REPORT OF INDEPENDENT AUDITORS

Pension Committee
Major League Baseball Pension Plan
for Non-Uniformed Personnel

We have audited the accompanying financial statements of the Major League Baseball Pension Plan for Non-Uniformed Personnel—Selected Retirement Plans (the Plans), listed in the accompanying table of contents, which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in conformity with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Mitchell &Titus

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plans at December 31, 2014, and the changes in their net assets available for benefits for the year then ended, and the financial status of the Plans at December 31, 2013, and the changes in their financial status for the year then ended, in conformity with U.S. generally accepted accounting principles.

Supplemental Schedules

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying supplemental schedules of assets (held at end of year) of the Group Trust as of December 31, 2014, and reportable transactions of the Group Trust for the year then ended are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

NOTE 1 DESCRIPTION OF THE MAJOR LEAGUE BASEBALL PENSION PLAN FOR NON-UNIFORMED PERSONNEL—SELECTED RETIREMENT PLANS

The Major League Baseball Pension Plan for Non-Uniformed Personnel (the NUPP) is a noncontributory defined-benefit plan that was established, effective January 1, 1981, to provide retirement and death benefits to eligible employees of the participating Major League Baseball Clubs ("Participating Employers" or "Plan Sponsors"). Adoption of the NUPP by a Participating Employer creates a separate single-employer plan covering only eligible employees of the Participating Employer. As of December 31, 2014, 26 separate single-employer plans (collectively referred to as the "Selected Retirement Plans" or "Plans" and individually as the "Plan") had been created:

NOTE 1 DESCRIPTION OF THE MAJOR LEAGUE BASEBALL PENSION PLAN FOR NON-UNIFORMED PERSONNEL—SELECTED RETIREMENT PLANS *(continued)*

The Internal Revenue Code (the Code) Section 415(b) maximum benefit limit was $210,000 and $205,000 for 2014 and 2013, respectively.

The NUPP is presently administered by a 9 member Pension Committee consisting of the chief investment officer, special assistant to the Commissioner, senior vice president and deputy general counsel labor and human resources, all of the Office of the Commissioner of Baseball (BOC), and six individuals appointed by a majority vote of the Participating Employers.

The investments of the Selected Retirement Plans are held by U.S. Bank (the Trustee), for the various Participating Employers in the Major League Baseball Group Pension Trust (the Group Trust) (see Note 3).

The Plan Sponsors of the Selected Retirement Plans (the Clubs) have agreed to voluntarily contribute such amounts as are necessary to provide assets sufficient to meet the benefits expected to be paid to participants employed by the Clubs. The contributions by the Clubs are not to be used to pay benefits to participants employed by any other Participating Employers. Such contributions are made in amounts sufficient to meet the minimum funding requirements set forth in the Employee Retirement Income Security Act of 1974, plus such additional amounts as may be determined to be appropriate from time to time. Such minimum funding requirements have been met for 2014 and 2013.

Eligible employees participate in the Selected Retirement Plans after they have attained age 21 and have completed one year of eligible service. Benefits under the Selected Retirement Plans fully vest upon completion of five years of vesting service, which includes cumulative years of service prior to the establishment of the applicable Plan. If a participating employee earned a benefit with a prior Club, he/she may receive the benefit from that Club in the form of a lump-sum payment if the present value of the benefit is less than $5,000. If the present value of the benefit exceeds $5,000, he/she will have to wait until retirement age to collect a monthly benefit. The Selected Retirement Plans do not provide benefits for services rendered by participants prior to the adoption of the NUPP by the Clubs.

NOTE 1 DESCRIPTION OF THE MAJOR LEAGUE BASEBALL PENSION PLAN FOR NON-UNIFORMED PERSONNEL—SELECTED RETIREMENT PLANS *(continued)*

Should one or more of the Selected Retirement Plans terminate at some future time, their net assets will generally not be available on a pro rata basis to provide participants' benefits. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of these benefits and the level of benefits guaranteed by the Pension Benefit Guaranty Corporation (the PBGC) at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC's benefit guarantee, while other benefits may not be provided for at all.

Effective December 1, 2010, the Pension Committee of the NUPP agreed to transfer inactive minor league players from the NUPP to the Minor League Players' Pension Plan (the Minor League Plan). The transfer reallocated the assets of those inactive minor league players from the NUPP to the Minor League Plan, within the Group Trust. For the year ended December 31, 2013, the remaining plan assets of $5.2 million associated with those participants were finalized and transferred to the Minor League Plan.

Effective January 1, 2015, the Pension Committee of the NUPP agreed to freeze benefit accruals and participation under the Plan for employees of the Angels Baseball LP and the Boston Red Sox Baseball Club Limited Partnership.

Effective May 1, 2015, the Pension Committee of the NUPP agreed to freeze benefit accruals and participation under the Plan for employees the Houston Astros, LLC.

Additional information about the Selected Retirement Plans, including the vesting and benefit provisions and the PBGC's benefit guarantee, is available through the BOC or the Clubs and related Plan documents.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Selected Retirement Plans' financial statements are prepared on the accrual basis of accounting.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits (see Note 7) are those estimated future periodic payments, including lump-sum distributions, that are attributable under the respective Selected Retirement Plans provisions to services rendered by the employees through the valuation date (January 1 of each year). Accumulated plan benefits include benefits expected to be paid to: (a) retired employees or their designated beneficiaries and (b) present employees or their designated beneficiaries. Monthly benefits are determined by a formula provided for in the respective Plan document. Such monthly benefits are limited under Internal Revenue Service (IRS) guidelines in 2014 and 2013 to the lesser of $17,500 and $17,083, respectively, or the employees' highest average monthly compensation for three consecutive years that the participant is employed by the Participating Employers. Benefits payable are included in accumulated plan benefits to the extent they are deemed attributable to employee service rendered to the valuation date.

During 2014, for financial statement reporting, the Plan adopted a new mortality table released by the Society of Actuaries, the RP-2014 table, adjusted to reflect specific Plan experience projected with future mortality improvements using Scale BB2D. The January 1, 2014 actuarial present value of accumulated plan benefits reflected in Note 7 has been adjusted to reflect the adoption of this new mortality table.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles (GAAP) in the U.S. requires the Plans' management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedules. Actual results could differ from those estimates.

Investments and Valuation

The Plans participate in the Group Trust, as further described in Note 3. The Plans record their interests in investments in the Group Trust at fair value.

Investments held by the Group Trust are stated at fair value. Fair value is defined as the price that would be received upon the sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion and disclosures related to fair value measurements.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Investments and Valuation *(continued)*

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned and dividends are recorded on the ex-dividend date. Net investment gain includes gains and losses on investments bought and sold as well as held during the year.

The Pension Committee is responsible for determining the Group Trust's valuation policies and analyzing information provided by the investment managers and issuers that is used to determine the fair value of the Group Trust's investments. Refer to Note 4 for the valuation techniques and inputs used by the Pension Committee for the instruments categorized within Level 3 of the fair value hierarchy.

Benefit Payments

Benefit payments to participants are recorded upon distribution.

Accounting Guidance Not Yet Adopted

In May 2015, the FASB issued Accounting Standards Update 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent),* (ASU 2015-07). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value practical expedient provided by Accounting Standards Codification 820, *Fair Value Measurement.* Disclosures about investments in certain entities that calculate net asset value per share are limited under ASU 2015-07 to those investments for which the entity has elected to estimate the fair value using the net asset value practical expedient. ASU 2015-07 is effective for entities (other than public business entities) for fiscal years beginning after December 15, 2016, with retrospective application to all periods presented. Early application is permitted. Management is currently assessing the potential impact of ASU 2015-07 on the Plan's financial statements.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

Subsequent Events

Management evaluated subsequent events for the Selected Retirement Plans through October 14, 2015, the date the financial statements were available to be issued.

NOTE 3 INVESTMENTS

Contributions received from the Participating Employers are deposited with the Trustee. The assets are invested as part of the Group Trust. Each Plan participating in the Group Trust owns a percentage of the underlying assets of the Group Trust and not the individual assets themselves. The assets of the Group Trust are comprised of investments in common stocks, equity mutual funds, government obligations, corporate bonds and notes, hedge funds, collective investment funds, interest rate swaps, and cash and cash equivalents.

The assets of the Selected Retirement Plans are not guaranteed as to principal or income. Investment income and all gains and losses, whether or not realized, are recognized on the accrual basis.

NOTE 3 INVESTMENTS *(continued)*

With respect to investments in the Group Trust, on a quarterly basis, each Plan's net assets are remeasured. This is done by first adjusting the Plan's beginning balance for employer-specific items such as contributions, benefit payments, withdrawals, and any specific expenses incurred. Investment income and loss, investment fees and expenses, and realized and unrealized gains or losses on investments are then allocated to each Plan based on the percentage of its fair value to the combined fair value of all plans participating in the Group Trust. At December 31, 2014 and 2013, the Selected Retirement Plans owned the following portions of the total fair value of the underlying investments comprising the Group Trust:

NOTE 3 INVESTMENTS *(continued)*

Investment managers exercise discretionary authority, subject to certain limitations, for the purchase, sale, and management of the investments of the Group Trust that have been allocated to them for such purposes. Provisions relating to this discretionary authority and a representation by each of the investment managers that it is duly registered with the SEC pursuant to the Investment Advisers Act of 1940, as amended, are contained within respective agreements entered into with each investment manager.

Certain investment managers are authorized to use derivative financial instruments, either directly or within a commingled fund structure, within established guidelines. Derivative financial instruments may be used to manage interest rate and foreign exchange risk. The derivative financial instruments are recorded as other investments either as an asset or a liability, depending upon whether the instrument is in a gain or loss position. Changes in the fair value of derivative financial instruments are recorded in the statements of changes in net assets available for benefits; therefore, no gains or losses are deferred. At December 31, 2014 and 2013, the Group Trust held less than 1% of the total fair value of its investments in derivative financial instruments.

NOTE 4 FAIR VALUE MEASUREMENTS

Fair value is defined under ASC 820 as the price that would be received upon the sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). To measure fair value, a hierarchy has been established that requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs. As such, the hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy in ASC 820 are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

NOTE 4 FAIR VALUE MEASUREMENTS *(continued)*

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in markets that are not active
- Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumptions about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety.

Following is a description of the valuation methodologies used for investments measured at fair value pursuant to the fair value hierarchy, including associated inputs for Level 3 investments:

Common stocks and equity mutual funds, government obligations, and corporate bonds and notes are determined by obtaining quoted prices in an active market.

Treasury securities are valued using the consensus and matrix pricing method. The inputs (quoted, spread, and data points for yield curves) to these methods can be considered to be observable market-based data.

Municipal securities are valued daily using institutional bid evaluations. Bid evaluations are an estimated price at which a dealer would pay for a security. Corrobborated, indicative market observable data such as reported sales of similar securities, broker and dealer quotes, market information, including live trading levels, are used when available to estimate the institutional bid evaluation. These investments are classified as Level 1 investments in the fair value hierarchy.

NOTE 4 FAIR VALUE MEASUREMENTS *(continued)*

Hedge fund fair values are valued at the net asset value (NAV) per unit based on the fair value of the underlying investments. The underlying investments are primarily in publicly traded securities, which are valued at the closing price reported on the active market on which the individual securities are traded. In addition, these funds may have underlying investments in non-publicly traded securities for which quoted prices are not readily available. Such securities are valued by the investment management firm at an amount that approximates fair value generally based on the verifiable fair value of similar securities at the valuation date.

The NUPP's right to redeem its hedge fund investments varies according to the contractual agreements with each of the individual hedge fund management firms. The redemption policies of the hedge funds provide for periodic redemptions at intervals which range from monthly to annually, with notice periods ranging from 30 to 180 days. Some of the hedge funds do not permit redemption for an initial period of time following an investment in the fund, which, for the NUPP's hedge fund investments, range between six months and three years. Additionally, the NUPP's hedge fund investment managers may limit the portion of an investment that can be redeemed at any one time, either by an individual investor or in the aggregate by all of the investors in the hedge fund. These limits vary and limit the portion of an investment that may be redeemed at any one time or restrict both the portion and term of such redemptions. At December 31, 2014 and 2013, the Group Trust had no unfunded commitments related to hedge funds. These investments are classified as Level 3 investments in the fair value hierarchy.

Collective investment funds are valued at the NAV per unit as reported to the Trustee by the investment management firm managing such trusts. Valuations by the investment management firm of the investments of the commingled trust funds in securities that are traded in public markets for which quoted prices are readily available are based on the quoted market price of each such investment at the valuation date. Any investments not traded in public markets or for which quoted prices are not readily available are valued by the investment management firm at an amount that approximates fair value generally based on the verifiable fair value of similar securities at the valuation date. Commingled trust funds have various procedures governing liquidity. Although some funds supply daily liquidity upon demand, others have rules and procedures governing liquidity. These may include advance notification requirements and specific periodic dates for providing such liquidity. Additionally, some commingled trust funds may reserve the right, from time to time, to be exercised at the funds' discretion to limit the portion of an investment that may be redeemed at any one time either by an individual investor or in the aggregate by all such investors in the fund. These investments are classified as Level 3 investments in the fair value hierarchy.

NOTE 4 FAIR VALUE MEASUREMENTS *(continued)*

*Limited partnership*s are valued at fair value using methods determined in good faith by the General Partners of the funds and may require significant judgment. A variety of factors are reviewed and monitored to determine the fair value of investments, including current operating performance and future expectations of the particular investment, discounted cash flow analysis, valuations of comparable public companies, comparable acquisition values, and changes in market outlook and the third-party finance environment over time. When observable prices are not available for these securities, the General Partners use one or more valuation techniques (e.g., the market approach and/or income approach) for which sufficient and reliable data is available. Limited partnerships are classified within Level 3 of the fair value hierarchy.

Interest rate swaps are valued by the Investment Manager utilizing a publicly available electronic data source and valuations provided by the counterparty. These instruments are generally classified within Level 3 of the fair value hierarchy.

Cash and cash equivalents include highly liquid investments with original maturities of 90 days or less. Treasury bills are measured at institutional bond quotes which are based on various market and industry inputs. Actively traded money market funds are measured at their NAV and classified as Level 1.

The methods described above may produce a fair value calculation that may not indicate net realizable value or reflect future values. Furthermore, while the NUPP believes their valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

There were no transfers between levels in 2014 and 2013.

The Selected Retirement Plans did not have any investments measured at fair value on a nonrecurring basis as of December 31, 2014 and 2013, and there were no changes noted in the valuation methodologies between these periods.

NOTE 5 DERIVATIVE INSTRUMENTS

In the normal course of operations, the Group Trust's assets and liabilities may include derivative financial instruments (swaps, options and foreign currency contracts). These derivatives involve, in varying degrees, elements of credit and market volatility risks in excess of more traditional investment holdings such as equity and debt instruments. The contract or notional amounts disclosed in this footnote provide a measure of the Group Trust's involvement in such instruments but are not indicative of potential loss. The intent is to use derivative financial instruments as investments to gain exposure to certain markets and as economic hedges to manage interest rate, equity price, foreign currency exchange rate risk and credit risk associated with the Group Trust's investments and obligations. The Group Trust's investment managers do not anticipate any material adverse effect on the Group Trust's financial position resulting from its involvement in these instruments.

NOTE 6 OFFSETTING ASSETS AND LIABILITIES

The Group Trust is subject to master netting agreements, or netting arrangements, with certain counterparties. The Group Trust is required to disclose the impact of offsetting assets and liabilities represented in the statement of net assets available for benefits to enable users of the financial statements to evaluate the effect or potential effect of netting arrangements on its financial position for recognized assets and liabilities. These recognized assets and liabilities are financial instruments and derivative instruments that are either subject to an enforceable master netting arrangement or similar agreement or meet the following right of setoff criteria: the amounts owed by the Group Trust to another party are determinable, the Group Trust has the right to set off the amounts owed with the amounts owed by the other party, the Group Trust intends to set off, and the Group Trust's right of set off is enforceable at law. The Group Trust's derivative contracts are subject to these master netting agreements; however, these transactions are presented gross on the statement of net assets available for benefits.

NOTE 7 ACCUMULATED PLAN BENEFITS

The actuary of the Selected Retirement Plans estimates the actuarial present value of accumulated plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, withdrawal or retirement) between the valuation date and the expected date of payment.

The Selected Retirement Plans provide for the accumulation of benefits for services rendered by participants from the later of their respective dates of hire or the date their employer adopted the NUPP.

NOTE 8 ACTUARIAL ASSUMPTIONS

The more significant assumptions used by the actuary of the Selected Retirement Plans to, among other things, calculate accumulated plan benefits and determine funding levels at January 1, 2014 and 2013, are as follows:

Actuarial method—Plan funding	Present value of accrued benefits
Mortality	RP-2014, with projection and MP-2014 full generational improvement scale (RP-2000, with projection in 2013)
Average retirement age	Age 62

The discount rate for accumulated plan benefits for each Plan was as follows:

Plan	Discount Rate
Houston Astros, LLC	4.90% (3.90% in 2013)
Kansas City Royals Baseball Corporation	4.90% (4.00% in 2013)
Cleveland Indians Baseball Company Limited Partnership, Colorado Rockies Baseball Club, Ltd. and Tampa Bay Rays Baseball, Ltd.	5.10% (4.10% in 2013)
Atlanta National League Baseball Club, Inc., Baltimore Orioles L.P., Boston Red Sox Baseball Club Limited Partnership, Chicago White Sox, Ltd., The Cincinnati Reds, LLC, The Phillies and The Baseball Club of Seattle, LLLP	5.00% (4.00% in 2013)
Atheltics Investment Group, LLC , Angels Baseball LP, Detroit Tigers, Inc., Miami Marlins L.P., New York Yankees Partnership, Sterling Mets, L.P., Padres, L.P., Pittsburgh Associates, San Francisco Baseball Associates LLC, and St. Louis Cardinals, L.L.C.	5.00% (4.10% in 2013)
AZPB Limited Partnership, Los Angeles Dodgers LLC, and Rangers Baseball, LLC	5.10% (4.20% in 2013)
Washington Nationals Baseball Club, LLC	5.20% (4.20% in 2013)

NOTE 8 ACTUARIAL ASSUMPTIONS *(continued)*

These actuarial assumptions are based on the presumption that the Plans will continue. Were the Plans to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. The actuary estimated the accumulated plan benefits as of January 1, 2014 and 2013. There were no significant changes to the Plans that would have changed the valuations had they been performed as of December 31, 2013 and 2012.

NOTE 9 INCOME TAX STATUS

The Selected Retirement Plans have received determination letters from the IRS stating that the Selected Retirement Plans are qualified under Section 401(a) of the Code and, therefore, the related Trust's are exempt from taxation. Once qualified, the Selected Retirement Plans are required to operate in conformity with the Code to maintain their qualification. The Plan Administrator believes the Selected Retirement Plans are being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Selected Retirement Plans, as amended, are qualified and the related Trust's are tax exempt.

U.S. GAAP requires the Plans' management to evaluate uncertain tax positions taken by the Plans. The financial statement effects of a tax position are recognized when the position is more-likely-than-not, based on the technical merits, to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plans, and has concluded that as of December 31, 2014, there were no uncertain tax positions taken or expected to be taken. The Selected Retirement Plans have recognized no interest or penalties related to uncertain tax positions. The Selected Retirement Plans are subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Selected Retirement Plans are no longer subject to income tax examinations for years prior to 2011.

NOTE 10 ADMINISTRATIVE EXPENSES

Certain actuarial, auditing fees, insurance and administrative expenses are paid by the Selected Retirement Plans. Certain other administrative expenses are paid by the BOC directly.

NOTE 11 RISKS AND UNCERTAINTIES

The Selected Retirement Plans invest in various investment securities that are exposed to risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term. The changes could materially affect the amounts reported in the statements of net assets available for benefits.

Contributions to the Selected Retirement Plans are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption processes, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

NOTE 11 SUBSEQUENT EVENTS

On September 25, 2015, the Padres, L.P. adopted a resolution, for approval by the Pension Committee, to freeze benefit accruals and participation under the NUPP effective January 1, 2016.

Average Retirement Age 61.8317

The methodology used to calculate the average retirement age shown on the 2014 Schedule SB assumes that all front office employees meet the retirement eligibility service requirements.

Appendix A: Statement of actuarial assumptions and methods

Economic Assumptions

Interest rate basis:

- Applicable month: September 2013
- Interest rate basis: 3-Segment rates

Interest rates:

	Reflecting Corridors	Not Reflecting Corridors
First segment rate	4.99%	1.37%
Second segment rate	6.32%	4.05%
Third segment rate	6.99%	5.06%
Effective interest rate	6.67%	4.67%

Annual rates of increase

- Compensation: 4.00%
- Statutory limits on compensation: 2.50%

Administrative expenses: Expense load equal to 0.60% of fair value of assets with a minimum of $75,000 and a maximum of $200,000; included in target normal cost.

Demographic Assumptions

Inclusion date

The valuation date coincident with or next following the date on which the employee becomes a participant.

New or rehired employees

It was assumed there will be no new or rehired employees.

Mortality

Separate rates for non-annuitants (based on RP-2000 "Employees" table without collar or amount adjustments, projected to 2029 using Scale AA) and annuitants (based on RP-2000 "Healthy Annuitants" table without collar or amount adjustments, projected to 2021 using Scale AA). This is the IRS-prescribed static mortality table for 2014.

Termination

Rates varying by service

Sample rates per 1,000 participants:

Service	*Rate*	*Service*	*Rate*
less than 1	160	3	140
1	160	4	120
2	150	5 – 9	100 per year
		10 and up	90 per year

Disability

None assumed

Retirement

Rates varying by age, average retirement age 62

Representative rates:

Age	*Rate*
55 - 64	10% per year
65	25%
66 - 69	15% per year
70	100%

Benefit commencement date:

- Preretirement death benefit: The later of the death of the active participant or the date the participant would have attained age 55
- Deferred vested benefit: Age 65
- Retirement benefit: Upon termination of employment

Form of payment

100% assumed to elect a life annuity

Percent married

100% (for purpose of valuing pre-retirement death benefits)

Spouse age

Females three years younger than males

Covered pay

January 1, 2014 base salary increased by 7.50% to reflect additional items included in the plan's definition of pensionable earnings.

At-risk assumptions

Not applicable for current plan year.

Timing of benefit payments

Annuity payments are payable monthly at the beginning of the month.

Methods

Valuation date	First day of plan year
Funding target	Present value of accrued benefits as required by regulations under IRC §430
Target normal cost	Present value of benefits expected to accrue during the plan year plus plan-related expenses expected to be paid from plan assets during the plan year as required by regulations under IRC §430.
Actuarial value of assets	Average of the fair market value of assets on the valuation date and 12 and 24 months preceding the valuation date, adjusted for contributions, benefits, administrative expenses and expected earnings (with such expected earnings limited as described in IRS Notice 2009-22). The average asset value must be within 10% of market value, including discounted contributions receivable (discounted using the effective interest rate for the prior plan year.) The method of computing the actuarial value of assets complies with rules governing the calculation of such values under the Pension Protection Act of 2006 (PPA). These rules produce smoothed values that reflect the underlying market value of plan assets but fluctuate less than the market value. As a result, the actuarial value of assets will be lower than the market value in some years and greater in other years. However, over the long term under PPA's smoothing rules, the method has a significant bias to produce an actuarial value of assets that is below the market value of assets.
Benefits not valued	All benefits described in the Plan Provisions section of this report were valued. Towers Watson has reviewed the plan provisions with Major League Baseball and, based on that review, is not aware of any significant benefits required to be valued that were not. The plan pays small benefits (with a present value up to $5,000) in a single lump sum payment. Such lump sums are not explicitly valued; rather such participants' benefits are valued using the benefit choice assumptions described above.

Assumptions Rationale - Significant Economic Assumptions

Discount rate	The basis chosen was selected by the plan sponsor from among choices prescribed by law, all of which are based on observed market data over certain periods of time.
Rates of increase in:	
• **Compensation**	Assumed compensation increases are based on Major League Baseball's expectations for near-term years and the effect that the assumed long-term CPI will have on compensation increases over the longer term.
• **Increases in statutory limits (CPI)**	The assumed CPI is based on a combination of historical average CPI from 2004 to 2013, current conditions, and future forecasts by economists.
Administrative expenses	Administrative expenses are estimated by determining the expected expenses for the coming year, including items like PBGC premiums. These estimates are based on recent experience and reviewed on an ongoing basis for reasonability.

Assumptions Rationale - Significant Demographic Assumptions

Mortality	Assumptions used for funding purposes are as prescribed by IRC §430(h).
Termination	Termination rates were based on an experience study conducted in 2010, with annual consideration of whether any conditions have changed that would be expected to produce different results in the future. Assumed termination rates differ by service because of observed and expected differences in termination rates by service.
Retirement	Retirement rates were based on an experience study conducted in 2010, with annual consideration of whether any conditions have changed that would be expected to produce different results in the future. Assumed retirement rates differ by age because of observed and expected differences in retirement rates by age.
Benefit commencement date for deferred benefits:	
• Preretirement death benefit	Surviving spouses are assumed to begin benefits at the earliest permitted commencement date because ERISA requires benefits to start then unless the spouse elects to defer. If the spouse elects to defer, actuarial increases from the earliest commencement date must be given, so that a later commencement date is expected to be of approximately equal value.
• Deferred vested benefit	Deferred vested participants' assumed commencement age is a single age intended to capture the average age at commencement. Deferred vested early commencement factors are not subsidized so that the difference between this approach and using assumed commencement rates at multiple ages is not expected to be significant.

Source of Prescribed Methods

The methods used for funding purposes as described in Appendix A, including the method of determining plan assets, are "prescribed methods set by law", as defined in the actuarial standards of practice (ASOPs). These methods are required by IRC §430, or were selected by the plan sponsor from a range of methods permitted by IRC §430.

Changes in Assumptions and Methods

Change in assumptions since prior valuation

The segment interest rates used to calculate the funding target and target normal cost were updated to the current valuation date as required by IRC §430.

The mortality table used to calculate the funding target and target normal cost was updated to include one additional year of projected mortality improvement, as required by IRC §430.

Valuation Date	January 1, 2014
Enrolled Actuary	Mark Gengenbach, F.S.A, E.A.
Enrollment Number	14-07102

The actuarial assumptions that are not mandated by IRC § 430 and regulations, represent the enrolled actuary's best estimate of anticipated experience under the plan, subject to the following conditions:

The actuarial valuation, on which the information in this Schedule SB is based, has been prepared in reliance upon the employee and financial data furnished by the plan administrator and the trustee. The enrolled actuary has not made a rigorous check of the accuracy of this information but has accepted it after reviewing it and concluding it is reasonable in relation to similar information furnished in previous years.

The calculation of the weighted average retirement age is based on the hypothetical method.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Summary of plan provisions

Plan Provisions

Effective Date	January 1, 1981. Amended and restated effective January 1, 2013.
Covered Employees	Any person employed by a participating Major League Baseball Club (excluding any person who is an active participant in the Major League Baseball Players Benefit Plan, a member of a collective bargaining unit not participating, a person compensated on a per-day or per-game basis, employed full-time in Canada, a self-employed partner, proprietor or shareholder-employee, or a member of a group designated not eligible for participation), and who has attained age 21 and completed one year of eligibility service. Effective January 1, 2008, all active minor league employees are covered under the Minor League Players Pension Plan. Effective December 1, 2010, all inactive minor league participants are covered under the Minor League Players Pension Plan.
Participation Date	Date of becoming a covered employee.

Definitions

Eligibility service	The 12-consecutive month period, starting at date of employment, in which an employee completes 1,000 hours of service.
Baseball service	Employment in baseball with any Major League Baseball Club, as designated by the Pension Committee.
Vesting service	Completed years from a participant's employment date to the termination of baseball service.
Pension service	Years and months of service as a covered employee (not before January 1, 1981 for Office Employees and not before January 1, 1989 for Minor League Players).
Pensionable pay	W-2 earnings, including any cafeteria plan deferrals, dependent care assistance deferrals, and any other employee deferrals to a qualified retirement plan, but excluding any reimbursements, fringe benefits, moving expenses, deferred compensation, welfare benefits, signing bonuses, severance, IRC Section 132 deductions taken pursuant to the Transportation Equity Act, and any earnings earned as a non-resident alien (assuming the employee earned no income in the US). Playoff and World Series shares are excluded from pensionable pay. Clubhouse tips are included in pensionable pay.
Average earnings	The greater of 1) or 2): 1) The average of an employee's highest five consecutive plan years of annual earnings, during the ten-year period which ends on the earlier of the participant's termination date or retirement date. If the employee does not have five consecutive plan years of

	annual earnings, the average earnings will be determined by using the greatest number of consecutive plan years in which the employee accrued pension service. 2) The average of an employee's last five plan years of annual earnings (which would not necessarily be the highest 5 plan years), whether or not consecutive, during the ten-year period which ends on the earlier of the participant's termination date or retirement date. In plan years where a participant completed a partial year of pension service, the annual earnings will be prorated by the number of completed months of pension service. This is applicable for both 1) and 2) above.
Normal retirement date (NRD)	First of month coinciding with or next following the attainment of age 65.
Pension benefit	2% of average earnings for each year of pension service up to 30 years. (Not less than the minimum pension benefit.)
Preretirement death benefit	If not eligible for early or normal retirement, 50% of the pension benefit as of the date of death, reduced for the 50% joint and survivor election and reduced for payment as early as the participant's 55th birthday. If eligible for early or normal retirement, 100% of the pension benefit as of the date of death, reduced for the 100% joint and survivor election and reduced for early commencement of payment.
Minimum pension benefit	The benefit accrued through December 31, 1993, in accordance with prior plan provisions.
Eligibility for Benefits	
Normal retirement	Retirement on NRD.
Early retirement	Retirement before NRD and on or after both attaining age 55 and completing ten years of vesting service.
Postponed retirement	Retirement after NRD.
Deferred vested	Termination for reasons other than death or retirement after completing five years of vesting service.
Preretirement death benefit	Death while eligible for normal, early, postponed or deferred vested retirement benefits, with a surviving spouse or designated beneficiary.
Benefits Paid Upon the Following Events	
Normal retirement	Pension benefit determined as of NRD.
Early retirement	Pension benefit determined as of early retirement date, reduced 7/12% for each of the first 60 months and 1/3% for each of the next 60 months by which payment precedes NRD.
Postponed retirement	Pension benefit determined as of actual retirement date.

Termination with deferred vested benefit	Pension benefit determined as of termination date, payable at NRD. A participant who terminates with 10 or more years of vesting service, may elect to retire as early as age 55 (reduction is 7/12% for each of the first 60 months and 1/3% for each of the next 60 months by which payment precedes NRD).
Death with preretirement benefits	Preretirement death benefit is payable to a spouse or designated beneficiary.

Other Plan Provisions

Forms of payment	Preretirement death benefits are payable only as described above. Monthly pension benefits are paid as described above, if the participant has no spouse as of the date payments begin, or if the participant so elects. Otherwise, benefits are paid in the form of the 50% joint and survivor annuity option or, if the participant elects and the spouse consents, another actuarially equivalent optional form offered by the plan. Optional forms are a 50%, 75% or 100% joint and survivor annuity, a ten-year certain and life annuity, or (for married participants) a life annuity. The normal form of payment is converted to an optional form using an interest rate of 6% and GAR-94 Mortality (unisex).
Maximum on benefits and pay	All benefits and pay for any calendar year may not exceed the maximum limitations for that year as defined in the Internal Revenue Code. The plan provides for increasing the dollar limits automatically as such changes become effective.

Future Plan Changes

No future plan changes were recognized in determining pension cost or in determining minimum and maximum contributions.

Changes in Benefits Valued Since Prior Year

The IRC Section 415 benefit limit was increased from $205,000 to $210,000 effective January 1, 2014. The IRC Section 401(a)(17) compensation limit was increased from $255,000 to $260,000 effective January 1, 2014.
