NOTE A - DESCRIPTION OF THE PLAN

The following description of the Crockett Graphics Inc 401(k) Profit Sharing Plan and Trust (the "Plan"), provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

1. General

Effective January 1, 1996, the Plan was established for the benefit of substantially all employees of Crockett Graphics, Inc. and its affiliates (collectively the "Employer"). The Plan is a contributory profit sharing plan under Sections 401(a) and 401(k) of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On April 29, 2014, an affiliate participating in the Plan, Crockett Packaging LLC, sold two of its three locations. As a result, employees impacted by the sale of these locations were terminated and no longer eligible to participate in the Plan. Affected employees represented approximately 23% of participants in the Plan; therefore, it was determined that a partial plan termination occurred. In accordance with the Plan Document, all affected participant accounts became 100% vested upon termination.

2. Eligibility

All employees are eligible for participation in the Plan upon attainment of age 21 and completion of six months of service, prior to the entry dates of January 1, April 1, July 1, or October 1. The Plan includes an automatic enrollment provision by which eligible employees who do not affirmatively elect a deferral rate are automatically enrolled into the Plan at a default elective deferral rate of 4%. Participants are eligible for non-discretionary matching contributions upon completion of six months of consecutive service and attainment of age 21, and discretionary profit sharing contributions upon completion of one year of consecutive service and attainment of age 21.

3. Contributions

Participants may elect to contribute, on an after-tax and/or tax-deferred basis, up to 92% of compensation, up to the maximum annual deferral limit per Section 402(g) of the IRC of $17,500 for the year ended December 31, 2014. Additional "catch-up" contributions can be made beginning in the Plan year in which a participant will be at least age 50 by the end of the Plan year. The maximum "catch-up" contribution is $5,500 in 2014.

In addition, the Employer makes matching contributions equal to 50% of deferred compensation up to a maximum of 4% of compensation, not to exceed $1,500. Profit sharing contributions to the Plan by the Employer are discretionary (subject to determination on an annual basis by the Board of Directors of the Employer). There were no profit sharing contributions for the year ended December 31, 2014.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

4. Participant Accounts

Each participant's account is credited with the participant's contributions and Employer matching contributions, as well as allocations of the Employer's profit sharing contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

5. Investment Options

Participants may direct employee and Employer contributions, as desired, in any of a variety of investment options offered by Mid Atlantic Trust Company ("Mid Atlantic"). Participants may change their investment options daily.

6. Notes Receivable from Participants

Participants may borrow from their account a minimum of $1,000 up to 50% of their vested balance, excluding any Roth Elective Deferral balance, not to exceed $50,000 less any outstanding loan balance. A participant may not exceed one loan at any time. Loans must be repaid within 4.5 years, or longer if for the purchase of a principal residence, and bear interest at the prime rate plus 1% per annum.

7. Vesting

Participant contributions and rollover contributions, plus actual earnings thereon are fully vested at all times. However, vesting of the Employer matching and discretionary profit sharing contribution portions of participant's accounts, plus actual earnings thereon is based upon the participant's years of service with the Employer as follows:

Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

NOTE A - DESCRIPTION OF THE PLAN (Continued)

8. Forfeitures

Forfeitures of terminated participants' non-vested accounts may be used to pay Plan administrative expenses, be applied against future Employer contributions, or allocated to eligible participants. At December 31, 2014 and 2013, forfeited non-vested accounts totaled $47,703 and $14,786, respectively.

9. Benefit Payments

Upon termination of service due to death, disability or retirement, a participant is entitled to 100% of their account balance. Upon termination of service for other reasons, a participant is entitled to their vested account balance. Benefit payments may be made as a lump-sum, partial lump-sum, installment payments or annuity distributions. Additionally, participants may receive distributions upon attaining age 59 ½ or financial hardship if certain criteria are met.

10. Plan Termination

Although it has not expressed such intent, the Employer reserves the right to terminate the Plan at any time, subject to the provisions of ERISA. Upon termination of the Plan, all Employer contribution portions of the participants' accounts become fully vested, and the net assets available for plan benefits would be distributed to the participants based on each participant's interest in the Plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Presentation

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting.

2. Plan Administration

The Employer is the plan sponsor and the plan administrator. The administrator of the Plan is responsible for carrying out the duties imposed under ERISA.

3. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

4. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisers and the trustee. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

5. Payment of Benefits

Benefits are recorded when paid.

6. Administrative Expenses

Administrative expenses incurred by the trustee in performance of their duties are paid from the assets of the Plan. Investment related expenses are included in net appreciation of fair value of investments. Substantially all other out-of-pocket administrative expenses of the Plan are paid by the Employer. Expenses paid by the Employer are excluded from these financial statements.

7. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTE C - INVESTMENTS AND CERTIFICATION BY TRUSTEE

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by Mid Atlantic, the trustee of the Plan, as complete and accurate, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedules.

Total investments held and certified by Mid Atlantic in the accompanying statements of net assets available for plan benefits were $4,677,152 and $4,842,754 as of December 31, 2014 and 2013, respectively. For the year ended December 31, 2014, Mid Atlantic certified net investment income in the accompanying Statement of Changes in Net Assets of $245,656.

Investments that represent 5% or more of the Plan's net assets as of December 31, 2014 and 2013 are as follows:

	2014	2013
Investments at fair value:		
American Century Inv Trust Prime Money Market	$ 615,718	$ 630,217
American Century Investments Diversified Bond	$ 579,767	$ 439,014
American Century One Choice 2020	$ 1,616,416	$ 2,005,553

During the year ended December 31, 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $39,856. These investments consist of mutual funds offered by Mid Atlantic.

NOTE D - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE D - FAIR VALUE MEASUREMENTS (Continued)

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market fund: Valued at cost, plus earned interest.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE E - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The trustee is a party-in-interest with respect to the Plan. All investments are held with the trustee. Notes receivable from plan participants and the related interest income are also considered party-in-interest transactions.

NOTE F - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan invests through mutual funds in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

NOTE G - TAX STATUS

The Employer adopted a prototype standardized profit sharing plan for which the Internal Revenue Service ("IRS") has determined by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the plan administrator and the plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to December 31, 2011.

NOTE H - SUBSEQUENT EVENTS

Effective January 1, 2015, the Plan was amended and restated for various changes in laws and plan design.

Plan management has evaluated subsequent events through October 14, 2015, the date the financial statements were available to be issued.
