Hoosier Plastic Fabrication, Inc. 401(k) Salary Reduction Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Hoosier Plastic Fabrication, Inc. 401(k) Salary Reduction Plan (the "Plan"), which comprise the statements of net assets available for plan benefits as of December 31, 2014 and 2013, the related statements of changes in net assets available for plan benefits for the years ended December 31, 2014 and 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 7, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that Fidelity Management Trust Company holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of December 31, 2014 and 2013 and for the years ended December 31, 2014 and 2013, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As discussed in Note 8 to the financial statements, the plan is in progress of meeting with legal counsel to correct certain operational failures that occurred during the 2014 and 2013 Plan year ends. At this time the outcome is not known as to the consequences, if any, to the Plan or its participants. Our opinion is not modified with respect to this matter.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of and for the year ended December 31, 2014 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplementary information referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of plan

The following brief description of the Hoosier Plastic Fabrication, Inc. 401(k) Salary Reduction Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, which was established on January 1, 1995, is a defined contribution plan sponsored and administered by Hoosier Plastic Fabrication, Inc. (the "Company", "Sponsor" or "Plan Administrator"). The Plan was subsequently amended and restated on July 1, 2012. Employees who have reached the age of 21 years and have completed three months of service with the Company are eligible to participate in the Plan. Participation continues until retirement, disability, termination of employment, or death, at which time the participant's vested account balance becomes payable. The Plan is subject to the provisions of the ERISA and is in conformance with all subsequent applicable tax law changes.

Contributions

The Sponsor made safe harbor matching employer contributions at a rate of 100% of the first 3% of compensation and then 50% on the next 2% of compensation. Upon restatement of the Plan, on July 1, 2012, the Sponsor will no longer make safe harbor matching employer contributions.

The Sponsor may make discretionary matches to the participant contributions at a rate of 100% of all contributions that do not exceed 4% of compensation. In July 2012, the Sponsor suspended making discretionary matches.

The Sponsor may make discretionary profit sharing contributions to the Plan as determined annually by the Administrative Committee. For the years ended December 31, 2014 and 2013, the Sponsor did not make any discretionary profit sharing contributions.

Participants may make contributions to the Plan in an amount not to exceed 90% of their compensation, subject to maximum annual legal limits. Participants may also make rollover contributions from other retirement plans. Participants direct the investment of their contributions, and employer contributions (whether discretionary or non-discretionary) into various investment options offered by the Plan. The Plan currently offers several mutual funds as investment options for participants. Participants may elect to change their investment options and transfer their account balances among the different investment options at any time.

Participant accounts

Participants' accounts are credited with investment earnings and with an allocation of the Sponsor's discretionary and non-discretionary contributions. Allocations are based on participant compensation or account balances, as defined by the Plan.

(Continued)

1. Description of plan (continued)

Vesting

Participants are immediately vested in their voluntary contributions and any non-discretionary contributions made on their behalf, plus actual earnings thereon. Other contributions vest ratably over a period of six-years. A year of vesting service is any year in which a participant works at least 1,000 hours for the Sponsor.

Notes receivable from participants

Participants may borrow a minimum of $1,000 up to a maximum of the lesser of 50% of their vested balance or $50,000, under the conditions stipulated by the Plan document. The notes are secured by the remaining vested balance in their accounts. Interest on participant notes is determined in accordance with the Plan agreement and bear interest at a rate equal to the prime interest rate plus 1%. A note becomes immediately due and payable upon a participant's termination of employment, death, or disability. The notes receivable are valued at their outstanding balance plus accrued interest. Participants' notes receivable are for fixed terms, requiring regular periodic repayment by payroll deductions.

Benefit payments

A participant's account will be distributed upon retirement or termination in accordance with the distribution options defined by the Plan. Participants may receive their vested account balance in a lump sum distribution. Under certain circumstances, participants may make a financial hardship withdrawal.

Forfeitures

Forfeitures occur in the Plan year in which a participant terminates employment with the Company and receives a distribution of participant's entire vested account, or if participant does not receive a distribution, after five consecutive one year breaks in service.

Administrative expenses

Certain expenses incurred in the administration and management of the Plan may be paid by the Company. For the years ended December 31, 2014 and 2013, the Company paid $13,000 and $3,000, respectively, for administrative expenses on behalf of the Plan.

Swerson

2. Summary of significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for Plan benefits.

Payment of benefits

Benefits are recorded when paid.

Investment valuation

The Plan's investments are stated at fair value as determined by quoted market prices. Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. Purchases and sales of securities are recorded on a trade-date basis.

Contributions

Discretionary employer contributions are recognized in the period for which they are declared.

Accounting standards updates

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-12, Plan Accounting Defined Contribution Pension Plans (FASB ASC Topic 962), Part I - Fully Benefit-Responsive Investment Contracts, Part II – Plan Investment Disclosures and Part III Measurement Date Practical Expedient. The three part update reduces and simplifies disclosures for certain investments. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. The ASU will be adopted effective January 1, 2015.

Swenson

3. Plan termination

Although the Sponsor has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants shall become fully vested in their account balances and the net assets of the Plan will be allocated to the participants in accordance with the terms of the Plan.

4. Tax status

The Plan adopted the volume submitter profit sharing plan and is relying on the tax exempt status from the Internal Revenue Service ("IRS") by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with the applicable requirements of the Internal Revenue Code ("IRC"). Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the taxing jurisdiction; however, there are currently no audits for any tax periods in progress.

5. Investments

The Plan's investments are held by Fidelity Management Trust Company at December 31, 2014. The following table presents the fair values of those investments that represent 5% or more of the Plan's net assets at December 31, 2014.

Fid Freedom 2030	$ 420,902
Fid Freedom 2020	260,712
Fidelity Retire MMKT	234,377
Fid Balanced	172,697

Swenson

6. Fair value of investments

FASB ASC 820, *Fair Value Measurements and Disclosures*, established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

- *Mutual funds*: Valued at the net asset value ("NAV") of shares held by the Plan at year-end.
- *Money market account*: Valued at the cost basis which equals fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

During 2014 and 2013, the Company failed to remit to the Plan's trustee certain employee contributions and loan repayments totaling approximately $131,000 and $230,500, respectively within the time period prescribed by the Department of Labor regulations. The Company has made contributions to the affected participants' accounts to compensate those participants an aggregate of $973 and $1,436, respectively for potential lost income due to the delays. As of October 15, 2015, the Company has remitted all 2014 and 2015 delinquent employee contributions and loan payments to the Plan.

In addition, the Company intends to correct a limited number of isolated operational errors related to employee distributions under the IRS's Employee Plans Compliance Resolution System.

9. Subsequent events

Management has evaluated subsequent events through October 15, 2015, the date on which the financial statements were available to be issued.

Hoosier Plastic Fabrication, Inc. 401(k) Salary Reduction Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Hoosier Plastic Fabrication, Inc. 401(k) Salary Reduction Plan (the "Plan"), which comprise the statements of net assets available for plan benefits as of December 31, 2014 and 2013, the related statements of changes in net assets available for plan benefits for the years ended December 31, 2014 and 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 7, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that Fidelity Management Trust Company holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of December 31, 2014 and 2013 and for the years ended December 31, 2014 and 2013, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As discussed in Note 8 to the financial statements, the plan is in progress of meeting with legal counsel to correct certain operational failures that occurred during the 2014 and 2013 Plan year ends. At this time the outcome is not known as to the consequences, if any, to the Plan or its participants. Our opinion is not modified with respect to this matter.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of and for the year ended December 31, 2014 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplementary information referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of plan

The following brief description of the Hoosier Plastic Fabrication, Inc. 401(k) Salary Reduction Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, which was established on January 1, 1995, is a defined contribution plan sponsored and administered by Hoosier Plastic Fabrication, Inc. (the "Company", "Sponsor" or "Plan Administrator"). The Plan was subsequently amended and restated on July 1, 2012. Employees who have reached the age of 21 years and have completed three months of service with the Company are eligible to participate in the Plan. Participation continues until retirement, disability, termination of employment, or death, at which time the participant's vested account balance becomes payable. The Plan is subject to the provisions of the ERISA and is in conformance with all subsequent applicable tax law changes.

Contributions

The Sponsor made safe harbor matching employer contributions at a rate of 100% of the first 3% of compensation and then 50% on the next 2% of compensation. Upon restatement of the Plan, on July 1, 2012, the Sponsor will no longer make safe harbor matching employer contributions.

The Sponsor may make discretionary matches to the participant contributions at a rate of 100% of all contributions that do not exceed 4% of compensation. In July 2012, the Sponsor suspended making discretionary matches.

The Sponsor may make discretionary profit sharing contributions to the Plan as determined annually by the Administrative Committee. For the years ended December 31, 2014 and 2013, the Sponsor did not make any discretionary profit sharing contributions.

Participants may make contributions to the Plan in an amount not to exceed 90% of their compensation, subject to maximum annual legal limits. Participants may also make rollover contributions from other retirement plans. Participants direct the investment of their contributions, and employer contributions (whether discretionary or non-discretionary) into various investment options offered by the Plan. The Plan currently offers several mutual funds as investment options for participants. Participants may elect to change their investment options and transfer their account balances among the different investment options at any time.

Participant accounts

Participants' accounts are credited with investment earnings and with an allocation of the Sponsor's discretionary and non-discretionary contributions. Allocations are based on participant compensation or account balances, as defined by the Plan.

(Continued)

Swenson

1. Description of plan (continued)

Vesting

Participants are immediately vested in their voluntary contributions and any non-discretionary contributions made on their behalf, plus actual earnings thereon. Other contributions vest ratably over a period of six-years. A year of vesting service is any year in which a participant works at least 1,000 hours for the Sponsor.

Notes receivable from participants

Participants may borrow a minimum of $1,000 up to a maximum of the lesser of 50% of their vested balance or $50,000, under the conditions stipulated by the Plan document. The notes are secured by the remaining vested balance in their accounts. Interest on participant notes is determined in accordance with the Plan agreement and bear interest at a rate equal to the prime interest rate plus 1%. A note becomes immediately due and payable upon a participant's termination of employment, death, or disability. The notes receivable are valued at their outstanding balance plus accrued interest. Participants' notes receivable are for fixed terms, requiring regular periodic repayment by payroll deductions.

Benefit payments

A participant's account will be distributed upon retirement or termination in accordance with the distribution options defined by the Plan. Participants may receive their vested account balance in a lump sum distribution. Under certain circumstances, participants may make a financial hardship withdrawal.

Forfeitures

Forfeitures occur in the Plan year in which a participant terminates employment with the Company and receives a distribution of participant's entire vested account, or if participant does not receive a distribution, after five consecutive one year breaks in service.

Administrative expenses

Certain expenses incurred in the administration and management of the Plan may be paid by the Company. For the years ended December 31, 2014 and 2013, the Company paid $13,000 and $3,000, respectively, for administrative expenses on behalf of the Plan.

Swerson

2. Summary of significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for Plan benefits.

Payment of benefits

Benefits are recorded when paid.

Investment valuation

The Plan's investments are stated at fair value as determined by quoted market prices. Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. Purchases and sales of securities are recorded on a trade-date basis.

Contributions

Discretionary employer contributions are recognized in the period for which they are declared.

Accounting standards updates

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-12, Plan Accounting Defined Contribution Pension Plans (FASB ASC Topic 962), Part I - Fully Benefit-Responsive Investment Contracts, Part II – Plan Investment Disclosures and Part III Measurement Date Practical Expedient. The three part update reduces and simplifies disclosures for certain investments. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. The ASU will be adopted effective January 1, 2015.

Swenson

3. Plan termination

Although the Sponsor has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants shall become fully vested in their account balances and the net assets of the Plan will be allocated to the participants in accordance with the terms of the Plan.

4. Tax status

The Plan adopted the volume submitter profit sharing plan and is relying on the tax exempt status from the Internal Revenue Service ("IRS") by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with the applicable requirements of the Internal Revenue Code ("IRC"). Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the taxing jurisdiction; however, there are currently no audits for any tax periods in progress.

5. Investments

The Plan's investments are held by Fidelity Management Trust Company at December 31, 2014. The following table presents the fair values of those investments that represent 5% or more of the Plan's net assets at December 31, 2014.

Fid Freedom 2030	$ 420,902
Fid Freedom 2020	260,712
Fidelity Retire MMKT	234,377
Fid Balanced	172,697

Swenson

6. Fair value of investments

FASB ASC 820, *Fair Value Measurements and Disclosures*, established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

- *Mutual funds*: Valued at the net asset value ("NAV") of shares held by the Plan at year-end.
- *Money market account*: Valued at the cost basis which equals fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

6. Fair value of investments (continued)

During 2014 and 2013, the Company failed to remit to the Plan's trustee certain employee contributions and loan repayments totaling approximately $131,000 and $230,500, respectively within the time period prescribed by the Department of Labor regulations. The Company has made contributions to the affected participants' accounts to compensate those participants an aggregate of $973 and $1,436, respectively for potential lost income due to the delays. As of October 15, 2015, the Company has remitted all 2014 and 2015 delinquent employee contributions and loan payments to the Plan.

In addition, the Company intends to correct a limited number of isolated operational errors related to employee distributions under the IRS's Employee Plans Compliance Resolution System.

9. Subsequent events

Management has evaluated subsequent events through October 15, 2015, the date on which the financial statements were available to be issued.

INDEPENDENT AUDITORS' REPORT

Participants and the Administrative Committee
Hoosier Plastic Fabrication, Inc. 401(k) Salary Reduction Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Hoosier Plastic Fabrication, Inc. 401(k) Salary Reduction Plan (the "Plan"), which comprise the statements of net assets available for plan benefits as of December 31, 2014 and 2013, the related statements of changes in net assets available for plan benefits for the years ended December 31, 2014 and 2013, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 7, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that Fidelity Management Trust Company holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of December 31, 2014 and 2013 and for the years ended December 31, 2014 and 2013, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As discussed in Note 8 to the financial statements, the plan is in progress of meeting with legal counsel to correct certain operational failures that occurred during the 2014 and 2013 Plan year ends. At this time the outcome is not known as to the consequences, if any, to the Plan or its participants. Our opinion is not modified with respect to this matter.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of and for the year ended December 31, 2014 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplementary information referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of plan

The following brief description of the Hoosier Plastic Fabrication, Inc. 401(k) Salary Reduction Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, which was established on January 1, 1995, is a defined contribution plan sponsored and administered by Hoosier Plastic Fabrication, Inc. (the "Company", "Sponsor" or "Plan Administrator"). The Plan was subsequently amended and restated on July 1, 2012. Employees who have reached the age of 21 years and have completed three months of service with the Company are eligible to participate in the Plan. Participation continues until retirement, disability, termination of employment, or death, at which time the participant's vested account balance becomes payable. The Plan is subject to the provisions of the ERISA and is in conformance with all subsequent applicable tax law changes.

Contributions

The Sponsor made safe harbor matching employer contributions at a rate of 100% of the first 3% of compensation and then 50% on the next 2% of compensation. Upon restatement of the Plan, on July 1, 2012, the Sponsor will no longer make safe harbor matching employer contributions.

The Sponsor may make discretionary matches to the participant contributions at a rate of 100% of all contributions that do not exceed 4% of compensation. In July 2012, the Sponsor suspended making discretionary matches.

The Sponsor may make discretionary profit sharing contributions to the Plan as determined annually by the Administrative Committee. For the years ended December 31, 2014 and 2013, the Sponsor did not make any discretionary profit sharing contributions.

Participants may make contributions to the Plan in an amount not to exceed 90% of their compensation, subject to maximum annual legal limits. Participants may also make rollover contributions from other retirement plans. Participants direct the investment of their contributions, and employer contributions (whether discretionary or non-discretionary) into various investment options offered by the Plan. The Plan currently offers several mutual funds as investment options for participants. Participants may elect to change their investment options and transfer their account balances among the different investment options at any time.

Participant accounts

Participants' accounts are credited with investment earnings and with an allocation of the Sponsor's discretionary and non-discretionary contributions. Allocations are based on participant compensation or account balances, as defined by the Plan.

(Continued)

Swenson

1. Description of plan (continued)

Vesting

Participants are immediately vested in their voluntary contributions and any non-discretionary contributions made on their behalf, plus actual earnings thereon. Other contributions vest ratably over a period of six-years. A year of vesting service is any year in which a participant works at least 1,000 hours for the Sponsor.

Notes receivable from participants

Participants may borrow a minimum of $1,000 up to a maximum of the lesser of 50% of their vested balance or $50,000, under the conditions stipulated by the Plan document. The notes are secured by the remaining vested balance in their accounts. Interest on participant notes is determined in accordance with the Plan agreement and bear interest at a rate equal to the prime interest rate plus 1%. A note becomes immediately due and payable upon a participant's termination of employment, death, or disability. The notes receivable are valued at their outstanding balance plus accrued interest. Participants' notes receivable are for fixed terms, requiring regular periodic repayment by payroll deductions.

Benefit payments

A participant's account will be distributed upon retirement or termination in accordance with the distribution options defined by the Plan. Participants may receive their vested account balance in a lump sum distribution. Under certain circumstances, participants may make a financial hardship withdrawal.

Forfeitures

Forfeitures occur in the Plan year in which a participant terminates employment with the Company and receives a distribution of participant's entire vested account, or if participant does not receive a distribution, after five consecutive one year breaks in service.

Administrative expenses

Certain expenses incurred in the administration and management of the Plan may be paid by the Company. For the years ended December 31, 2014 and 2013, the Company paid $13,000 and $3,000, respectively, for administrative expenses on behalf of the Plan.

Swerson

2. Summary of significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for Plan benefits.

Payment of benefits

Benefits are recorded when paid.

Investment valuation

The Plan's investments are stated at fair value as determined by quoted market prices. Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. Purchases and sales of securities are recorded on a trade-date basis.

Contributions

Discretionary employer contributions are recognized in the period for which they are declared.

Accounting standards updates

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-12, Plan Accounting Defined Contribution Pension Plans (FASB ASC Topic 962), Part I - Fully Benefit-Responsive Investment Contracts, Part II – Plan Investment Disclosures and Part III Measurement Date Practical Expedient. The three part update reduces and simplifies disclosures for certain investments. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. The ASU will be adopted effective January 1, 2015.

Swenson

3. Plan termination

Although the Sponsor has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants shall become fully vested in their account balances and the net assets of the Plan will be allocated to the participants in accordance with the terms of the Plan.

4. Tax status

The Plan adopted the volume submitter profit sharing plan and is relying on the tax exempt status from the Internal Revenue Service ("IRS") by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with the applicable requirements of the Internal Revenue Code ("IRC"). Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the taxing jurisdiction; however, there are currently no audits for any tax periods in progress.

5. Investments

The Plan's investments are held by Fidelity Management Trust Company at December 31, 2014. The following table presents the fair values of those investments that represent 5% or more of the Plan's net assets at December 31, 2014.

Fid Freedom 2030	$ 420,902
Fid Freedom 2020	260,712
Fidelity Retire MMKT	234,377
Fid Balanced	172,697

Swenson

6. Fair value of investments

FASB ASC 820, *Fair Value Measurements and Disclosures*, established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

- *Mutual funds*: Valued at the net asset value ("NAV") of shares held by the Plan at year-end.
- *Money market account*: Valued at the cost basis which equals fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.
