PRIMESPORT 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the PrimeSport 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, formerly known as North America Sports Media 401(k) Plan, is a defined contribution plan providing retirement benefits to employees of GoTickets, North America Sports Media, Inc., Steve Furgal's International Tennis Tours, Inc. and PrimeSport, Inc. (Company).

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. All non-union employees who are at least 21 years old may elect to participate in the Plan, are eligible upon employment, and may enter the Plan on the first day of the month following their eligibility date.

Contributions

Participants may elect to contribute up to 90% of eligible compensation, not to exceed the limits of the Internal Revenue Code. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Plan allows the sponsor to make discretionary matching contributions and nonelective contributions. For the year ended December 31, 2014, the Company elected not to make any matching or nonelective contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their elective deferral and rollover contributions. Participants are immediately vested in the matching contributions and become 100% vested in nonelective contributions after three years of service.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 1 - DESCRIPTION OF THE PLAN, CONTINUED

Payment of Benefits

Benefits are payable to a participant or the participant's designated beneficiary upon the participant's termination or retirement from the Company, or the participant's disability or death. A participant 59½ or older may withdraw his or her aggregate account prior to termination of employment. Benefits are payable as a lump sum, a deferred annuity, or installment payments. With the Plan Administrator's approval, participants may withdraw all or part of their aggregate contributions in the event of financial hardship.

Notes Receivable from Participants

The Plan allows any participant to borrow a maximum up to 50% of their vested account balance not to exceed \$50,000.

All loans bear interest at the prime rate plus 2% and must be repaid within five years for general purpose loans and within thirty years for a principal residence loan. Loans are secured by the balance in the participant's account. A loan that is in default is considered a distribution and becomes taxable income to the participant. Interest on participant loans is included in investment earnings. Principal and interest is paid ratably through payroll deductions.

Forfeited Accounts

At December 31, 2014 and 2013, there was no balance in the forfeited nonvested accounts. Any future balances in these accounts will be used to reduce future employer contributions. In 2014, employer contributions were not reduced by forfeited nonvested accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

As required by accounting principles generally accepted in the United States of America, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. During 2014 and 2013, the Plan offered a fully benefit-responsive contract as an investment option.

PRIMESPORT 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Basis of Accounting, Continued

The standards require the statements of net assets available for benefits to present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reported period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2014 excess contributions to the applicable participants prior to March 15, 2015.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Subsequent Events

Subsequent events have been evaluated through October 13, 2015, the date that the financial statements were available for issue.

NOTE 3 - INVESTMENTS

The following table presents investments that represent 5% or more of the Plan's net assets for the years ended December 31, 2014 and 2013.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 3 - INVESTMENTS, CONTINUE

During 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by \$23,388.

Mutual funds	\$ (40,436)
Common/collective trust	<u>17,048</u>
	\$ (<u>23,388</u>)

NOTE 4 - PARTICIPANT NOTES RECEIVABLE

The interest rate on the various loans outstanding at December 31, 2014 was 5.25%. Participant notes receivable at December 31, 2014 and 2013 were \$2,840 and \$8,776, respectively.

NOTE 5 - RELATED PARTY TRANSACTIONS

ADP is the record keeper as defined by the Plan and, therefore, being paid for services provided qualifies as a party-in-interest transaction. Fees paid by the Plan for the record keeping services amounted to \$525 for the year ended December 31, 2014.

NOTE 6 - TAX STATUS OF PLAN

The Plan is a prototype plan that has received an opinion letter dated March 31, 2008, from the Internal Revenue Service regarding the Plan's qualification under Section 401(a) and the related trust's tax-exempt status under the provisions of 501(a) of the code. The Plan has since been restated, however, the Plan Administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the code and therefore believes the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken uncertain tax positions that more likely than not would not be sustained upon examination by the Department of Labor or the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014 and 2013, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any open tax periods or any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2011.

PRIMESPORT 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 7 - RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

PRIMESPORT 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 8 - FAIR VALUE MEASUREMENTS, CONTINUED

Mutual funds: Based on the net asset value (NAV) of shares held by the Plan at year end.

Common/collective trust: Based on the contractual terms of the underlying guaranteed investment contracts; provides a daily mil-rate for income accretion.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013:
