C.H. Guenther & Son, Inc. 401(k) Plan for Non-Union Employees

Notes to Financial Statements

December 31, 2014

1. Description of the Plan

The following description of C.H. Guenther & Son, Inc. 401(k) Plan for Non-Union Employees (the Plan) provides only general information. For a more complete description of the Plan's provisions, participants should refer to the Summary Plan Description, a copy of which is available from C.H. Guenther & Son, Inc. (the Company).

General

The Plan is a defined contribution plan covering all employees of the Company and certain affiliates, excluding collective bargaining employees and leased employees. All full-time Guenther House wait staff employees are allowed to participate in the Plan following the completion of 90 days of service. The Plan excludes part-time, temporary and seasonal employees who are regularly scheduled to work less than 1,000 hours. If employees from these categories work more than 1,000 hours, they are eligible to participate in the Plan following the completion of one year of service. There is no minimum eligibility condition for age or service for any other covered employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Plan Merger

Effective January 1, 2014, the C. H. Guenther & Son, Inc. 401(k) Plan for Union Employees merged into the Plan. Approximately $2,500,000 of net assets were transferred into the Plan in connection with this merger.

Contributions

The Company automatically enrolls participants with a contribution rate of 3% of their salary, unless within the first 30 days of employment the participant elects a different percentage or declines participation. The Plan also allows for Roth elective deferrals. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. All participants may contribute up to 100% of their annual compensation.

The Company provides safe harbor matching contributions at 100% up to 5% and 50% of the next 1% of the participant's eligible compensation. The Company may also contribute a profit-sharing contribution in an amount determined annually. The profit sharing allocation is separately determined as a percentage of compensation, with officers receiving 2.00 times the

1. Description of the Plan (continued)

percentage of nonofficers and senior officers receiving 2.67 times the percentage of nonofficers. Participants must be employed on the last day of the plan year to receive an allocation of the profit-sharing contribution. For 2014 and 2013, the Company contributed approximately $1,100,000 and $950,000, respectively, as a profit-sharing contribution.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of: (a) the Company's contributions and (b) plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan. Forfeited balances of terminated participants' nonvested accounts are first used to reduce administrative expenses and then allocated as discretionary contributions. At December 31, 2014 and 2013, forfeited nonvested amounts were $34,051 and $14,436, respectively. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Participant Loans

Participants may borrow from their individual accounts up to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years, or up to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate of prime plus 1%. Principal and interest are paid ratably through payroll deductions.

Vesting

Participants are immediately vested in their voluntary and safe harbor matching contributions plus actual earnings thereon.

1. Description of the Plan (continued)

Company profit-sharing contributions vest over a five-year period according to the following schedule:

Years of Service	Vested Percentage
Less than 2	–%
2 but less than 3	20
3 but less than 4	40
4 but less than 5	60
5 or more	100

Payment of Benefits

Upon termination of service, retirement, death or disability, a participant may elect to receive a lump-sum amount equal to the vested value of his or her account. A participant may elect to receive an in-service distribution upon the attainment of age 59½ or in the event of financial hardship, as defined by the Plan.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions into any of the various investment options offered by the Plan. Participants may change their investment options at their discretion.

Administrative Expenses

Forfeitures are used to offset certain administrative expenses. Any remaining administrative expenses are paid by the Plan.

2. Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (U.S. GAAP). Benefits are recorded when paid.

2. Significant Accounting Policies (continued)

Use of Estimates

In preparing financial statements in conformity with U.S. GAAP, management is required to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Notes Receivable From Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). See Note 3 for further discussion of fair value measurements. Shares of mutual funds are valued based on quoted market prices, which represent the net asset value of shares held by the Plan at year end. The common/collective trust fund is valued as discussed below.

The Wells Fargo Stable Return Fund N (the N Fund) invests in fully benefit-responsive investment contracts. These investment contracts are recorded at fair value (see Note 3); however, because these contracts are fully benefit-responsive, an adjustment is reflected in the statements of net assets available for benefits to present these investments at contract value. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions plus earnings, less participant withdrawals and administrative expenses.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date.

2. Significant Accounting Policies (continued)

Risks and Uncertainties

The Plan provides for investments in various investment securities, which in general are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participant account balances.

Subsequent Events

Management evaluated subsequent events for the Plan through October 15, 2015, the date the financial statements were available to be issued.

3. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1– Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include the following:

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets

3. Fair Value Measurements (continued)

- Inputs other than quoted market prices that are observable for the asset or liability

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The valuation techniques and inputs described in Note 2 may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that its valuation methods are appropriate and consistent with other market participants, the use of different techniques and inputs or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the techniques and inputs used at December 31, 2014 or 2013.

3. Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014:

	Assets at Fair Value as of December 31, 2014			
	Level 1	**Level 2**	**Level 3**	**Total**

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2013:

	Assets at Fair Value as of December 31, 2013			
	Level 1	**Level 2**	**Level 3**	**Total**

Total assets at fair value	$ 54,898,085	$ 6,905,542	$ –	$ 61,803,627

[(a)] This category includes a common/collective trust fund that is designed to deliver safety and stability by preserving principal and accumulating earnings. This fund is primarily invested in guaranteed investment contracts and synthetic investment contracts. Participant-directed redemptions have no restrictions; however, the Plan is required to provide a one-year redemption notice to liquidate its entire share in the fund. The fair value of this fund has been estimated based on the fair value of the underlying investment contracts in the fund as reported by the issuer of the fund. The fair value differs from the contract value. As previously discussed in Note 2, contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

4. Income Tax Status

The underlying volume submitter plan has received an advisory letter from the Internal Revenue Service (the IRS) dated March 31, 2008, stating that the form of the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is tax-exempt. In accordance with Revenue Procedures 2014-6 and 2011-49, the plan sponsor has determined that it is eligible to and has chosen to rely on the current IRS volume submitter advisory letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the Code.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

6. Investments

Other than the fair value of the N Fund, notes receivable from participants, and the adjustment from fair value to contract value for fully benefit-responsive investment contracts, all investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2014 and 2013, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Wells Fargo Bank, N.A. (Wells Fargo), the trustee of the Plan. The contract value of the N Fund was certified as complete and accurate by Wells Fargo.

6. Investments (continued)

The following presents individual investments that represent 5% or more of the Plan's net assets at December 31:

	2014	2013
American Funds Balanced Fund	**$ 4,406,823**	$ 3,912,731
American Funds Growth Fund of America	**9,052,146**	8,007,616

Wells Fargo Advantage Dow Jones Target 2020 Fund	**4,839,639**	3,681,414

(a) Investment does not exceed 5%.

The Plan's investments (including gains and losses on investments bought and sold, as well as held, during the year) appreciated in value as follows:

	Year Ended December 31	
	2014	2013
Common/collective trust fund	**$ 3,190,875**	$ 83,333
Mutual funds	**80,915**	9,897,123
Net appreciation in fair value of investments	**$ 3,271,790**	$ 9,980,456

7. Related-Party Transactions

The investments of the Plan are managed by Wells Fargo, and these transactions therefore qualify as party-in-interest transactions. All of these transactions are exempt from the prohibited transactions rules.

8. Subsequent Event

The Company acquired a majority of the outstanding shares of Tribeca Oven, Inc. (Tribeca) on May 2, 2014. Employees of Tribeca Oven, Inc. previously participated in the Benefit Providers Multiple Employer Plan (MEP). Contributions to this plan were frozen for these employees effective May 1, 2014. A new plan, the Tribeca Oven, Inc. Retirement Plan (Tribeca Plan), was established which received a transfer of account balances relating to the Tribeca participants in the MEP. The Tribeca Plan will exist to hold account balances for former Tribeca employees until such time a decision is made to merge it into the Plan. Tribeca employees became eligible to participate in the Plan effective January 1, 2015.
