The Plan covers all employees of the Converge Diagnostic Services, LLC (the "Company") who are age 21 or older. There is no service period eligibility requirement.

Plan Merger

On December 31, 2014, the Company approved the merger of the Plan to The Profit Sharing Plan of Quest Diagnostics Incorporated, the plan of its Parent Company, Quest Diagnostics Incorporated ("Quest"). The Plan was no longer active effective January 1, 2015. The Plan participants were given the opportunity to join Quest's plan. The Plan assets were all transferred to Quest's plan trustee effective February 27, 2015. Although the Company has not expressed any intent to do so, the Company has the right under the Plan agreement to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, all participants will become 100% vested in their account balances.

Contributions

Participants are allowed to make elective 401(k) deferrals up to the maximum amount allowed by the IRC. Participants may direct their elective salary deferral contributions in any of the investment options offered by the Plan. Participants are allowed to make rollover contributions to the Plan. The Company may make a discretionary non-elective profit sharing contribution which is allocated to each eligible participant based on discretionary formula that are determined annually. In 2015, no employer discretionary non-elective profit sharing contributions were made to the Plan.

Participant Accounts

Each participant's account is credited with the participant's elective salary deferral contribution, employer contributions, the Plan earnings and forfeitures of terminated participants' non-vested accounts. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account balance.

Vesting

Participants are immediately vested in their elective salary deferral contributions plus actual earnings thereon. Vesting in the remainder of their account is based on years of continuous service. A participant is 100% vested after four years of credited service for any profit sharing contributions in accordance with the following schedule:

Years of Service	Vesting Percentage
Less than 1	0 %
1	20 %
2	40 %
3	60 %
4	80 %
5 or more	100 %

Notes Receivable from Participants

Participants are permitted to obtain loans in amounts not less than one thousand dollars and up to the lesser of (1) fifty thousand dollars, subject to certain limitations as defined by the Plan, or (2) 50% of the participant's vested portion of their account value. Participant may have only one outstanding loan at a time and loans are repayable over a period of up to five years, unless the proceeds are used to purchase a primary residence. The notes receivable will bear a reasonable interest rate computed on the basis of prime rate plus 1%.

Deemed Distributions

Deemed distributions represent the amount of unpaid principal on notes receivable from participants who are actively participating in the Plan and have not continued to make payments on the outstanding notes as required by the Plan document. There were no deemed distributions for the period from January 1, 2015 through February 27, 2015.

Investment Options

Participants must direct both employee and profit sharing to be invested amongst various investment options as made available and determined by the Plan administrator, which are more fully described in the Plan literature. Participants may change their investment options any time throughout the year with the service provider.

Payment of Benefits

Upon termination of service due to death, disability, retirement or other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Forfeitures

Forfeitures may be allocated among the remaining eligible participants of the Plan as of the last day of the Plan year. Forfeitures applied totaled $860 for the period from January 1, 2015 through February 27, 2015. Unapplied forfeitures were $0 at February 27, 2015 and $1,652 at December 31, 2014.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The Plan provides for participant-directed investment of their voluntary contributions and discretionary non-elective profit sharing contribution in a number of investment funds. Certain underlying investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in these risks could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Investment Valuation and Income Recognition

Investments are stated at fair market value. All fair market values have been determined by Mid Atlantic Trust Company, the trustee of the Plan. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Accounting fees and certain administrative expenses of the Plan may be paid by the Plan or the Company. Loan origination and certain distribution fees are charged against participant accounts.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Management individually reviews all notes receivable balances that exceed 90 days from the date of the most recent payment and, based on the assessment of credit worthiness, estimates the portion, if any, of the balance that will not be collected. Currently, there is no valuation allowance recorded; however, management will record an allowance, if and when potentially uncollectible participant notes receivable becomes material. If a participant defaults on a note receivable and distribution from the participant account has been made during the Plan years because the participant has left the Plan, the defaulted note receivable will be reported as benefits paid to participants on the Statement of Changes in Net Assets Available for Benefits and deducted from the receivable balance.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Management has evaluated subsequent events through October 14, 2015, the date that the financial statements were available to be issued.

There were no subsequent events that would require recognition or additional disclosure in the Plan's financial statements.

3. PARTY-IN-INTEREST TRANSACTIONS

Fidelity Investments provides investment trustee services and Paychex, Inc. provides third-party administrative services to the Plan. These transactions qualify as party-in-interest transactions. The trustee service fees paid to Fidelity Investment were paid by the Plan, which amounted to $62 for the period from January 1, 2015 through February 27, 2015. Certain third-party administrative service fees were paid by the Company in 2015.

4. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Investments, the trustee of the Plan, has certified that the following information in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, as shown in the Statements of Net Assets Available for Benefits as of February 27, 2015 and December 31, 2014.

- Total investment income, as shown in the Statement of Changes in Net Assets Available for Benefits for the period January 1, 2015 through February 27, 2015

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

5. INVESTMENTS

Individual investments held that are 5% or more of the Plan's net assets are identified below. The following represents those investments of the Plan's net assets as of December 31, 2014:

	2014
Fidelity Freedom 2025	$ 348,665
Fidelity Freedom 2020	330,756
Fidelity Freedom 2035	294,176
Fidelity Freedom 2030	165,545
Fidelity Freedom 2045	132,567
Fidelity Blue Chip Growth Fund	100,696

6. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board has published authoritative guidance on Fair Value Measurements, which establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under the authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. Also included in Level 2 are investments measured using a net asset value ("NAV") per share, or its equivalent, that may be redeemed at that NAV at the period end date or in the near term, which is generally considered to be 90 days.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds - are valued by obtaining quoted prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. The Plan's mutual funds are considered to be Level 1 securities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2014:

	Assets at Fair Value as of December 31, 2014			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds				
Money Market Fund	$ 2,341	$ -	$ -	$ 2,341
Equity Fund	212,073	-	-	212,073
International Equity Fund	108,209	-	-	108,209
Fixed Income Fund	184,912	-	-	184,912
Balanced Fund	1,420,607	-	-	1,420,607
Total assets, at fair value	$ 1,928,142	$ -	$ -	$ 1,928,142

7. TAX STATUS

The Plan adopted the Fidelity 401(k) prototype plan. The Internal Revenue Service ("IRS") has determined and informed the prototype plan sponsor, by letter dated March 31, 2014, that the prototype plan is designed in accordance with applicable sections of the Code. Accordingly, the Plan has been accounted for as a tax-exempt plan. The Plan has been amended since receiving the determination letter and the Plan administrator and the trustee believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

US GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of February 27, 2015 and December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2011.
