Management's Responsibility for the Audited Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementing and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with the auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. These procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant estimates made by management, as well as evaluating the overall presentation of the financial statements.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on six years of continuous service. A participant is 100 % vested after six years of credited service.

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest commensurate with prevailing rates defined by the Plan. Principal and interest is paid ratably through payroll deductions.

Investment Funds

Upon enrollment in the Plan, a participant may direct employee contributions in any one of the allowed investment options. Investment options may generally be changed daily.

Payment of Benefits

On termination of the Plan or service due to death, disability or retirement, the Trustee will pay the entire balance of the participant's account in a lump-sum.

Forfeited Accounts

On December 31, 2014, the forfeited non-vested accounts were $568. Forfeited accounts may be used to reduce future employer required minimum contributions.

NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Funding Policy

Participant contributions are transferred electronically to the custodian on the pay date. The custodian invests these funds in compliance with DOL guidelines.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Participant loans are valued at cost which approximates fair value. Shares of registered investment companies are valued at quoted market prices. The Plan invests in mutual fund securities. In accordance with the policy of stating investments at fair value, net appreciation or depreciation for the year is reflected in the statement of changes in net assets available for benefits.

Investment Transactions and Income

Purchases and sales of securities are reflected on a trade-date basis. Realized gains and losses on the sale of securities are computed on each individual security.

Interest income is recorded when earned. Dividends are recorded on the ex-dividend date.

The aggregate of (a) the net unrealized appreciation or depreciation in the fair value of investments for the year ended December 31 and (b) the net gains or losses on dispositions of investments during the year is reflected as net appreciation (depreciation) in the fair value of investments.

Administrative Expenses

Certain administrative expenses are paid by the Company as described in Note 5.

Subsequent Events

The Plan has evaluated subsequent events through October 15, 2015, the date the financial statements were available to be issued. Management is considering changing the custodian in 2015.

NOTE 3- FAIR VALUE MEASUREMENTS:

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation include: -quoted prices for similar assets or liabilities in active markets; -quoted prices for identical or similar assets or liabilities in in-active markets; -inputs other than quoted prices that are observable for the asset or liability; -inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual term), the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

INNOVATIVE SYSTEMS GROUP, INC. 401K PROFIT SHARING PLAN AND TRUST
NOTES TO FINANCIAL STATEMENTS
December 31, 2014 and 2013

The Plan's investments are held by Merrill Lynch, an administered trust fund. The following table details investments that represent 5% or more of the Plan's net assets at December 31, 2014 and 2013.

NOTE 3 FAIR VALUE MEASUREMENTS (contd.):

December 31,	**2014** Fair Value Level 1	**2013** Fair Value Level 1
Marketable Securities	$269,055	$181,185
Intl. Growth Mutual Funds	92,503	124,977
Growth Mutual Funds	496,939	454,820
Income Mutual Funds	577,931	547,499
Other less than 5%	37,924	36,742
Total Investments Registered Investment Companies	**$1,474,352**	**$1,345,223**

NOTE 8- RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statement of net assets available for benefits.

NOTE 4-PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan. The Plan is subject to the provisions of ERISA. In the event of Plan Termination, participants will become fully vested in their accounts.

NOTE 5- TRANSACTIONS WITH PARTIES IN INTEREST:

All fees to administer the Plan are paid by the Company with the exception of asset management fees which are paid by the Plan. Fees paid by the Plan for investment management services and commissions amounted to $10,366 for the year ended December 31, 2014. Fees on assets are charged to participants and are disclosed to participants through prospectus and other reports.

NOTE 6-VERIFICATION OF DEPOSIT BY CUSTODIAN:

The Plan administrator has obtained certifications from the custodian as to the completeness and accuracy of the investment value.

NOTE 7- TAX STATUS:

The Plan administrator has not filed an application for a determination letter with the IRS. The Plan document is a prototype plan developed by Paychex, Inc. which has received an opinion letter from the IRS stating that it meets the qualification requirements of Internal Revenue Code 401(a). The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2011.
