Report on the Financial Statements

We were engaged to audit the accompanying financial statements of WHASN 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2014 and 2013, and the related statement of changes in net assets available for benefits for the year ended December 31, 2014, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Transamerica Financial Life Insurance Association, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules.

Basis for Disclaimer of Opinion (Continued)

We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2014 and 2013, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of Assets Held at End of Year and Delinquent Contributions are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

WHASN 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2014 AND 2013

1. DESCRIPTION OF PLAN

The following description of the WHASN 401(k) Plan (the plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan became effective January 1, 2011, and consists of the following: (1) a defined contribution safe harbor plan covering all participants of the Plan, and, (2) an IRS Section 401(k) feature which is a salary deferral arrangement covering all employees who elect to participate after earning a year of service by completing at least 1,000 hours of service over twelve months of service and are age twenty-one or older. These minimum service and age requirements apply to the employee elective deferrals and the related safe harbor matching contributions as well as employer discretionary and qualified nonelective contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

An eligible employee will become a participant for the above stated deferrals and contributions the first day of the first or seventh calendar month after becoming eligible.

Contributions

Each year, participants may contribute up to the lesser of \$52,000, as adjusted for cost-of-living under Code Section 415(d), or 100 percent of their annual "415 compensation," as defined in the Plan. There is no minimum deferral required by the Plan, catch-up contributions are permitted under the plan, as well as Roth deferrals. Participants may also rollover amounts representing distributions from certain other kinds of qualified retirement plans or accounts.

For the years ending December 31, 2014 and 2013, the Plan sponsor made safe harbor contributions of 3% of Plan Compensation to eligible participants accounts. These safe harbor contributions are 100% vested as of the date of the contribution.

In addition, the Plan sponsor, at its discretion, may make employer matching contributions and employer discretionary contributions under the plan. For the years ended December 31, 2014 and 2013, the Association did not make any employer discretionary contributions. Contributions are subject to certain limitations.

Participant accounts

Each participant's account includes the participant's salary reduction contribution, the Plan's Safe Harbor Non-Elective contributions, any rollover deposited from qualified participant accounts, any employee Roth contributions, an allocation of Plan earnings or losses and an allocation of the Plan's nonelective contribution, if any. Allocations are based on participant elective deferrals or compensation, as defined. Participants direct the investment of their contributions into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

WHASN 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
DECEMBER 31, 2014 AND 2013

1. DESCRIPTION OF PLAN (continued)

Vesting

Participants are vested immediately in their salary deferral, employer safe harbor contributions plus actual earnings thereon along with any applicable non-elective safe harbor contributions. Vesting in the employer's contributions to participant accounts, other than the non-elective safe harbor contributions, is based on years of continuous service. A year of service is earned for each year 1000 hours of service are credited to the participant during a Plan year. Vesting percentages are as follows:

<u>Continuous Years of Service</u>	<u>Percentage</u>
Less than one year	0%
1 year	17%
2 years	33%
3 years	50%
4 years	67%
5 years	83%
6 years	100%

Participant loans

Participants may borrow from their fund accounts up to a maximum of \$50,000 or 50 percent of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates of prime plus one percentage point. As such, the interest rate on participant loans currently ranges between 4.25% and 5.25%.

Payment of benefits

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or in installments. When the value of the participant's vested interest is less than \$1,000 and a terminated Participant does not elect to have their distributed vested balance directly to an "eligible retirement plan" specified by the Participant in a direct rollover (in accordance with the direct rollover provisions of the Plan) or to receive the distribution directly, an automatic distribution will be made to a Participant without the Participant's consent. A distribution greater than \$1,000, when the value of the participant's vested interest is less than \$5,000, an automatic distribution will be made to a Participant without the Participant's consent, if the Participant does not elect to have such distribution paid directly to an "eligible retirement plan" specified by the Participant in a direct rollover (in accordance with the direct rollover provisions of the Plan) or to receive the distribution directly. The Administrator shall pay the distribution in a direct rollover to an individual retirement plan designated by the Administrator.

WHASN 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
DECEMBER 31, 2014 AND 2013

1. DESCRIPTION OF PLAN (continued)

Administrative expenses

The Plan pays for all expenses incurred by the Plan from the assets of the Plan, except for certain professional fees which are paid by the Association.

Forfeitures

Any forfeitures occurring during a Plan year will be used to reduce employer and/or matching contributions. For the year ended December 31, 2014, there were no forfeited nonvested employer contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

As described in Financial Accounting Standards Board Staff Position, FSP AAG INV-1 and SOP 94-4-1, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Association Guide and Defined-Contribution Health and Welfare and Pension Plans* (the FSP), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As required by the FSP, the Statements of Net Assets Available for Benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value, if any. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Investment valuation and income recognition

The plan's investments are stated at fair value. When available, quoted market prices are used to value investments. Shares of separate accounts are valued at the net asset value of shares held by the Plan at year end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates. The most sensitive estimate on the financial statements is the fair value of investments (Note 10).

During 2014, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$197,595.

The appreciation in value was comprised of \$197,595 appreciation for investments with fair values determined by quoted market prices in an active market. The Plan also received \$39,098 in dividends from investments with fair values determined by quoted market prices in an active market.

5. INCOME TAX STATUS

This Plan has adopted a standardized prototype plan which has received a favorable opinion letter from the Internal Revenue Service and is designed in accordance with the applicable sections of the Internal Revenue Code.

The Plan has been amended since its adoption. However, the Plan sponsor believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore is tax-exempt.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Transamerica Financial Life Insurance Company and Charles Schwab & Co, Inc. Transamerica Financial Life Insurance Company and Charles Schwab & Co, Inc are the custodians as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Administrative expenses including loan fees paid by the Plan were \$38,981 for the year ended December 31, 2014.

8. RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amount reported in the statements of net assets available for benefits.

10. FAIR VALUE OF FINANCIAL INSTRUMENTS

ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820, *Fair Value Measurements and Disclosures*, are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	<p>Inputs to the valuation methodology include</p> <ul style="list-style-type: none"> • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.</p>
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Level 2 and 3 investments are valued using the market approach. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Investments in money market funds. For investments in money market funds, the carrying amount is based on quoted market prices.

Investments in Pooled Separate Accounts. For investments in pooled separate accounts, fair values of the mutual funds are based on publicly quoted market pricing inputs (level 1) and are used in determining the net asset value (NAV) of the pooled separate account, which is not publicly quoted.

Common stocks, mutual funds and ETF's: Valued at the closing price reported on the active market on which the individual securities are traded.

10. FAIR VALUE OF FINANCIAL INSTRUMENTS (Continued)

The Equity pooled separate accounts' investment strategy is to invest mainly in high-yielding stocks with a few bonds, sometimes using an indexing approach. Investments are mainly in shares of ownership in large well-established US companies and a lesser amount in non-U.S. companies. The investments seek to provide a high level of income and/or long-term capital appreciation.

The Fixed Income pooled separate accounts' investment strategy is to invest in investment grade U.S. corporate bonds and U.S. government bonds. The investments seek long-term capital appreciation and income.

The Hybrid Equity/Bond pooled separate accounts' investment strategy is to seek long-term capital growth and current income. The accounts invest in stocks, bonds and money market instruments of U.S. corporations and government bonds, mortgage backed securities and a small percentage in below-investment grade bonds.

The International Equity pooled separate accounts' investment strategy is to invest in equity securities issued by companies located outside of the United States, including emerging markets. The investments aggressively seek long-term capital growth.

The High-Yield Bond pooled separate account's investment strategy is to invest at least 80 percent of its net assets in high-yield bonds and other investments with similar economic characteristics. The investment seeks to provide a high level of current income.

11. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The plan entered into a benefit-responsive investment contract with Transamerica Life Insurance Company (Transamerica) through the Stable Value Option. Transamerica maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the plan by Transamerica. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the plan.

As described in Note 2, because the contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the contract. Per Transamerica contract value is considered fair value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2014 and 2013 was \$16,956 and \$7,907, respectively. Transamerica's Stable Value Option investment choice has no stated maturity.

11. INVESTMENT CONTRACT WITH INSURANCE COMPANY (Continued)

Interest rates are established prior to January 1st and July 1st for the corresponding six-month period. Interest is credited based upon the daily balance, at a rate that is the daily equivalent of the effective annual rate of interest applicable for the six-month period. For deposit liabilities with no defined maturities, the fair value to be disclosed is the amount payable on demand at the reporting date. Accordingly, the contract value is also the fair market value. The crediting interest rate is based on a formula agreed upon with the issuer and there is no stated minimum or maximum interest rate.

Certain events limit the ability of the plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the plan's ability to transact at contract value with participants are probable of occurring.

The Trustees to the Plan may effect either a total discontinuance or a partial discontinuance of the contract upon proper written notice as defined in the contract. The issuer may also effect discontinuance upon proper written notice if:

- (a) the Plan is changed so as to significantly affect our obligations under the contract; or
- (b) the contract can no longer be treated as a Pension Plan Contract, as that term is defined under the Internal Revenue Code, and the issuer determines that it is not practical to continue the provision of benefits under the contract; or
- (c) the Plan is terminated; or
- (d) the Trustees to the Plan fail to comply with the requirements under the contract; or
- (e) the Trustees to the Plan, except by unintentional omission, fail to give the issuer the information needed under the contract; or
- (f) the Trustees to the Plan, except by unintentional omission, fail to furnish the issuer with a copy of any amendments to the Plan, or annual report records; or
- (g) the sum of the contract account values at any time equals \$10,000 or less.

These Transamerica Stable Value Option investment choices seek to protect against any loss of principal while providing returns in excess of money market funds and one-year U. S. Treasury bills. The investment choices have a portfolio investment rate design in which all deposits in the particular investment choice are credited with the same interest rate on a daily basis, and with no set maturity. The effective guaranteed credited interest rate is set on a semi-annual basis and announced at least 45 days in advance of the date the new rate becomes effective. Contract

12. UNCERTAIN TAX POSITIONS

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.

13. PLAN AMENDMENT

Effective November 17, 2014, an Addendum to the Plan was adopted to define Compensation to include any earned income designated as such on a Schedule C Form 1040 or a Schedule K-1 Form 1065, that is subject to self-employment or payroll taxes.

14. SUBSEQUENT EVENTS

Effective January 1, 2015 the Plan adopted the Advanstaff, Inc. 401(K) Plan and Trust and as an adopting employer transferred the assets administered by Transamerica to the new third party administrator Slavic 401(k).

Subsequent events have been evaluated through October 16, 2015, which is the date the financial statements were issued.
