NOTES TO FINANCIAL STATEMENTS

December 31, 2014 and 2013

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Associated Materials LLC 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Associated Materials LLC ("AMI") (the "Employer" and "Plan Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Eligibility

An employee becomes eligible to participant in the Plan upon completion of 90 days of service, attainment of age 18, and must not be covered under a collective bargaining agreement which provides for retirement benefits that have been the subject of good faith bargaining. (except as specified below) An employee may begin to participate the first day of the month coinciding with or next following the date on which such requirements are satisfied. All Union Employees are excluded from eligibility except for (1) Union employees employed at the Premium Building Products location, and (2) Union employees employed at the Woodbridge, New Jersey location hired on or after March 1, 2006.

Contributions

A participant may voluntarily contribute to the Plan a portion of his or her compensation as defined by the Plan document, up to 80% through systematic payroll deductions subject to the maximum allowable contribution under the Internal Revenue Code (the "Code"). All participant contributions shall be allocated among the available investment options in accordance with participant elections.

Effective January 1, 2011, the Plan includes a qualified automatic contribution arrangement (QACA). The initial deferral rate under the QACA is 3% and for employees participating in this feature, their deferral rate will increase at the beginning of each year by 1% until they reach 6%. Employees can opt out of the auto enroll or auto increase feature.

NOTE 1 – DESCRIPTION OF THE PLAN – CONTINUED

Through April 14, 2009, the Employer made a safe harbor matching contribution in an amount equal to 100% of the first 4% of the participant's compensation contributed to the Plan. Effective April 15, 2009 through December 31, 2010, the Employer safe harbor matching contribution was suspended. Effective January 1, 2011, the Employer instituted a QACA safe harbor matching contribution in an amount equal to 100% of eligible compensation of the first 1% of elective deferral plus 50% of eligible compensation of the 2% through 6% of elective deferral. Eligible Woodbridge Union Employees and Premium union employees are excluded from the QACA safe harbor matching contributions. In accordance with their respective collective bargaining agreements, Woodbridge union employees receive a match in an amount equal to 100% of the first 4% of eligible compensation deferred. Premium Union Employees are not entitled to a matching contribution unless they were (1) hired or rehired after November 4, 2013 or (2) were employed on November 4, 2013 and irrevocably elected to cease benefit accruals after December 31, 2013 in the Premium Building Products Company Hourly Employees Pension Plan. For Premium Union employees that are eligible for a match, the match amount is equal to 100% for the first 4% of eligible compensation deferred. The Employer may also make a discretionary matching contribution. No discretionary matching contributions were made in 2014 and 2013.

Forfeitures

The amounts forfeited by participants who terminate employment prior to becoming fully vested may be used to reduce subsequent Employer contributions or pay administrative expenses. For the year ended December 31, 2014, employer contributions were reduced by $91,308, from forfeited nonvested accounts. At December 31, 2014 and 2013 there were no unused forfeitures.

Vesting

All contributions made by participants become immediately vested. Employer discretionary matching contributions become fully vested after three years of service. QACA safe harbor contributions are fully vested after two years of service. A participant becomes fully vested in all contributions at age 65, upon full and permanent disablement, or upon death.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $500 up to the lesser of $50,000 or 50% of the participant's vested account balance. Loan terms range from up to five years for a general purpose loan or up to 30 years for a residential loan. The loans are secured by the balance in the participant's account and bear interest at a fixed rate, as determined by the Plan Sponsor. Interest rates on loans outstanding ranged from 4.25% to 9.25% at December 31, 2014 and 2013. A participant may only have one loan outstanding at any time.

Payment of Benefits

A participant or his or her beneficiary may receive a lump sum payment or periodic payments of his or her vested account balance upon retirement, disability, termination, or death prior to retirement. Participants may also withdraw amounts from their accounts under certain defined conditions.

NOTES TO FINANCIAL STATEMENTS – CONTINUED

December 31, 2014 and 2013

NOTE 1 – DESCRIPTION OF THE PLAN – CONTINUED

Participants may not request or receive an in-service distribution of the Employer match contribution made under the QACA until the participant reaches the age of 59 ½, but may request such a distribution following termination or death.

Hardship Withdrawal of Funds

A participant may withdraw an amount from his or her elective deferral account or rollover account to make a down payment on a principal residence, to pay post-secondary education expenses for a member of the participant's household, or to pay other expenses that create a hardship. The participant must have an immediate and heavy financial need that cannot otherwise be met. Participants making withdrawals cannot make contributions to the Plan for six months following the hardship withdrawal. The withdrawal must be requested in writing by the participants, and it is subject to approval by the plan administrator.

Plan Termination

Although it has not expressed an intention to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair-value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents investment contracts at fair value, which approximates contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that affect the amounts reported in the accompanying financial statements and notes. Actual results could differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent loans are reclassified as distributions based upon terms in the Plan document.

Administrative Expenses

The Employer has agreed to pay certain administrative expenses that are incurred by the Plan.

Payment of Benefits

Benefit payments are recorded when paid.

NOTE 3 – INVESTMENTS

The following presents investments at fair value that represent 5 percent or more of the Plan's net assets at either December 31, 2014 or 2013:

	2014	2013
BlackRock Global Allocation Fund	$ 8,435,532	$ 6,941,568
BlackRock Equity Dividend Institutional Fund	8,638,962	8,521,672
BlackRock S&P 500 Stock Institutional Fund	11,249,868	8,231,531
Wells Fargo Advantage Growth Admin Fund	12,478,749	1,018,429
PIMCO Total Return Fund	10,393,489	6,529,637
American Funds Capital World Growth Fund	5,329,252	5,165,533
Federated Capital Preservation Trust	10,219,977*	11,401,482 *
Dreyfus Opportunistic MC Value Fund	9,334,678	9,078,274

* Represents contract value

NOTE 4 – FAIR VALUE MEASUREMENTS

Accounting Standards Update ("ASU") 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2 – Inputs to the valuation methodology that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices for identical or similar assets or liabilities in inactive markets; or other inputs that are observable, or can be corroborated by observable market data for substantially the full terms of the assets or liabilities.

Level 3 – Inputs to the valuation methodology area unobservable and are supported by little or no market activity and, that are significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan's investments in registered investment companies are valued at quoted market prices, which represent the net asset values of shares held by the Plan at year-end.

The Plan holds an investment in the Federated Capital Preservation Trust ("Capital Preservation Trust"), a fully benefit-responsive collective trust. The fair value of the Capital Preservation Trust is based on the net asset value of the unit value of the fund which is based on the fair value of the underlying investments. The Capital Preservation Trust attempts to maintain a stable price per unit of $10. The Capital Preservation Trust primarily invests in traditional GICs, separate account GICs, synthetic GICs, and money market mutual funds. The Capital Preservation Trust's contract value represented contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

The benefits committee, which is comprised of members of the Company, uses a third party service as the primary basis for the valuation of the Capital Preservation Trust. The third party service does not provide access to valuation models, inputs, and assumptions. Accordingly, the benefits committee conducts a review of a variety of factors including audited financial statements of the investment, economic conditions, and industry and market developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: mergers, mass layoffs, plan terminations, implementation of early retirement incentive programs or other events within the control of the Capital Preservation Trust or the plan sponsor resulting in a material adverse financial impact on the issuer's obligations under the GIC.

NOTES TO FINANCIAL STATEMENTS – CONTINUED

December 31, 2014 and 2013

NOTE 4 – FAIR VALUE MEASUREMENTS – CONTINUED

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:

NOTE 4 – FAIR VALUE MEASUREMENTS – CONTINUED

The following table sets forth a summary of changes in the fair value of Plan's level 3 assets for the year ended December 31, 2014:

Balance, beginning of year	$ 11,434,336
Unrealized gain on investment	(138)
Purchases	1,493,197
Sales	(2,674,702)
Balance, end of year	$ 10,252,693

The table below presents additional information for investments whose fair value is estimated using NAV per share as of December 31, 2014 and 2013:

	Fair Value at December 31,			Redemption		
	2014	2013	Unfunded Commitments	Terms	Restrictions	Notice Period
Federated Capital Preservation Trust (a)	$ 10,252,693	$ 11,434,336	$ -	(b)	(b)	(b)

(a) The Federated Capital Preservation Fund seeks to achieve high income and stability of principal by investing in money market instruments, collective funds, GICs and synthetic GICs.

(b) Participants can redeem units of the fund at contract value on a daily basis for benefit payments, participant loans, or paying Trustee fees. However, should the Plan decide to withdraw all funds from the investment, a 12 months' advance written notice is required.

NOTE 5 – INFORMATION CERTIFIED BY THE TRUSTEE

The following is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements and supplemental schedule that was certified as complete and accurate by Reliance Trust Company, the trustee of the Plan (except for the fair value of the Federated Capital Preservation Fund, whose contract value was certified).

- Investments at fair value and notes receivable from participants;
- Information regarding investments in Note 3;
- Net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants; and
- Information included on Schedule H, Line 4i – Schedule of Assets (Held at End of Year).

The Plan's independent accountants did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 6 –TAX STATUS

The Internal Revenue Service ("IRS") has issued an opinion letter dated March 31, 2008, stating that the prototype plan used by the Plan was designed in accordance with applicable sections of the Code. The Plan has been amended since the opinion letter was issued. The plan administrator believes that the Plan is currently designed and being operated in compliance with the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014 and 2013, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan.

NOTE 8 – RISKS AND UNCERTAINTIES

Investment securities, in general, are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 9 – RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500.

NOTE 10 – SUBSEQUENT EVENTS

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 15, 2015, the date the financial statements were available to be issued. The Plan is not aware of any subsequent events which would require recognition or disclosure in the financial statements.
