INDEPENDENT AUDITORS' REPORT

To the Board of Trustees
Talbert House 403(b) Tax Sheltered Annuity Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Talbert House 403(b) Tax Sheltered Annuity Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by State Street Bank and Trust Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and the supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certification from the custodian as of December 31, 2014 and 2013, and for the years then ended, that the information provided to the Plan administrator by the custodian is complete and accurate.

The plan had not maintained sufficient accounting records and supporting documents relating to certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficiently to determine the extent to which the financial statements may have been affected by these conditions.

As described in Note 10, the Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statements of changes in net assets available for benefits. The amount of these excluded annuity and custodial accounts and the related income and distributions are not determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements.

Disclaimer of Opinion

Because of the significance of the matters described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2014 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, except for the omission of cost basis information that has not been disclosed in the supplemental schedule as required by the Department of Labor's Rules and Regulations for Reporting and Disclosure Under ERISA, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF PLAN:

The following description of the Talbert House 403(b) Tax Sheltered Annuity Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of plan provisions.

General

The Plan is a defined contribution plan covering all employees of Talbert House, Inc. (the Sponsor). There is no service requirement to enter the Plan and begin making deferrals. However, there is a service requirement of 2 years to participate in Sponsor contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Subject to certain limits, participants may contribute a portion of their compensation to the Plan. Participants are also permitted to deposit into the Plan distributions from other qualified plans. Effective May 1, 2014, the Plan was amended to reduce the non-elective Employer contribution, thus lowering the contribution percentage by 0.5% for each of the Years of Service categories, as summarized below:

<u>Years of service</u>	<u>Contribution Percentage of Compensation</u>	
	<u>Old rate</u>	<u>New rate</u>
2	2.00%	1.50%
3 or 4	4.50	4.00
5 or 6	5.50	5.00
7 or more	6.75	6.25

Participants direct the investment of their contributions and employer contributions into various investment options offered by the Plan.

Participant accounts

Each participant's account is credited with the participant contribution and, if eligible, an allocation of the Sponsor contribution, and an allocation of Plan earnings. Allocations are based on participant earnings, compensation, or account balances, as defined. Allocations of Plan earnings are based upon the performance of the investment funds chosen by the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. A participant is also immediately 100% vested in all Sponsor contributions plus actual earnings thereon.

Payment of benefits

Normal retirement age is 65 years. Participants receive a single sum payment upon retirement. Participants may also receive a single sum payment if their employment with the Plan Sponsor is terminated. In the event of a participant's death, any remaining balance will be paid to designated beneficiaries.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The following are the significant accounting policies of the Plan:

Basis of accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statements of net assets available for benefits are required to present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. Because fair value equals contract value for the investment contract, no such adjustment is required. The statements of changes in net assets available for benefits are prepared using the contract value basis for fully benefit-responsive investment contracts.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefit distributions are recorded when paid.

Expenses

The Sponsor pays certain Plan administrative expenses which are excluded from these financial statements. If the Sponsor does not pay such expenses, the trustee shall pay them from the Plan assets.

Subsequent events

The Plan has evaluated subsequent events through October 15, 2015, the date the financial statements were available to be issued.

3. INVESTMENTS:

The Plan provides for participant-directed investment into various investment funds. The following presents investments that represent 5% or more of the Plan's net assets at December 31:

	<u>2014</u>	<u>2013</u>
Prudential Guaranteed Income Fund	\$ 2,589,883	\$ 2,483,675
American Funds EuroPacific Growth Fund	**	911,911
Invesco Diversified Dividend Fund	2,621,852	2,288,661
First Eagle Overseas Fund	1,120,248	1,051,943
MFS Growth Fund	4,755,322	4,414,666
PIMCO Total Return Fund	2,075,853	1,965,704

** Investment balance did not exceed 5% of net assets or was not held at year end.

During the years ended December 31, 2014 and 2013, the Plan's investments in mutual funds (including gains and losses on investments bought, sold and held during the year) appreciated in value by \$773,486 and \$2,672,318 respectively.

4. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the quoted net asset value (NAV) of shares held by the Plan at year-end.

Guaranteed income fund: Valued by the insurance company as the sum of the deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

There have been no changes in the methodologies used at December 31, 2014 or 2013.

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

<u>Instrument</u>	<u>Fair Value</u>	<u>Principal Valuation Technique</u>	<u>Unobservable Inputs</u>	<u>Range of Significant Input Values</u>
Guaranteed income fund	\$2,589,883	Deposits plus guaranteed interest	Interest crediting rate	1.45%

5. GUARANTEED INCOME FUND:

In 2012, the Plan entered into a benefit-responsive insurance company issued evergreen group annuity contract with Prudential Insurance. The insurance company maintains the contributions in a general account. The contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. This fund is not a traditional GIC and therefore there are not any known cashflows that could be discounted. As a result, fair value is equal to contract value. The insurance company is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2014 and 2013, was \$2,589,883 and \$2,483,675, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1 percent. Such interest rates are reviewed on a semi-annual basis for resetting.

Generally there are not any events that could limit the ability of the Plan to transact at contract value paid within 90 days or in certain rate-based circumstances, paid over time. As an evergreen product, there is no maturity date.

The average yields earned by the guaranteed investment contract are as follows:

	<u>2014</u>	<u>2013</u>
Average yields:		
Based on actual earnings	1.45%	1.65%
Based on interest rate credited to participants	1.45%	1.65%

6. INFORMATION CERTIFIED BY THE CUSTODIANS:

All financial data related to investments used in preparation of the statements of net assets available for benefits, statements of changes in net assets available for benefits and the supplemental schedule of assets (held at end of year) as of December 31, 2014 and 2013 and for the years then ended, have been certified as to accuracy and completeness by the Plan's custodian.

7. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA.

8. INCOME TAX STATUS:

The Plan was established as a 403(b) Tax Sheltered Annuity Plan effective July 1, 1992. While the Internal Revenue Service does not currently have an approval program for 403(b) plans, the Sponsor and the Plan's administrator believe that the Plan is currently designed and being operated in compliance with applicable requirements of the Internal Revenue Code. Therefore, they believe the Plan was qualified as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years ended prior to December 31, 2011.

9. RISKS AND UNCERTAINTIES:

Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

10. CONTRACTS EXCLUDED FROM INVESTMENTS:

As permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*, the Plan has elected to omit certain contracts from the investment balance reported on the Form 5500. These contracts were created prior to January 1, 2009 and contain fully vested, participant-directed investment accounts. All accounts are owned by the individual participants for which the accounts were initially established and the Plan no longer has any obligation related to such accounts.

11. RELATED PARTY TRANSACTIONS:

The plan maintains cash in an interest-bearing cash account managed by State Street Bank and Trust Company and qualifies as a party in interest transaction. Trans America Retirement Solutions is the Plan recordkeeper and received \$22,440 and \$21,209 in fees as of December 31, 2014 and 2013, respectively.

12. CONTINGENCY:

The required nondiscrimination testing for the plan year ended December 31, 2014 has not yet been completed. As passage of such testing is necessary in order for the Plan to maintain its qualified status, management is working diligently to complete the testing, and will proceed with the necessary remedies in the event that the testing would fail.

13. RECONCILIATION OF THE FINANCIAL STATEMENTS TO FORM 5500:

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2013 to the Form 5500:

Net assets per Form 5500	\$ 17,682,550
Employer contribution receivable	<u>12,344</u>
