This representation letter is provided in connection with your audits of the financial statements and supplemental schedule of Herbert Malarkey Roofing Company 401(k) Profit-Sharing Plan (the "Plan"), which comprise the statements net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements, for the purpose of expressing an opinion as to whether the financial statements are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP") and whether the supplemental schedule is fairly stated in all material respects in relation to the financial statements taken as a whole.

As permitted by Regulation 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), we have instructed you not to perform any auditing procedures with respect to information prepared and certified by Great-West Life & Annuity Insurance Company, in accordance with DOL Regulation 2520.103-5, except for comparing the information with the related information included in the financial statements and supplemental schedule. Because of the significance of the information which you did not audit, we understand that you will not express an opinion on the financial statements and supplemental schedule taken as a whole. We understand that the form and content of the information in the financial statements and supplementary schedule, other than that derived from the information certified by Great-West Life & Annuity Insurance Company, has been audited by you in accordance with auditing standards generally accepted in the United States of America, and was subjected to tests of our accounting records and other procedures you considered necessary to enable you to express an opinion as to whether they are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in the light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement. An omission or misstatement that is monetarily small in amount could be considered material as a result of qualitative factors.

We confirm, to the best of our knowledge and belief, as of October 14, 2015, the following representations made to you during your audit:

11. Amendments to the Plan instrument, if any, have been properly recorded or disclosed in the financial statements.
12. The Plan has complied with all aspects of debt and other contractual agreements that would have a material effect on the financial statements in the event of noncompliance.

13. The methods and significant assumptions used to estimate fair values of financial instruments, including non-readily marketable securities, are as follows:

Registered investment companies are valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

The methods and significant assumptions used result in a measure of fair value appropriate for financial measurements and disclosure purposes and have been consistently applied.

14. All required amendments to and filings of Plan and trust documents with the appropriate agencies have been made.
15. The Plan (and the trust established under the Plan) is qualified under the appropriate section of the Internal Revenue Code ("IRC") and intends to continue as a qualified Plan (and trust). The Plan Sponsor has operated the Plan and trust in a manner that did not jeopardize this tax status. Required nondiscrimination testing related to Code Section 401(k) and 401(m) arrangements, as applicable, has been completed for the Plan and any excess deferrals or contributions have been disposed of in accordance with regulations.

The Plan obtained its latest opinion letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan is designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. Therefore, we believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

We have analyzed the tax positions taken by the Plan and have concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. We understand that the Plan is subject to routine audits by taxing jurisdictions as well as examinations by the DOL; however, there are currently no audits or examinations for any tax periods in progress. We believe the Plan is generally no longer subject to income tax examinations for years prior to 2011.

16. The Plan has complied with the DOL's regulations concerning the timely remittance of participant contributions to trusts containing assets for the Plan. There were however several differences where contributions remitted through payroll did not agree to amount received by Great-West Life & Annuity Insurance Company. We were unable to reconcile these differences however we believe this is not material to the Plan and do not constitute prohibited transactions requiring additional disclosure.

17. The Plan has complied with the fidelity bonding requirements of ERISA.
18. We have apprised you of all communications, whether written or oral, with regulatory agencies concerning the operation of the Plan.
19. Administrative expenses paid by the Plan Sponsor on behalf of the Plan will not be reimbursed by the Plan.
20. We will notify you in advance of our intent to include your report, in whole or in part, in any document other than Form 5500 filed with a regulatory agency or printed, in whole or in part, for any reason, and you will have the opportunity to review such matter before its filing or issuance.
21. Plan management has obtained a copy of the service auditor's SOC 1 report for Great-West Life & Annuity Insurance Company for the periods ended December 31, 2014 and 2013, and required user controls are in place during the Plan years ended December 31, 2014 and 2013.
22. We have made the required annual fee disclosures to participants in compliance with ERISA Sec. 408(b)(2).
23. As part of your audit, you prepared the draft financial statements and related notes and supplemental schedule. We have designated an individual with suitable skill, knowledge or experience to oversee your services and have made all management decisions and performed all management functions. We have reviewed, approved and accepted responsibility for those financial statements and related notes and supplemental schedule. We believe the form and content of the supplemental schedule is fairly presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
23. We have elected to adopt Parts I and II of Financial Accounting Standards Board ("FASB") Accounting Standards Update ("ASU") 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient* retrospectively for our Plan years ended December 31, 2014 and 2013.
24. It came to our attention for the Plan years ended December 31, 2013 and 2012 there were missed deferrals for several participants that were not withheld on manual checks totaling approximately \$1,000. During the audit of year ending December 31, 2014 we noted these missed deferrals had not yet been corrected. We are aware that we are required to contribute at least 50% of the employee and 100% of the employer missed deferrals plus earnings. We will evaluate our processes and determine if there are additional missed deferrals. We believe this is not material to the Plan and do not constitute prohibited transactions requiring additional disclosure. We believe these are due to administrative issues that do not jeopardize the qualification or tax status of the Plan. We are working to resolve these issues going forward and understand our responsibility to file the appropriate IRS Form filings and correct the employee missed

deferrals, employer match and related earnings thereon as soon as administratively feasible.

Sincerely,

Herbert Malarkey Roofing Company 401(k) Profit Sharing Plan

1. Description of Plan

The following description of the Herbert Malarkey Roofing Company 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a 401(k) defined contribution plan covering all non-union, U.S. resident employees of Herbert Malarkey Roofing Co. (the "Plan Sponsor") who are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan Sponsor's senior management is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Change in service providers and Plan amendments

During 2014, the Plan Sponsor hired Independent Retirement Consulting, Inc. as a replacement provider of third-party administration services for the Plan. During 2013, the Plan was amended and restated effective January 2013. The amendments did not have a material effect on the presentation or disclosure in the 2014 or 2013 financial statements. The following descriptions reflect the Plan as amended and restated.

Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation as defined in the Plan agreement. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may contribute after-tax ROTH elective deferrals to the Plan, as allowed by the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other qualified plans, as defined in the Plan agreement. Participant salary deferral contributions are made voluntarily, subject to certain limits set by the IRC. Participants direct the investment of their contributions and any employer contributions into various investment options offered by the Plan. The Plan Sponsor may make discretionary matching or profit sharing contributions. During 2014, the Plan Sponsor matched one-half of each dollar of participants' contributions up to 12% of eligible compensation.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of the Plan Sponsor's contribution and Plan earnings, and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Plan Sponsor's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after five years of credited service.

YEAR ENDED DECEMBER 31, 2014

1. Description of Plan (continued)

Notes receivable from participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances, not to exceed participant contributed balances. The loans are secured by the vested balances in the participants' accounts and bear interest at rates that range from 5.25% to 7%, which are commensurate with local prevailing rates as determined periodically by the Plan Sponsor's senior management. Principal and interest is paid ratably through regular payroll deductions. Loans initiated subsequent to November 14, 2014 will not be available from employer matching or profit sharing contributions and will be at the prime rate plus 2% (5.25% at December 31, 2014).

Payment of benefits

Benefits equal to the vested value of participants' accounts are payable upon retirement, termination, permanent disability or death. Partial or full withdrawal of participants' account balances are also available under certain circumstances described in the Plan agreement. Dependent upon the circumstances, participants may be eligible to elect lump sum or installment payments.

Forfeited accounts

Forfeitures may be used to pay Plan administrative expenses or to reduce future employer contributions. In 2014, employer contributions were reduced by \$14,281 from forfeited nonvested accounts.

2. Summary of significant accounting policies

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

A majority of the Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor's senior management determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Fully benefit-responsive investment contracts are reported at contract value, which is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

YEAR ENDED DECEMBER 31, 2014

2. Summary of significant accounting policies (continued)

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 and 2013. If a participant ceases to make loan repayments and the Plan Sponsor's senior management deems the participant loan to be in default, the participant loan balance is reduced and a deemed distribution is recorded.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Recent accounting pronouncement

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Management has elected to adopt Parts I and II early.

Reclassifications

Certain 2013 balances have been reclassified in order to conform to the 2014 presentation.

Subsequent events

The Plan has evaluated subsequent events through October 14, 2015, which is the date these financial statements were available to be issued. Events, if any, are disclosed within the notes to these financial statements.

YEAR ENDED DECEMBER 31, 2014

3. Certified Plan assets

The financial information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2014 and 2013, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2014, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Great-West Life & Annuity Insurance Company, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

During 2014, the Plan's certified investments in registered investment companies (including gains and losses on investments bought and sold, as well as held during the year) appreciated by \$823,106.

4. Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2014 and 2013:

Registered investment companies: Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

YEAR ENDED DECEMBER 31, 2014

4. Fair value measurements (continued)

The valuation methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments in registered investment companies totaling \$13,039,951 and \$11,032,108 at December 31, 2014 and 2013, were classified as Level 1 within the fair value hierarchy.

5. Fully benefit-responsive investments contracts

At December 31, 2014 and 2013, the Plan's investments in fully benefit-responsive investment contracts consisted of Traditional Investment Contracts.

The Great-West Life & Annuity Insurance Company Key Guaranteed Portfolio Fund (the "Fund") is a traditional investment contract issued by Great-West Life & Annuity Insurance Company, and is fully benefit-responsive. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reset quarterly. Contract value is the relevant measurement attribute for the Fund in the net assets available for benefits as it is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Certain events may limit the ability of the Plan to transact at contract value. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination), (2) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, early retirement incentives or divestitures or spin-offs of a subsidiary) that might cause a significant withdrawal from the Plan, or (3) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe any event, which would limit the Plan's ability to transact at contract value with participants, is probable of occurring.

The Plan's investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

6. Party-in-interest transactions

Certain Plan investments are shares of registered investment companies managed by Great-West Life & Annuity Insurance Company. These transactions qualify as party-in-interest transactions.

YEAR ENDED DECEMBER 31, 2014

6. Party-in-interest transactions (continued)

Fees incurred by the Plan for investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing rather than a direct payment. Fees paid by the Plan for investment management services that were not paid through revenue sharing amounted to \$60,569 for the year ended December 31, 2014. The Plan Sponsor pays substantially all other fees related to the Plan's operations.

7. Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants would become 100% vested in their employer contributions.

8. Tax status

The Plan operates under a volume submitter plan. The volume submitter plan is designed to be qualified and exempt from income taxes under Sections 401(a), 401(k) and 501(a) of the IRC. The volume submitter plan obtained its latest opinion letter on March 31, 2008, in which the IRS stated that the volume submitter plan, as then designed, was in compliance with the applicable requirements of the IRC. The volume submitter plan has been amended and restated since receiving the opinion letter. However, the Plan Sponsor's senior management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Plan management evaluates tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain tax position that, more likely than not, would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Sponsor's senior management believes it is generally no longer subject to income tax examinations for years prior to 2011.

9. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
