Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United Statements of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express and opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United Statements of America. Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103–8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the Trustee of the Plan, except for comparing such information with the related information included in the 2014 financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2014 that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate evidence to provide a basis for an audit opinion on the 2014 financial statements. 1. Description of the Plan

The following brief description of the Tory Burch, LLC 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan document and summary plan description for a more complete description of the Plan's provisions, copies of which may be obtained from the Plan's sponsors.

General

The Plan is a defined contribution plan sponsored by Tory Burch, LLC (the "Company") for all non-union employees of the Company age 21 or over who have completed one year and 1,000 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Plan uses Fidelity Management Trust Company as the Trustee.

Contributions

Each year, participants may contribute a portion of pretax annual compensation, as defined in the Plan document, as basic contributions. Contributions are subject to certain annual dollar limitations as imposed by the Internal Revenue Service (the "IRS"), which was $17,500 in 2014 and 2013. As permitted by the Plan, participants who have attained at least 50 years of age prior to the close of the Plan year are eligible to contribute up to an additional $5,500 in 2014 and 2013, as catch-up contributions. Participants also may contribute amounts representing distributions from other qualified benefit or contribution plans ("rollover contributions"). The Plan also provides for a Company safe harbor matching contribution to the Plan. The Company's matching contribution is a maximum of 4% of contributing participants' compensation. Additional discretionary profit sharing amounts may be contributed at the option of the Company's board of directors. There were no additional discretionary amounts contributed to the Plan in 2014 and 2013. The employer matching contribution was $1,833,049 for the year ended December 31, 2014.

Participant Accounts

The plan maintains individual accounts for each Plan participant. Each participant's account is credited with the participant's contribution, employer matching contributions and an allocation of the Plan's earnings or losses and charged for benefits paid and certain administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Distributions from the deferral account are not permitted before age 59 ½ except in cases of death, disability, termination of employment or hardship.

Investment Options

Participants direct the investment of their contributions and employer matching contributions into various investment options offered by the Plan, which include investments in mutual funds, a collective trust fund, and a money market fund.

Vesting

Participants are 100% vested in all contributions (including Company safe harbor matching contributions) plus actual earnings thereon. Participants vest in additional discretionary Company contributions and related earnings at the rate of 0 percent for the first two years after joining the Plan and 20 percent for each year of service thereafter.

Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, provided that the annual amortization payment with respect to the note does not exceed the participant's annual compensation as of the date of the note. Participant notes are secured by the vested balance in the participant's account and bear interest at prevailing rates as determined by the Plan administrator. The maximum term of a note is five years, unless the note proceeds are to be used to acquire the participant's principal residence. The maximum term of a note issued for the acquisition of a principal residence is 10 years. Principal and interest are paid ratably through bi-weekly payroll deductions. In the event that a

participant's account balance becomes payable prior to full repayment of the note, the outstanding note balance is deducted from the participant's account prior to distribution and will be classified as a deemed distribution. In the event that a participant's note is determined to be in default under the provisions of the Plan document, as amended, the outstanding note balance will be treated as a deemed distribution to the participant.

Payment of Benefits
On termination of service due to disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period not more than the assumed life expectancy of the participant. On termination due to death, the participant may receive the vested account balance as a lump-sum distribution of installments over a period not exceeding five years. For reasons of hardship or termination of service due to other reasons a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts
At December 31, 2014 and 2013, there were $205,711 and $139,440, respectively, in forfeited nonvested accounts. These accounts may be used to pay plan expenses or reduce future employer contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates
The preparation of these financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP") requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements and supplemental schedule. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments are at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). See Notes 3 and 4 for the required disclosures with regard to Plan investments.

The Plan presents in the statements of changes in net assets available for benefits the net appreciation or depreciation in the fair value of investments, which consists of realized gains or losses on investments sold and unrealized gains or losses on investments held.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Risks and Uncertainties
The Plan holds various investments that, in general, are exposed to various types of risk, such as interest rate, market volatility and credit risk. Further, due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of these investments, it is reasonably possible that changes in the value of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Payment of Benefits
Benefit payments to participants are recorded upon distribution.

Notes Receivable from Participants
Notes receivable from participants are stated at their unpaid principal balance plus accrued unpaid interest. Fees charged by the Trustee relating to notes receivable from participants are paid from the participants' accounts and are included in administrative expenses and expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2014 or 2013.

Administrative Expenses
Trustee fees and other expenses incurred in the administration of the Plan are paid by the Company. Investment advisory fees are paid by the Plan.

Concentration of Credit Risk
Financial instruments that potentially subject the Plan to concentrations of credit risk are part of the holdings in Plan's investments. Management believes that the Trustee maintains the Plan's investments with high credit quality institutions and attempts to limit the credit exposure to any particular investment.

Relevant Accounting Developments
In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, "Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)." ASU 2015-07 was issued to address diversity in practice related to how certain investments measured at net asset value with redemption dates in the future (including periodic redemption dates) are categorized within the fair value hierarchy. The amendments eliminate the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. As such, certain fair value levelling disclosures are no longer required; although information must be disclosed so that users can reconcile amounts reported in the fair value hierarchy to the statements of net assets available for benefits. The amendments are effective retrospectively for annual reporting periods beginning after December 15, 2016. Early adoption is permitted. Plan management has elected to adopt the provisions of ASU 2015-07 early and the financial statements and the accompanying notes to the financial statements reflect such adoption.

In July 2015, the FASB issued ASU 2015-12, "Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient." ASU 2015-12 was issued to simplify financial reporting by employee benefit plans. The amendments (i) require fully benefit-responsive investment contracts to be measured, presented and disclosed only at contract value, not fair value; (ii) simplify the investment disclosure requirements; and (iii) provide a measurement date practical expedient for employee benefit plans when the employer's fiscal period does not coincide with a month-end. The amendments are effective for annual periods beginning after December 15, 2015. Early adoption is permitted. Plan management has elected to adopt Parts I and II of ASU 2015-12 early and the financial statements and the accompanying notes to the financial statements reflect such adoption. Part III is not applicable to the Plan.

3. Information Certified by the Trustee
The following is a summary of the information regarding the Plan as of December 31, 2014 and 2013 and for the years then ended, included in the Plan's financial statement and supplemental schedule, that was prepared by, or derived from, information prepared by the Trustee of the Plan and furnished to the plan administrator. The Plan administrator has obtained certification from the Trustee that such information is complete and accurate.

December 31,	2014		2013	
Investments, at fair value	$19,080,910	*	$14,314,188	*
Notes receivable from participants	230,711		208,508	

Year Ended December 31,	2014
Net appreciation in fair value of mutual funds	201,098
Dividend and interest income	928,021
Interest income on notes receivable from participants	8,976

*The Trustee certified the fair value of the Plan's investments except for the Plan's investment in a collective trust fund. The Trustee certified the contract value of the collective trust fund of $583,317 and $590,258 as of December 31, 2014 and 2013, respectively.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

The Plan follows provisions of FASB Accounting standards Codification ("ASC") 820 "Fair Value Measurements." ASC 820 establishes a framework for measuring fair value that prioritizes the inputs to valuation techniques to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The following provides a description of the three levels of inputs that may be used to measure fair value under ASC Topic 820, the types of plan investments that fall under each category, and the valuation methodologies used to measure these investments at fair value.

Level 1 – Valuation is based upon observable unadjusted quoted prices in active, accessible markets for identical assets and liabilities.

Level 2 – Valuation is based upon quoted market prices for similar assets and liabilities in active markets, quoted market prices for similar assets in inactive markets, or other inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Valuation is based upon unobservable inputs which are supported by little or no market activity.

The following table summarizes the Plan's financial assets and liabilities that are measured and recorded at fair value on a recurring basis:

	Quoted prices in active markets for identical assets Level 1	Significant other observable inputs Level 2	Significant unobservable inputs Level 3	Total
December 31, 2014:				
Investments at fair value:				
Mutual funds	$ 18,497,563	$ -	$ -	$ 18,497,563
Total investments at fair value	18,497,563	-	-	18,497,563
Investments measured at net asset value*:				
Collective trust fund	-	-	-	591,646
Total fair value investments	$ 18,497,563	$ -	$ -	$ 19,089,209

	Quoted prices in active markets for identical assets Level 1	Significant other observable inputs Level 2	Significant unobservable inputs Level 3	Total
December 31, 2013:				
Investments at fair value:				
Mutual funds	$ 13,723,930	$ -	$ -	$ 13,723,930
Total investments at fair value	13,723,930	-	-	13,723,930
Investments measured at net asset value*:				
Collective trust fund	-	-	-	594,987
Total fair value investments	$ 13,723,930	$ -	$ -	$ 14,318,917

*Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been changes in the valuation methodologies used as of December 31, 2014 and 2013.

Mutual Funds
These investments are public investment securities valued at unadjusted quoted market prices, which represent the Net Asset Value ("NAV") of shares owned by the Plan at year end.

Collective Trust Fund
A stable value fund that is composed primarily of fully benefit-responsive investment contracts that are valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the

reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair Value of Investments of the Plan that Calculate NAV Per Share

The following table sets forth additional disclosures of the Plan's investment whose fair value is estimated using NAV per share (or its equivalent) as of December 31, 2014 and 2013:

	Fair Value		Unfunded Commitments at December 31,	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
	2014	2013			
Wells Fargo Stable Value Fund	$ 591,646	$ 594,987	$ -	Daily	One business day

5. Related Party Transactions

Certain Plan investments are managed by affiliates of the Trustee. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each Fund. Transactions in such investments qualify as party-in-interest transactions which are exempt from the prohibited transactions rules. Notes receivable from participants also qualify as exempt party-in-interest transactions.

6. Plan Termination

While the Company has not expressed any intention to terminate the Plan, it reserves the right to terminate the Plan subject to the provisions of ERISA.

7. Tax Status

The Plan adopted the Trustee's volume submitter plan that received a favorable opinion letter from the IRS dated March 31, 2008, which stated that the prototype plan was in compliance with the requirements of Internal Revenue Code ('IRC') Section 401(a). The Plan has been amended since receiving the opinion letter; however, the Company and Plan administrator believe that the Plan is designed and is currently being operated in compliance with, and continues to qualify under the applicable requirements, of the IRC and the Trust is exempt from Federal income taxes.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. As part of an IRS examination of the Plan years ended December 31, 2013 and 2012, certain matters were noted which were corrected in 2015. The IRS has accepted the correction made by the Plan under the Self-Correction Program and concluded the examination of the 2013 and 2012 Plan years. Accordingly, the Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

8. Subsequent Events

For purposes of determining the effect of subsequent events on these financial statements, management has evaluated events through October 15, 2015, the date on which the financial statements were available to be issued.
