description of the AIP Aerospace Holdings, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan adoption agreement for a complete description of the Plan's provisions.

Plan merger: The Plan was formerly known as the Coast Composites, Inc. Employee Savings Trust. Effective January 1, 2014, the Plan was amended and restated as the AIP Aerospace Holdings, LLC 401(k) Plan. On that same date, the Plan merged in the assets of the Composite Horizons, Inc. Profit Sharing & Reduction Plan, the Global Tooling Systems, Inc. 401(k) Salary Reduction Plan, the Odyssey Industries, Inc. 401(k) Savings Plan and a portion of the Texstars, Inc. 401(k) Savings Plan. The transfer in of assets related to the merger of $26,157,576 is reflected in the 2014 Plan financial statements.

General: The Plan is a defined contribution plan established for the benefit of the employees of AIP Aerospace Holdings, LLC (Plan Sponsor) and its wholly owned subsidiaries, AIP Aerospace Tooling Group, LLC, Coast Composites, LLC, Composite Horizons, LLC, Global Tooling Systems, LLC, Odyssey Industries, LLC, Texstars, LLC, Flow Aerospace Systems, LLC, and Brown Aerospace, LLC (Participating Employers). The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (the IRC) and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: Employees who have completed 90 days of service, and are not covered by a collective bargaining agreement, a leased employee, a nonresident alien, or an employee of a controlled group employer whose employer does not adopt the Plan, are eligible for the Plan.

Contributions: Eligible employees can make pre-tax and roth elective deferrals in any amount up to the maximum percentage of compensation and dollar amount permissible under the IRC. For 2014, the contribution limit is $17,500 with an additional $5,500 catch up contribution allowable for eligible employees over age 50.

The employer matches 100% of the eligible participant’s elective deferrals that do not exceed 3% of eligible compensation and 50% of the next 2% of the eligible participant's deferral, up to a maximum of 4% of eligible compensation.

The Plan contains an automatic enrollment provision that consists of a pre-tax salary deferral of 3%. The provision goes into effect on the first Plan entry date after an employee meets the Plan’s eligibility requirements. Participants have the right to elect not to have salary deferral contributions automatically made on their behalf or to elect to have such contributions made at a percentage that is different from the 3% designated.

Payment of benefits: A participant may receive a benefit payment through an in-service withdrawal, hardship withdrawal, termination withdrawal, minimum required distribution, or related to death or disability. Each benefit payment type has eligibility criteria as defined in the Plan adoption agreement.

Participant accounts: Each participant's account is credited with (a) the participant’s contributions (b) the employer's contributions and (c) Plan earnings (losses), if any. Allocations are based on participant contributions, earnings or account balances, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants' investment Options: Participants must direct the amounts contributed to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options at any time throughout the year via direct phone or Internet access to Transamerica Retirement Solutions Corporation (Transamerica).

Note 1. Description of Plan (Continued)

Notes receivable from participants: The Plan allows participants to borrow from the Plan provided that such a loan, when added to the outstanding balance of all loans to the participant, would not exceed the lesser of $50,000 or 50% of the value of the participant's total vested account balance under the Plan. The number of outstanding loans that a participant can have at one time is two. Loans may be made from all contribution types, except prior after-tax employee nondeductible contributions. No loan shall be made in an amount less than $1,000. All terms of the loans are defined in the Plan. The loans bear interest equal to the prime rate plus 1% and are repayable up to a five-year period, unless used to acquire a principal residence which may be repayable up to a fifteen-year period.

Vesting: All participants are immediately and fully vested in all contribution types including elective pre-tax and roth deferrals, catch-up contributions, and employer contributions.

Administrative expenses: Administrative expenses, which include custodial and certain record-keeping fees are paid by the Plan.

Note 2. Summary of Significant Accounting Policies

The Plan's significant accounting policies are as follows:

Basis of accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments purchased and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are recorded as distributions on the basis of the terms of the plan document.

Payment of benefits: Benefits are recorded when paid.

Subsequent events: The Plan has evaluated subsequent events through October 15, 2015, the date the financial statements were available to be issued.

Note 3. Information Certified by State Street Bank and Trust Company (SSBT)

The following is a summary of the Plan's asset and income information as of December 31, 2014, and for the year ended December 31, 2014, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by SSBT, the custodian, and furnished to the Plan Administrator. The Plan Administrator has obtained a certification from the custodian that the information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets, notes receivable from participants and related income at December 31:

	2014
Cash	$ 59,470
Investments	
Mutual funds, at fair value	46,612,174
Stable value fund, at contract value	3,633,552
Notes Receivable From Participants	2,358,981
Total	$ 52,664,177

SSBT also certified to the completeness and accuracy of the $1,781,620 of net appreciation in fair value of investments, $128,341 of interest income on notes receivable from participants, and $867,119 of dividends and interest for the year ended December 31, 2014.

Note 4. Fair Value Measurements

The Financial Accounting Standards Board (FASB) issued Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Note 4. Fair Value Measurements (Continued)

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

All transfers between fair value hierarchy levels are recognized by the Plan at the end of each reporting period. There are no significant transfers between Levels 1, 2 and 3 during the year.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014.

Mutual funds (registered investment companies): Fair values are based on unadjusted quoted prices in active markets for identical assets or liabilities. Prices are obtained from readily available sources for market transactions involving identical assets or liabilities and these investments are classified as Level 1.

Stable value collective trust fund: A stable value fund that is composed primarily of fully-benefit responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes that its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2014.

	Investments at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 46,612,174	$ -	$ -	$ 46,612,174
Total investments in the fair value hierarchy	46,612,174	-	-	46,612,174
Investments measured at net asset value (a)	-	-	-	3,633,552
Total investments	$ 46,612,174	$ -	$ -	$ 50,245,726

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Note 4. Fair Value Measurements (Continued)

Investments measured using the net asset value per share practical expedient: The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2014. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Investment	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Stable value collective trust fund	$ 3,633,552	n/a	Daily	12 months

Note 5. Tax Status

Prototype plan: The Plan has adopted a nonstandardized form of a prototype plan sponsored by Transamerica. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter, dated March 31, 2008, has been relied upon by the Plan. The Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

The Plan follows FASB ASC 740-10-5 on accounting for uncertainty in income taxes. The Plan Sponsor's management has evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustments to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements as of and for the year ended December 31, 2014. Generally, the Plan is no longer subject to income tax examinations by U.S. federal, state or local tax authorities for years before 2011.

Note 6. Related Party Transactions

The Plan holds cash in a reserve account with State Street Bank & Trust Company. The Plan also holds both a mutual fund and stable value fund managed by Transamerica. Transamerica is the third-party administrator, as defined by the Plan, and SSBT is the custodian and, therefore, these transactions qualify as exempt party-in-interest transactions as defined by ERISA.

These party-in-interest transactions are not deemed prohibited because they are covered by statutory and administrative exemptions from the IRC and the rules of prohibited transactions of ERISA.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. New Accounting Pronouncements

ASU 2012-04
In October 2012, FASB issued Accounting Standards Update (ASU) 2012-04, *Technical Corrections and Improvements*. The amendments in this update cover a wide range of topics in the ASC, including plan accounting. These amendments include technical corrections and improvements to the ASC and conforming amendments related to fair value measurements. The amendments in this update will generally be effective for fiscal periods beginning after December 15, 2013 for nonpublic entities, except for amendments in this update where there was no transition guidance and which were immediately effective upon issuance. The impact of adopting ASU 2012-04 did not have a material impact on the Plan's financial statements.

ASU 2015-12
In July 2015, FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) – (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures and (III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force)*. The purpose of this Update is to simplify plan accounting.

- The amendments in Part I of this Update designate contract value as the only required measure for direct investments in fully benefit-responsive investment contracts. Fully benefit-responsive investment contracts will be presented at contract value; accordingly there will no longer be an adjustment from fair value to contract value on the face of the financial statements.

- The amendments in Part II of this Update will eliminate the requirements for plans to disclose (1) individual investments that represent 5 percent or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period will still be required to be presented in the aggregate. In addition, if an investment is measured using the net asset value per share (or its equivalent) practical expedient in Topic 820 and that investment is in a fund that files a U.S. Department of Labor Form 5500, *Annual Return/Report of Employee Benefit Plan,* as a direct filing entity, disclosure of that investment's strategy will no longer be required.

- The amendments in Part III of this Update reduce complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end.

The Update may be adopted in whole or by part (I, II and III), as applicable. The amendments in this Update are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments in Parts I and II shall be applied retrospectively to all periods presented; the amendments in Part III shall be applied prospectively. The Plan adopted amendments in Part I & II of this Update for the 2014 plan year. The impact of adopting these amendments is reflected in the financial statements.

ASU 2015-07
In May 2015, FASB issued ASU No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The amendments in this update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position.

Note 9. New Accounting Pronouncements (Continued)

The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in this Update are effective for public business entities for fiscal years beginning after December 15, 2015. For all other entities, the amendments in this update are effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. Upon adoption, the amendments shall be applied retrospectively to all periods presented. The Plan adopted this Update for the 2014 plan year. The impact of adopting these amendments is reflected in the financial statements.
